BILL

An Act to amend The Dependants' Relief Act, 1929.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title.

1. This Act may be cited as *The Dependants' Relief Amendment Act, 1935*.

1929, c. 47,
s. 5, subs. 2
re-enacted.

2. Subsection 2 of section 5 of *The Dependants' Relief Act, 1929*, as amended by section 3 of *The Dependants' Relief Act, 1930* is repealed and the following substituted therefor:

When
application
to be made.

- (2) Where letters probate are applied for by the wife or husband of the testator or a guardian on behalf of minor dependants, an application under this section for an allowance for such wife or husband, or for such minor dependants shall be made at the time of applying for letters probate and in every other case the application shall be made within three months after the death of the testator, but the judge, if he deems it just, may allow an application to be made at any time as to any portion of the estate remaining undistributed at the date of the application.

Commence-
ment of Act.

3. This Act shall come into force on the day upon which it receives the Royal Assent.

EXPLANATORY NOTE

This amendment is to allow the wife or husband of the testator, or a guardian on behalf of minor dependants, who has applied for letters probate to make application, subject to the discretion of the surrogate judge, for relief at any time during the administration of the estate as is provided in every other case.

Under the subsection as it now stands such application can only be made at the time of the application for probate. This works a hardship where the estate subsequently increases in value.

subs. 1,
amended. **3.—(1)** Subsection 1 of section 9 of *The Division Courts Act* is amended by adding the words "subject however to any direction which may be made by the Lieutenant-Governor in Council" after the word "courts" in the fifth line thereof.

Rev. Stat.,
c. 95, s. 9,
subs. 2,
amended. **(2)** Subsection 2 of section 9 of *The Division Courts Act* is amended by striking out the words "If the judge of the county court, the sheriff and the inspector, or any two of them, certify" in the first and second lines and inserting in lieu thereof the words "Where it appears" so that the said subsection shall now read as follows:

of courts. **(2)** Where it appears to the Lieutenant-Governor that, in any division of the county, it is expedient that the court should not be held so often as once in every two months, the Lieutenant-Governor in Council may order the court to be held at such periods as to him seems meet, but a court shall be held in the division at least once in every six months.

Rev. Stat.,
c. 95, s. 14,

Sections 3 (2), 4 and 5. The purpose of these amendments is to eliminate the board which exists in each county, and union of counties, consisting of the judge, the sheriff, the warden and the Inspector of Division Courts and in a provisional judicial district, of the district court judge, the sheriff and the Inspector, and to transfer the power now held by the various boards to the Lieutenant-Governor in Council.

5.—(1) Subsection 2 of section 17 of *The Division Courts Act* is amended by striking out the words "subject to be thereafter altered by the board" in the fifth and sixth lines.

Power of
inspector
as to regu-
lation of
limits on
separation
of a county.

(4) If the Lieutenant-Governor does not by proclamation fix and determine the number and limits of the divisions for the new county, the inspector shall, within three months after the issuing of the proclamation for establishing the new county, appoint the number and limits of the divisions for the county and the time when such appointment shall take effect.

Rev. Stat.,
c. 95, s. 41,
subs. 1,
amended.

6. Subsection 1 of section 41 of *The Division Courts Act* is amended by striking out the words "hereafter to be made by the Board of County Judges, and approved under the provisions of this Act" in the third, fourth and fifth lines and inserting in lieu thereof the words "as may hereafter be approved by the Lieutenant-Governor in Council" so that the said subsection shall now read as follows:

7. *The Division Courts Act* is amended by adding thereto the following section:

Rev. Stat.,
c. 95, s. 14,
re-enacted. **4.** Section 14 of *The Division Courts Act* is repealed and the following substituted therefor:

Lieutenant-Governor to determine number and limits of divisions. **14.** The Lieutenant-Governor in Council may appoint and alter the number and limits of the divisions and may number the divisions.

EXPLANATORY NOTE

Section 2. Section 4 of the Act is re-enacted to avoid the necessity of having a division court in every county town and city.

Section 3 (1). Where a division court covers a large area it is often desirable that a sitting of the court be held in two or more places. The amendment gives to the Lieutenant-Governor in Council power to direct that the courts be held at such places as he deems advisable.

Sections 3 (2), 4 and 5. The purpose of these amendments is to eliminate the board which exists in each county, and union of counties, consisting of the judge, the sheriff, the warden and the Inspector of Division Courts and in a provisional judicial district, of the district court judge, the sheriff and the Inspector, and to transfer the power now held by the various boards to the Lieutenant-Governor in Council.

Rev. Stat.,
c. 95, s. 17,
subs. 2,
amended.

5.—(1) Subsection 2 of section 17 of *The Division Courts Act* is amended by striking out the words "subject to be thereafter altered by the board" in the fifth and sixth lines.

Rev. Stat.,
c. 95, s. 17,
subs. 4,
amended.

(2) Subsection 4 of the said section 17 is amended by striking out the word "board" in the third line and inserting in lieu thereof the word "inspector," and by striking out the words "at a meeting to be called for the purpose or at an adjourned meeting" in the fifth and sixth lines, so that the said subsection shall now read as follows:

Power of
inspector
as to regu-
lation of
limits on
separation
of a county.

(4) If the Lieutenant-Governor does not by proclamation fix and determine the number and limits of the divisions for the new county, the inspector shall, within three months after the issuing of the proclamation for establishing the new county, appoint the number and limits of the divisions for the county and the time when such appointment shall take effect.

Rev. Stat.,
c. 95, s. 41,
subs. 1,
amended.

6. Subsection 1 of section 41 of *The Division Courts Act* is amended by striking out all the words after the word "orders" at the end of the second line and inserting in lieu thereof the words "of the Board of County Judges heretofore in force or as may hereafter be prescribed by the Lieutenant-Governor in Council" so that the said subsection shall now read as follows:

Clerk and
bailiff
to be paid
by fees.

(1) The clerk and the bailiff shall be paid by fees as provided and allowed by the general rules or orders of the Board of County Judges heretofore in force or as may hereafter be prescribed by the Lieutenant-Governor in Council.

Rev. Stat.,
c. 95,
amended.

7. *The Division Courts Act* is amended by adding thereto the following section:

Rules to be
made by
Lieutenant-
Governor
in Council.

216a. The Lieutenant-Governor in Council may make rules for regulating any matter relating to the practice and procedure of the courts, or to the duties of the officers thereof, or to the costs of proceedings therein, and every other matter deemed expedient for better attaining the ends of justice, advancing the remedies of suitors and carrying into effect the provisions of this Act and of all other Acts now or hereafter in force respecting such courts.

Commence-
ment of
Act.

8. This Act shall come into force on the day upon which it receives the Royal Assent.

Sections 6 and 7. The purpose of the new section 216a is to give to the Lieutenant-Governor in Council the power to make rules relating to practice and procedure in the Courts, which power is now held by the Board of County Judges.

amended. **2.** Section 2 of *The Justices of the Peace Act* is amended by striking out the words "one or more" in the third line and by striking out all the words after the word "for" in the fourth line and inserting in lieu thereof the words "the Province of Ontario or any part thereof", so that the said section shall now read as follows:

Appoint-
ment by

EXPLANATORY NOTES.

Sections 2 and 3. These amendments abolish the requirement that justices of the police shall be of the most sufficient persons dwelling in the counties, districts or places for which they are appointed and accordingly permits a justice of the peace to be appointed for an area which comprises more than one county.

Section 4. The purpose of the amendment is to permit a solicitor who is not practising as such to act as a Justice of the Peace.

The Act already provides that a magistrate who is in receipt of a salary shall not be entitled to such fees.

MR. ROEBUCK

No. 51

1935

BILL

An Act to amend The Insurance Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title.

1. This Act may be cited as *The Insurance Amendment Act, 1935*.

LIFE INSURANCE

Rev. Stat.,
c. 222, s. 119,
re-enacted.

2. Section 119 of *The Insurance Act* is repealed and the following substituted therefor:

Interpreta-
tion.

119. In this Part, unless the context otherwise requires,—

"Adopted
child."

1. "Adopted child" means a person who has been adopted by another person as his child and by reason thereof is entitled under the law of the place of adoption to inherit real property from that other person, if he dies intestate;

"Adopting
parent."

2. "Adopting parent" means a person who has adopted another person as his child and by reason thereof is entitled under the law of the place of adoption to inherit real property from that other person, if he dies intestate;

"Bene-
ficiary."

3. "Beneficiary" means a person designated or appointed as one to whom or for whose benefit insurance money is to be payable;

"Child" and
"issue."

4. "Child" and "issue" include an adopted child;

"Contract,"
"Contract of
Insurance,"
"Contract of
Life
Insurance."

5. "Contract," "contract of insurance" and "contract of life insurance" mean a contract of life insurance and include any other contract which an insurer may issue under the authority of a license to transact life insurance;

EXPLANATORY NOTES

GENERAL:

This Bill embodies only miscellaneous minor amendments to the Parts of *The Insurance Act* dealing with Life Insurance contracts (Part V) and Automobile Insurance contracts (Part VI), recommended for uniform enactment by the Interprovincial Insurance Conference, held at St. John, N.B., in September, 1934. The first twenty-nine sections of the Bill relate to LIFE INSURANCE; the remaining sections relate to AUTOMOBILE INSURANCE.

To-day, the Statutes of all provinces (except Quebec) are completely uniform in these two branches of insurance legislation. All the amendments proposed by this Bill are planned to be presented to the Legislatures of the eight provinces at the current sessions.

LIFE INSURANCE (sections 2-29 inclusive):

The so-called UNIFORM LIFE INSURANCE ACT, numbering about fifty sections (Part V of *The Ontario Insurance Act*), has been in force in all provinces of Canada, except Quebec, since 1925 and in Newfoundland since 1932. Numerous desirable minor amendments have been proposed during the intervening ten years, but none have been passed in any province (with the single exception of one minor amendment adopted by all provinces in 1931), by reason of a tacit understanding between the provinces that uniformity should be maintained and amendments made only upon the recommendation of an Interprovincial Conference, submitted only after all interested parties had been consulted and had concurred. The Association of Superintendents of Insurance of the Provinces of Canada has had under consideration, at its annual Conferences for the past five years, numerous suggestions for amendment to the Uniform Act: the amendments contained in this Bill are those finally approved and now so recommended for enactment.

Reference to the last section of the Bill will indicate that it is not proposed to bring the amendments into force until a uniform date, to be agreed upon among the provinces.

AUTOMOBILE INSURANCE (sections 30-36 inclusive):

See sections 30 *et seq* of this Bill and Explanatory Notes thereon.

Section 2. Definitions contained in paragraphs 3, 6, 7, 8, 10, 11, 12, 14, 15, 17 and 18 are re-enacted without change.

Paragraphs 1, 2, 4 and 16 relate to adoption and are new. They should be read together and with sections 11 and 15 of this Bill. The present legislation does not include in the class of preferred beneficiaries, an "adopted child" or its "adopting parent." The four new definitions are to provide for their inclusion. In order to avoid all difficulties arising out of domicile or conflict of laws, the test taken is that the child shall be entitled to inherit real property from an intestate adopting parent. The title to real property is governed by the law of the place where the property is situate.

Paragraph 5. "Contract of Life Insurance." This definition is revised to correspond with the definition of "Life Insurance" contained in paragraph 36 of section 1 of the Act (enacted 1934, c. 22, s. 2) and with section 24b of the Act (enacted 1934, c. 22, s. 4), defining the scope of a life insurance license.

"Court."

6. "Court" means the Supreme Court or a judge thereof;

"Declaration."

7. "Declaration" means an instrument in writing signed by the insured, attached to or endorsed on a policy, or an instrument in writing, signed by the insured in any way identifying the policy or describing the subject of the declaration as the insurance or insurance fund or a part thereof or as the policy or policies of the insured or using language of like import, by which the insured designates or appoints a beneficiary or beneficiaries, or alters or revokes the designation or appointment of a beneficiary or beneficiaries, or apports or reapports, or appropriates or reapropriates, insurance money between or among beneficiaries;

"Foreign jurisdiction."

8. "Foreign jurisdiction" means any jurisdiction other than the Province;

"Fraternal society."

9. "Fraternal society" means a society, order or association incorporated for the purpose of making with its members only and not for profit contracts of life insurance under which benefits may be paid only to its members or their beneficiaries, in accordance with its constitution and laws and the provisions of this Act;

"Instrument in writing."

10. "Instrument in writing" includes a last will;

"Insurance."

11. "Insurance" means life insurance;

"Insurance money."

12. "Insurance money" includes all insurance money, benefits, surplus, profits, dividends, bonuses and annuities payable by an insurer under a contract of insurance;

"Insured."

13. "Insured" means the person who makes a contract with an insurer and, if the context so requires, includes the person whose life is insured;

"Insurer."

14. "Insurer" includes any corporation, or any society or association, incorporated or unincorporated, any fraternal society or any person or partnership, or any underwriter or group of underwriters, that undertakes or effects, or

Paragraph 9, "Fraternal Society." The present definition merely authorizes appointment of benefits to beneficiaries, whereas benefits are frequently payable to the members themselves. The definition is otherwise, in substance, the same.

Paragraph 13, "Insured." The present definition provides that "unless the context otherwise requires" the insured "includes the person whose life is insured." The words "unless the context otherwise requires," are not clear in their application to the provisions of the legislation. The amendment says "if the context so requires," making the application more definite.

agrees or offers to undertake or effect, a contract of insurance;

"Judge."

15. "Judge" means a judge of the court;

"Parent,"
"Father,"
"Mother."

16. "Parent," "father" and "mother" include an adopting parent of the same sex respectively;

"Person."

17. "Person" includes firm, partnership, corporation and unincorporated society or association;

"Premium."

18. "Premium" means the single or periodical payment to be made for the insurance, and includes dues and assessments.

Rev. Stat.,
c. 222, s. 120,
subs. 2,
re-enacted.

3. Subsection 2 of section 120 of *The Insurance Act* is repealed and the following substituted therefor:

(2) This Part shall apply to every contract of life insurance made in the Province before the date on which this Part came into force, where the maturity of the contract had not occurred before that date.

Rev. Stat.,
c. 222, s. 123,
subs. 1,
amended.

4.—(1) Subsection 1 of section 123 of *The Insurance Act* is amended by striking out the words "other than a fraternal society" in the second line so that the said subsection shall now read as follows:

Contents
of policy.

(1) Every policy issued after the coming into force of this Part by an insurer shall state the name or sufficient designation of the insured, of the person whose life is insured, and of the beneficiary, the insurance money payable, the manner of payment, the premium, and the facts which determine the maturity of the contract.

Rev. Stat.,
c. 222, s. 123,
subs. 2,
amended.

(2) Subsection 2 of the said section 123 is renumbered section 123*a* and is amended by striking out the words "is less than one thousand dollars" in the second line and inserting in lieu thereof the words "does not exceed two thousand dollars" so that the said subsection shall now read as follows:

Payment of
policy not
exceeding
\$2,000.

(123*a*) Where the amount of insurance money, exclusive of dividends and bonus, does not exceed two thousand dollars, the policy, notwithstanding that it is expressed to be payable to a named or designated beneficiary, may provide that the insurance money may be paid to any relative by blood or connection by marriage of the insured or any other person appearing to the insurer to be equitably entitled to

Paragraph 16. See par. 1 *supra*.

Section 3. The present subsection says "unless hereinafter otherwise specifically provided," and uses the expression, "unmatured obligations of every contract." There is no such specific provision and the expression "unmatured obligations" is indefinite. The new subsection is designed to remove both difficulties.

Section 4 (1). Fraternal Societies are provided for in new subsection 5. See section 4 (3) below.

Section 4 (2). The present subsection is to be a separate provision as it is not in any way connected with section 123.

The amount under the present section is enlarged as it excludes the policy of \$1,000 which is very frequent. It is claimed that it would be very convenient to the public if the limit is increased to a sum not exceeding \$2,000.

the same by reason of having incurred expense for the maintenance, medical attendance or burial of the insured or to have a claim against the estate of the insured in relation thereto.

Rev. Stat.,
c. 222, s. 123,
amended.

(3) The said section 123 is amended by adding thereto the following subsections:

- (2) Every policy shall state the period of grace within which the premiums may be paid and the terms and conditions upon which the policy may, if it shall lapse, be reinstated, and shall indicate the amount (if any), of cash surrender, or loan value and the options (if any) of the insured as to paid up or extended insurance respectively provided by the policy.
- (3) Every policy shall further indicate whether or not it will participate in any surplus or profits which may be declared.
- (4) Every policy which includes disability insurance shall further state what notice of the disablement of the insured shall be given to the insurer.
- (5) This section shall not apply to a contract of insurance made by a fraternal society.

Rev. Stat.,
c. 222, s. 124,
subs. 3,
re-enacted.

5. Subsection 3 of section 124 of *The Insurance Act* is repealed and the following substituted therefor:

Contract of
fraternal
society.

- (3) In the case of a contract of insurance made by a fraternal society, the policy, the Act or instrument of incorporation of the society, its constitution and laws and the amendments validly made thereto, and the application for the contract and medical examination of the applicant as signed by him shall constitute the contract between the society and its member.

Rev. Stat.,
c. 222, ss. 125,
126 and 127,
re-enacted.

6. Sections 125, 126 and 127 of *The Insurance Act* are repealed and the following substituted therefor:

Disclosure
and mis-
representa-
tion by
insured.

- 125.—(1) The applicant for a contract and the person whose life is to be insured shall each disclose to the insurer in the application for the contract, on the medical examination (if any), or in any statements or answers furnished in lieu of a medical examination every fact within his knowledge which is material to the contract, and a failure to disclose or misrepresentation of any such fact by either person shall render the contract voidable at the instance of the insurer.

Section 4 (3). The new subsections (2) and (3) to be added to section 123, comprise the statutory conditions which must be contained in a policy and replace such provisions as were contained in section 91 of the former Dominion Insurance Act (Rev. Stat. c. 101).

Subsection (4) is new matter and is considered necessary as a statutory condition.

Subsection (5) should be read with section 4 (1) above. Section 123 is not applicable to fraternal societies which are specifically provided for in section 124 (3). See section 5 below.

Section 5. The only change of substance in this subsection is the insertion of the words "the policy" which were apparently inadvertently omitted in the present subsection.

Section 6. These sections have been redrawn and section 125 now refers to the applicant for insurance and 126 to the insurer. Present section 127 is replaced by section 125 (2).

In present section 125 (2) the words used are "conscious failure." The word "conscious" is omitted. Its meaning is indefinite and contains the idea that there must be a wilful failure to disclose a fact, a matter which it would be almost impossible for a company to prove. This word is also unnecessary because in the new section 125 (1) the words "within his knowledge" govern the fact undisclosed.

Disability Insurance and Double Indemnity Insurance are exempted from section 125. They were never expressly included and were never intended to be included.

Statements
incontestable
after two
years.

- (2) The statements made by the insured, or the person whose life is insured, in the application, on the medical examination (if any), or in any statements or answers furnished in lieu of a medical examination other than fraudulent statements or statements erroneous as to age, shall be deemed to be true and incontestable after the contract has been in force for two years during the lifetime of the person whose life is insured, but this provision shall not apply with respect to disability insurance or double indemnity insurance.

Disclosure
and mis-
representa-
tion by
insurer.

126. A failure to disclose or misrepresentation of a fact material to the contract by the insurer shall render the contract voidable at the instance of the insured: provided that in the absence of fraud the contract shall not by reason of such failure to disclose or misrepresentation be voidable after the contract has been in force for two years during the lifetime of the person whose life is insured.

Materiality.

127. The question of materiality shall be one of fact.

Rev. Stat.,
c. 222, s. 130,
subs. 1,
amended.

7. Subsection 1 of section 130 of *The Insurance Act* is amended by striking out the words "a contract providing for the payment of premiums weekly," in the fourth and fifth lines and inserting in lieu thereof the words "an industrial contract," so that the said subsection shall now read as follows:

Thirty days
of grace for
payment of
premiums.

- 130.—(1) Where any premium (not being the initial premium), under any contract is unpaid, the insured, his assign or agent, or any beneficiary, may, within a period of grace of thirty days (or, in the case of an industrial contract, four weeks) from and excluding the day on which the premium is due, pay, deliver or tender to the insurer at its head office, or at its chief agency in the Province, or to its collector or authorized agent, the sum in default.

Rev. Stat.,
c. 222,
amended.

8. *The Insurance Act* is amended by adding thereto the following section:

Reinstatement
of
contract
after lapse.

- 130a.—(1) Where a contract lapses and its cash value has not been paid and any options as to paid up or extended insurance have not been exercised, the insured shall be entitled to have the contract reinstated upon application within two years, or in the case of an industrial contract within one year, from the date of lapse upon the production of evidence of good health and other evidence of insurability of

Section 7. A new definition of "industrial contract" was enacted in 1934 (c. 22). See paragraph 29 of section 1 of the Act. The four weeks' case is now confined to industrial contracts which were in fact the only kind of contracts intended to be so dealt with.

Section 8. This section in general re-enacts what was also a statutory condition under section 91 of the former Dominion Insurance Act (Rev. Stat., c. 101). No particular comment is necessary on the subject-matter. Subsection (2) makes it clear that the provisions of section 125 are applicable to reinstatements where a contract has lapsed and subsection (3) makes it clear that policy conditions with respect to suicide are applicable to reinstated contracts. Fraternal societies are again exempted because reinstatement is in their case dealt with by by-laws or otherwise than by the contract itself.

the person whose life was insured satisfactory to the insurer as at the date of the application for reinstatement and upon payment of all overdue premiums and other indebtedness to the insurer under the contract, with interest at such rate not exceeding six per centum per annum compounded annually, as the contract provides, and provided that no change has taken place in such good health and insurability subsequently to the date of such application and before the contract is reinstated.

Application
of section
125.

- (2) Where an application is made to reinstate a contract and the contract is reinstated, section 125 shall *mutatis mutandis* apply, and the period of two years referred to in subsection 2 of that section shall run from the date of reinstatement.

Suicide.

- (3) If the contract which lapsed provided that in the event of the suicide of the person whose life was insured within a period of time fixed thereby it should be void or that the amount payable thereunder should be reduced, and after the contract is reinstated such person commits suicide within a period of time commencing with the date of reinstatement and of the same duration as the period of time fixed by the contract, the reinstated contract shall be likewise void, or the amount payable thereunder shall be likewise reduced.

Application
to fraternal
societies.

- (4) This section shall not apply to a contract of insurance made by a fraternal society.

Rev. Stat.,
c. 222, s. 132,
re-enacted.

9. Section 132 of *The Insurance Act* is repealed and the following substituted therefor:

Meaning of
"heirs,"
"legal heirs,"
etc.

132. Where in a policy or declaration the insured appoints as beneficiaries or appoints or apportions insurance-money to his "heirs," "legal heirs," "lawful heirs" or "next-of-kin," the insurance money shall be paid to the persons and in the shares provided by the law of the Province, state or country, in which the insured was domiciled at the date of his death respecting the distribution of the personal property of an intestate.

Rev. Stat.,
c. 222, s. 138,
re-enacted.

10. Section 138 of *The Insurance Act* is repealed and the following substituted therefor:

Capacity of
minors.

138. A minor shall, after attaining the age of fifteen years, have the capacity of a person of full age:

Section 9. Present section 132 is uncertain in its meaning, that is, whether it is intended to identify the persons entitled to share or to refer to the apportionment among them. The new section endeavours to make the meaning clear and state under what law and in what name distribution is to take place.

Section 10. No real difficulty has arisen under present subsection (1) of section 138, but subsection (2) is open to doubt as to its real intent and meaning. When insurance has been taken out by a parent on the life of a child, and the parent is the sole owner, the question has arisen as to whether the child has any right or interest in the policy.

The new section, in addition to conferring full capacity on a minor of fifteen to effect insurance on his own life, empowers him to ratify, under clause (b) any contract made before he becomes fifteen, under clause (c) to deal with what interest he may have in a contract effected by another on his life, and under clause (d) to provide for the case of married minors, so that they may have the same rights to insure one another's lives as adults.

- (a) To effect a contract of insurance on his own life and to deal with such contract;
- (b) To deal with a contract of insurance on his own life effected by him before attaining the age of fifteen years;
- (c) To deal with his interest in a contract of insurance effected on his life by another, whether effected before or after the minor attained the age of fifteen years;
- (d) If married, to effect a contract of insurance on the life of his wife or her husband or his or her children, as the case may be, and to deal with such contract.

Rev. Stat., c. 222, s. 140, subs. 2, re-enacted. **11.** Subsection 2 of section 140 of *The Insurance Act* is repealed and the following substituted therefor:

Preferred beneficiaries.

- (2) Subject to section 147a, preferred beneficiaries are the husband, wife, children, adopted children, grandchildren, children of adopted children, father, mother and adopting parents of the person whose life is insured.

Rev. Stat., c. 222, s. 142, subs. 2, re-enacted. **12.** Subsection 2 of section 142 of *The Insurance Act* is repealed and the following substituted therefor:

Declaration by will.

- (2) A declaration contained in a will shall as against a subsequent declaration be deemed to have been made at the date of the will and not as if it had been made immediately before the death of the testator.

Other declarations.

- (3) A declaration contained in an instrument purporting to be a will which has not been revoked otherwise than by operation of law shall be effective as a declaration, notwithstanding that the instrument is invalid as a testamentary instrument.

Rev. Stat., c. 222, s. 144, re-enacted. **13.** Section 144 of *The Insurance Act* is repealed and the following substituted therefor:

Death of ordinary beneficiary before maturity of contract.

- 144. Where there are several beneficiaries of whom one or more are ordinary beneficiaries and one or more of the ordinary beneficiaries die before the maturity of the contract, and no apportionment or other disposition of his or their shares is provided for in the contract or by a declaration, the share of any such deceased ordinary beneficiary, shall be payable to the

Section 11. The revised subsection includes in the class of preferred beneficiaries adopted children, adopting parents and children of adopted children. See sections 1 and 16 of this Bill.

Section 12. Present subsection (2) of section 142 is divided into two new subsections.

New subsection (2) is to be same effect as the present provision, except that it uses the words "and not as if it had been made immediately before the death" instead of "and not at the death." The new wording is the phraseology found in Wills Acts.

Present subsection (2) refers to "a declaration contained in an unrevoked instrument." The word "unrevoked" has given rise to difficulties and does not cover the case of revocation by operation of law. The new subsection (3) is designed to remove the difficulties.

Section 13. Present section 144 deals with the case where ordinary beneficiaries only are appointed. Section 148 deals with the case where there are preferred beneficiaries only. The new section provides for the case not only where there are ordinary beneficiaries, but also where both classes are appointed.

surviving designated beneficiary or beneficiaries, whether preferred or ordinary, and, if more than one, in equal shares but, if there is no surviving beneficiary, shall be payable to the insured or his estate.

Rev. Stat.,
c. 222, s. 145,
subs. 1,
amended.

14.—(1) Subsection 1 of section 145 of *The Insurance Act* is amended by striking out the words “so long as any of the class of preferred beneficiaries remains” in the fifth and sixth lines so that the said subsection shall now read as follows:

Trust in
favour of
preferred
beneficiaries.

145.—(1) Where the insured, in pursuance of the provisions of section 142, designates as beneficiary or beneficiaries, a member or members of the class of preferred beneficiaries, a trust is created in favour of the designated beneficiary or beneficiaries, and, the insurance money, or such part thereof as is or has been apportioned to a preferred beneficiary, shall not, except as otherwise provided in this Act, be subject to the control of the insured, or of his creditors, or form part of the estate of the insured.

Rev. Stat.,
c. 222, s. 145,
subss. 2 and 3,
re-enacted.

(2) Subsections 2 and 3 of the said section 145 are repealed and the following substituted therefor:

Right to
income only.

(2) The contract may provide or the insured may at any time direct by declaration that a preferred beneficiary shall be entitled only to the income from insurance money for life or for a period of time or subject to any limitation or contingency stated in the instrument.

Proviso:
Vested rights
of benefi-
ciaries for
value, etc.

(3) The provisions of this section are subject to any vested rights of beneficiaries for value and assignees for value, to the provisions hereinafter contained relating to preferred beneficiaries, and to any contingency or limitation stated in the instrument by which the insured designates a preferred beneficiary, provided that no provision in any instrument reserving to the insured the right to revoke or abridge the interest of a preferred beneficiary shall be effective so as to enable the insured to revoke or abridge that interest in favour of a person not in the class of preferred beneficiaries.

Rev. Stat.,
c. 222, s. 147,
subs. 1,
amended.

15. Subsection 1 of section 147 of *The Insurance Act* is amended by striking out the words “the next following section” in the first and second lines and inserting in lieu thereof the words “section 148” so that the said subsection shall now read as follows:

Section 14 (1). The words "so long as any of the class of preferred beneficiaries remains" are struck out because they make the sense of the subsection difficult. It might be inferred that where, for example, a preferred beneficiary has been appointed and dies the insurance-money cannot be dealt with, except in favour of another preferred beneficiary. It is conceded that such is not the intent of the provision.

The subsection now will create a trust in favour of a designated beneficiary and be outside the control of the insured or his creditors until some event arises under which it becomes free in pursuance of some other provision of the legislation.

Section 14 (2). Present subsections (2) and (3) are to be reversed in order. The first part of present subsection (3) is repealed and dealt with under section 148, as redrawn and the remainder redrawn in new subsection (2).

Both subsections (1) and (2) are made subject to new subsection (3), the only change in which is the omission of the word "first" before the word "designates."

Section 15. This minor amendment results directly from adding new section 147a.

Meaning of
"wife" and
"children."

147.—(1) Subject to the provisions of section 148 where by the policy or by a subsequent declaration the insurance money or any part of it is made payable to or for the benefit of the wife of the person whose life is insured, his future wife, his wife and children or his future wife and children generally, or his children generally, the word "wife" means the wife living at the maturity of the contract, and the word "children" includes all the children of the person whose life is insured living at the maturity of the contract as well as the issue living at the maturity of the contract of any child of his who predeceases him, such issue taking by representation.

Rev. Stat.,
c. 222,
amended.

16. *The Insurance Act* is amended by adding thereto the following section:

Adoption.

147a. For the purposes of this Part an adopted child and its adopting parent shall from the date of the adoption be deemed to bear towards one another the relationship of preferred beneficiaries, and an adopted child and its natural parents shall from the date of the adoption be deemed to bear towards one another the relationship of ordinary beneficiaries, and in either case this provision shall apply in respect of insurance effected both before and after the date of adoption.

Rev. Stat.,
c. 222, s. 148,
subs. 1,
re-enacted.

17—(1) Subsection 1 of section 148 of *The Insurance Act* is repealed and the following substituted therefor:

Right of
insured to
designate
alternate
beneficiary.

148.—(1) Subject to subsection 2 the contract may provide or the insured may at any time direct by declaration that if a preferred beneficiary shall die before the maturity of the contract, the insurance money or any part thereof appointed to the preferred beneficiary shall be payable to the insured, to his estate, or to any other person, whether that person is within the class of preferred beneficiaries or not.

Death of
preferred
beneficiary
before
maturity of
contract:
where
alternative
preferred
beneficiary
named.

(2) Where the contract provides or the insured by a declaration directs that insurance money shall go to a preferred beneficiary and in the event of the death of the preferred beneficiary to some other person in the class of preferred beneficiaries, and the first-named beneficiary dies, the insured may before the maturity of the contract exercise only the powers referred to in section 146.

Idem: Where
no alter-
native
preferred
beneficiary
named.

(3) In case of the death of a preferred beneficiary before the maturity of the contract and in the absence of

Section 16. This is a new provision defining the status of an "adopted child" and an "adopting parent" as preferred or ordinary beneficiaries. As a general working principle it is provided that after the adoption the adopted child and adopting parent shall be as towards one another preferred beneficiaries, while the adopted child and its natural parent will become ordinary beneficiaries as towards one another.

Section 17 (1). Existing subsection (1) of section 148 is repealed and three new subsections substituted, which include also the first part of old section 145 (3). Three cases are provided for:

- (a) Where the contract provides or the insured directs that in the case of the death of a preferred beneficiary before maturity of the contract the insurance money shall be payable to the insured or to some other person:
- (b) Where under the contract or a declaration the insurance-money is after the death of a preferred beneficiary to go to another preferred beneficiary and the first beneficiary dies the insured may before the maturity of the contract deal with the insurance money as he likes within the preferred class:
- (c) Where a preferred beneficiary dies before the maturity of the contract and there is no appointment to any other preferred beneficiary.

any provision in the contract or a declaration by which some other person in the class of preferred beneficiaries is to become entitled to the insurance money or any part thereof appointed to the deceased beneficiary in the event of his death or upon the happening of any other event, the insured may deal under section 142 with the insurance money or part thereof in the same manner and to the same extent as if the deceased beneficiary had not been a preferred beneficiary.

Rev. Stat.,
c. 222, s. 148,
subs. 2,
renumbered
subs. 4 and
amended.

(2) Subsection 2 of the said section 148 is renumbered subsection 4 and is amended by striking out the words "Subject to subsection 1 and to any provision in the policy or a declaration" at the commencement and inserting in lieu thereof the words "Subject to the provisions of this section" and is further amended by adding at the end of clause (a) the words "such issue taking by representation" so that the said subsection shall now read as follows:—

Disposal of
share of
deceased
preferred
beneficiary.

(4) Subject to the provisions of this section, the share of a preferred beneficiary who dies before the maturity of the contract shall be payable as follows:—

- (a) If the deceased beneficiary was a child of the person whose life is insured, and has left issue surviving at the maturity of the contract, his share, and any share to which he would have been entitled if he had survived, shall be payable to such issue in equal shares, such issue taking by representation.
- (b) If there is no person entitled under clause *a*, the share of such deceased beneficiary shall be payable to the surviving designated preferred beneficiary or beneficiaries in equal shares.
- (c) If there is no person entitled under clauses *a* and *b*, the share of such deceased beneficiary shall be payable in equal shares to the wife or husband and the child or children of the person whose life is insured living at the maturity of the contract, and the issue then living of any deceased child of the person whose life is insured, such issue taking in equal shares the share to which his or their parent would have been entitled if living.

Section 17 (2). Subsection (2) of section 148 is amended in conformity with the foregoing amendments and also to make clear in clause *a* that the issue is to take by representation, as provided by section 147 (1).

- (d) If there is no person entitled under clauses *a*, *b* and *c*, the share of such deceased beneficiary shall be payable to the insured, or his estate.

Rev. Stat., c. 222, s. 152, re-enacted. **18.** Section 152 of *The Insurance Act* is repealed and the following substituted therefor:

Disposal of surplus or profits where preferred beneficiary.

152.—(1) Notwithstanding the designation of a preferred beneficiary, any person who effects a participating contract may, during his lifetime receive for his own benefit the surplus or profits declared on the contract or may direct the insurer to apply them in payment or reduction of premiums, or in the purchase of paid up additions to the sum insured, or to hold them to his credit for accumulation, or to deal otherwise with such surplus or profits as the contract may provide. Upon the maturity of the contract all surplus or profits so held to the credit of the insured, or being due and unpaid, shall, subject to the contract and to any direction by the insured to the contrary, be added to the insurance money and the share of any beneficiary shall be increased accordingly.

Insurer may apply surplus to keep contract in force.

(2) The insurer may apply for the purpose of keeping the contract in force any surplus or profits declared on the contract and held by the insurer to the credit of the contract or of the insured, or held for accumulation, and not otherwise applied or dealt with under subsection 1.

Obligation of insurer.

(3) The insurer shall not be obliged to pay or apply any surplus or profits in a manner contrary to the terms of the contract or of any subsequent agreement.

Rev. Stat., c. 222, s. 153, amended. **19.** Section 153 of *The Insurance Act* is amended by adding thereto the following subsections:

Where payable to minor, lunatic, etc., Court may make order.

(3) Where insurance money is made payable to a minor or other person under disability or to a trustee on behalf of a minor or person under disability, and where the insurance money or a part thereof is required for the maintenance or education of the minor or person under disability, the Court may, upon the application of the insured, upon at least ten days' notice to the insurer, make an order, on such terms as it may deem just, permitting the insured to surrender the contract to the insurer, or to borrow from the insurer on the security thereof and payment

Section 18. Section 152 has been redrawn and expanded in accordance with the present practice of the companies. Subsection (2) gives insurers the authority to apply surplus or profits to keep the insurance in force where not otherwise applied or dealt with under subsection (1).

Section 19. New provisions are here recommended to take care of cases which have arisen and which it seems only right should be provided for. New subsection (3) is self-explanatory. New subsection (4) makes it clear that the rights of the beneficiary are not abrogated by a charge created against a policy and that when the charge is satisfied the assignee of the policy must clear the title to the policy.

by the insurer in accordance with such order shall discharge it from liability in respect of such payment.

Where contract has been assigned.

- (4) Where a contract has been assigned as security for any loan or debt the rights of any beneficiary, whether ordinary or preferred, under such contract shall be affected only to the extent necessary to give effect to the rights of the assignee, and when the loan or debt is discharged the assignee shall furnish a certificate in writing to that effect and that the assignee has no further right, title or interest in the contract.

Rev. Stat., c. 222, s. 154, amended.

20. Section 154 of *The Insurance Act* is amended by inserting after the word "contract" in the first line the words "or any instrument in writing" so that the section shall now read as follows:

Consent of contingent beneficiary not necessary.

154. Where by a contract or any instrument in writing a person is to become entitled to insurance money only in the event of the death of another person named as a beneficiary it shall not be necessary for such first mentioned person to join in any surrender, assignment or disposal of the contract.

Rev. Stat., c. 222, s. 155, subs. 1, amended.

21. Subsection 1 of section 155 of *The Insurance Act* is amended by striking out the words "a subsequent" in the second line and inserting in lieu thereof the word "an" so that the subsection shall now read as follows:

Dealing with insurance money payable in instalments.

- 155.—(1) Where the insurance money is payable in instalments and the contract, or an instrument in writing signed by the insured and delivered to the insurer, expressly provides that the beneficiary shall not have the right to commute the instalments or to alienate or assign his interest therein, the insurer shall not commute the instalments or pay them to any person other than the beneficiary, and the instalments shall not, in the hands of the insurer, be subject to legal process except in an action to recover for necessities supplied to the beneficiary or his or her infant children.

Rev. Stat., c. 222, s. 156, re-enacted.

22. Section 156 of *The Insurance Act* is repealed and the following substituted therefor:

Insurer holding insurance money after maturity of contract.

- 156.—(1) Subject to the provisions of this Part relating to preferred beneficiaries, where it is so expressly provided in the contract or by an agreement in writing with the insurer or by a declaration, the

Section 20. The words added here are to provide for the case of a declaration.

Section 21. The word "subsequent" is struck out because the instrument might be a will made previously to the contract or there might be an instrument made simultaneously with the contract.

Section 22. Subsection (1) is a substantial re-enactment of the present section with the word "subsequent" struck out for the reason indicated in connection with section 21 (above), with provision made for interest where no rate is agreed upon, and with a new self-explanatory proviso at the end.

New subsection (2) is intended to provide for the cases where insurance-money is settled (for example) on a trust or for a succession of beneficiaries and left in the hands of an insurance company. Doubts have arisen as to whether some of these arrangements are not testamentary in character and as such invalid, unless they comply with the formalities prescribed for Wills. The new subsection provides that any such arrangements, etc., shall be valid, although not executed in compliance with a Wills Act.

insurer may hold the insurance money or any part thereof after maturity of the contract subject to the order of the beneficiary, or upon such trusts or other agreements for the benefit of the beneficiary as may be provided in the contract, agreement or declaration, allowing and paying for the term during which the insurer retains such insurance money or any part thereof, interest thereon at a rate not less than that specified in the contract, agreement or declaration, or, if no rate be agreed upon, at the rate declared from time to time by the insurer in respect to insurance money so held by it; provided that the insurer shall not be bound to carry out the terms of any declaration to which it has not agreed in writing.

Validity of
testa-
mentary
provisions.

- (2) Where under subsection 1 a contract, agreement, order, declaration or trust provides that a certain payment or disposition of the insurance money shall be made after the death of any party to the contract or agreement or of any person named therein or in the order or declaration or of a beneficiary under the trust, as the case may be, such provision shall, if testamentary, not be invalid by reason only that the requirements respecting the execution of a will have not been complied with.

Rev. Stat.,
c. 222, s. 158,
subs. 2,
re-enacted.

23. Subsection 2 of section 158 of *The Insurance Act* is repealed and the following substituted therefor:

Proof of
name and
age of
beneficiary.

- (2) Where the insurance money or part thereof is payable to or for the benefit of a beneficiary, the insurer shall be entitled to reasonably sufficient proof of the name and age of the beneficiary.

Rev. Stat.,
c. 222, s. 159,
subs. 2,
re-enacted.

24. Subsection 2 of section 159 of *The Insurance Act* is repealed and the following substituted therefor:

Where
payable.

- (2) Insurance money shall be payable in the province in which the insured is domiciled at the time of death, or in which he is domiciled when it becomes payable otherwise than by reason of death; or, if he was not or is not then domiciled in Canada and the contract does not otherwise provide, shall be payable at the head office of the insurer in Canada.

How
payable.

- (3) Every amount to be paid to or by an insurer under a contract shall be payable in lawful money of Canada, unless the contract expressly provides for payment in another currency.

Section 23. Present subsection (2) begs the question as to whether a beneficiary is a minor or not. That is the fact which may have to be established, and the subsection is redrawn so that an insurer may always ask for proof of the name and age of a beneficiary.

Section 24. Existing subsection (2) merely provides that insurance-money shall be payable in the province in lawful money of Canada. It is proposed to be divided into three subsections.

New subsection (2) makes clear what province is intended and also provides that if the insured's domicile is not in Canada and the contract does not otherwise provide, the money shall be payable at the head office of the company.

New subsection (3) now provides for payment in other than Canadian currency, where the contract so provides.

New subsection (4) provides that the expression "dollars" in a contract shall mean Canadian "dollars" unless another currency is specified. This takes care of the difficulty which arose in the Nova Scotia case of *Schon vs. New York Life Insurance Company* (1921-2) N.S.R. Vol. IV, p. 137), and an almost similar situation in the Ontario case of *Weiss vs. State Life Insurance Company* (1934), O.R. 677.

Meaning of
"Dollars."

- (4) In every contract, whether the contract by its terms provides for payment in Canada or elsewhere, amounts expressed in dollars shall mean lawful dollars of Canadian currency, unless some other currency is specifically provided for in the contract.

Rev. Stat.,
c. 222,
amended.

25. *The Insurance Act* is amended by adding thereto the following section:

Payments
outside of
Canada.

- 159a. Where insurance money is payable in respect of a policy on the life of a person who is at the date of his death domiciled elsewhere than in Canada to another person domiciled elsewhere than in Canada, and there is no person in Canada entitled to receive it, the insurer may pay it to the person to whom it is so payable, or to any other person entitled to receive it on his behalf by the law of the domicile of the payee.

Rev. Stat.,
c. 222, s. 160,
subss. 1, 2
and 3
re-enacted.

26. Subsections 1, 2 and 3 of section 160 of *The Insurance Act* are repealed and the following substituted therefor:

Application
to Court for
declaration
as to
sufficiency
of proofs.

- 160.—(1) Where the insurer admits the validity of the contract but does not admit the sufficiency of the proof furnished by the claimant of the maturity of the contract, or of the age of the person whose life is insured, or of the right of the claimant to receive payment of the insurance money, and where there is no other question in issue, except a question under subsection 2, the insurer or the claimant may, before or after action brought, upon at least thirty days' notice apply to the Court for a declaration as to the sufficiency of the proof furnished, and the Court may direct what further proof shall be furnished, or, in special circumstances, may dispense with further proof.

Declaration
as to
presumption
of death.

- (2) Where the claimant alleges that the person whose life is insured is presumed to be dead by reason of his not having been heard of for seven years, and where there is no other question in issue except a question under subsection 1, the insurer or the claimant may, before or after action brought, upon at least thirty days' notice, apply to the Court for a declaration as to the presumption of death.

Effect of
order of
Court.

- (3) If the Court finds that the proof of the maturity of the contract or of the age of the person whose life is insured or of the right of the claimant to receive payment is sufficient, or that a presumption of death

Section 25. This new section is designed to take care of the case where the policyholder does not live in Canada and has no need to take out administration in Canada. Many contracts are made by Canadian companies in the United States and elsewhere and Canadian policyholders often move to foreign parts. This section facilitates payment in such cases. This will not disturb Succession Duties.

Section 26. Subsection (1) of section 160 is amended in three respects:

- (a) By the insertion of the words "admits the validity of the contract";
- (b) By extending the time from ten days to thirty days; and
- (c) By giving the court a more general power as to further proof.

As to the first point it is thought that the general question of the validity of the contract should not be raised under this section.

Subsection (2) is amended so that in addition to the insurer the claimant may apply for a declaration as to presumption of death and the time is again extended to thirty days' notice. The insurer may not be interested or may be opposed to applying for a declaration as to presumption of death, while the claimant now has no right to apply.

Subsection (3) is amended by changing the words "parties to the application" to the words "applicant and all parties notified of the application." It rests with the court to require proper notice to be given.

has been established, or makes an order directing what further proof shall be furnished or in special circumstances dispensing with further proof, the finding or order of the Court shall, subject to appeal, be conclusive and binding upon the applicant and all parties notified of the application and the Court may make such order as to the payment of the insurance money and as to the costs as to it may seem just.

Rev. Stat.,
c. 222, s. 162,
subs. 3,
amended.

27.—(1) Subsection 3 of section 162 of *The Insurance Act* is amended by adding at the end thereof the words “whichever period shall first expire, but not afterwards” so that the said subsection shall now read as follows:

- (3) Where the death of the person whose life is insured is unknown to the person entitled to claim under the contract, an action or proceeding may be commenced within the prescribed period or within one year and six months after the death becomes known to him whichever period shall first expire but not afterwards.

Rev. Stat.,
c. 222, s. 162,
subs. 4,
amended.

(2) Subsection 4 of the said section 162 is amended by striking out the words “within the prescribed period or” in the third line so that the said subsection shall now read as follows:

- (4) Where an action or proceeding is prematurely brought, the plaintiff may commence a new action or proceeding at any time within six months after the final determination of the first action or proceeding.

Rev. Stat.,
c. 222, s. 164,
subs. 1,
re-enacted.

28. Subsection 1 of section 164 of *The Insurance Act* is repealed and the following substituted therefor:

Payment of
share of
minor,
lunatic, etc.

- (1) Where no trustee is appointed to receive the share to which a minor or other person under disability is entitled, or where a trustee is named but refuses or neglects to act or dies or otherwise becomes incapable of acting, the share of the minor or other person under disability may be paid to a guardian or tutor or trustee of the minor or to a curator, committee or trustee of such other person under disability duly appointed by the Court.

Rev. Stat.,
c. 222, s. 165,
subs. 1,
re-enacted.

29. Subsection 1 of section 165 of *The Insurance Act* is repealed and the following substituted therefor:

Insurer may
obtain order
for payment
into Court.

- (1) Where the insurer admits liability for the insurance money or any part thereof, and it appears to the insurer that,—

Section 27.—(1). The added words are proposed to make the intention clear and remove the existing ambiguity.

Section 27.—(2). It is considered that six months is a reasonable time under the circumstances described.

Section 28. The only material change is to take care of the case where the trustee dies or otherwise becomes incapable of acting as trustee.

Section 29. The only substantial change is the addition of the last two lines. Obviously the present subsection is incomplete. This amendment arises out of a criticism of the present subsection in *Re Great West Life vs. Appleby*, 1934, 1 W.W.R. 13.

- (a) there are adverse claimants; or,
- (b) the place of abode of a person entitled is unknown; or,
- (c) there is no person capable of giving or authorized to give, a valid discharge;

the insurer may, at any time after the expiration of one month from the maturity of the contract, apply to the Court for an order for payment of the money into Court, and the Court may upon such notice (if any) as it thinks necessary make an order accordingly.

AUTOMOBILE INSURANCE

Rev. Stat.,
c. 222, s. 174
(1932,
c. 25, s. 2),
amended.

30.—(1) Section 174 of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is amended by striking out the first twelve lines and inserting in lieu thereof the following:

Statutory
conditions.

174.—(1) Subject to the provisions of subsections 2 and 3 and sections 175 and 183j,—

- (a) the conditions set forth in this section shall be statutory conditions and deemed to be part of every contract of automobile insurance and shall be printed on every policy with the heading "Statutory Conditions";
 - (b) no variation or omission of a statutory condition shall be valid nor shall anything contained in any addition to a statutory condition or in the description of the subject matter of the insurance be effective in so far as it is inconsistent with, varies or avoids any such condition.
- (2) Where the automobile insurance is neither insurance under a motor vehicle liability policy nor insurance against loss of or damage to an automobile designated in the policy, the Superintendent may prescribe appropriate conditions or may omit, vary or add to the statutory conditions.
- (3) The Superintendent may approve a form of motor vehicle liability policy appropriate to insure a limited or restricted use of the automobile and in that case

AUTOMOBILE INSURANCE (Sections 30-36 inclusive):

The so-called UNIFORM AUTOMOBILE INSURANCE ACT numbering about thirty sections and the Statutory Conditions (Part VI of *The Ontario Insurance Act*) underwent a general revision in 1932 and, as so revised, is now in force in all provinces of Canada except Quebec. At St. John, N.B., conference last September the minor amendments contained in this Bill were unanimously recommended for enactment by all provinces.

See Section 37. The amendments are planned to be made effective in all provinces upon a date to be subsequently agreed upon.

Section 30.—(1). Subsection 1 of section 174 is re-enacted without change. Subsection 2 is intended to enable the Superintendent to approve special forms of policy, such as garage and sales agency and non-ownership liability contracts. See explanatory note on section 32 with further reference to non-ownership liability contracts. Subsection 3 will enable the Superintendent to approve a form of policy necessary to insure a limited or restricted use of the automobile, e.g., where the company declines to issue the policy unless the reckless son is prohibited from driving, or where a reduced premium rate is available in consideration of acquiescence by the insured in some restricted use, for example, where a farmer agrees that his truck will be chiefly used about his farm. Rights of third parties are in no way prejudiced by such restrictions.

the statutory conditions shall be deemed to be amended so far as is necessary to give effect to the terms and conditions of the policy so approved and the provisions of sections 183*a* and 183*b* shall not apply.

Rev. Stat.,
c. 222, s. 174,
condition 2
(1932,
c. 25, s. 2),
re-enacted.

(2) Condition 2 of the said section 174 is repealed and the following substituted therefor:

**Prohibited Use
by Insured**

2.—(1) The insured shall not use or drive the automobile:

- (a) whilst under the influence of intoxicating liquor or drugs to such an extent as to be for the time being incapable of the proper control of the automobile; or
- (b) whilst he is not for the time being qualified and authorized by law to drive or operate the automobile or, in case the law does not prescribe any qualification or authority whilst under the age of sixteen years; or
- (c) for any illicit or prohibited trade or transportation; or
- (d) in any race or speed test.

**Prohibited Use
by Others**

(2) The insured shall not permit, suffer, allow or connive at the use of the automobile:

- (a) by any person under the influence of intoxicating liquor or drugs to such an extent as to be for the time being incapable of the proper control of the automobile; or
- (b) by any person who is not for the time being qualified and authorized by law to drive or operate the automobile or, in case the law does not prescribe any qualification or authority by any person under the age of sixteen years; or
- (c) for any illicit or prohibited trade or transportation; or
- (d) in any race or speed test.

Rev. Stat.,
c. 222, s. 174,
condition 5
(1932,
c. 25, s. 2),
amended.

(3) Condition 5 of the said section 174 is amended by adding thereto the following subsection:

Repairs

(3a) Except where an appraisal has been had, the insurer, instead of making payment may, within a reasonable time, repair, rebuild or replace the property damaged or lost with other of like kind and quality, giving written notice of its intention so to do within seven days after the receipt of the proofs of loss; but there can be no abandonment of the automobile to the insurer without its consent. In the event of the insurer exercising such option, the salvage, if any, shall revert to it.

Rev. Stat.,
c. 222, s. 174,
condition 11
(1932,
c. 25, s. 2),
amended.

(4) Condition 11 of the said section 174 is amended by adding thereto the following subsection:

(3) In this condition the expression "paid premium" means premium actually paid by the insured to the insurer or its agent, and does not include any premium or part thereof paid to the insurer by an agent unless actually paid to the agent by the insured.

Section 30—(2). The revision of Condition 2 is imperative in view of the decision of the Supreme Court of Canada in *Home Insurance Company of New York et al, vs. Lindal and Beatty* (1934) S.C.R., p. 33, wherein it was held the present wording yields the absurd result that the prohibition against driving whilst intoxicated applies to persons driving with the consent of the insured but not to the insured himself.

Section 30—(3). The proposed subsection of Condition 5 was formerly contained in all policies. It was omitted from the Uniform Act of three years ago (1932, c. 25) and is now recommended to be restored.

Section 30—(4). As Condition 11 now reads it is suggested that in order to effect cancellation, the insurer must refund the excess of "paid premium" even where payment has not been made by the insured but only by the agent to the company and only credited by the insurer to the agent as "paid."

Rev. Stat.,
c. 222, s. 181
(1932,
c. 25, s. 2),
re-enacted.

31. Section 181 of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is repealed and the following substituted therefor:

Subroga-
tion.

181.—(1) The insurer, upon making any payment or assuming liability therefor under a contract of automobile insurance, shall be subrogated to all rights of recovery of the insured against any person and may bring action in the name of the insured to enforce such rights.

(2) If the net amount recovered, after deducting the costs of such recovery is not sufficient to provide a complete indemnity for the loss or damage suffered, such amount shall be divided between the insurer and the insured in the proportions in which such loss or damage has been borne by them respectively.

Rev. Stat.,
c. 222,
s. 183*a*,
subs. 1
(1932,
c. 25, s. 2),
amended.

32. Subsection 1 of section 183*a* of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is amended by striking out the words "or is responsible for the use of" in the third line so that the subsection shall now read as follows:

Coverage
of owner's
policy.

183*a*.—(1) Every owner's policy shall insure the person named therein, and every other person who, with his consent, uses any automobile designated in the policy, against the liability imposed by law upon the insured named therein or upon any such other person for loss or damage,—

(*a*) arising from the ownership, use or operation of any such automobile within Canada or the United States of America, or upon a vessel plying between ports within those countries; and

(*b*) resulting from

(i) bodily injury to or death of any person; or

(ii) damage to property; or,

(iii) both.

Rev. Stat.,
c. 222,
s. 183*d*,
cl. (*b*), (1932,
c. 25, s. 2),
amended.

33. Clause *b* of section 183*d* of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is amended by striking out the words "any person insured by the policy, or the children, wife or husband of any such person" in the second and third lines and inserting in lieu

Section 31. The present section is deemed unsatisfactory because it does not define how, in case of a partial recovery, the moneys recovered shall be distributed. The proposed new section removes doubts and uncertainties and makes provision for fair distribution between the insurer and insured.

Section 32. Under this section it has been contended that the employer of an insured owner-employee is entitled to indemnity under the latter's policy although the employer is not named therein, has paid no premium, and was not intended to be covered. On the other hand, if this contention is correct, the employer is probably liable under section 183*h*, subsection 6, to reimburse the insurer for any breach of the policy conditions by the owner-employee. In any event the effect of the amendment will be to deprive the employer of indemnity (for which he has not paid) on the one hand, and to relieve him of liability to reimburse the insurer, on the other. An employer can protect himself by a non-ownership liability policy under the proposed new subsection 2 of section 174.

Section 33. The amendment is intended to strike at collusive claims and thereby keep down the cost of insurance. Since 1930, when the insurer was made absolutely liable to third party claimants under all circumstances, there has been a great increase in the number and amount of claims made by relatives which appear to be collusive in character.

thereof the words "the insured or the son, daughter, wife, husband, mother, father, brother or sister of the insured" so that the clause shall now read as follows:

- (b) for loss or damage resulting from bodily injury to or the death of the insured or the son, daughter, wife, husband, mother, father, brother or sister of the insured; or

Rev. Stat.,
c. 222,
s. 183e (1932,
c. 25, s. 2),
amended.

34. Section 183e of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is amended by striking out the word "for" where it precedes the words "bodily injury" in the third and sixth lines and inserting in lieu thereof the words "against loss or damage resulting from" so that the said section shall now read as follows:

Minimum
liability
under policy.

183e. Every owner's policy and driver's policy shall insure, in case of bodily injury or death, to the limit of at least \$5,000 (exclusive of interest and costs) against loss or damage resulting from bodily injury to or the death of any one person, and, subject to such limit, for any one person so injured or killed, of at least \$10,000 (exclusive of interest and costs) against loss or damage resulting from bodily injury to or death of two or more persons in any one accident, or, in case of property damage, to the limit of at least \$1,000 (exclusive of interest and costs) for damage to property resulting from any one accident.

Rev. Stat.,
c. 222,
s. 183f
(1932,
c. 25, s. 2),
amended.

35. Section 183f of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is amended by inserting after the word "in" in the third line the words "whole or in part in any or all of" and by striking out the words "and in statutory condition 3" in the last line of clause *a* so that the said section shall now read as follows:

Extended
coverage.

183f. The insurer may, by an endorsement on the policy and in consideration of an additional stated premium, and not otherwise, extend the coverage in whole or in part in any or all of the following respects:

- (a) in the case of an owner's policy or a driver's policy, the matters mentioned in paragraphs *d*, *e* and *f* of section 183d; and
- (b) in the case of an owner's policy, the operation or use of automobiles not owned by nor registered in the name of the insured; and
- (c) in the case of an owner's policy or a driver's policy, such other matters as may be approved by the Superintendent.

Section 34. In view of the decision of the Ontario Court of Appeal in *Kelly et al vs. Constitutional Indemnity Company* (1933, 3 D.L.R. 50) it seems desirable to use in section 183*e* the same broader wording employed in section 183*a*.

Section 35. Doubts having arisen, e.g., as to the validity of an endorsement permitting not more than three passengers to be carried by commercial vehicles, it is desirable to make it clear that limited extensions of coverage may be granted. The reference to statutory condition 3 in clause *a* is unnecessary in view of the wording of condition 3. (See proposed amendment to section 183*h*.)

Rev. Stat.,
c. 222,
s. 183*h*,
subs. 5
(1932,
c. 25, s. 2),
amended.

36.—(1) Subsection 5 of section 183*h* of *The Insurance Act* as enacted by section 2 of *The (Automobile) Insurance Act, 1932*, is amended by inserting the words “coverage or extended” after the word “excess” in the fourth line so that the said subsection shall now read as follows:

Defence
where excess
or extended
coverage.

- (5) Where a policy provides for coverage in excess of the limits mentioned in section 183*e* or for extended coverage in pursuance of section 183*f* nothing in this section shall, with respect to such excess coverage or extended coverage, prevent the insurer from availing itself, as against any claimant, of any defence which the insurer is entitled to set up against the insured.

Rev. Stat.,
c. 222,
s. 183*h*
(1932,
c. 25, s. 2),
amended.

(2) The said section 183*h* is further amended by adding thereto the following subsection:

Insurer may
be made
third party.

- (7) Where an insurer denies liability under a motor vehicle liability policy it shall have the right upon application to the court to be made a third party in any action to which the insured is a party and in which a claim is made by any party to the action for which it is or might be asserted indemnity is provided by the said policy.

Commence-
ment of Act.

37. This Act shall come into force on a day to be named by the Lieutenant-Governor by his Proclamation.

Section 36—(1). It was intended that the insurer should only be absolutely liable and debarred of all defences in respect of the standard coverage and that where coverage is extended by endorsement, e.g., to gratuitous passengers or to employees, the insurer should be entitled to its defences in respect of such extended coverage. On the other hand, it was intended that where coverage is extended under statutory condition 3, e.g., permission to attach a trailer, third party claimants should be as fully protected as though the coverage had not been extended. The amendment is necessary to remove doubts and make clear this intention. (See proposed amendment to section 183*f*, clause *a*.)

Section 36—(2). Where an action has been brought by a claimant against the insured and the insurer believes that there has been a breach of conditions by the insured or collusion between the claimant and the insured, it is desirable that the insurer shall have the right to appear in the action and see that the facts are fully and properly presented to the court. The insurer is, by the Act, absolutely liable to the claimant and, therefore, has a definite interest in the result of the litigation.

Section 37. It is planned for the life insurance amendments (sections 2-29) and the automobile insurance amendments (sections 30-36) respectively, if approved, to become effective in all provinces on the same dates to be hereafter agreed upon. Section 5 of *The Statutes Act* (Rev. Stat., c. 2) authorizes any section or sections of an Act to be proclaimed effective at different periods.

amended.

4.—(1) Subsection 1 of section 123 of *The Insurance Act* is amended by striking out the words "other than a fraternal society" in the second line so that the said subsection shall now read as follows:

An Act to amend The Interpretation Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. **1.** This Act may be cited as *The Interpretation Act, 1935*.

Rev. Stat.,
c. 1, s. 23,
amended. **2.**—(1) Section 23 of *The Interpretation Act* is amended by adding thereto the following subsection:

When
effective. (2) No regulations made by the Lieutenant-Governor in Council under this or any other Act shall have any force or effect until such regulations have been introduced by formal motion to the Legislative Assembly at a Session thereof and have remained listed as part of the proceedings of the House subject to the rules and privileges thereof for at least ten consecutive days of the Session.

Existing
regulations. (2) All existing regulations under this or any other Statute shall be tabled at this present Session of the Legislative Assembly and become subject to the foregoing subsection.

Commence-
ment of Act. **3.** This Act shall come into force on the day upon which it receives the Royal Assent.

EXPLANATORY NOTE

The object sought to be obtained by this legislation is to bring to an end the increasing practice of delegating from the Legislature to the Cabinet the authority to settle procedure, and the rights and responsibilities of persons or corporations under any Statute. It is submitted that in very many cases the regulations go far beyond the portent and effect of the Statute. Many decisions in the Courts show this to be the case. In addition, it has sometimes happened that rights and privileges which the Legislature has given to persons or corporations by Statute have been stultified or rendered useless by some regulation passed by the Minister in charge of the Department concerned. It is not necessarily suggested that the practice of issuing regulations is not reasonable or convenient, or that, in many cases, it does not save the Assembly a great deal of debate and detail. The whole point in the proposed legislation is to ensure that the Assembly shall have to be satisfied that in every instance the regulations passed conform with the letter and the spirit of the Statute.

BILL

An Act to amend The Children of Unmarried Parents Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. **1.** This Act may be cited as *The Children of Unmarried Parents Amendment Act, 1935*.

Rev. Stat.,
c. 188, s. 10,
cl. d,
re-enacted. **2.** Clause *d* of section 10 of *The Children of Unmarried Parents Act* is repealed and the following substituted therefor:

(*d*) the putative father at any time has failed in whole or in part to carry out the terms of any agreement authorized by this Act.

Rev. Stat.,
c. 188, s. 17,
re-enacted. **3.** Section 17 of *The Children of Unmarried Parents Act* as amended by section 15 of *The Statute Law Amendment Act, 1931*, is repealed and the following substituted therefor:

Reopening
of
application. **17.**—(1) The judge may, upon the discovery of new evidence or fraud being shown by affidavit, grant leave to reopen and may reopen and reconsider any application for an affiliation order.

Order
may be
rescinded or
varied. (2) The judge may at any time where an order for payment has been made, rescind or vary such order as he sees fit and any order so varied may be enforced in like manner as the original order.

Rev. Stat.,
c. 188, s. 19,
subs. 2, cl. c,
amended. **4.** Clause *c* of subsection 2 of section 19 of *The Children of Unmarried Parents Act* as amended by section 18 of *The Statute Law Amendment Act, 1932*, is further amended by striking out the words "payments in respect of which he is in default" in the fifth and sixth lines and inserting in lieu thereof the words "sums of money payable under the order or such lesser sums as the judge may see fit to designate" so that the said clause shall now read as follows:

EXPLANATORY NOTES

Section 2. Some judges and solicitors, reading clause *d* as it stands at present, take the attitude that the application for an affiliation order must be made within one year from the first default under the agreement, whereas the Department of Public Welfare has taken the clause to mean within one year from the last payment made under the agreement.

The purpose of the amendment is to overcome any doubt which may exist.

Section 3. The present section has given trouble because it has been found that unless an affidavit is produced by the applicant before an application to reopen a case is heard, the respondent will be taken by surprise on the application to reopen.

Section 4. Under the Act the judge may order the payment of such amount as he may think fit by the parent towards the maintenance of the child and in default of such payment may commit the parent to gaol for a term not exceeding three months. Frequently arrears accumulate under an order which it becomes impossible for the parent to pay. The whole scheme of the Act is to provide support and maintenance for the child and if the parent is committed to gaol his earning power is cut off. The proposed amendment allows the judge to settle the amount of arrears at a lesser sum, if he thinks fit.

Enforcing
payment by
imprison-
ment.

- (c) may, when a warrant has been issued or where the person in default fails to satisfy the judge that such default is due to inability to pay, order such person to be imprisoned for any period not exceeding three months unless the sums of money payable under the order, or such lesser sums as the judge may see fit to designate, are sooner paid.

Rev. Stat.,
c. 188, s. 27,
subs. 2,
amended.

5. Subsection 2 of section 27 of *The Children of Unmarried Parents Act* as amended by section 15 of *The Statute Law Amendment Act, 1931*, is further amended by adding thereto the words "and of the ability and prospective means of the father to make the payments provided by such agreement" so that the said subsection shall now read as follows:

Default
under
agreement.

- (2) Upon default in payment under any such agreement the provincial officer may apply to a judge for an affiliation order, and such agreement when made by the person said to be the father of the child shall be *prima facie* proof of paternity and of the ability and prospective means of the father to make the payments provided by such agreement.

Rev. Stat.,
c. 188.

6. Section 29 of *The Children of Unmarried Parents Act* is amended by adding thereto the following subsection:

Notice of
appeal.

- (2) Notice of such leave to appeal shall be given within thirty days of the signing of the affiliation order.

Commence-
ment of Act.

7. This Act shall come into force on the day upon which it receives the Royal Assent.

Section 5. When an agreement to pay a certain amount each week is signed by the person said to be the father of the child, the signing of this agreement should also be *prima facie* proof of his ability to pay.

Section 6. It is desirable that there should be a limit placed upon the time in which an application for leave to appeal can be made.

An Act to amend The Deserted Wives' and Children's Maintenance Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. **1.** This Act may be cited as *The Deserted Wives' and Children's Maintenance Amendment Act, 1935*.

Rev. Stat.,
c. 184, s. 1,
subs. 1,
re-enacted. **2.**—(1) Subsection 1 of section 1 of *The Deserted Wives' and Children's Maintenance Act* as amended by subsection 1 of section 2 of *The Deserted Wives' and Children's Maintenance Act, 1934*, is repealed and the following substituted therefor:

Order for
maintenance
of wife.

(1) Where a wife has been deserted by her husband an information may be laid before a justice of the peace and such justice of the peace shall issue a summons against the husband in accordance with the form in the schedule to this Act and if upon the hearing before a magistrate, it appears that the husband has deserted his wife without having made adequate provision for her maintenance and the maintenance of his children residing with her and that he is able to maintain them in whole or in part and neglects or refuses so to do, the magistrate may order him to pay such weekly sum as may be deemed proper, having regard to all the circumstances and such order may be in the form given in the schedule to this Act.

Rev. Stat.,
c. 184, s. 1,
subs. 2,
re-enacted.

(2) Subsection 2 of the said section 1, as amended by subsection 2 of section 2 of *The Deserted Wives' and Children's Maintenance Act, 1934*, is repealed and the following substituted therefor:

Desertion
of wife.

(2) A married woman shall be deemed to have been deserted within the meaning of this section when she is living apart from her husband because of his acts of cruelty, or of his refusal or neglect, without sufficient cause, to supply her with food and other neces-

EXPLANATORY NOTES

Section 2.—(1) In order that a magistrate shall not have any pre-conceived ideas in connection with cases under this Act coming before him, it is desirable to require a justice of the peace to take the information.

(2) The purpose of the amendment is to permit a wife whose husband fails to carry out the provisions of a separation agreement to proceed against him under this Act.

saries when able so to do, or of the husband having been guilty of adultery which has not been condoned and which is duly proved, or when she has been living apart from her husband and there has been default in payments in any separation agreement entered into by the husband and wife either in writing or otherwise and whether or not the separation agreement contains express provision excluding the operation of this Act.

Rev. Stat.,
c. 184, s. 8,
subs. 2, cl. c,
amended.

3. Clause *c* of subsection 2 of section 8 of *The Deserted Wives' and Children's Maintenance Act* is amended by inserting after the word "order" in the sixth line the words "or such lesser sums as the judge may see fit to designate" so that the said clause shall now read as follows:

Enforcement
of order by
imprison-
ment.

(c) may, when a warrant has been issued, or where the person in default fails to satisfy the magistrate that such default is due to inability to pay, order and adjudge such person to be imprisoned for a term not exceeding three months unless the sums of money payable under the order, or such lesser sums as the judge may see fit to designate, are sooner paid.

Commence-
ment of Act.

4. This Act shall come into force on the day upon which it receives the Royal Assent.

Section 3. Under this Act a magistrate or judge may make an order for the maintenance of a wife under section 1 and the maintenance of a child under section 2. Husband and wife sometimes make other arrangements, the court order may fall into disuse and it frequently occurs that considerable arrears accumulate. Later the husband may be committed to gaol, under subsection 2 of section 8, for non-payment. It is thought advisable to allow the judge to settle the amount of arrears at a lesser sum, if the payment of the original sum is impossible, rather than commit the husband or father to gaol and thus cut off his earning power entirely.

BILL

An Act to amend The Municipal Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Rev. Stat.,
c. 233, s. 429,
para. 6,
clause (d),
amended.

1. Clause *d* of paragraph 6 of section 429 of *The Municipal Act* as enacted by section 12 of *The Municipal Amendment Act, 1929*, and as amended by subsection 1 of section 16 of *The Municipal Amendment Act, 1933*, is further amended by inserting therein after the words "fee to be paid" in the first line the words "by a transient trader," so that the said clause shall now read as follows:—

(*d*) Subject to the provisions of clause *dd* the fee to be paid by a transient trader for the license shall not be less than \$100 in any municipality and shall not exceed in a city or town \$500 and in a township or village \$300.

NOTE

Paragraphs 5 and 6 of Section 429 provide for licenses to transient traders and other persons whose names are not on the assessment roll in respect of income or business assessment.

By clause (d) the license fee shall not be less than \$100.

The purpose of this amendment is not to disturb the existing provisions as to amount of license fee applicable to transient traders but to remove such restriction so far as it applies to residents of the municipality commencing business, so that such residents, instead of being required to pay a fee of \$100 before commencing business, may be required to pay some lesser sum as may be fixed by the Council more commensurate with the amount of the business tax.

BILL

An Act to amend The Municipal Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Rev. Stat.,
c. 233,
s. 431a
para. 1,
amended.

1. Paragraph 1 of section 431a of *The Municipal Act* is amended by striking out all the words and figures after the word "dealer" in the third line, so that the said paragraph shall now read as follows:

Licensing,
etc., coal and
coke dealers.

1. For licensing, regulating and governing dealers in coal or coke and for revoking or suspending the license of any such dealer.

NOTE

Section 431a authorizes the licensing of dealers in coal or coke by the Commissioners of Police in cities of 100,000 population and by councils of other cities and of townships bordering on cities of 100,000 population. The section also authorizes the revoking or suspending of the license of a dealer who has been convicted of an offence against any provision of the by-law or of any by-law passed under paragraph 11 of section 400. Dealers are frequently convicted of selling short-weight not under the authority of paragraph 11 of section 400 but under a by-law regulating the weighing and measuring of coal and other fuel passed under paragraph 6 of section 400. The license can not now be cancelled for a breach of such by-law. This amendment will give authority to cancel or suspend the license of a dealer convicted for selling short-weight.

BILL

An Act to amend The Local Improvement Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Rev. Stat.,
c. 235, s. 2,
subs. 1, cl. *p*,
amended.

1. Clause *p* of subsection 1 of section 2 of *The Local Improvement Act* is amended by striking out the words "although the lifetime of the existing pavement has not expired" in the fourth and fifth lines thereof, and by inserting in lieu thereof the words "whether or not the lifetime of the pavement has expired," so that the said clause shall now read as follows:

(*p*) Subject to the provisions of section 25 for resurfacing with asphalt or other suitable material, a pavement having a foundation which in the opinion of the engineer is sufficient therefor whether or not the lifetime of the pavement has expired. When any work undertaken under this clause is such as might entitle it to a provincial grant, the approval of the Department of Public Highways shall be first had and obtained with respect to the suitability of the foundation.

EXPLANATORY NOTE

Clause *p* of subsection 1 of section 2 of *The Local Improvement Act* at present authorizes resurfacing of a pavement as a local improvement work only when the lifetime of the pavement has not expired. This amendment would similarly allow such resurfacing instead of the construction of a new pavement when the lifetime of the pavement has expired but the foundation is still in good condition.

BILL

An Act to amend The Local Improvement Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Rev. Stat.,
c. 235, s. 2,
subs. 1, cl. (g),
amended.

1. Clause *g* of subsection 1 of section 2 of *The Local Improvement Act* is amended by striking out the word "only" and by inserting in lieu thereof the words "or under the provisions of section 8" in the first line thereof, so that the said clause shall now read as follows:

(g) Widening on petition or under the provisions of section 8, a pavement on a street.

Rev. Stat.,
c. 235,
s. 8, subs. 1,
amended.

2. Subsection 1 of section 8 of *The Local Improvement Act* is amended by inserting the words "or the widening of a pavement on a street" after the words "improving a street" in the seventh line thereof.

NOTES

At present a pavement can be widened as a local improvement only on petition of the abutting owners. As traffic conditions frequently make necessary the widening of pavements which the abutting owners do not require, this amendment of section 2 would allow such widening either on petition or with the approval of the Ontario Municipal Board under section 8.

The amendment to section 8 contained in section 2 of the Bill is to give the Municipal Board the necessary authority in respect to widenings of pavements.

BILL

An Act respecting the Guardianship of the Dionne Quintuplets.

MR. CROLL

BILL

An Act respecting the Guardianship of the Dionne Quintuplets.

Preamble.

WHEREAS having regard to the special and unique circumstances touching the birth and survival of the quintuplet infant daughters of Oliva Dionne and Elzire Dionne, his wife, and for the better protection of their persons and estates and of their advancement, education and welfare it is in the interests of the said children and in the public interest that a special guardianship be created.

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title.

1. This Act may be cited as *The Dionne Quintuplet Guardianship Act, 1935*.

Dionne
quintuplets
to be
special
wards of
the Crown.

2. Yvonne Dionne, Annette Dionne, Marie Dionne, Cecile Dionne and Emelie Dionne, the quintuplet infant daughters of Oliva Dionne and Elzire Dionne, his wife, residing at or near Callander, in the Province of Ontario, and who were born on or about the 29th day of May, 1934, are and each of them is hereby declared to be the special ward and wards of His Majesty the King, represented therein by the Minister of Public Welfare for Ontario, and in respect to their persons and estates to be subject to the provisions of this Act.

Minister
of Public
Welfare
to be
special
guardian.

3.—(1) The Minister of Public Welfare for Ontario is constituted and shall be the Special Guardian of and for the said children and each of them and of the person and estate of each of them respectively.

Authority
to appoint
active
guardians.

(2) The Lieutenant-Governor in Council upon the recommendation of the said Minister may appoint any person or persons as guardian or guardians of the persons and estates of the said children, and such person or persons upon their appointment shall with the said Oliva Dionne, the father and natural guardian, be the active guardians of the persons and estates of the said children and of each of them, subject however to the jurisdiction and direction of the said Minister;

EXPLANATORY NOTES

General.—At common law the King is the protector of all his subjects and all infants are his wards. At law the father is the natural and lawful guardian of his infant children, but under the public statutes the natural rights of a parent may be taken away if the circumstances warrant. In all matters pertaining to infants both the existing statutes and the courts consider the welfare of the infants of paramount importance and any natural rights of parents or guardians must give way thereto.

The birth and survival of the Dionne quintuplets in Ontario have created a very unique situation which demands special attention at the hands of the Legislature. Such a birth and survival is a very rare occurrence and the event has commanded world-wide attention to a point that the Dionne babies are a subject of more publicity in the press and elsewhere than has attached to any other event or occurrence of any nature in recent years.

The welfare and future of these babies is a topic of general day to day discussion in many countries, and particularly in Canada and the United States.

In these days of commercial exploitation of persons and affairs the advent of the Dionne quintuplets has created a wonderful opportunity for such exploitation, and as usually occurs in such cases the use and advantage is intended to benefit the exploiter and generally works to the detriment of the persons exploited.

The public interest and the welfare of the Dionne babies demanded soon after their birth that every effort be made to prevent improper exploitation of the babies and to this end a special temporary guardianship was created by direct intervention of the Government which has worked to the advantage and protection of the quintuplets.

Now that these babies are progressing in health, well-being and age through the constant care and attention which they have received the opportunities and advantage for exploitation increase and it is essential to cope with the situation which thus develops by some special and permanent guardianship control.

The circumstances require novel treatment and existing legislation and jurisdiction of the Courts is inadequate for the purpose. To ensure that the future welfare of the persons and estates of these internationally famous infants may be safeguarded special legislation of the character set forth in this Bill is deemed requisite. As far as is possible in such a set of circumstances the natural rights of the parents will be observed and protected, and due consideration will establish that such natural rights can best be protected by the provision of adequate guardianship control, so that the fate of these babies is not permitted by one specious means or another to pass from the hands of the parents.

Section 2.—This gives statutory recognition to the common law wardship of infants in the hands of the Crown through his Minister responsible in Ontario for child welfare.

Section 3.—Subsection 1 creates a special guardianship for both person and estate in the Minister of Welfare.

Subsection 2 provides for the appointment of guardians of person and estate of the Dionne infants subject to the control of the Minister. These guardians, with Oliva Dionne, the father and natural guardian of the children, are to be the active guardians so as to ensure close day to day supervision and control over the infants.

and the powers, rights and duties of the active guardians shall be as prescribed by the Lieutenant-Governor in Council or in the absence of any such prescription as may be authorized by the said Minister.

Suspension
of
guardians.

(3) The Minister may at any time suspend the guardianship of any guardian or guardians appointed pursuant to subsection 2, and thereupon and during the period of such suspension all the rights, powers and privileges of the guardian or guardians so suspended shall cease and not be exercised or acted upon.

Revocation
of
guardian-
ship,
appoint-
ments and
substitu-
tional
appoint-
ments.

(4) The Lieutenant-Governor in Council, upon the recommendation of the said Minister, may at any time revoke the appointment of any guardian or guardians appointed pursuant to subsection 2, and may designate and appoint any other person or persons in his or their place and stead.

Guardians
may act
by a
majority.

(5) The said active guardians may act by a majority of them, notwithstanding the absence, illness, vacancy in office or refusal to act or concur of the other or others of such active guardians.

Guardians
a continu-
ing body.

(6) The active guardians shall be continuing guardians, notwithstanding the death of any of them or the appointment of any new guardian in the place and stead of any former guardian.

Authori-
zation of
contracts.

4.—(1) Subject to the provisions of this Act and of any Order-in-Council passed pursuant hereto, the said Minister may by writing signed by him, enter into, execute, and perform or cause or authorize the said active guardians to enter into, execute and perform any contract, arrangement, engagement or obligation of any and every nature whatsoever for and with respect to the estates of the said quintuplet children and each of them or for or on their behalf and which to the said Minister may in his discretion seem desirable and in their interest for their advancement, welfare and protection.

contracts
of former
guardians
to continue.

5.—(1) Nothing in section 4 contained shall in any way void or affect the validity or prevent the due carrying out and performance of any contract, arrangement, engagement or obligation heretofore entered into in writing under the hands

Subsections 3 and 4 give the necessary powers for supervision and removal of appointed guardians if circumstances warrant and for defining the powers and duties of such guardians.

Subsections 5 and 6 give the necessary power to the active guardians to act by a majority and to constitute them a continuing body notwithstanding the death of any of them. This overcomes any legal difficulties which otherwise would ensue.

quintuplets

the Minister.

6.—(1) All the estates of the said children and of each of them and the properties, moneys, funds, assets, rights, claims, choses in action, and other rights, matters and things and the benefit and advantage of all contracts, arrangements, engagements and obligations in respect thereto and the right to possess, have, hold, demand, recover and sue upon the same are hereby vested in the said Minister, in trust for the said children and the survivors and survivor of them.

EXPLANATORY NOTES

The Act at present provides for a Commission composed of not more than five nor less than three persons. This number is considered unnecessary and the Bill provides for a Commission of one or more persons at a salary to be set by the Lieutenant-Governor in Council.

Section 2.—(1) The amendment made by this subsection reduces the number of commissioners to "one or more," whereas the present Act provides for "not more than five nor less than three," and provides that the commissioners shall hold office during pleasure.

Section 2.—(2) This repeals subsection 3 of section 2 as it is thought the commissioners should be persons not connected in any way with the Government.

Section 3. This amendment is necessary by reason of the amendment made by subsection 1 of section 2 of the Bill which provides that the Commission may be composed of "one or more" persons. EXPLANATORY NOTES

Section 2. Gives authority to the Board to prescribe the tax and license fees to be paid by brewers, distillers and manufacturers of native wine, and also to prescribe the fees payable in respect of individual permits and authorities.

Section 3. Section 22 as re-enacted provides that the receipts of the Board shall be checked by the Provincial Auditor or such other person as may be designated by the Lieutenant-Governor in Council. Heretofore, the Provincial Auditor, or some officer of his Department, has made the audit and it is desirable that outside auditors be appointed for this work.

Section 4. Section 68, as re-enacted, provides that Government stores shall not be established nor beer or wine sold in any municipality in which the *Canada Temperance Act* has been brought into force and is still in force.

Section 5. Section 69 of *The Liquor Control Act* at present provides that a vote may be taken on seven express questions. This has been the cause of considerable confusion and the amendments provide that only two questions may be voted upon—(a) the establishment of Government stores; and (b) the sale of beer and wine by authority holders. An affirmative vote under question (b) will give the Board jurisdiction to issue authorities for the sale of beer and wine, and to establish brewers' warehouses and branch offices for native wineries.

Local
option

- (1) Except as provided by this Act and the regulations no Government store shall be established by the Board for the sale of liquor, and beer and wine shall not be sold in any municipality or portion of a municipality in which at the time of the coming into force of *The Ontario Temperance Act* a by-law passed under *The Liquor License Act* or under any other Act, was in force prohibiting the sale of liquor by retail unless and until a vote has been taken to establish Government stores or for the sale of beer and wine under the provisions of this Act and the regulations in the manner herein provided.

Rev. Stat.,
c. 257, s. 69,
subs. 2,
re-enacted.

- (2) Subsection 2 of the said section 69 as amended by subsection 1 of section 6 of *The Liquor Control Amendment Act, 1929*, and subsections 2, 3 and 4 of section 14 of *The Liquor Control Act, 1934*, is repealed and the following substituted therefor:

Submission
of question.

- (2) The council of any municipality in which such by-law was in force may submit to a vote of the persons qualified to be entered on the voters' list and to vote at elections to the Assembly in the municipality, one of the following questions:

- (a) Are you in favour of the establishment of Government stores for the sale of liquor under *The Liquor Control Act*?

or

- (b) Are you in favour of the sale of beer and wine under the provisions of *The Liquor Control Act*?

and if a petition in writing signed by at least twenty-five per centum of the total number of persons appearing by the last revised list of the municipality to be resident in the municipality and qualified to vote at elections to the Assembly, requesting the council to submit either of the said questions is filed with the clerk of the municipality and with the Board, it shall be the duty of the council to submit such question and no other to a vote of the electors, and if three-fifths of the electors voting upon the said question vote in the affirmative thereon it shall be lawful to establish Government stores in the municipality for the sale of liquor and it shall also be lawful for the Board to authorize the sale of beer and wine in such municipality under the provisions of this Act, and the regulations as the case may be, until another vote is taken as herein-after provided.

- (i) Not more than one of such questions shall be submitted to the electors of any municipality at one time; and

BILL

An Act to amend The Assessment Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Rev. Stat.,
c. 238, s. 4,
par. 4,
re-enacted.

1. Paragraph 4 of section 4 of *The Assessment Act* is repealed and the following substituted therefor:

Seminaries
of learning.

- 4.** The land not exceeding twenty acres of a seminary of learning maintained and actually and *bona fide* occupied and used for philanthropic, religious or educational purposes, the whole revenues from which seminary are devoted or applied to such purposes, but such exemption shall not apply to any land which is in the occupation of any lessee or tenant or of any person who receives or is entitled to receive any part of the revenues derivable therefrom or to any land which is not in the sole and exclusive occupancy of the seminary and put to some actual philanthropic, religious or educational use.

Commence-
ment of Act.

2. This Act shall come into force on the day upon which it receives the Royal Assent.

EXPLANATORY NOTES

In many of the municipalities of Ontario a considerable acreage of land has been acquired and is held by seminaries of learning and in many cases a goodly portion thereof is not in actual use for the purpose of carrying on any philanthropic, religious or educational undertaking thereon.

All of this property becomes exempt from municipal taxation under the provisions of the existing paragraph 4 of section 4 of *The Assessment Act* and the exemptions have now reached a point where they become somewhat alarming to the municipality.

The object of this Bill is to reduce such exemptions to a reasonable scale by providing that not more than twenty acres of the property of any seminary will be exempt and to limit the exemption to such lands as are actually devoted and used for the purposes of a seminary.

This Bill will therefore make taxable, for instance, lands held by a seminary which are used for ordinary farm purposes, etc.

BILL

An Act to declare the law with respect to The Hydro-Electric
Power Commission of Ontario and with respect to
certain invalid contracts.

MR. HEPBURN

No. 89

1935

BILL

An Act to declare the law with respect to
The Hydro-Electric Power Commission
of Ontario and with respect to certain
invalid contracts.

Preamble.

WHEREAS The Hydro-Electric Power Commission of Ontario was created a body corporate without capital to serve the interests of the people of Ontario and to supply such power or energy as the municipalities and the people of the said Province might require; and whereas it never was the intention of the Legislature of Ontario that the said Commission should have authority to impose financial and other obligations without consent upon the said municipal corporations, power users and taxpayers of the Province; and whereas in the year 1926 and subsequently The Hydro-Electric Power Commission of Ontario and certain corporations hereinafter more particularly referred to, did, without the consent of the said municipalities, or the ratepayers thereof, contrary to the rights of the said municipalities under existing contracts with the said Commission, and contrary to *The Power Commission Act*, and without regard to the provisions of *The British North America Act*, purport to obligate the said Commission by divers contracts to purchase over long periods of time large quantities of power generated without the Province of Ontario regardless of whether or not the said power was desired or could be used by the said municipalities; and whereas the said Commission has made payments of large sums of money under the said alleged contracts and has illegally charged the cost of the same against certain municipal corporations, and has thereby so increased the cost of power as to threaten industry within the Province and to cause unemployment; and whereas it is desirable to declare the law;

Now, therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title.

1. This Act may be cited as *The Power Commission Act, 1935*.

Certain
contracts
declared
illegal,
void and
unenforce-
able.

2. The said contracts, as hereinafter set forth, are hereby declared to be and always to have been illegal, void and unenforceable as against The Hydro-Electric Power Commission of Ontario, such contracts being as follows:

- (a) Between the said Commission and Gatineau Power Company, five contracts bearing date the 19th day of May, 1926, and one contract bearing date the 27th day of July, 1926, set out in Schedule "A," hereto;

- (c) Between the said Commission and Beauharnois Light, Heat and Power, Company, one contract bearing date the 29th day of November, 1929, set out in Schedule "C" hereto;
- (d) Between the said Commission and Chats Falls Power Company, also known as Ottawa Valley Power Company, one contract dated the 15th day of February, 1930, and one contract dated the 24th day of February, 1931, known respectively as the "Power Contract" and the "Operating Contract," set out in Schedule "D" hereto;
- (e) Between the said Commission and James McLaren Company, Limited, one contract dated the 20th day of December, 1930, and one contract dated the 14th day of January, 1931, set out in Schedule "E" hereto.

Action
not to be
brought
against
Commission.

3. No action or other proceeding shall be brought, maintained or proceeded with against the said Commission founded upon any contract by this Act declared to be void and unenforceable, or arising out of the performance or non-performance of any of the terms of the said contracts.

Contracts,—
authority
to enter
into.

4. The said Commission may from time to time pay for such power as it deems advisable, and may, with the approval of the Lieutenant-Governor in Council enter into contracts therefor, and may distribute the cost thereof and all proper charges incidental thereto as determined by it among such municipalities and in such proportions as it may deem equitable, and all distribution as to such costs and charges for power heretofore purchased are validated and confirmed.

Powers of
Commission.

5. The powers by this Act conferred on the said Commission shall be supplementary to the powers conferred on the said Commission by any other Statute.

1

This Indenture dated the "19th day of May," A.D. 1926.

BY AND BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the Commission,

—and—

GATINEAU POWER COMPANY, a Quebec Corporation,
hereinafter called the Company:

Witnesseth That

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1914, Chapter 39 and Amendments thereto, is authorized to enter into an agreement for a supply of electrical power or energy to the Commission;

And whereas the Company is duly incorporated under laws of the Province of Quebec, and is carrying on business or proposes so to do for the production and sale of electrical power or energy in the said Province of Quebec;

And whereas the Company is prepared to deliver electrical power or energy from its pending and future developments on the Gatineau River in the Province of Quebec to the Commission at the interprovincial boundary on the Ottawa River, at or near Chats Falls, and is willing to enter into an agreement with the Commission for such purposes;

Now therefore this Indenture witnesseth:

That for the consideration herein contained, the parties hereby covenant, promise and agree as follows:

1. The Company agrees:

(a) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1928, and thereafter so long as this Agreement shall continue in force eighty thousand (80,000) horsepower of electrical power or energy, on the conditions herein contained. Eighty Thousand (80,000) horsepower shall be the contract demand until such contract demand is increased as provided in sub-clause (b) next following:

1. (b) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1929, and thereafter so long as this Agreement shall continue in force, an additional amount of fifty thousand (50,000) horsepower of electrical power or energy, on the conditions herein contained, making a total contract demand

of one hundred and thirty thousand (130,000) horsepower until such contract demand is increased as provided in sub-clause (c) next following.

1. (c) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1930, and thereafter so long as this Agreement shall continue in force, an additional amount of thirty thousand (30,000) horsepower of electrical power or energy on the conditions herein contained, making a total contract demand of one hundred and sixty thousand (160,000) horsepower until such contract demand is increased as provided in sub-clause (d) next following.

1. (d) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1931, and thereafter so long as this Agreement shall continue in force an additional amount, not less than seventy thousand (70,000) nor more than one hundred thousand (100,000) horsepower of electrical power or energy as the Company on or before March 1st, 1930, shall specify in a notice to the Commission, on the conditions herein contained and which additional amount as fixed by the said notice added to the contract demand previously established under sub-clause (c) next preceding shall constitute the maximum contract demand.

1. (e) To install at its said Gatineau River developments sufficient equipment so as to insure fulfilment at all times of the terms of this Agreement.

1. (f) Subject to Clause 2, and Clause 5, to deliver to the Commission whenever required by the Commission, electrical power or energy up to the maximum available overload and spare capacity specified in Clause 3 (d).

1. (g) To provide a storage reservoir or storage reservoirs on the Gatineau River of eighty-two billion (82,000,000,000) cubic feet capacity, this amount having been determined by the Quebec Streams Commission as the appropriate amount to provide a minimum regulated flow at Chelsea in excess of nine thousand (9,000) cubic feet per second under normal low water conditions and an absolute minimum flow of eight thousand (8,000) cubic feet per second in the driest year on record; to use its best efforts to have such storage administered to the best advantage to facilitate its performance of this Agreement; to deliver the full amount of electrical power or energy called for in Clauses 1 (a), 1 (b), 1 (c), and 1 (d), subject to Clause 2 (c), at all times when the flow at Chelsea is one thousand (1,000) cubic feet per second or more in excess of the said absolute minimum of eight thousand (8,000) cubic feet per second, or of such increased absolute minimum as may be created by the provision of additional storage; at all other times to reduce this amount only to the extent that a reduction in the said one thousand (1,000) cubic feet per second of excess flow reduces its output, and, should the stream flow at any time decrease to less than the said absolute minimum, to keep available and deliver to the Commission a ratable proportion of all electrical power or energy possible under such conditions basing the apportionment on the amount of electrical power or energy to which the Commission is entitled when the stream flow is down to the said absolute minimum, and reducing such amount by the same per cent. by which the stream flow falls below the said absolute minimum.

2. (a) The power delivered hereunder shall be alternating, three-phase, having a periodicity of approximately 25 cycles per second and a pressure between phase wires not exceeding the commercial maximum voltage of approximately two hundred and thirty thousand (230,000) volts subject to a reduction of not over fifteen per cent. (15%) from the said maximum voltage, from time to time, as the Commission may direct, and the equipment and apparatus installed by the Company in its plants shall be suitable for operation to obtain this condition; provided, however, that nothing herein shall be construed as obligating the Company to install apparatus having capacity in excess of its rated capacity at normal voltage. The Company shall maintain the Generator voltage within two per cent. (2%) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid and shall install suitable equipment for such purpose, provided that if the Commission at any time take power, as provided for in Clause 1 (f), in excess of the contract demand, then the Company shall, during such excess taking, maintain the voltage and frequency as aforesaid as nearly as possible with the equipment then installed.

2. (b) Whenever the Commission shall require, from time to time, the Company shall increase or decrease the voltage and frequency of its plant or plants, within safe operating limits of the then existing equipment of such plant or plants to the extent required by the Commission in order to ensure operation satisfactory to the Commission in parallel with other sources of supply. It is understood and agreed that in operation of plants in parallel the control of power factor and power delivery in any generating plant is to a large extent within the control of the operators in that plant and the Company agrees so far as it can do so with its equipment installed to so operate its plants as to maintain a power factor at its points of measurement to the Commission and also the delivery of power within the limits directed by the Commission, from time to time, provided that by so doing it shall if and to the extent necessary be relieved from its obligations as to voltage and frequency regulation specified in Clause 2 (a).

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of seventy per cent. (70 %) thereof, and no more, that is to say, that during each week after October 1st, 1928, so long as this Agreement shall remain in force the Commission shall be entitled, subject to the provisions of Clause 3 (e), to receive such electrical power or energy as it shall require, not in excess of eighty-eight (88) kilowatt hours for each horsepower of contract demand.

On Sundays and holidays the Commission, at the request of the Company shall take not less than three (3) kilowatt hours for each horsepower of contract demand. On Saturdays the Commission, at the request of the Company, shall take not less than seven (7) kilowatt hours for each horsepower of contract demand.

2. (d) The maximum amount of the electrical power or energy delivered by the Company at any time when the ratio of the kilowatts to the kilovolt amperes is less than eighty-five per cent. (85 %) shall be eighty-five per cent. (85 %) of the kilovolt amperes considered as true power or kilowatts.

2. (e) If in any of the seven year periods, below described, the Company shall, due to conditions of stream flow, fail to have available for the Commission during the months of September to February inclusive, the full number of kilowatt hours to which the Commission is entitled under this Agreement during such months, and such failure shall extend to more than four per cent. (4 %) of such kilowatt hours, then and in such case the contract demand shall thereafter, at the option of the Commission, be reduced to such a point that had the reduced contract demand been in effect during such seven year period the deficiency aforesaid would have equalled but not exceeded four per cent. (4 %) of the full number of kilowatt hours to which the Commission would be entitled under the reduced contract demand during the months of September to February inclusive of a seven year period.

The first such seven year period shall begin October 1st, 1931, and the other seven year periods shall follow successively, provided, however, that if at the end of the sixth or any earlier year of any such seven year period the total permissible deficiency for the whole seven year period (an aggregate of twenty-eight (28) per cent. of the full number of kilowatt hours to which the Commission was entitled in any six months under the contract demand as it existed during such period) shall have been exceeded, then and in that case, the Commission may by notice in writing to the Company terminate such seven year period at any time thereafter within such seven year period, and a new seven year period shall begin forthwith and whenever such period is so ended the contract demand shall thereafter be reduced by a percentage determined by ascertaining the deficiency so occurring during the months of September to February, inclusive, of the years of such period then elapsed, expressing the same as a percentage of the full number of kilowatt hours to which the Commission was entitled in any six months under the contract demand as it existed during such period, reducing such percentage by twenty-eight, and dividing the balance by seven.

If the first such seven year period is so ended before its normal expiration the consequent reduction of contract demand shall be by a percentage determined by ascertaining the deficiency so occurring during the months of September to February, inclusive, of the years of such period then elapsed,

expressing the same as a percentage of the full number of kilowatt hours to which the Commission was entitled in any six months under the maximum contract demand, reducing such percentage by twenty-eight, and dividing the balance by five (or by six if such seven year period shall have been ended at the end of its sixth year).

But any reduction of the contract demand shall be eliminated and the original contract demand restored after, and to the extent, that the deficiency in stream flow causing the same is remedied by the provision of additional storage.

2. (f) In the application of the provisions of this Agreement the Company shall be entitled to the same credit for horsepower and kilowatt hours held available for the Commission but not taken by the Commission as if the same had been taken by the Commission, and except as provided in Clause 5 (b), no failure by the Commission to provide the necessary transmission and other facilities to receive such power, and no failure to use the same, shall relieve the Commission from any of its obligations to make the full amount of the payment herein specified to be made by it. For all purposes of this agreement the Company shall be considered to have held available for the Commission in each week all the horsepower and kilowatt hours to which the Commission was entitled in that week unless the Company fails to have available the power which the Commission asks for, being entitled to the same under the provisions hereof, and the Commission complains of such failure at the time, and unless within fourteen days after the end of that week the Commission shall have given to the Company written notice of the fact and approximate amount of the deficiency.

If at any time, however, the Commission anticipates a deficiency in stream flow within the ensuing six (6) months' period, it may give to the Company written notice stating and certifying as facts that the Commission anticipates during the ensuing six (6) months such a deficiency in stream flow as would prevent the Company making full deliveries to the Commission throughout that period, that because and only because of such anticipated deficiency and of its desire to regulate its supply during the same the Commission desires the Company to curtail its deliveries to the Commission during such period, specifying the weeks during which the Commission desires such curtailment made, certifying that the number of kilowatt hours which in each such week the Commission would require were it not for such anticipated deficiency are as specified in such notice, stating the number of kilowatt hours curtailment which the Commission desires in each such week and giving as the balance in each such week the number of kilowatt hours which the Company is to deliver to the Commission in each such week under such curtailment programme. Such notice shall be delivered to the Company at least one clear week before the first week in which it requires curtailment. The Company shall thereupon reduce as therein required its deliveries to the Commission, and shall not be considered to have held available for the Commission in any week specified in such notice the kilowatt hours of curtailment specified in the notice, and the Commission shall be entitled to a reduction in its payments for such week in the ratio which the kilowatt hours of curtailment bear to full contract deliveries, unless at the end of the period it shall appear that there was in fact water available either from storage or from precipitation or natural run off for the supply of all or part of the kilowatt hours of curtailment. To the extent to which there was in fact water available as aforesaid to generate such kilowatt hours of curtailment the Commission shall promptly make good with interest at six per cent. (6%) per annum the amount by which its payments shall have been reduced on account of such curtailment.

The Company by receipt of any such notice shall not be bound forthwith and from day to day or week to week to curtail its deliveries to its other customers, but shall so administer the utilization of stream flow and storage that over the period covered by the notice, if the anticipated deficiency in fact occurs, the Commission shall at all times during the period specified in such notice as well as at the end thereof receive so far as is possible within the limitations imposed by the curtailment instructions of the Commission and the provisions of Clause 2 (c) its full share of the available electrical power or energy on the basis set forth in Clause 1 (g).

The Commission may at any time vary the curtailment specified in such notice for any week by giving the Company written notice of such modification at least seven days before the beginning of such week.

2. (g) If the Commission shall inadvertently take in any week more kilowatt hours than it is entitled to take in such week, and the Company shall not in advance of such excess taking have filed with the Commission a protest against the same, then upon notification from the Company the Commission will adjust the matter by making a corresponding reduction in its takings in the next following week in which its requirements permit it to do so, and the Commission shall not be subject to any penalty for such excess taking, or for any delay in making good the same. A protest from the Company for the purpose of this clause must be based upon a prior excess taking by the Commission and may not cover a period beyond the six months next following such excess taking. After receipt of such protest and during the period covered thereby the Commission shall limit its weekly taking to the number of kilowatt hours which it is entitled to take hereunder, always provided that the Company, so far as practicable, regulates the rate of delivery of power and the kilowatt hours from time to time as the Commission may direct.

2. (h) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the system involved, it is necessary that the Commission and the Company co-operate. The Commission and the Company will co-operate in respect of all matters of common interest including plant and equipment design, hydrology and storage, provided that the Commission and the Company shall each have the final decision and be responsible for its respective plant and properties. The Commission and the Company will also co-operate in respect of design of control, protective, communication and other such features, as necessitate similar or co-ordinated equipment at the plants of each party. The Commission and the Company shall also install only first-class modern equipment, of such characteristics and type as are best suited for the service intended, and from time to time make such commercially reasonable changes in, or additions to, such equipment (other than major equipment) as will best serve the system as a whole. The Commission and the Company shall exercise all due skill and diligence so as to secure the satisfactory operation as a system, of the plant, apparatus, and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of such high voltage specified and length of lines contemplated.

3. The Commission agrees:

(a) To pay to the Company in monthly payments for all power under this Agreement at the rate of fifteen dollars (\$15.00) per horsepower per annum on the contract demand which is a total amount of one hundred thousand dollars (\$100,000) per month from October 1st, 1928, until October 1st, 1929; one hundred sixty-two thousand five hundred dollars (\$162,500) per month from October 1st, 1929, to October 1st, 1930; two hundred thousand dollars (\$200,000) per month from October 1st, 1930, to October 1st, 1931; and thereafter while this Agreement remains in force the amount in dollars per month which is obtained by multiplying the maximum contract demand as determined in Clause 1 hereof by one and one-quarter ($1\frac{1}{4}$); the said monthly payments being subject always to adjustment as in this Agreement provided.

It is understood that the power developments necessary to supply the contract demand are of such size that they cannot advantageously be financed exclusively in Canada; and that therefore it will be desirable that the bonds issued by the Company to finance the development be payable, principal and interest, at the option of the holder, in gold coin of the United States of America, as have been the bonds of the Province of Ontario and of the Dominion of Canada which have been sold in the United States since the war. The Commission agrees to make all the payments to be made by it under this Agreement, in lawful money of Canada or in gold, as requested by the Company, at Toronto. If, however, and when the export of gold from Canada be embargoed, the Commission will, at the request of

the Company make such payments in New York funds. The Commission shall also have the right at its option to make any such payments at any time in New York funds.

3. (b) To pay the said monthly payments to the Company on the 20th day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the 10th; provided that if any bill remains unpaid on the 20th of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment and all payments in arrears shall bear interest at the rate of seven per cent. (7%) per annum; provided further that if the Commission or the Company be entitled to any adjustment in respect of any payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and no portion of any monthly payment shall be postponed pending determination of any such adjustment, except if and to the extent that any decision or determination on such adjustment (even though under appeal) shall have held the Commission entitled to the adjustment.

3. (c) At all times to take and use the three-phase power in such manner that the current will be equally taken from the three phases and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%), the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (d) At all times to take and use the power set out in Clauses 1 (a), 1 (b), 1 (c), and 1 (d) hereof, so as not to exceed the weekly takings as specified in Clause 2 (c) herein; provided that the Commission may at any time, but subject to the provisions of Clause 2 herein, increase the rate of taking of power to an amount in excess of the Contract demand, up to the limits of the overload capacity of all the equipment used from time to time by the Company exclusively to meet its obligations hereunder, and of all the unused and available capacity of the remaining 25 cycle equipment of the Company, including such spare capacity as the Company may install in order to reasonably provide for meeting the Company's obligations under this Agreement.

3. (e) To give to the Company from time to time such information as it reasonably can regarding its expected requirements in kilowatt hours from the Company, particularly as to any probable reduction in such requirements for any prospective period of light load. The intent of the parties in this clause is so far as is possible by reasonable co-operation to provide for the most economic use of the storage waters on the Gatineau watershed.

4. (a) The measurement of electrical power or energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters, provided and installed by the Company and so arranged as to measure and record accurately the said power. Readings from the said kilowatt-hour meters shall be taken daily at the same hour and recorded by the Company on forms supplied by the Commission. Records from the said kilowatt-hour meters and the said recording demand meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The weekly taking of energy shall be determined from the weekly readings of the said kilowatt-hour meters. The power delivered under this Agreement shall be that recorded by the above mentioned polyphase recording demand meters and the demand shall be the greatest integrate demand for any twenty (20) consecutive minutes as determined from coincident readings of the meters used in the measurement of this power, provided that nothing in this sub-clause shall be construed as increasing any obligation of the Company under Clause 1.

4. (c) The power and energy covered by this Agreement shall be delivered at approximately two hundred and thirty thousand (230,000) volts (subject to Clause 2-a) as hereinbefore mentioned at the boundary between the Provinces of Ontario and Quebec at or near Chats Falls, and the Company shall install the suitable and necessary transformers, and

either two transmission circuits of three wires each, or a single circuit loop of three wires for transmission from the generating plant or plants to the point of delivery, of a type and capacity approved by the Commission. Instead of installing two circuits from the generating plants to the point of delivery, the Company may, at its option, install one single circuit loop connecting the point of delivery and the generating plants (in any event there shall be two circuits at point of delivery), or at the option of the Company, the circuits, double or loop, may in whole or in part be of One Hundred and Ten Thousand (110,000) or other intermediate voltage lower than approximately Two Hundred and Thirty Thousand (230,000); the Company in this case shall provide all the necessary intermediate step-up transformers and other equipment involved and make delivery at approximately Two Hundred and Thirty Thousand (230,000) volts according to the requirements of this Agreement. The power and energy supplied under this Agreement shall be measured on the generator voltage side of the Two Hundred and Thirty Thousand (230,000) volt step-up transformers at Farmer's, Chelsea and/or Paugan and no adjustment of such measurement shall be required except as below provided, the loss in single step transformation from generator to transmission voltage (approximately 230,000 volts as above) and transmission at this voltage from the transforming station or stations to the point of delivery having already been considered in the price herein specified. Such allowable losses shall not, however, in any case, include (1) more than one transformation loss on the total amount of power or energy involved, or (2) additional losses due to transmission at any intermediate voltage or to additional length of transmission. Any additional losses due to (1) and (2) shall be borne by the Company.

The Company will provide a suitable communication system between its plants and the point of delivery.

4. (d) Access to said instruments and transformers belonging to the Company shall be free to the Commission at any and all times and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days' previous notice in writing, of its desire to test such measuring instruments.

4. (e) Measuring instruments with the necessary current and potential transformers for the measurement of electrical power or energy hereunder shall be provided, installed and maintained by the Company.

The Company agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder, at least once in each sixty (60) days. The Commission shall be advised at least five (5) days before the day of the test so they may if they so desire have a representative present to witness and verify such test. At any time the Commission notifies the Company that it believes that such meters or any of them are not within the closest practicable agreement with perfect accuracy, said meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice. If any meters shall be found, on regular or special test, to be inaccurate, it shall be properly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected. The Company shall repair or replace and retest defective meters or measuring equipment within a reasonable time. During any time there is no meter in service it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (f) The Commission may from time to time at its option install duplicate measuring equipment including necessary current and potential transformers at the points of measurement for the purpose of checking the records obtained from the Company's measuring equipment or for any other purpose.

4. (g) The Company shall be responsible for any damages to property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Company's property, providing such damage originates from a source external to the said apparatus of the Commission and is not due to defects in the apparatus of the Commission.

4. (h) The kilowatts, kilovolt-amperes, kilowatt hours, or any other factor or quantities shall be determined directly or indirectly from the

measuring equipment provided for in this Clause 4, and the University of Toronto electrical standards shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, the maintenance by the Company of approximately the agreed voltage, at approximately the agreed frequency, at the point of delivery, together with the ability of the Company to meet the requirements of the Commission under this Agreement, shall constitute the delivery of power involved in this Agreement, provided, however, that the provision in Clause 2 (a) as to 2% regulation of voltage shall apply only at the points of generation.

5. (b) In case the Company shall, at any time or times, be prevented from delivering, or the Commission from receiving the said power, or any part thereof, by strikes, lockouts, riots, fire, invasion, explosion, act of God, the King's enemies, or any other similar cause or causes reasonably beyond the control of them or either of them, then to the extent of such prevention, the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power as aforesaid and the Commission shall pay for the same.

The Commission agrees, however, that in no period of seven consecutive years, beginning October 1st, 1928, shall the aggregate of the payments made by it to the Company be reduced under this Clause 5 (b) by more than ten per cent. (10%), (that is seventy per cent. (70%) of the average annual payment during the period) by reason of the Commission being prevented from receiving the said power.

5. (c) The Company shall have the right at reasonable times and when possible after due notice has been given to the Commission to discontinue or reduce to the extent necessary the supply of power to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming or transmitting equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible, arranged for at a time least objectionable to the Commission.

During such interruptions, the Commission shall be released from its obligations to pay for such power as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission.

6. One or more representatives or engineers of the Commission designated for this purpose, may, at any reasonable time, during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this Agreement is generated, and to take and obtain records therefrom as required. Representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical and hydraulic records of the Commission pertaining to the power supplied under this Agreement.

7. If any disputes arise between the parties hereto relative to the fulfilment of any of the terms, provisos or conditions of this Agreement, or as to the method or accuracy of the measurement of power or any other question which may arise under this Agreement, the same shall be promptly referred to arbitration under the Arbitration Act of the Province of Ontario, and shall be determined under the present laws of the Province of Ontario and when possible in a summary manner. The findings of the Arbitrator or Arbitrators shall be final and binding upon both parties hereto, except that either party may appeal from an award of the arbitrators as provided in the said Arbitration Act, and that the

right of appeal to the Supreme Court of Canada and to the Privy Council shall not be limited.

The Commission may pursue any or all of its remedies either concurrently or in the alternative and may treat as cumulative any or all of its remedies hereunder. The Commission may waive any default under this Agreement but such waiver shall be limited to the particular instance and shall not affect the Commission's rights under this contract.

Any failure by the Company to deliver or have available the full amount of electrical energy to which the Commission is entitled hereunder, all in the manner and under the conditions herein specified, shall be adjusted as herein provided, including the provisions for arbitration herein contained, and shall not in any event be cause for cancellation of this Agreement.

8. In case of the failure of the Company in any week to have available as set forth in Clauses 1 and 2 the full amount of electrical power or energy to which the Commission is entitled hereunder in such week, there shall be a proportionate reduction in the sums payable by the Commission to the Company for such week; that is, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt hours which the Company fails to have available as aforesaid bears to eighty-eight (88) times the then contract demand; and in addition if such failure of the Company is due to causes within its control (deficiency of stream flow or any of the matters in Clause 5 (b) shall in no way be deemed to be within the control of the Company nor shall interruptions under Clause 5 (c) be deemed within the control of the Company, but financial difficulties are to be considered within the control of the Company), the Company shall pay to the Commission, as liquidated damages, a sum equal until October 1st, 1943, to fifty per cent. (50 %) of the reduction so made in the sums payable by the Commission to the Company; thereafter, to one hundred per cent. (100 %).

9. This Agreement shall be binding upon both parties hereto upon its execution and shall continue in force for a period of thirty years, which period shall begin on the day and date when power is first taken hereunder.

10. The Commission shall be entitled at the termination of this Agreement, or within thirty days thereafter, to remove from the Company's premises any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

11. The Commission agrees to observe strictly all Quebec and other laws affecting the exportation, outside of Canada, of the electric power or energy supplied by the Company to the Commission under this Agreement.

12. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may, from time to time, file with the other. The parties agree each to maintain its address on file with the other.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers.

SUPPLEMENTARY AGREEMENT

To Indenture dated "May 19th," 1926.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,

—and—

GATINEAU POWER COMPANY, hereinafter called the
"Principal Agreement."

The Company may on or before August 1, 1926, notify the Commission that due to its inability theretofore to obtain certain specified and necessary rights, permits, licenses or franchises or to consummate the purchase of the Pagan water power, it is unable to proceed further with the Principal Agreement, unless the Commission will agree that the Company shall not be liable for any partial or total failure to deliver electrical power or energy under the Principal Agreement, which is due to the inability of the Company to obtain the necessary rights, permits, licenses and franchises so specified which it shall not have obtained, or to the inability of the Company to consummate its purchase of Pagan. Thereupon and within fifteen days thereafter the Commission shall notify the Company whether the Commission is willing to make such Agreement. If the Commission is unwilling to make such Agreement, the Principal Agreement shall be at an end and neither party shall be liable to the other. If the Commission does make such Agreement, and the Company thereafter makes a partial failure to deliver electrical power or energy, as herein provided, and such partial failure is of a permanent nature, a corresponding reduction shall be made in the contract demand.

The Commission agrees that it will promptly join with the Company in an application for the Ottawa River crossing in the neighbourhood of Chats Falls, and will prepare and have ready an application for this purpose together with all necessary accompanying plans on or before May 20, 1926. In case such plans shall be delayed beyond May 20, the date of August 1, shall be correspondingly postponed.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers.

SUPPLEMENTARY AGREEMENT

To Indenture dated "May 19th," 1926.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,

—and—

GATINEAU POWER COMPANY, hereinafter called the
"Principal Agreement."

The rates to be paid and payments to be made by the Commission, as set out in sub-clause (a) of Clause 3 of the Principal Agreement, shall, subject to the provisions of this supplementary agreement include all compensation to the Company for all taxes, rentals, licenses, fees and charges that may be levied, assessed or imposed by Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof. If, however, while the Principal Agreement shall continue in force (1) any Dominion or Provincial taxes or charges not now in existence should be created, or any now existing be increased, or (2) the rentals or royalties which are payable as now specified under the lease from the Crown of the Pagan water power generating the electrical energy supplied to the Commission hereunder shall be increased in such manner as to increase the cost to the Company in respect of these items of the electrical power or energy kept available for and delivered to the Commission under the Principal Agreement, then in each and any such case, an increase shall be made in the payments by the Commission to the Company hereunder which shall after crediting any reductions in any of such items exactly compensate the company for the increase thereby occasioned in the cost to the Company of the electrical power or energy kept available for and delivered to the Commission under the Principal Agreement.

The recently authorized Quebec tax not yet promulgated is not considered as now in existence.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers.

SUPPLEMENTARY AGREEMENT

To Indenture dated May 19, 1926.

BETWEEN:

HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

—and—

GATINEAU POWER COMPANY (hereinafter called the
"Principal Agreement").

1. The place of delivery of the power and energy shall instead of being at the boundary between the Provinces of Ontario and Quebec at or near Chats Falls as mentioned in one of the recitals in the Principal Agreement and required by Clause 4 (c) of the Principal Agreement, be a point in the Province of Ontario ten feet distant from the boundary between the Provinces of Ontario and Quebec at or near Chats Falls.

2. It is understood and agreed between the parties hereto that the said change in place of delivery shall not subject the Company to the burden of taxes, fees or other charges levied, assessed or imposed in respect of the electrical power or energy sold and delivered under the Principal Agreement and supplementary agreements as hereinafter provided by or under the authority of the Province of Ontario or any taxing authority thereof or therein; and notwithstanding any provision of the Principal Agreement or of the agreement supplementary thereto between the parties (hereinafter mentioned) relating to the rates to be paid and payments to be made by the Commission and the inclusion therein of compensation to the Company for taxes, rentals, licenses, fees, and charges of Dominion, Provincial or municipal or other authorities, the Commission will indemnify the Company against and reimburse the Company for any and all taxes, fees and other charges which may at any time be levied, assessed or imposed by the Province of Ontario or any authority thereof or thereunder, including any municipality therein, in respect of the ownership, operation, maintenance or use of the ten feet of transmission lines in Ontario, or in respect of the transmission, sale or delivery of power or energy under the Principal Agreement and supplementary agreements or in respect of the gross or net income derived therefrom, whether any such tax, fee or other charge is levied, assessed or imposed upon the Company itself or its property, or upon the owner of such ten feet of transmission lines (if the same is not owned by the Company) or upon the property of such owner.

3. The Principal Agreement and the four supplementary agreements for the following purposes:

- (1) Agreement in reference to the Company's ability to obtain certain rights and franchises to permit it to make delivery of power to the Commission, and in default of it being able to do so before August 1st, 1926, making certain provisions for cancellation of the Principal Agreement;
- (2) Agreement with reference to additional or increased Dominion or Provincial taxes and charges, providing that the Commission must pay the same;
- (3) Agreement relieving the Company from liability for failure to deliver power under the Principal Agreement due to any Act of the Province of Quebec;
- (4) Agreement relieving the Company from installation of apparatus of maximum voltage higher than that which the manufacturers are willing to recommend;

Together with this Supplementary Agreement, are hereby entered into as of the 19th day of May, 1926, and all the covenants, terms and conditions set out in the Principal Agreement and the aforesaid five supplementary agreements are hereby agreed to by the parties hereto as of the 19th day of May, 1926.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers this 27th day of July, 1926.

SCHEDULE "B"

BETWEEN:

THE ONTARIO HYDRO-ELECTRIC POWER COMMISSION

—AND THE—

GATINEAU POWER COMPANY

1. AGREEMENT, AS OF DECEMBER 28TH, 1927.

2. AGREEMENT, AS OF DECEMBER 28TH, 1927.

1

This Indenture dated the 28th day of December, A.D. 1927.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO.
hereinafter called "the Commission,"

of the first part

—and—

GATINEAU POWER COMPANY, hereinafter called "the
Company"

of the second part.

Witnesseth That

Whereas the Commission, acting under *The Power Commission Act, 1927*, 17 Geo. V., Chapter 17, and Amendments thereto, is authorized to enter into an Agreement for the purchase of electrical power and energy for the Commission;

And whereas the Company is duly incorporated under laws of the Province of Quebec, and is carrying on business for the production and sale of electrical power and energy;

And whereas the Company is prepared to deliver electrical power and energy from its present and future developments on the Gatineau River and elsewhere in the Province of Quebec to the Commission at the points in Ontario hereinafter provided, and is willing to enter into an Agreement with the Commission for such purposes;

Now therefore this Indenture witnesseth:

That for the consideration herein contained, the parties hereby covenant, promise and agree as follows:

1. The Company agrees:

(a) To keep available for delivery to the Commission and deliver when and as required by the Commission on the conditions herein contained electrical power and energy which shall not be less than the minimum amounts specified in the following schedule during the times therein mentioned namely:

Commencing on the First day of October, 1928, and continuing until increased on the First day of October, 1929, the minimum amount of six thousand horsepower (6,000 H.P.);

Commencing on the First day of October, 1929, and continuing until increased on the First day of October, 1930, the minimum amount of twelve thousand horsepower (12,000 H.P.);

Commencing on the First day of October, 1936, and continuing until increased on the First day of October, 1937, the minimum amount of fifty-four thousand horsepower (54,000 H.P.);

Commencing on the First day of October, 1937, and continuing so long as this Agreement shall continue in force the minimum amount of sixty thousand horsepower (60,000 H.P.);

Provided that each minimum amount specified in the said schedule shall be the contract demand during the time therein mentioned unless and until increased as provided herein:

1. (b) To keep available for delivery to the Commission and deliver when and as required by the Commission after written notice from the Commission given from time to time prior to the First day of October, 1938, and effective subject to the provisions of Sub-clause (e) of Clause 3 additional electrical power and energy in addition to the then contract demand up to but not exceeding that amount which with the then contract demand will make a total amount of one hundred thousand horsepower (100,000 H.P.) provided that the total amount of electrical power and energy from time to time to be kept available shall be the contract demand; provided that any additional amount or amounts required by the Commission by notice or notices from time to time under this Sub-clause (b) or such portion thereof as the Commission may determine shall be applied at the option of the Commission to be expressed in such notice: (A) to take up and form part of the increases in minimum amounts provided for in Sub-clause (a) of this Clause 1; or (B) to add to the said minimum amounts as a permanent addition thereto and increase of contract demand, in which case the Commission shall be entitled to the increases in minimum amounts provided for under Sub-clause (a) and all the additions under Sub-clause (b) up to but not exceeding the total amount of one hundred thousand horsepower (100,000 H.P.); and provided further that the total amount including the minimum of sixty thousand horsepower (60,000 H.P.) and subject to the above option all electrical power and energy in addition thereto which the Commission shall have ordered by notice as aforesaid prior to the first day of October, 1938, shall constitute the contract demand commencing on the said First day of October, 1938, or so soon thereafter as the same shall be available but in any event not later than the year or two years respectively allowed under Sub-clause (e) of Clause 3 and continuing so long as this Agreement remains in force subject always to any increase which may be made under Sub-clause (a) of Clause 2; One hundred thousand horsepower (100,000 H.P.) or such greater amount as shall have become the contract demand by reason of increase under Sub-clause (a) of Clause 2 shall be the contract demand governing this Agreement; and shall remain unaltered notwithstanding the provisions for ten per cent. (10%) excess in Sub-clause (e) of Clause 2, except as therein provided;

1. (c) To install at its said Gatineau River and other developments sufficient equipment and also transmission lines so as to insure fulfilment at all times of the terms of this Agreement.

1. (d) To provide a storage reservoir, or storage reservoirs on the Gatineau River of at least 82,000,000,000 cubic feet capacity this amount having been determined by the Quebec Streams Commission as the appropriate amount to provide a normal minimum regulated stream flow at Chelsea in excess of 9,000 c.f.s.; to use its best efforts to have such storage administered to the best advantage to facilitate its performance of this Agreement; to deliver the full amount of electrical power and energy called for in the preceding sub-clauses of this clause and Sub-clause (b) of Clause 2 at all times when the stream flow at Chelsea would be at least equal to such normal minimum of 9,000 c.f.s. with a capacity of 82,000,000,000 cubic feet of storage; at all times when with storage capacity provided to the amount of 82,000,000,000 cubic feet as aforesaid the river would not have provided a stream flow at Chelsea of 9,000 c.f.s., the amount of electrical energy to which the Commission is entitled hereunder shall during the period of such deficiency be reduced in the same percentage by which the stream flow available with storage capacity to the amount of 82,000,000,000 cubic feet would have fallen below the said minimum;

Provided that the storage reservoir or reservoirs mentioned in this sub-clause shall be the same and shall not be in addition to the storage reservoir or reservoirs mentioned in the contract between the Company and the Commission dated the 19th day of May, A.D. 1926:

1. (e) If at any time or times, however, the Commission anticipates a deficiency in stream flow below the said normal minimum regulated flow within the ensuing six (6) months' period, it may give to the Company written notice stating and certifying as facts that the Commission anticipates during the ensuing six (6) months such a deficiency in stream flow as would prevent the Company making full deliveries to the Commission throughout that period, that because and only because of such anticipated deficiency and of its desire to regulate its supply during the said period the Commission desires the Company to curtail its deliveries to the Commission at times during such period, specifying the weeks during which the Commission desires such curtailment made, and certifying the number of kilowatt hours which the Commission would require in each such week were it not for such anticipated deficiency, the number of kilowatt hours curtailment which the Commission desires in each such week, and the number of kilowatt hours which the Company is to deliver to the Commission in each such week under such curtailment programme. Such notice shall be delivered to the Company at least one clear week before the first week in which it requires curtailment. The Company shall thereupon reduce as therein required its deliveries to the Commission, and shall not be considered to have held available for the Commission in any week specified in such notice the kilowatt hours of curtailment specified in the notice, and the Commission shall be entitled to a reduction in its payments for such week in the ratio which the kilowatt hours of curtailment bear to full contract deliveries; if at the end of such six months' period it shall appear that there was in fact water available either from storage or precipitation or natural run-off for the supply of all or part of the kilowatt hours of curtailment then to the extent to which there was in fact water available as aforesaid to generate such kilowatt hours of curtailment, the Commission shall promptly make good with interest at six per cent. (6%) per annum the amount by which its payments have been reduced on account of such curtailment.

If the anticipated deficiency in fact occurs the Commission shall at all times during the six months' period specified in such notice be entitled to receive within the requirements imposed by the curtailment notices of the Commission and the provisions of sub-clause (b) of Clause 2 the full amount of the contract power and energy subject to sub-clause (d) of this Clause.

The Commission may at any time vary the curtailment specified in such notice for any week by giving the Company written notice of such modification at least seven days before the beginning of such week;

2. (a) The power delivered hereunder shall be alternating, three-phase, having a periodicity of approximately 60 cycles per second and a pressure between phase wires of approximately one hundred and fourteen thousand (114,000) volts at the Interprovincial boundary at or near Ottawa; the Company shall maintain the generator voltage within 2%

of the generator voltage corresponding to the 114,000 volts at the said Interprovincial boundary; the power delivered hereunder shall be commercially continuous twenty-four hour power every day in the year except as provided herein; the Company shall install suitable and necessary works and equipment for such purposes including two transmission lines of three conductors each from the generating plant or plants of the Company to the points of delivery of a type and capacity approved by the Commission.

The Company at all times shall use its best endeavour to co-operate with the Commission by such means and to the extent it may consider proper to meet the requirements of the Commission in variation of the aforesaid voltage so as to furnish a voltage satisfactory to the Commission; when the maximum contract demand shall have been determined under this agreement the Company shall co-operate with the Commission to the end that power may be furnished to the Commission from a separate group of generating units and/or transforming units independent of (not in parallel with) any other system or from a source or sources of power independent of generating systems other than the generating systems of the Company on the Gatineau and Ottawa Rivers and their tributaries.

If the Commission gives notice in writing to the Company that it requires power to be supplied to it from separate equipment or from a separate group of generating units and/or transforming units as aforesaid and if the Company claims that for such purpose works and equipment are necessary in addition to the works and equipment of the Company then in existence or changes are thereby necessary in the said then existing works and equipment of the Company then the Company within six months of receipt of the said notice from the Commission shall give to the Commission full details of the additional works and equipment and/or changes which it alleges to be necessary together with an itemized statement showing in detail the estimated cost thereof. If upon the receipt of the said details the Commission agree with the proposals and approves of the extent and type of the additional works and equipment and/or changes as proposed by the Company, then the Company shall upon the request of the Commission proceed with the work and when completed the Commission shall pay one-half of the balance of the cost thereof remaining after deducting from the total such amount as may be agreed upon or determined as the salvage value and accrued depreciation on the equipment, plant or part thereof replaced in the then existing plant by reason of the said additional works, equipment and/or changes, but if the Commission and the Company do not agree as to the necessity for or desirability of the extent and type of additional works and equipment and/or changes as proposed by the Company the Commission may nevertheless request the Company to proceed with such additional works, equipment and/or changes, or such part thereof as the Company deems necessary to enable it to meet the requirements of the Commission under the notice as aforesaid, and in such case the Company shall thereafter as speedily as possible proceed with such additional works and equipment and/or changes, and in such case the Commission shall pay to the Company one-half of the balance of the cost thereof (remaining after deducting from the total such amount as may be agreed upon or determined as the salvage value and accrued depreciation of the equipment, plant or part thereof replaced in the then existing plant by reason of the said additional works and equipment and/or changes) as may under the terms of this Agreement be finally determined as having been necessary expenditures by the Company in order to enable it to comply with the said notice in writing as aforesaid.

If in order to furnish power to the Commission from separate equipment or independent sources as aforesaid it is necessary for the Company to allot a unit of equipment or group of units for such service when the normal capacity of the said unit or group together with the other units forming the group is greater than the then contract demand and the Company cannot alter or re-arrange the said unit or group the Company shall have the option (a) of requiring the Commission to increase the contract demand as provided in sub-clause (b) of Clause 1 to any amount up to that amount which shall require all the normal capacity of the said unit or groups with the other units forming the group or (b) of supplying power from the said unit or group both to the Commission

and also to other customers of the Company but not connected to (not in parallel with) other generating units to such an extent that the Commission's contract demand and the other loads will approximately equal the normal capacity of the said unit with the other units forming the group; the change in contract demand contemplated by this sub-clause (a) shall become effective even if thereby the maximum contract demand covering this Agreement as defined in sub-clause (b) of Clause 1 exceeds 100,000 horsepower; the excess of 10 % provided for in sub-clause (e) of Clause 2 shall be over and above the contract demand as hereby changed.

2. (b) The Commission shall be entitled to the contract demand, up to a maximum weekly load factor of seventy per cent. (70%) thereof and no more; that is to say, that during each calendar week after October 1st, 1928, so long as this Agreement shall remain in force, the Commission shall be entitled, subject, to Clauses 3 (f), 5 (b) and 8, to receive such electrical energy as it shall require, not in excess of eighty-eight (88) kilowatt-hours for each horsepower of contract demand.

On Sundays and holidays, the Commission at the request of the Company, shall take not less than three (3) kilowatt-hours for each horsepower of contract demand. On Saturdays, the Commission, at the request of the Company, shall take not less than seven (7) kilowatt-hours for each horsepower of contract demand.

In the event of an increase in the contract demand occurring other than at the beginning of a calendar week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week.

2. (c) The maximum amount of electrical power and energy delivered by the Company at any time when the ratio of the kilowatts to the kilovolt amperes is less than eighty-five per cent. (85%) shall be eighty-five per cent. (85%) of the kilovolt amperes considered as true power or kilowatts, subject to the inadvertent taking under Clause 2 (d).

2. (d) It is understood and agreed that in the operation of extensive generation and transmission systems, consisting of several generating plants, in parallel, the control of the power and energy supplied from one system to another and the power factor thereof is to an extent within the control of the operators in the generating plants of the system from which the power and energy is supplied, and, in order to insure satisfactory operation in parallel with the other sources of supply of the Commission, it is agreed that the Company shall co-operate to the fullest extent, so far as normal operation of its Gatineau River generating and transforming systems and their interconnecting transmission systems will permit, with the Commission in controlling the power factor and the amount of power and energy delivered to the Commission by the Company hereunder.

The Commission on its part shall use its best efforts to keep its power demands on the Company's system within the contract demand and to maintain the power factor within the limits defined in Sub-clause (c) of this Clause 2 and will not intentionally permit its power demands to exceed the contract demand or the power factor to fall below 85%.

If by reason of such parallel operation, the Commission shall inadvertently receive electrical power from the Company at a lower power factor than herein provided, or in excess of the amount of the then contract demand, then the Commission shall not be subject to any charge hereunder for such excess taking of power and such excess taking shall not increase the contract demand as herein defined or increase the amount of the payment provided for in Sub-clause (b) of Clause 3 and shall not increase or affect, in any way, any obligation of, or impose any obligation upon the Commission hereunder; excepting that the Company shall forthwith notify the Commission of such excess and thereupon both parties shall exercise all skill and diligence so as to limit to the utmost such excess taking to a minimum amount and to the shortest possible period of time reasonably necessary for the proper adjustment of the load and power factor between the various generating plants;

2. (e) The Commission at any time or times, and otherwise than provided in Clause 2 (d) may, on notice in writing to the Company, take electrical power in excess of the then contract demand up to but not exceeding 10% in excess of the then contract demand; in each month in which any such excess is taken, the amount taken comprising both the then contract demand and such excess shall be deemed to be the contract demand for that month for all purposes under this Agreement; provided that the Commission shall in each year pay to the Company, as a minimum for not less than the equivalent of four months' taking of the said ten per cent. (10%) in excess of contract demand, whether any such excess is taken or not; provided, further, that except for the purposes of this Sub-clause nothing contained in this sub-clause shall affect the provisions of Sub-clauses (a) and (b) of Clause 1.

2. (f) If the Commission shall take in any week more kilowatt hours than it is entitled to take in such week, and the Company shall not in advance of such excess taking have filed with the Commission a protest against the same, then upon notice in writing from the Company, the Commission will adjust the matter by making a corresponding reduction in its takings in the next following week in which its requirements permit it to do so, and the Commission shall not be subject to any charge for such excess taking, or for any delay in making good the same. A protest from the Company for the purpose of this clause must be based upon a prior excess taking by the Commission and may not cover a period beyond the six months next following such excess taking. After receipt of such protest and during the period covered thereby, the Commission shall limit its weekly taking to the number of kilowatt-hours which it is entitled to take hereunder; always provided that the Company, so far as practicable, regulates the rate of delivery of power and the kilowatt-hours from time to time, as the Commission may direct.

2. (g) The Company shall be considered to have held available for the Commission in each week all the power and energy to which the Commission was entitled in that week unless the Company has failed so to do and the Commission complains forthwith of the Company's failure to have the power and energy available as aforesaid and within fourteen (14) days after the end of the week in which the failure occurs the Commission shall have given to the Company written notice of the complaint;

2. (h) The Commission and the Company will co-operate in respect of all matters of common interest, including plant and equipment, design, hydrology and storage, provided that the Commission and the Company shall each have the final decision and be responsible for its respective plants and properties. The Commission and the Company will also co-operate in respect of design and control, protective communication and other such features, as necessitate similar or co-ordinated equipment at the plants of each party. The Commission and the Company shall also install only first-class, modern equipment of such characteristics and type as are best suited for the service intended, and from time to time make such commercially reasonable changes in, or additions to, such equipment (other than major equipment), as will best serve the system as a whole. The Commission and the Company shall exercise all due skill and diligence, so as to secure the satisfactory operation as a system, of the plant, apparatus, and property of both the Commission and the Company.

3. The Commission agrees:

(a) To take from the Company all the electrical power and energy mentioned in Sub-clause (a) of Clause 1 at the times therein provided or at such earlier dates as may be required.

3. (b) To pay to the Company in monthly payments for the then contract demand at the following rates, namely:

- (1) For that part of the contract demand taken by the Commission at Ottawa as hereinafter provided which part shall not be less than approximately 25% of the contract demand at the rate of fifteen dollars (\$15.00) per horsepower per annum;
- (2) For the remainder of the contract demand at the rate of Fourteen Dollars and Seventy Cents (\$14.70) per horsepower per annum delivered as at Smith's Falls;

the said monthly payments shall be subject always to adjustments as in this Agreement provided;

The Commission agrees to make all payments to be made by it under this Agreement in lawful money of Canada or if demanded in gold of the present standard of weight and fineness in Canada, provided that if Canada suspends payment in gold then during the time of such suspension payments shall be made in lawful money of Canada, at such bank as the Company may designate in writing from time to time in the city of Toronto.

3. (c) To pay each said monthly payment to the Company after receipt of a bill therefor which shall be rendered by the Company to the Commission on the Tenth day of each month for the amount owing for the preceding month on or before the Twentieth day of the then current month; and all payments in arrears shall bear interest at the rate of Six per cent. (6%) per annum; provided, further, that if the Commission or the Company be entitled to any adjustment in respect of any such bill such adjustment shall be given effect to in the monthly payment next falling due.

3. (d) At all times to take and use the power and energy in such a manner that the current will be equally taken from the three phases and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%), the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (e) To give to the Company notice in writing from time to time of all power and energy in excess of the then contract demand which the Commission desires from the Company and is entitled to under this agreement; provided that so long as the contract demand after increase by the said additional power and energy does not exceed sixty thousand horsepower (60,000 H.P.) the Company shall not be obliged to deliver the said additional power and energy until one year after the receipt of such notice if generating equipment in addition to the then existing generating plants or new hydro-electric development is required for the delivery of the said additional power and energy and for the provision of such a reserve as may be necessary for the next ensuing increase in minimum power to be held available under sub-clause (a) of Clause 1 or such lesser period as may be necessary to provide such equipment and/or development; provided further that when the contract demand after increase by the said additional power and energy exceeds sixty thousand horsepower (60,000 H.P.) the Company shall not be obliged to deliver the said additional power and energy until one year after the receipt of said notice if generating equipment in addition to the then generating equipment is required for the delivery of the said additional power and energy nor until two years after the receipt of said notice if new hydro-electric development is required for the delivery of the said additional power and energy or such lesser periods as may be necessary to provide such equipment and/or development.

Within one month after receipt of the said notice from the Commission the Company shall give to the Commission notice in writing stating when the Company will have available and be ready to deliver the power and energy mentioned in the Commission's notice.

If the Company shall give notice to the Commission as hereinbefore provided that the Company requires time to make the same available then the Commission during the interval may obtain the said power elsewhere.

All 60 cycle power purchased by the Commission to meet the Commission's requirements for the Commission's central Ontario, Rideau, St. Lawrence and Ottawa Systems other than power already contracted for, by or being supplied to the Commission shall be purchased from the Company until the contract demand under this agreement shall have reached 100,000 horsepower or shall have been fixed at a lesser amount on the First day of October, 1938; provided always that if the Company fails to have power available at the times provided and in accordance with the terms of this agreement then the Commission in addition to its other rights hereunder may purchase the said 60 cycle power elsewhere.

The Commission at any time may itself develop power.

3. (f) To give the Company from time to time, such information as it reasonably can regarding its expected requirements in kilowatt-hours from the Company, particularly as to any probable reduction in such requirements for any prospective period of light load. The intent of the parties in this Clause is so far as is possible by reasonable co-operation to provide for the most economic use of the Company's storage waters.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters, so arranged as to measure and record accurately the said power and energy.

4. (b) The weekly taking of energy shall be determined from the weekly readings of the said kilowatt-hour meters. The power delivered under this Agreement shall be that recorded by the above-mentioned polyphase recording demand meters and the demand shall be the greatest integrated demand for any twenty (20) consecutive minutes as determined from coincident readings of the meters used in the measurement of this power.

4. (c) The power and energy covered by this Agreement shall be kept available for delivery to the Commission and shall be delivered at two points of delivery in the Province of Ontario, namely, at the Western boundary of the City of Ottawa; and at the Northern boundary of the Town of Smiths Falls.

4. (d) The point of measurement for the power and energy supplied under this Agreement shall be at the generating plant or plants of the Company and/or at, or near the points of delivery by meters provided, installed and maintained by the Company.

Whenever the said measuring instruments are connected at other than the points of delivery, their readings shall be subject to a correction and shall be corrected to give readings such as would be obtained by instruments connected at the points of delivery; such correction shall be based, as far as possible, on actual tests made on the apparatus concerned, or on calculations, based on a certified test data to be in accordance with the standard rules of the American Institute of Electrical Engineers.

Readings from the said kilowatt-hour meters shall be taken daily at the same hour and recorded on forms provided by the owner of the meters. Records from the said kilowatt-hour meters and the said recording demand meters shall be dated and forwarded promptly by the owner of the meters to the other party and such records shall be finally forwarded to the Commission and filed with the Commission, to be available for inspection of both parties at all reasonable times.

The Company will provide and maintain a suitable communication system between its plants and the points of delivery.

4. (e) Access to said instruments, transformers and other measuring equipment of either party shall be free to the other party at any and all times, and either party may test any such measuring equipment of the other party at any reasonable time in the presence of a Representative of the other party by giving to the other party seven (7) days' previous notice in writing of its desire to test such measuring equipment;

4. (f) The owner of the measuring instruments agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder, at least once in each sixty (60) days. The other party hereto shall be advised at least five (5) days before the day of the test, so it may, if it so desire, have a representative present to witness and verify such test. At any time, the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, said meter or meters shall be jointly tested within five (5) days from the receipt by the Company of the said notice. If any meter shall be found on regular or special test, to be inaccurate, it shall be properly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected.

The Company shall repair or replace and retest defective meters or measuring equipment within a reasonable time. During any time there is no meter in service, it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (g) The Commission may, from time to time at its option install duplicate measuring equipment including necessary current and potential transformers at the points of measurement for the purpose of checking the records obtained from the Company's measuring equipment or for any other purpose.

4. (h) Each party shall be responsible for any damage to property or apparatus furnished by the other party for the purpose of supplying or measuring power hereunder and installed on its property, providing such damage originates from a source external to said apparatus of the other party and is not due to defects in the apparatus of the other party.

4. (i) The kilowatts, kilovolt-amperes, kilowatt hours, or any other factors or quantities shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4, and the University of Toronto electrical standards shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) The maintenance by the Company of approximately the agreed voltage, at approximately the agreed frequency, as herein provided, together with the ability of the Company to meet the requirements of the Commission under this Agreement shall constitute the delivery of power involved in this Agreement, provided, however, that the provision in Clause 2 (a) as to 2% regulation of voltage shall apply only at the points of generation.

5. (b) In case the Company shall, at any time or times, be prevented from delivering, or the Commission from receiving the said power, or any part thereof, by strikes, lock-outs, riots, fire, invasion, explosion, hurricane, flood, act of God or the King's enemies, then to the extent of such prevention, the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power as aforesaid and the Commission shall pay for the same.

5. (c) The Company shall have the right at reasonable times and when possible after due notice has been given to the Commission to discontinue or reduce to the extent necessary the supply of power to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming or transmitting equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible, arranged for at a time least objectionable to the Commission.

During such interruptions, the Commission shall be released from its obligations to pay for such power as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission.

6. One or more representatives or engineers of the Commission designated for this purpose, may, at any reasonable time, during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this agreement is generated, and to take and obtain records therefrom as required. Representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical and hydraulic records of the Commission pertaining to the power supplied under this Agreement.

7. If any dispute arise between the parties hereto relative to the fulfilment of any of the terms, provisos or conditions of this Agreement or as

to the method or accuracy of the measurement of power, or any other question which may arise under this Agreement, the same shall be referred to arbitration under the present Arbitration Act of the Province of Ontario, R.S.O. 1914, Chapter 65, and shall be determined under the laws of the Province of Ontario and the findings of the said arbitrator or arbitrators shall be final and binding on both parties hereto except that either party may appeal from an award of the arbitrators as provided in the said Arbitration Act, and that the right of appeal to the Supreme Court of Canada and to the Privy Council shall not be limited.

8. In case of failure of the Company to have available in any week the full amount of electrical energy (kilowatt-hours) to which the Commission is entitled in such week there shall be a proportionate reduction in the sums payable by the Commission to the Company at the end of the month in respect of such week, that is the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt-hours which the Company fails to have available bears to eighty-eight (88) times the then contract demand in horsepower.

In case of the failure of the Company during any period to have available the full amount of electrical power (horsepower) to which the Commission is entitled hereunder, there shall be a proportionate reduction in the sum payable by the Commission to the Company for such period, that is, the amount accrued due from the Commission to the Company during such period shall be reduced by a sum having the same ratio to such accrued amount as the average number of horsepower of electrical power which the Company fails to have available during such period bears to the then contract demand in horsepower; no reduction shall, however, be made in respect of inadvertent failure of less than an aggregate of twenty minutes in any one week; provided that if during the week including such period the load factor of the electrical energy delivered to the Commission exceeds seventy per cent. (70%) of the contract demand as reduced by such average number of horsepower of electrical power which the Company fails to have available throughout such week the Commission shall credit on the reduction a rateable payment for the excess kilowatt hours.

Provided further that in respect of any one week the Commission shall be entitled to only one reduction in the amount owing for such week, such reduction being either in respect of energy or in respect of power whichever reduction shall be greater.

In addition if any such failure of the Company be due to causes within its control (deficiency of stream flow or any interruption mentioned in Sub-clauses (b) and (c) of Clause 5 shall not be deemed to be within the control of the Company) the Company shall pay to the Commission as liquidated damages agreed and fixed upon beforehand a sum of money equal to one hundred per cent. (100%) of the reduction so made in the sums payable by the Commission to the Company.

If in any period of twelve months while this Agreement remains in force the Company fails for a total of twenty-six weeks to have available the full amount of electrical power and energy which is necessary to perform the Company's obligation under this contract then notwithstanding anything in this Agreement the Commission at its option, by notice in writing to the Company given not later than three months after termination of such period, may to the extent of the deficiency reduce the said contract demand and purchase electrical power and energy elsewhere.

In case any of the works of the Company are wholly or partly destroyed and rendered unfit for service so as to prevent the Company from fulfilling its obligations under this contract, or so as to materially interfere with the Company in fulfilling its obligations, and such conditions shall exist for a period of six months without the Company taking such steps as the Commission consider satisfactory to remedy the same, the Commission may, in case the disability is total, cancel this Agreement, or in case such disability is only partial, reduce the contract demand to the delivery of the amount of power which, in the opinion of the Commission, the Company is capable of delivering under the circumstances.

9. The Commission may pursue any or all of its remedies either concurrently or in the alternative and may treat as cumulative any or all

of its remedies hereunder. The Commission may waive any default under this Agreement but such waiver shall be limited to the particular instance and shall not affect the Commission's rights under this Agreement.

10. This Agreement shall be binding upon both parties hereto, upon its execution and shall continue in force for a period of forty years from the First day of October, 1928, and shall end on the Thirtieth day of September, 1968.

11. Each party shall be entitled at any time prior to thirty days after written notice given by the other party after the termination of this Agreement, to remove from the premises of the other party any and all plant, apparatus and equipment which may have been installed by it for the supply or measurement of power hereunder.

12. The Commission agrees to observe strictly, all Quebec and other laws affecting the exportation outside of Canada of the electrical power and energy supplied by the Company to the Commission under this Agreement.

13. The rates to be paid and payments to be made by the Commission, as set out in sub-clause (b) of Clause 3, shall, subject to the provisions of this Agreement include all compensation to the Company for all taxes, rentals, licenses, fees and charges that may be levied, assessed or imposed by Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof. If, however, while this Agreement shall continue in force (1) any Dominion or Provincial taxes or charges not now in existence should be created, or any now existing be increased, or (2) the rentals or royalties which are payable, be increased in such manner as to increase the cost to the Company by reason of these items of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and any such case, an increase shall be made in the payments by the Commission to the Company hereunder which shall after crediting any reduction in any of such items exactly compensate the Company for the increase thereby occasioned in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission under this Agreement; provided that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed a tax for the purposes of this Clause and the liabilities and obligations of the Commission shall not be in any way increased thereby but the same shall be borne by the Company.

The recently authorized educational tax of the Province of Quebec not yet promulgated is not considered as now in existence.

14. The transmission lines and equipment in Ontario constructed or used by the Company for the purpose of delivering electrical energy under this Agreement shall be used solely for the said purpose and no electrical power or energy shall be transmitted or sold by means of the said lines and equipment except to the Commission.

15. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may, from time to time, file with the other. The parties agree each to maintain its address on file with the other.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers.

This Indenture dated the 28th day of December, A.D. 1927.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called "the Commission,"

of the First Part;

—and—

GATINEAU POWER COMPANY, hereinafter called "the
Company,"

of the Second Part.

Whereas by an Agreement bearing date the 28th day of December, A.D. 1927 (hereinafter called the "contract") the Company agreed to deliver to the Commission, electrical power and energy for the price and on the terms therein set forth, and it has been agreed between the parties to vary certain provisions of the said Agreement and to add certain provisions thereto as hereinafter set forth.

Now it is hereby agreed:—

1. That the point of delivery of the electrical power and energy which the Company by the said contract agrees to deliver to the Commission shall be at a point on the interprovincial boundary between the Provinces of Ontario and Quebec between Remic Rapids and Lake Deschenes.

2. That the price or rate to be paid by the Commission to the Company for all electrical power and energy delivered to the Commission thereunder shall be according to the following schedule:

\$14.55 per horsepower per annum until such time as the contract demand (not including the excess power under sub-clause (e) of Clause 2 of the said agreement reaches Eighty thousand horsepower (80,000 H.P.).

\$14.50 per horsepower per annum from the time when such contract demand (not including the excess power under sub-clause (e) of Clause 2 of the said agreement) reaches Eighty thousand horsepower (80,000 H.P.) until it reaches one hundred thousand horsepower (100,000 H.P.).

\$14.45 per horsepower per annum from the time the contract demand (not including the excess power under sub-clause (e) of Clause 2 of the said agreement) reaches one hundred thousand horsepower (100,000 H.P.) to the end of the contract.

In addition thereto the Commission shall pay to the Company Thirty cents (30c) per horsepower per annum for all of the said electrical power or energy taken by the Commission at or near the Western boundary of the City of Ottawa, in the County of Carleton; Further, the Commission agrees that it will take at or near the Western boundary of the City of Ottawa not less than twenty-five per cent. (25%) of the contract demand under the said contract, and to the extent that the power and energy taken by the Commission at or near the Western boundary of the said City of Ottawa shall be less than twenty-five per cent. (25%) of the contract demand the Commission shall pay to the Company thirty cents (30c) per horsepower per annum on the amount of such deficiency. The rates hereby fixed are in lieu of the rates provided to be paid in and by the said contract and constitute an exact and agreed equivalent of the said rates having regard to the variation in the said contract hereby made.

3. The power and energy delivered under the said contract as hereby varied shall be measured as at the said interprovincial boundary.

4. The Company shall pay to the Commission the sum of Thirty Thousand Dollars (\$30,000.00) per annum payable monthly during the period of five years from the 1st day of October, 1928, or until the construction by the Commission of a second circuit or transmission line for the transmission of the said power and energy by the Commission within the Province of Ontario, whichever shall be the later date, and thereafter shall pay to the Commission the sum of Sixty Thousand Dollars (\$60,000.00) per annum payable monthly during the remainder of the period of forty years from the 1st day of October, 1928, mentioned in the said contract; such monthly payments shall be made on the 20th day of each month commencing with the 20th day of November, 1928, and the last payment on the 20th day of October, 1968; And the Company shall be relieved of all obligations under the said contract for the construction, maintenance and operation of transmission lines and communication systems within the Province of Ontario under the said contract. The Commission shall complete the first circuit or transmission line on or before the 1st day of October, 1928.

5. In case the Commission shall desire to renew the said contract as hereby amended and shall give to the Company notice of intention to renew the said contract at least five years prior to the 1st day of October, 1968, and shall pay to the Company the sum of Five Thousand Dollars (\$5,000), the Company shall renew the said contract upon the same terms as provided in the said contract as amended hereby (except as hereinafter provided and) except as to rates for power for such period or periods not exceeding forty years in all as the Company may at the time of such notice or at any time or times thereafter be entitled to generate electric power and energy from the power developments from which the power and energy shall have been supplied under the said contract; said rates for power and energy shall unless the parties agree be determined by arbitration in the same manner as is provided by the said contract for the determination of disputes thereunder.

The said contract if renewed shall not include any obligation upon the Company to pay any sums whatever as provided in paragraph 4 hereof.

6. The Company shall with this Agreement deliver to the Commission the undertaking of the Canadian Hydro Electric Corporation, Limited, for the due performance of this Agreement and the said contract by the Company which undertaking shall be in the following form:

Hydro-Electric Power Commission of Ontario,
190 University Avenue,

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION

—AND THE—

BEAUHARNOIS LIGHT, HEAT AND POWER COMPANY

1. AGREEMENT, AS OF 29TH OF NOVEMBER, 1929.

1

This Indenture made in duplicate this twenty-ninth day of November, A.D. 1929.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission,"

Of the First Part;

—and—

BEAUHARNOIS LIGHT, HEAT AND POWER COMPANY,
a Quebec Corporation, hereinafter called the "Company,"

Of the Second Part.

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1927, Chapter 57, and Amendments thereto, is authorized to enter into an Agreement for a supply of electrical power and energy to the Commission;

And whereas the Company is duly incorporated by Statutes of the Legislature of the Province of Quebec, for the purpose of the production and sale of electrical power and energy and is prepared to sell and deliver electrical power and energy to the Commission;

Now therefore this Indenture witnesseth that for the considerations herein contained, the Parties hereto covenant, promise and agree as follows:

1. The Company Agrees:—

(a) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1932, and thereafter so long as this Agreement shall continue in force, Thirty-five Thousand Horsepower (35,000 H.P.) of electrical power and energy on the conditions herein contained; Thirty-five Thousand Horsepower (35,000 H.P.) shall be the contract demand until such contract demand is increased, as provided in sub-clause (b) next following:

1. (b) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1933, and thereafter so long as this Agreement shall continue in force, an additional Forty Thousand Horsepower (40,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of Seventy-five Thousand Horsepower (75,000 H.P.) until such contract demand is increased, as provided in sub-clause (c) next following:

1. (c) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1934, and thereafter so long as this Agreement shall continue in force, an additional Fifty-four Thousand Horsepower (54,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of One Hundred and Twenty-nine Thousand Horsepower (129,000 H.P.) until such contract demand is increased, as provided in sub-clause (d) next following:

1. (d) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1935, and thereafter so long as this Agreement shall continue in force, an additional Sixty-seven Thousand Horsepower (67,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of One Hundred and ninety-six Thousand Horsepower (196,000 H.P.) until such contract demand is increased as provided in sub-clause (e) next following:

1. (e) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1936, and thereafter so long as this Agreement shall continue in force, an additional Fifty-four Thousand Horsepower (54,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of Two Hundred and Fifty Thousand Horsepower (250,000 H.P.), which shall constitute the maximum contract demand under this Agreement.

1. (f) In the event of the diversion of water by the Company being measured not by maximum, but by daily average, or otherwise, then to deliver to the Commission, whenever required by the Commission, subject to Clause 2 and Clause 5, electrical power to the extent that such average or other method of measurement will permit, but only pro rata to the total power developed by the Company at Beauharnois Station up to a maximum of Fifteen per cent (15%) over the then contract demand without increasing the then contract demand, or without increasing the obligation of the Company to install spare equipment specified in Clause 1 (g), or any obligation of the Commission to pay under this Agreement.

1. (g) To install at its Beauharnois Power Development, sufficient equipment and spare equipment to insure fulfilment at all times of the terms of this Agreement, and for this purpose the Company shall provide excess or spare capacity, so that at all times the ratio of total capacity to contract demand shall be not less than One Hundred and Fifteen per cent. (115%).

2. (a) The power and energy delivered hereunder shall be alternating, three-phase, having a controlled average periodicity of twenty-five (25) cycles per second, and a pressure between phase wires not exceeding the commercial maximum voltage of approximately Two Hundred and Forty Thousand Volts (240,000 V.) subject to a reduction from time to time as the Commission may direct of not over Fifteen per cent. (15%) from the determined maximum voltage, and the equipment and apparatus installed by the Company in its Plants shall be suitable for operation to maintain this condition; the Company shall maintain under normal operating conditions, the generator voltage within Two per cent. (2%) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid, and shall install suitable equipment and apparatus for such purposes.

2. (b) Whenever the Commission shall require, from time to time, the Company shall increase or decrease the voltage and frequency of its Plant or Plants, within safe operating limits of the then existing equipment of such Plant or Plants to the extent required by the Commission, in order to insure operation satisfactory to the Commission in parallel with the other sources of supply. It is understood and agreed that in operation of Plants in parallel, the control of power factor and delivery of power in any generating Plant, is, to a large extent within the control of the operators in that Plant, and the Company agrees, so far as it can do so with its equipment installed, to operate its Plant so as to maintain power factor at its point of measurement to the Commission, and, also the delivery of power within the limits directed by the Commission, from time to time, provided that by so doing, it shall, if, and to the extent necessary, be relieved from its obligations as to voltage and frequency regulation specified in Clause 2 (a):

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of Eighty-five per cent. (85%) thereof, and no more; that is to say, that during each week after October 1st, 1932, so long as this Agreement shall remain in force, the Commission shall be entitled, subject to the provisions of Clause 5, to receive such electrical

energy as it shall require not in excess of One Hundred and Six and Fifty-three Hundredths Kilowatt-hours (106.53 kw.h.) for each horsepower of contract demand.

On Sundays and holidays the Commission, at the request of the Company, shall take not less than Three (3) Kilowatt-hours for each horsepower of contract demand; On Saturdays the Commission, at the request of the Company, shall take not less than Seven (7) Kilowatt-hours for each horsepower of contract demand.

In the event of any change in the contract demand occurring other than at the beginning of a week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week.

A week for the purposes of this Agreement shall commence at such time during the calendar week as the Commission shall give notice in writing to the Company.

2. (d) The maximum amount of the electrical power or energy delivered by the Company at any time when the ratio of the kilowatts to the kilovolt amperes is less than Eighty-five per cent. (85%), shall be Eighty-five per cent. (85%) of the kilovolt amperes considered as true power or kilowatts.

2. (e) In the application of the provisions of this Agreement, the Company shall be entitled to the same credit for horsepower and kilowatt-hours held available for the Commission, but not taken by the Commission, as if the same had been taken by the Commission, and except as provided in Clause 5, no failure by the Commission to provide the necessary transmission and other facilities to receive such power, and no failure to use the same, shall relieve the Commission from any of its obligations to make the full amount of payment herein specified to be made by it. For all purposes of this Agreement, the Company shall be considered to have held available for the Commission in each week, all the horsepower and kilowatt-hours to which the Commission was entitled in that week, unless the Company fails to have available the power which the Commission is entitled to and asks for under the provisions of this Agreement and the Commission complains of such failure at the time, and unless within Fourteen (14) days, or other time agreed upon, after the end of that week, the Commission shall have given to the Company written notice of the fact and approximate amount of the deficiency.

2. (f) If the Commission shall inadvertently take in any week, more kilowatt-hours than it is entitled to take in such week, the Commission will, upon request from the Company, adjust the matter by making a corresponding reduction in its takings in the next following three week period thereafter; always provided that the Company, so far as practicable, regulates the rate of delivery of power and the kilowatt-hours from time to time as the Commission may direct, as provided herein. But if, after receipt of such request from the Company, the Commission shall not during such three week period make good such excess taking and correspondingly reduce its takings during such three week period, then the Commission shall pay the Company for any excess energy so taken and not made good, as aforesaid, at twice the contract kilowatt-hour rate, which rate is a penalty rate and is not to be considered as giving the Commission the right to take intentionally excess energy.

2. (g) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the systems involved, it is necessary that the Commission and the Company co-operate.

The Commission and the Company will co-operate in respect of all matters of common interest, including without limiting the generality of the foregoing, design of plant and equipment, and design of control, protective communication and other features, which necessitate similar or co-ordinated equipment.

The Commission and the Company shall install only first-class modern equipment, of such characteristics and type as are best suited for the service intended, and shall, from time to time, make such commercially reasonable changes in, or additions to said equipment (other than major equipment) as will best serve to maintain the system as a whole, in accordance with good practice in the art as developed from time to time.

The Commission and the Company shall each be entitled to the final decision in respect of the design of its own plant and property, other than such features thereof as necessitate similar or co-ordinated equipment at the plant of each party as aforesaid; in the event of the Commission or the Company exercising such right of final decision, then the Commission or the Company, as the case may be, shall be responsible for the suitability for the purpose intended of plant or equipment constructed according to the design selected by it.

The Commission and the Company shall exercise all due skill and diligence, so as to secure the satisfactory operation as a system of the plant, apparatus and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of the high voltage specified and length of lines contemplated.

3. The Commission Agrees:

(a) To pay to the Company, in monthly payments for all power and energy under this Agreement, at the rate of Fifteen Dollars (\$15.00) per annum per horsepower of the contract demand, as follows:—

Forty-three Thousand Seven Hundred and Fifty Dollars (\$43,750.00) per month from 1st October, 1932, until 1st October, 1933;

Ninety-three Thousand Seven Hundred and Fifty Dollars (\$93,750.00) per month from 1st October, 1933, to 1st October, 1934;

One Hundred and Sixty-one Thousand Two Hundred and Fifty Dollars (\$161,250.00) per month from 1st October, 1934, to 1st October, 1935;

Two Hundred and Forty-five Thousand Dollars (\$245,000.00) per month from 1st October, 1935, to 1st October, 1936;

Three Hundred and Twelve Thousand Five Hundred Dollars (\$312,500.00) per month, from 1st October, 1936, and thereafter so long as this Agreement shall continue in force.

The amount of Dollars per month is obtained by multiplying the amount of the then contract demand, as determined in Clause 1 hereof, by one and one-quarter ($1\frac{1}{4}$); the said monthly payments being subject always to adjustment, as in this Agreement provided.

3. (b) To make all the payments to be made by it under this Agreement in lawful money of Canada, by depositing the same to the credit of the Company at such Bank or other place in the City of Toronto, in the Province of Ontario, as the Company may, from time to time, designate, and to pay the said monthly payments to the Company on the Twentieth day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the tenth day of the month, provided that, if any bill remains unpaid on the Twentieth of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment, and all payments in arrears shall bear interest at the rate of six per cent. (6%) per annum; provided, further, that if the Commission or the Company be entitled to any adjustment in respect of any such payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and no portion of any monthly payment shall be postponed pending determination of any such adjustment except if and to the extent that any decision or determination on such adjustment (even though under appeal) shall have held the Commission entitled to the adjustment; every such adjustment shall include interest at the said rate of six per

cent. (6%) per annum on the amount allowed from the twentieth day of the month in respect to which such adjustment is allowed.

3. (c) At all times to take and use the electrical power in such manner that the current will be equally taken from the three phases, and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%) the Commission upon instructions from the Company shall so adjust its load as to comply with these requirements.

3. (d) At all times to take and use the power and energy set out in Clauses 1 (a), 1 (b), 1 (c), 1 (d), 1 (e) and 1 (f) hereof so as not to exceed the weekly takings, as specified in Clause 2 (c) herein.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters satisfactory to the Commission provided and installed by the Company, and so arranged as to measure and record accurately the said power and energy respectively. Readings from the said kilowatt-hour meters shall be taken daily at the same hour, and recorded by the Company on forms supplied by the Commission. Records from the said recording demand meters and the said integrating kilowatt-hour meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The power delivered and the demand in horsepower or either of them for the purpose of this Agreement shall be the integrated amount of power for twenty (20) consecutive minutes as determined from coincident readings of the above mentioned polyphase recording demand meters, provided that nothing in this sub-clause shall be construed as increasing any obligation of the Company under Clause 1 or the obligation of the Commission to pay under this Agreement.

4. (c) The weekly taking of the energy shall be determined from the weekly readings of the said integrating kilowatt-hour meters.

4. (d) The power and energy covered by this Agreement shall be delivered at approximately two hundred and forty thousand volts (240,000 V.), subject to Clause 2 as hereinbefore mentioned at the boundary between the Provinces of Ontario and Quebec, not further than five miles from Lake St. Francis, and the Company shall install the suitable and necessary transformers and transmission lines with circuits all of a number, type and capacity approved by the Commission. All electrical power and energy supplied under this Agreement shall be measured at the two hundred and forty thousand (240,000) volt step-up transformers at the Company's Beauharnois Station on the generator voltage side thereof, and no adjustment of such measurement shall be made for the loss in single step transformation from generator to transmission voltage (approximately 240,000 volts) nor for transmission loss to the point of delivery; the said transformer loss and said transmission loss at the said voltage from the transformer station to the point of delivery having already been allowed for, provided that if for any reason the measuring instruments are connected at other than the said point their readings shall be subject to a correction and shall be corrected to give results such as would be obtained by instruments connected at the said point.

The Company will provide a suitable communication system between its plants and the point of delivery.

4. (e) Access to said measuring instruments and transformers belonging to the Company shall be free to the Commission at any and all times, and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days' previous notice in writing of its desire to test such measuring instruments.

4. (f) Measuring instruments with the necessary current and potential transformers for the measurement of electrical power and energy here-

under shall be provided, installed and maintained by the Company satisfactory to the Commission.

The Company agrees to test each meter installed by it to measure the electric power and energy or either of them contracted for hereunder at least once in each sixty (60) days; the Commission shall be advised at least five (5) days before the day of the test so it may, if it so desires, have a representative present to witness and verify such test; at any time the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, such meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice; if any meter shall be found on regular or special test to be inaccurate, it shall be promptly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected; the Company shall repair and replace or retest defective meters or measuring equipment within a reasonable time; during any time there is no meter in service it shall be assumed that the energy consumed is the same as for the other days of the same month on which a similar load existed.

4. (g) The Commission may, from time to time at its option, install duplicate measuring equipment including necessary current and potential transformers at the points of measurement for the purpose of checking records obtained from the Company's measuring equipment or for any other purpose.

4. (h) The Company shall be responsible for any damage to property or apparatus furnished by the Commission for the purpose of supplying or measuring power or energy hereunder, and installed on the Company's property, provided such damage originates from a source external to the said apparatus of the Commission and is not due to defects in the apparatus of the Commission.

4. (i) The kilowatts, kilovolt amperes, kilowatt-hours and all other factors and quantities or any of them, shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4, and the standards of the University of Toronto or of the recognized national authority, if there be such generally accepted, shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, the maintenance by the Company of approximately the agreed voltage at the agreed frequency at the point of delivery, together with the ability of the Company to meet the requirements of the Commission under this Agreement shall constitute the delivery of power and energy involved in this Agreement.

5. (b) In case the Company shall at any time or times be prevented from delivering, or the Commission from receiving the said power and energy, or either of them, or any part thereof, by strikes, riots, fire, invasion explosion, act of God, the King's enemies, or any other similar cause or causes reasonably beyond the control of them or either of them, then to the extent of such prevention the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power and energy during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus) and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power and energy, as aforesaid and the Commission shall pay for the same.

5. (c) The Company shall have the right at reasonable times and when possible, after due notice has been given to the Commission, to discontinue or reduce to the extent necessary, the supply of power and energy to the Commission for the purpose of safeguarding life or property or for the purpose of making repairs, renewals, or replacements to the generating, transforming or transmitting equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible, arranged for at times least objectionable to the Commission.

During such interruptions or reductions, the Commission shall be released from its obligations to pay for such power and energy, or either of them, as the Commission is entitled to receive, and the Company fails to deliver, or to hold available for the Commission.

5. (d) In case of the failure of the Company in any week to have available, as set forth in Clauses 1 and 2, the full amount of electrical power and energy to which the Commission is entitled hereunder in such week, there shall be a proportionate reduction in the sums payable by the Commission to the Company in respect of such week.

5. (e) The amount of reduction in the sums payable by the Commission to the Company for any week, or the amount which under Sub-clauses (b), (c) or (d) of this Clause 5, the Commission is not required to pay to the Company in any week shall be calculated in the following manner:

For energy, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt-hours which the Company fails to have available as aforesaid bears to 106.53 times the then contract demand in horsepower.

For power, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the deficiency (that is, the average number of horsepower of electrical power which the Company fails to have available) averaged for the week bears to the then contract demand in horsepower, the said deficiency shall be determined as follows: For each total or partial interruption the average amount of deficiency below the contract demand shall be taken and then all the deficiencies both as to amount and length of time shall be averaged for the week in proportion to the total hours for the week, that is, the said deficiency shall be the sum total of all deficiencies during the week in horsepower hours divided by the total number of hours in the week.

All such reductions shall be adjusted on the monthly bills in each case for the full weekly periods terminating within the month for which the adjustment is made; provided that if, during the week including such period, the load factor of the electrical energy delivered to the Commission exceeds eighty-five per cent. (85%) of the contract demand (as reduced by such average number of horsepower of electrical power which the Company fails to have available when required by the Commission throughout such week), the Commission shall credit on the reduction, a rateable payment for the excess kilowatt-hours; the Commission shall be entitled to only one reduction in respect of any one failure, such reduction being either in respect of energy or in respect of power, whichever shall be the greater.

No reduction shall be made for power in respect of inadvertent failure of less than an aggregate of twenty minutes in any one week.

5. (f) If any failure of the Company is due to causes within its control (and without limiting the generality of the foregoing words, financial difficulties of the Company shall be deemed to be included therein), the Company, in addition to the reductions under Clause 5, shall pay to the Commission as liquidated damages in respect of every such failure occurring during the first fifteen (15) years after the commencement date, a sum equal to fifty per cent. (50%) of the reduction made in the sums payable by the Commission to the Company, as set out in Clause 3, and thereafter, a sum equal to one hundred per cent. (100%) thereof, which liquidated damages shall be in addition to said reductions. Provided, however, that deficiency in stream flow or any interruption under Clauses (5 (b) or 5 (c) shall not be included in the term "causes within its control," as used in this paragraph.

6. One or more Representatives or Engineers of the Commission designated for this purpose, may, at any reasonable time during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power development at which the power supplied under this Agreement is generated and to take and obtain records therefrom as required. Representatives of the Company shall have similar rights in respect of the premises, apparatus,

plants, property and electrical and hydraulic records of the Commission, pertaining to the power supplied under this Agreement.

7. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained or hereby provided for or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to two arbitrators, one to be appointed by each party to the difference, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario, 1927, chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario. The award of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively but either may appeal from the award, and the right to appeal to the Supreme Court of Canada and to the Judicial Committee of the Privy Council shall not be limited by anything herein contained.

8. This Agreement is made subject to the terms of the Company's Emphyteutic Lease of the 23rd June, 1928, from the Government of the Province of Quebec, particularly the provisions of Clause 22 thereof relating to the export of power to the United States, which provisions shall be complied with by the Commission and may be enforced by the Company.

9. The rates to be paid and the payments to be made by the Commission for power as set forth in Clause 3 shall, subject to the provisions of this Agreement, include all compensation to the Company for all taxes, rentals, royalties, licenses, fees and charges that may be levied, assessed or imposed by Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement or any part thereof; if, however, while this Agreement shall continue in force, (a) any Dominion or Provincial (but not Municipal) taxes or similar levies not now in existence be created or any now existing be increased, or (b) any Dominion or Provincial rentals or royalties or similar charges for the use of water not now in existence be created or any now existing be increased, in such a manner as to increase the cost to the Company, by reason of these items, of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and any such case, an increase shall be made in the payments by the Commission to the Company hereunder, which shall, after crediting any reduction in any such items, exactly compensate the Company for the increase thereby occasioned, in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission hereunder; provided that in the event of any reduction in any such items the said increase in the payments by the Commission shall be reduced accordingly but not exceeding the total of the increase then in effect; provided that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed a tax for the purpose of this Clause, and the liabilities and obligations of the Commission shall not be in any way increased thereby but the same shall be borne by the Company; the recently authorized educational tax of the Province of Quebec not yet promulgated is not considered as now in existence.

10. This Agreement shall be binding upon both parties hereto upon its execution and shall continue in force until the expiry of a period of forty (40) years, which period shall begin on the first day of October, 1932.

This Agreement may be extended for a further term of forty (40) years upon mutual agreement of the parties hereto.

11. The Commission shall be entitled at any time prior to the expiration of thirty (30) days notice in writing, from the Company, delivered after the termination of this Agreement and the last extension thereof, to remove from the premises of the Company any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

12. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may from time to time file with the other; the parties agree each to maintain its address on file with the other.

13. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

14. The Company covenants and agrees with the Commission that if at any time hereafter during the continuance of this Agreement the Company should mortgage, hypothecate or charge any of its rights or immovable property which are necessary for the development of power or energy, or any part of such property or rights, to secure bonds or debentures or other securities of like nature, any such mortgage, hypothecation or charge shall be expressly made subject to all covenants, agreements and obligations on the part of the Company in this Agreement contained and shall provide that any sale of the property or rights so mortgaged, or any part thereof, under the provisions of such mortgage shall be made subject to the obligations of the Company in this Agreement contained, and that the mortgaged premises shall not be sold except to a purchaser who shall covenant and agree with the Commission to assume and perform the obligations of the Company in this Agreement contained and in all respects succeed to the position of the Company hereunder; and it is agreed that all the said provisions shall be conditions of every contract mortgaging, hypothecating or charging the immovable property or rights of the Company which are necessary for the development of power or energy, or any part of such property or rights, and shall be expressed therein as stipulations in favour and for the benefit of the Commission.

The Company further covenants and agrees with the Commission that it will not, except by way of mortgage, hypothecation or charge, assign its emphyteutic lease of the 23rd June, 1928, from the Government of the Province of Quebec, or transfer any of its plant or immovable property necessary to the development of power or energy except to an assignee or transferee who shall covenant and agree with the Commission to assume and perform the obligations of the Company in this Agreement contained and in all respects succeed to the position of the Company hereunder.

In witness whereof the Commission and the Company have caused this Agreement to be executed under their respective Corporate Seals and the hands of their proper officers duly authorized thereto.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
 hereinafter called the "Commission"

of the first part.

—and—

CHATS FALLS POWER COMPANY, a Quebec Corporation,
 hereinafter called the "Company"

of the second part

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1927, Chapter 57, and amendments thereto, is authorized to enter into an agreement for a supply of electrical power and energy to the Commission;

And whereas the Company is duly incorporated under the laws of the Province of Quebec with power to produce and sell electrical power and energy;

And whereas the Commission subject to the terms of a lease from the Government of the Province of Ontario is the holder of certain rights for the development of power by and with the use of the waters of the Ottawa River at Chats Falls within the Province of Ontario;

And whereas the Company under and subject to the terms of an Emphyteutic Lease from the Government of the Province of Quebec and by freehold holds all the water power at Chats Falls on the Ottawa River within the Province of Quebec subject to the terms of the said lease and the payment of rental and Royalty except in respect of fifteen thousand horsepower (15,000 H.P.) which the Company holds in freehold as set out in the said lease which is for a term of seventy-five (75) years from the first day of March, A.D. 1926, and was made before Maitre Arthur E. Simard, Notary, of the City of Quebec, on the 22nd day of June, A.D. 1926, under Number 2359.

And whereas the Commission and the Company as owners of the rights aforesaid are co-operating in the joint development of all power available from and with the use of the waters of the Ottawa River at Chats Falls on such Ottawa River within both the Province of Ontario and the Province of Quebec, and have also agreed that the Commission and the Company are each as between themselves entitled to the use of one-half of all waters

within the said Provinces which are available or which may hereafter become available for power purposes at Chats Falls on the said Ottawa River.

And whereas the Company is willing on the conditions herein contained to sell and deliver to the Commission all the electrical power and energy which it is entitled to produce from its share of the water as aforesaid and to enter into this Agreement in respect thereto; Subject to withdrawal of any such power and energy for use in the Province of Quebec as provided in the said Emphyteutic Lease and in this Agreement;

Now therefore this Indenture witnesseth that for the considerations herein contained the Parties hereto covenant, promise and agree as follows:

1. The Company agrees:

1. (a) To keep available for delivery to the Commission and to deliver to the Commission when and as required by the Commission on the conditions herein contained at the point of delivery hereinafter mentioned, ninety-six thousand horsepower (96,000 H.P.) of electrical power and energy in two blocks of forty-eight thousand horsepower (48,000 H.P.) each, commencing for the first block on the first day of October, A.D. 1931, hereinafter called the "commencement date," and for the second block on the first day of October, A.D. 1932, and continuing in each case so long as this Agreement shall remain in force, which first block of forty-eight thousand horsepower (48,000 H.P.) shall be the contract demand up to the said first day of October, A.D. 1932, and thereafter the said amount of ninety-six thousand horsepower (96,000 H.P.) shall be the contract demand until such contract demand is increased, as provided in Sub-clause (b) of this Clause 1; the horsepower comprising the contract demand from time to time shall be measured as provided in Clause 4 (b).

1. (b) Whenever from time to time the stream flow of the Ottawa River at Chats Falls proves sufficient for the development of more than one hundred and ninety-two thousand horsepower (192,000 H.P.) on the conditions herein contained whether by reason of the installation of additional storage facilities, more efficient operation of the same, increase in head or from any other cause whatsoever, then to keep available for the Commission and deliver to the Commission when and as required by the Commission and on the same conditions and at the same point of delivery all the electrical power and energy beyond the then contract demand which can be produced from the Company's half of the increased amount of water as shall be agreed upon between the Parties as capable of development, and the contract demand shall be correspondingly increased when the said power is available for delivery.

1. (c) To instal equipment having a total rated capacity of one hundred and eight thousand electrical horsepower (108,000 H.P.) for a contract demand of ninety-six thousand horsepower (96,000 H.P.) and from time to time thereafter whenever the contract demand is to be increased as provided in this Agreement, to instal additional equipment so that at all times the ratio of total rated capacity to contract demand shall not be less than one hundred and twelve and a half per cent. ($112\frac{1}{2}\%$).

1. (d) Subject to Clause 2 and to Clause 5, to deliver to the Commission whenever required by the Commission, electrical horsepower to the extent that water is available up to the maximum available overload and spare capacity specified in Clause 1 (c) without thereby increasing the then contract demand.

2. (a) The power delivered hereunder shall be alternating, three (3) phase, having a periodicity of twenty-five (25) cycles per second and a pressure between phase wires not exceeding the commercial maximum voltage of approximately two hundred and thirty thousand (230,000) volts, subject to a reduction of not over fifteen per cent. (15%) from the determined maximum voltage from time to time as the Commission may direct, and the equipment and apparatus installed by the Company in its plant shall be suitable for operation to obtain this condition, provided, however, that nothing herein shall be construed as obligating the Company to instal apparatus having a capacity in excess of rated capacity at normal

voltage; the Company shall maintain the generator voltage under normal operating conditions within two per cent. (2%) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid and shall instal suitable equipment for such purposes, provided that if the Commission at any time takes power, as provided for in Clause 1 (d) in excess of the contract demand, then the Company shall, during such excess taking, maintain the voltage and frequency as aforesaid as nearly as possible with the equipment then installed.

2. (b) Whenever the Commission shall require, from time to time, the Company shall increase or decrease the voltage and frequency of its plant, within safe operating limits of the then existing equipment of such plant to the extent required by the Commission, in order to insure operation satisfactory to the Commission, in parallel with other sources of supply; it is understood and agreed that in operation of Plants in parallel, the control of power factor and delivery of power in any generating plant is, to a large extent, within the control of the operators in that plant, and the Company agrees, so far as it can do so with its equipment installed, to operate its plant so as to maintain the power factor at its point of measurement, to the Commission, and also to maintain the delivery of power in each case, within the limits directed by the Commission from time to time, provided that by so doing it shall, if and to the extent necessary, be relieved from its obligations as to voltage and frequency regulation specified in Clause 2 (a).

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of seventy per cent (70%) thereof, and no more; that is to say, that during each week after the first day of October, A.D. 1931, so long as this Agreement shall remain in force, the Commission shall be entitled, subject to the provisions of Clause 3 (e) and Clause 5, to receive such electrical energy as it shall require, not in excess of eighty-seven and seventy-three one-hundredths (87.73) kilowatt hours for each horsepower of contract demand, but nothing in this clause shall limit or affect the provisions of Clause 2 (g).

The Commission agrees to so take on all days during the week, at all times of low river flow, a sufficient share of the electrical energy which it is entitled to under this contract in order to prevent wastage of water during Saturdays, Sundays and holidays in such week, which waste water might otherwise have been used within the next week to fulfil the obligations under this Contract; the intent of the foregoing being to secure, at all times of low river flow, the most efficient use of the water to obtain the maximum output of the Plant; for the purposes of this clause, low river flow shall mean that river flow which is in any week insufficient to produce the contract amount of energy for the then contract demand.

In the event of any change in the contract demand occurring other than at the beginning of a week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week. A week for the purposes of this Agreement shall commence at such time during the calendar week as the Commission shall from time to time specify by notice in writing to the Company.

2. (d) The maximum amount of the electrical power and energy delivered by the Commission at any time when the ratio of the kilowatts to the kilovolt amperes is less than eighty-five percent (85%) shall be eighty-five percent (85%) of the kilovolt amperes considered as true power or kilowatts.

2. (e) In the application of the provisions of this Agreement, the Company shall be entitled to the same credit for horsepower and kilowatt hours held available for the Commission, but not taken by the Commission, as if the same has been taken by the Commission, and except as provided in Clause 5 (b) no failure by the Commission to take such power and energy, or either of them, shall relieve the Commission from any of its obligations to make the full amount of payment herein specified to be made by it; for all purposes of this Agreement, the Company shall be considered to have held available for the Commission in each week all the horsepower and kilowatt hours to which the Commission was entitled in that week unless

the Company fails to have available the power and energy which the Commission is entitled to and asks for under the provisions of this Agreement and the Commission complains of such failure at the time, and unless within fourteen (14) days, or other time agreed upon, after the end of that week, the Commission shall have given to the Company written notice of the fact and the approximate amount of the deficiency.

2. (f) If the Commission shall inadvertently take in any week more kilowatt hours than it is entitled to take in such week, the Commission will, upon request from the Company, adjust the matter by making a corresponding reduction in its takings in the next following three week period thereafter; always provided that the Company so far as practicable, regulates the rate of delivery of power and the kilowatt hours from time to time as the Commission may direct, as provided herein; But if, after receipt of such request from the Company, the Commission shall not during such three week period make good such excess taking and correspondingly reduce its takings during such three week period, then the Commission shall pay the Company for any excess energy so taken at the kilowatt hour rate equivalent to the contract rate per horsepower per year at seventy per cent (70%) load factor.

2. (g) The Commission upon notice to the Company shall be entitled to take at any time in any week, electrical energy in addition to the kilowatt hours of electrical energy provided in Clause 2 (c), provided that the taking of such additional electrical energy does not require the use of water required for the fulfilment by the Company of its other obligations under this contract or under any contract by which power and energy or either of them, are required to be withdrawn for use in the Province of Quebec; for all additional electrical energy taken under this clause by the Commission the Commission shall pay to the Company at the rate of one mill per kilowatt hour until the first of October, 1941, and thereafter at a rate which shall be adjusted not oftener than every ten (10) years by mutual agreement between the parties hereto; in any event the Commission shall be required to pay under this clause only for such additional electrical energy as the Company is entitled to produce and the Commission is entitled to take as aforesaid; such additional electrical energy shall be determined from the measuring instruments mentioned in Clause 4, except as hereinafter provided in this clause.

If, however, at any time the power house and power house equipment of the Company forming part of the joint development be operated under the same authority and jointly as a single unit with the power house and power house equipment of the Commission forming part of the joint development, then during all times of such joint operation the amount of the said additional electrical energy shall be calculated in the following manner.

From one-half the total electrical energy produced and delivered at Chats Falls in any week measured as provided in Clause 4 shall be deducted, First—all electrical energy, if any, delivered in fulfilment by the Company of its obligations under the said Emphyteutic Lease by which electrical power and energy or either of them are required to be withdrawn for use in the Province of Quebec; Second—all electrical energy delivered in fulfilment by the Company of its other obligations under this Agreement.

All the remainder of the said one-half of the total electrical energy shall be the additional electrical energy for which the Commission shall pay under this clause.

If in the course of economical operation of the said separate works of the Company and of the Commission, equipment of either be taken out of use, the equipment of the other shall be used to make up the said maximum weekly load factor of seventy per cent (70%) before producing any such additional electrical energy.

2. (h) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the systems involved, it is necessary that the Commission and the Company co-operate, therefore the Commission and the Company will co-operate in respect of all matters of common interest, including without

limiting the generality of the foregoing, design of plant and equipment, and design of control, protective, communication and other such features as necessitate similar or co-ordinated equipment at the Plants of each Party.

The Commission and the Company shall instal only first-class, modern equipment of such characteristics and type as are best suited for the service intended, and shall, from time to time, make such commercially reasonable changes in, or additions to such equipment (other than major equipment) as will best serve to maintain the joint undertaking from time to time in a state of operating efficiency equal to that of undertakings of generally similar purpose and size, in accordance with good practice in the art as developed from time to time.

The Commission and the Company shall each be entitled to the final decision in respect of the design of its own separately owned Plant and property other than such features thereof as necessitate similar or co-ordinated equipment at the Plants of each Party as aforesaid and other than the original installation for a total rated capacity, including reserve capacity, of two hundred and sixteen thousand horsepower (216,000 H.P.), and the additional generating equipment, and in the event of the Commission or the Company exercising such right of final decision, then the Commission or the Company, as the case may be, shall be responsible for the suitability for the purposes intended of Plant or equipment constructed according to the design selected by it.

The Commission and the Company shall exercise all due skill and diligence so as to secure the satisfactory operation, as a system, of the Plant, apparatus and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of such high voltage specified and length of lines contemplated.

2. (i) The Commission and the Company will each use its best efforts to obtain the construction at the earliest possible date by the authorities concerned of all works for the better regulating of the flow of the Ottawa River and for providing storage in the Ottawa River watershed which the parties agree are necessary to obtain the fullest possible advantage from the potential development at Chats Falls, and will co-operate in the study and keeping of records of the flow of the Ottawa River at Chats Falls and in the collection of essential data in relation to conditions in the watershed of the Ottawa River bearing on such flow,

2. (j) The Commission and the Company shall co-operate in all reasonable means for providing for the most economic use of the waters of the Ottawa River watershed.

2. (k) This Agreement shall only apply to the use of the water and to the electrical power and energy produced therefrom to which the Company is entitled as aforesaid, namely:—to the use of one-half of the water available for power purposes at Chats Falls and to the electrical horsepower and energy produced from the said one-half of the water.

3. THE COMMISSION AGREES:

3. (a) To pay to the Company in monthly payments for all power and energy under this Agreement at the rate of fifteen dollars (\$15.00) per annum per horsepower of the contract demand which is a total of sixty thousand dollars (\$60,000.00) per month commencing on the first day of October, A.D. 1931, until the first day of October, A.D. 1932, and thereafter a total amount of one hundred and twenty thousand dollars (\$120,000.00) per month until such time as the contract demand shall have been changed, and after any such change while this Agreement remains in force the amount in dollars per month which is obtained by multiplying the then contract demand by one and one-quarter ($1\frac{1}{4}$), all the payments under this Clause 3 (a) being subject always to adjustment as in this Agreement provided.

3. (b) To pay the Company in monthly payments for any excess kilowatt hours for which payment is to be made under Clause 2 (f) and for any additional kilowatt hours ordered by the Commission under Clause 2 (g); Such monthly payments shall cover any amounts payable for excess

or additional energy taken during the full weekly periods terminating within the month for which the payments are made, and a broken week shall be considered as terminating within the following month;

3. (c) To make all payments to be made by the Commission under this Agreement in lawful money of Canada at the office of the Bank of Montreal, at Montreal, and to make all monthly payments to the Company on the twentieth day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the tenth of the month; provided that if any bill remains unpaid on the twentieth of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment and all payments in arrears shall bear interest at the rate of six per cent (6%) per annum; provided, further, that if the Commission or the Company is entitled to any adjustment in respect of any such payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and shall include interest at the said rate from the twentieth day of the month in respect to which adjustment is claimed;

3. (d) At all times to take and use the electrical power and energy in such manner that the current will be taken as nearly as possible equally from the three phases and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%) the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (e) At all times to take and use the power and energy set out in Clauses 1 (a), 1 (b), and 1 (d) hereof, so as not to exceed the weekly takings in kilowatt hours as specified in Clauses 2 (c) and 2 (g) herein; provided that the Commission may at any time, but subject to the provisions of Clause 2 herein, increase the electrical horsepower taken in excess of the contract demand, up to the limits of the overload capacity of all the equipment used from time to time by the Company to meet its obligations hereunder, including the spare capacity which the Company is to instal under this Agreement, but without thereby increasing the contract demand.

3. (f) To give the Company from time to time such information as it reasonably can regarding its expected requirements in kilowatt hours from the Company, particularly as to any probable reduction in such requirements, for any prospective period of light load. The intent of the Parties in this clause is so far as is possible by reasonable co-operation to secure the most economic use of the waters of the Ottawa River watershed.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt hour meters, provided and installed by the Company and so arranged as to measure and record accurately the said power and energy respectively. Readings from the said kilowatt hour meters shall be taken daily at the same hour and recorded by the Company on forms supplied by the Commission. Records from the said recording demand meters and the said kilowatt hour meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The power delivered and the demand in horsepower or either of them for the purpose of this Agreement shall be the integrated amount of power for twenty consecutive minutes as determined from coincident readings of the above mentioned polyphase recording demand meters, provided that nothing in this subclause shall be construed as increasing any obligation of the Company under Clause 1 or the obligation of the Commission to pay under this Agreement.

4. (c) The weekly taking of the energy shall be determined from the weekly readings of the said integrating kilowatt hour meters.

4. (d) The power and energy covered by this Agreement shall be delivered at approximately two hundred and thirty thousand (230,000) volts, (subject to Clause 2) as hereinbefore mentioned, at the outgoing two hundred and thirty thousand (230,000) volt transmission line terminus on the transformer station structures which it is contemplated will be near the

Commission's generating station; the power and energy supplied under this Agreement shall be measured at the 230,000 volt, step-up transformers at Chats Falls on the generator voltage side thereof, without deducting any transformer loss. Provided that if the transformers are not erected within five hundred feet from the nearest wall of the Commission's generating station then any additional transmission losses between the generating station and the transformers shall be borne by the Commission.

4. (e) Access to said instruments and transformers belonging to the Company shall be free to the Commission at any and all times and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days previous notice in writing of its desire to test such measuring instruments.

4. (f) Measuring instruments with the necessary current and potential transformers for the measurement of electrical power or energy hereunder shall be provided, installed and maintained by the Company satisfactorily to the Commission.

The Company agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder, at least once in each sixty (60) days; the Commission shall be advised at least five (5) days before the day of the test so they may, if they so desire, have a representative present to witness and verify such tests; at any time the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, said meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice; if any meter shall be found, on regular or special test, to be inaccurate, it shall be properly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected; the Company shall repair or replace and retest defective meters or measuring equipment within a reasonable time; during any time there is no meter in service, it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (g) The Commission may, from time to time, at its option, install duplicate measuring equipment, including necessary current and potential transformers, at the points of measurement for the purpose of checking the records obtained from the Company's measuring equipment, or for any other purposes.

4. (h) The Company shall be responsible for any damages to property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Company's property, providing such damage originates from a source external to the said apparatus of the Commission and is not due to defects in such apparatus or to the operations of the Commission or acts of its employees or to causes reasonably beyond the control of the Company.

4. (i) The kilowatts, kilovolt amperes, kilowatt hours, or any other factors and quantities or any of them, shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4, and the standards of the University of Toronto or of the recognized national authority, if there be any generally accepted as such, shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, and unless prevented from doing so by abnormal operating conditions, in the Commission's system, the maintenance by the Company of approximately the agreed voltage, at the agreed frequency, at the point of delivery, together with the ability of the Company to supply the power and energy under this Agreement, shall prima facie constitute the delivery of power and energy involved in this Agreement, provided, however, that the provision in Clause 2 (a) as to two percent. (2%) regulation of voltage shall apply only at the points of generation.

5. (b) In case the Company shall, at any time or times, be prevented from delivering, or the Commission from receiving the said power and energy or either of them or any part thereof, by strikes, riots, invasion, act of God, the King's enemies, or any other major disaster reasonably beyond the control of them or either of them, then to the extent of such prevention,

the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power or energy during such time.

Each Party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power and energy as aforesaid and the Commission shall pay for the same.

5. (c) The Company shall have the right, at reasonable times, and when possible after due notice has been given to the Commission, to discontinue or reduce to the extent necessary, the supply of power and energy or either of them to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming, transmitting or other equipment of the Company at Chats Falls, but all such interruptions, total or partial, shall be of a minimum duration, and when possible arranged for at a time least objectionable to the Commission.

If such interruptions or reductions occur at a time when the Commission requires the delivery of such power then the Commission shall be released on a pro rata basis from its obligations to pay for such power and energy or either of them as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission during such interruptions or reductions.

5. (d) In case of the failure of the Company for any cause other than those specified in Subclauses (b) and (c) of this Clause 5, to have available as set forth in Clauses 1 and 2, the full amount of electrical power or energy to which the Commission is entitled hereunder in any week, there shall be a proportionate reduction in the sums payable by the Commission to the Company in respect of such week.

5. (e) The amount of reduction in the sums payable by the Commission to the Company for any week or the amount which under Subclauses (b), (c) or (d) of this Clause 5 the Commission is not required to pay to the Company in any week shall be calculated in the following manner:

For energy, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt hours which the Company fails to have available as aforesaid bears to 87.73 times the then contract demand in horsepower.

For power, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the deficiency (that is, the average number of horsepower of electrical power which the Company fails to have available) averaged for the week bears to the then contract demand in horsepower, the said deficiency shall be determined as follows: For each total or partial interruption the average amount of deficiency below the contract demand shall be taken, and then all the deficiencies both as to amount and length of time shall be averaged for the week in proportion to the total hours in the week, that is, the said deficiency shall be the sum total of all deficiencies during the week in horsepower hours divided by the total number of hours in the week.

All such reductions shall be adjusted on the monthly bills in each case for the full weekly periods terminating within the month for which the adjustment is made; no reduction shall, however, be made in respect of inadvertent failure of less than an aggregate of twenty (20) minutes in any one week; provided that if during the week including such period the electrical energy required by and delivered to the Commission exceed 87.73 kilowatt hours per horsepower of the balance of the contract demand after deducting the average number of horsepower of electrical power which the Company fails to have available throughout such week, the Commission shall credit on the reduction a rateable payment for the excess kilowatt hours, that is to say, such excess kilowatt hours up to the said seventy per cent. (70%) of the contract demand, which is 87.73 kilowatt hours per

horsepower of contract demand shall be credited at the rate of 3.28 mills per kilowatt hour and all kilowatt hours taken over the said seventy per cent. (70%) of the contract demand shall be paid for as provided for under Clause 2 (g) of this Agreement; provided further that the Commission shall be entitled to only one reduction in respect of any one failure, such reduction being either in respect of energy or in respect of power whichever shall be greater.

5. (f) The Commission may from time to time with respect to any moneys due to it by the Company under this Agreement satisfy the same by allocating to the payment thereof by way of set-off and retention any other moneys due by it to the Company under any other agreement in force between the Commission and the Company.

6. If any failure of the Company under Clause 5 is due to causes within its control (and without limiting the generality of the foregoing words, financial difficulties of the Company shall be deemed to be within the control of the Company), the Company, in addition to the reductions under Clause 5, shall pay to the Commission as liquidated damages and not as a penalty in respect of every such failure occurring during the first fifteen (15) years after the commencement date, a sum equal to fifty per cent. (50%) of the reduction made in the sums payable by the Commission to the Company, as set out in Clause 3, and thereafter a sum equal to one hundred per cent. (100%) thereof, which liquidated damages shall be in addition to said reductions; provided, however, that deficiency in stream flow or any interruptions under Clauses 5 (b) or 5 (c) shall not be included in the term "causes within its control," as used in this paragraph.

7. One or more representatives or engineers of the Commission designated for this purpose may, at any reasonable time, during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and the electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this Agreement is generated, and to take and obtain records therefrom as required; representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical and hydraulic records of the Commission pertaining to the power generated by the Commission at Chats Falls.

8. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained or hereby provided for or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to two arbitrators, one to be appointed by each party to the difference, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario, 1927, Chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario. The findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively except that either may appeal from, move to set aside, vary or refer back an award as provided in the said *Arbitration Act*, and except that the right to appeal to the Supreme Court of Canada and to the Privy Council or either of them shall not be limited.

9. The Commission and the Company respectively shall be entitled at any time prior to the expiration of thirty days' notice in writing to the opposite party delivered after the termination of this Agreement and any extension thereof to remove from the premises of the other party any and all plant and equipment which may have been installed by it for the supply or measurement of power hereunder.

10. This Agreement is made subject to the restrictions imposed upon the Company under the Company's said Emphyteutic Lease dated the twenty-second day of June, 1926, from the Government of the Province of Quebec. The Commission unreservedly recognizes that this Contract

has been entered into by it with the knowledge that the Company may be required to deliver in accordance with the terms of its lease to users in the Province of Quebec as and when required, power developed by the Company and agrees that nothing in this Contract contained can or will derogate from such right and duty on the part of the Company to divert power to users in the Province of Quebec when required in accordance with the terms of the said Lease. The Commission also recognizes particularly the provisions of Clause 9 of the said Lease relating to the export of power to the United States, which provisions shall be complied with by the Commission and may be enforced by the Company.

11. The rates to be paid and payments to be made by the Commission, as set out in Clause 3, shall, subject to the provisions of this clause, include all compensation to the Company for all taxes, levies, rentals, royalties, license fees and charges that may be levied, assessed or imposed by the Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof; if, however, while this Agreement shall continue in force, (a) any Dominion or Provincial taxes or other similar levies (but not any Municipal taxes nor any income taxes) not now in existence be created or any now existing be increased in rate, or (b) any Dominion or Provincial rentals, royalties, license fees or similar charges for the use of water not now in existence be created, or any now existing be increased in rate in such a manner as to increase the cost to the Company by reason of these items of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and every such case an increase shall be made in the payments by the Commission to the Company hereunder which shall, after crediting any reduction in any such items compensate the Company for the increase thereby occasioned in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission under this agreement. Provided that in the event of any reduction in any such items the said increase in the payments by the Commission shall be reduced accordingly to the extent of the total of the said increase but no more.

Provided further that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed to be taxes for the purposes of this clause and the liabilities and obligations of the Commission shall not, in any way, be increased thereby but the same shall be borne by the Company; the recently authorized educational tax of the Province of Quebec not yet promulgated is not considered as now in existence.

12. This Agreement shall be binding upon both parties hereto upon its execution and shall continue in force for a period of forty (40) years from the said commencement date; if this Agreement be not extended beyond the said period of forty (40) years, then the Commission and the Company shall co-operate for the most efficient and satisfactory use of equipment and facilities common to both parties.

13. In the event that the Company, by reason of the provisions in the said Emphyteutic Lease, is required to withdraw the power covered by this Agreement, or any part thereof, for use in the Province of Quebec, and thereby any of the Commission's electrical equipment for purposes of transformation or transmission of the power generated at Chats Falls is rendered idle, in whole or in part, the Company will compensate the Commission therefor to the extent of the moneys which the Commission during the remainder of the period that this Agreement continues in force shall set aside or have to pay to meet interest, insurance, maintenance, protection and proper amortization, on the proportion of the capital cost of such equipment equal to the extent to which such equipment is so rendered idle during the time that the said equipment so remains idle, but the then contract demand shall be reduced by the amount of the power so withdrawn and nothing herein contained shall render the Company liable to the Commission for any loss arising from the Commission being forced to substitute other power for the power so withdrawn.

In the event of the Company being required to withdraw power under the provisions of the said Emphyteutic Lease the Company shall give to the Commission prompt notice in writing to that effect:

14. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may from time to time file with the other; the parties agree each to maintain its address on file with the other.

15. The Company covenants and agrees with the Commission that if at any time hereafter during the continuance of this Agreement the Company should mortgage, hypothecate or charge, in whole or in part, any of its property or rights which are necessary for the development of power or energy at Chats Falls to secure bonds or debentures or other evidences of indebtedness, any such mortgage, hypothecation or charge shall be expressly made subject to all covenants, agreements and obligations on the part of the Company in this Agreement contained; such mortgage, hypothecation or charge shall also expressly provide that no sale of the property or rights so mortgaged, hypothecated or charged, or any part thereof, or for the purpose of enforcing the provisions of such mortgage, hypothecation or charge shall be made, except subject to the said covenants, agreements and obligations and to the condition that the purchaser shall enter into a covenant, agreement and obligation with the Commission to assume and perform the said covenants, agreements and obligations and in all respects succeed to the position of the Company under this Agreement, and it is agreed that all the said provisions shall be conditions of every contract mortgaging, hypothecating or charging, in whole or in part, the property or rights of the Company which are necessary for the development of power or energy at Chats Falls and shall be expressed therein as stipulations in favour of and in trust for the benefit of the Commission. The Commission shall have the right to require the Company or other party granting any such mortgage, hypothecation or charge to enforce such provisions or may itself enforce the same either in its own name or if necessary in the name of such other party.

Before entering into any mortgage, hypothecation or charge as aforesaid the Company or party proposing to grant the same shall submit to the Commission a written draft of a clause or clauses to be included in the said Trust Deed, which clause or clauses shall either be in the language above set forth or be in language framed to afford the protection above provided for; the Commission will, within ten days from the submission of such clause or clauses approve of same or notify in writing any objections thereto; if no objection is offered within the said ten days the clause or clauses shall be taken to be approved, and if any objection is taken in which the mortgaging party does not concur, then the language of the clause or clauses is to be submitted to and approved of by Mr. Eugene Lafleur, K.C., or Mr. Aime Geoffrion, K.C., or Mr. G. H. Montgomery, K.C., or failing any of them by counsel to be named by the Chief Justice of the Superior Court of Quebec at Montreal on summary application if the mortgaging party is in the province of Quebec, and, if the mortgaging party is in the Province of Ontario then to be submitted to and approved of by Mr. Strachan Johnston, K.C., or Mr. Britton Osler, K.C., or Mr. E. G. Long, K.C., or failing any of them, by counsel to be named on summary application by the Chief Justice of the Supreme Court of Ontario; in either case the decision of such counsel shall be final.

The Company further covenants and agrees with the Commission that it will not, except by way of mortgage, hypothecation or charge as aforesaid, assign its Emphyteutic Lease of the 22nd June, 1926, from the Government of the Province of Quebec, or transfer any of its property or rights necessary to the development of power or energy at Chats Falls other than by way of mortgage, hypothecation or charge as aforesaid, except to an assignee or transferee who shall enter into a contract with the Commission covenanting to assume and perform the obligations of the Company in this Agreement contained and in all respects succeed to the position of the Company hereunder.

16. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto respectively.

In witness whereof the Parties hereto have caused this Agreement to be executed under their respective corporate seals attested by the signatures of their proper officers duly authorized thereto.

THIS AGREEMENT made in duplicate This twenty-fourth day of February, A.D. 1931,

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
 an Ontario Corporation, hereinafter called the "Com-
 mission,"

OF THE FIRST PART,

—and—

OTTAWA VALLEY POWER COMPANY, formerly known as
 Chats Falls Power Company, a Quebec Corporation,
 hereinafter called the "Company,"

OF THE SECOND PART.

Whereas the Commission and the Company by Agreement under date the fifteenth day of February, A.D. 1930, hereinafter called the "Joint Development Agreement," have undertaken jointly the development necessary for the utilization of the total power on the Ottawa River at Chats Falls within both the Provinces of Ontario and Quebec, on the basis of each being entitled as between themselves to the ownership, use and benefit of one-half of all the water available for power at such location and are co-operating in all undertakings necessary in order to bring the whole development to completion at an early date and to maintain and operate the same;

And whereas the Commission and the Company have entered into a further Agreement under date the 15th day of February, A.D. 1930, hereinafter called the "Power Contract," for the sale and delivery to the Commission by the Company of the electrical power and energy which the Company is entitled to produce and deliver from the said joint development:

And whereas the Commission and the Company have entered into an agreement under date the 24th day of February, A.D. 1931, hereinafter called the "Transformer Agreement" for the use by the Company and the Commission of a transformer and switching station therein called the "Transformer Station" to be constructed by the Commission in Ontario:

And whereas for the purpose of economic and efficient service it is desirable that the Commission in addition to maintaining and operating its separate works (as defined in the Joint Development Agreement) should also maintain and operate the works of the Company as hereinafter defined, together with the Company's rights in the said transformer station as defined in the said Transformer Agreement:

Now therefore this Indenture witnesseth:

That for the considerations herein contained the parties hereto mutually covenant, promise and agree as follows:

1. The Company hereby appoints the Commission as its Agent for the purpose of this Agreement and authorizes the Commission as such Agent to exercise and use the rights and to maintain and operate the works of the Company at Chats Falls which are necessary for the delivery of power to the Commission under the said Power Contract, namely:

- (a) All separate works of the Company as defined in the Joint Development Agreement, being:
 - (i) The power house, which term shall not include any intake section necessary for the main dam but shall include every extension of the power house as an additional work;
 - (ii) Power house equipment;
- (b) The Company's interest in and share of the common equipment as defined in the said Joint Development Agreement or as may be mutually agreed upon from time to time;
- (c) The Company's interest and rights in the Transformer Station as defined in the said Transformer Agreement;

all of which power house, equipment, station, interest, rights, and works are hereinafter called the "Company's Works" which term for the purposes of this Agreement is intended to include all property and rights of the Company from the water intake to the point of delivery of power to the Commission at Two Hundred and Thirty Thousand (230,000) volts as mentioned in the said Power Contract.

The above defined works with the word "Commission" substituted for the word "Company" shall for the purposes of this Agreement be called the "Commission's Works."

2. The Commission as such Agent accepts the said appointment and authorization and agrees to maintain and operate the Company's works with skill and diligence without discrimination or favour as between the Commission's works and the Company's works and up to the same standard as the Commission shall maintain and operate the Commission's Works—all subject to the provisions hereinafter contained.

3. The Commission as such Agent shall have, enjoy and exercise all the rights, powers, authorities, privileges and immunities of the Company with respect to the Company's Works for the purposes of maintenance and operation of the same as herein provided, but the Commission shall be under no obligation whatsoever to undertake or continue any services, work or responsibility under this Agreement unless the Company maintain unimpaired its rights and privileges necessary for development of power at Chats Falls and observe and perform all requirements imposed by statute or other proper authority upon the Company, but the Commission shall be under no obligation to see to the maintenance of any rights or privileges of the Company or to the observance or performance of any requirements imposed upon the Company, but shall exercise its best endeavour and judgment to avoid doing any act that would imperil the Company's leases and rights.

4. All ordinary maintenance of the Commission's works and the Company's works shall be effected by the Commission without reference to the Company; all renewals, replacements and reconstruction such as rewinding of generators and replacing of water wheels of the Commission's works and the Company's works other than in the Transformer Station shall before being effected be approved by the Company, but such approval shall not be unreasonably withheld.

5. The Commission will operate the Company's works in conjunction with the Commission's works so as to permit as far as possible the fulfilment of the rights and obligations of both parties under the Power Contract.

6. In case the Commission as such Agent shall at any time or times be prevented from operating the Company's works or performing this Agreement or any part thereof by strike, riot, fire, invasion, explosion, hurricane, flood, act of God, or the King's enemies, or any other cause reasonably beyond its control, or by failure of the Company to perform any obligations or requirements imposed upon it, then the Commission shall not be bound to perform its obligations under this Agreement to the extent that the same are interrupted thereby, but the Company shall not be relieved from its liability for the payment of cost under this Agreement; as soon as the cause of such interruption is removed the Commission shall continue to perform its obligations under this Agreement; the Commission shall be prompt and diligent in doing everything in its power to remove and overcome any such cause or causes of interruption; upon request the Company will render any assistance it might reasonably be expected to render.

7. The Company shall at all times have free access to the Company's works and the Commission's works and everything therein contained relating to this Agreement; the Company shall also have access at all reasonable times to all books, accounts and records of the Commission concerning anything under this Agreement.

8. The Commission shall keep records covering all matters of essential importance hereunder and shall furnish each month to the Company a summary thereof in form similar to that in use by the Commission at Toronto, and whenever required by the Company the Commission shall furnish to the Company all reasonable information which may be necessary for the purposes of the Company hereunder and in addition shall at the expense of the Company furnish any special reports concerning any matters which may arise under the terms of this Agreement.

9. The Commission shall establish and maintain records in such form as will show in detail all receipts and expenditures and the costs of all services and work done under this Agreement so that the same may be checked by the Company and distribution of the items therein contained can be determined separately and distinct from all other cost and expenditures incurred and made by the Commission to the extent that this is practicable.

10. All accounts of the Commission hereunder shall be audited at least once in each fiscal year by the auditor of the Commission and may in addition, if the Company shall so require but at the expense of the Company be audited by an auditor appointed by the Company; copies of any reports made by the auditor of either party hereunder shall be furnished to the other party.

11. The Company shall pay to the Commission and the Commission shall accept as full compensation for acting as Agent for the Company and performing the services under this Agreement such sum annually as shall be equal to one-half of the total cost to the Commission of maintenance and operation of both the Company's works and the Commission's works at Chats Falls power plant including the common equipment and the Transformer Station and also of renewing, replacing and reconstructing the Company's works and the Commission's works and common equipment as hereinbefore provided, but expressly excluding renewals, replacements and reconstruction provided for in the Transformer Agreement; which total cost for the purposes of this Agreement shall without limiting the generality of the foregoing include the following items:

(a) All costs of materials, supplies, tools, stores, apparatus, machinery and equipment except those required for renewals, replacements or reconstruction in the Transformer Station as aforesaid, plus five per cent (5%) of such cost; Provided, however, that when major equipment shall be purchased with or without installation under contract with an equipment company, the percentage to be added to the cost of such equipment including any labour furnished by the equipment company shall be that adopted by the Commission under its general practice in respect to contracts of similar character and shall not in any event exceed five per cent (5%) of the contract prices for such equipment; provided that where installation is made by the Commission the cost of labour and of engineering

and other special services in connection therewith shall be determined as provided in Sub-clauses (b) and (c) of this Clause 11.

(b) All salaries, wages and other remuneration of all persons employed in connection with the services rendered or work done under this Agreement to which shall be added twenty-seven per cent (27%) thereof (which said percentage shall be included as compensation to the Commission for its office, administration and accounting expenses, pensions and Workmen's Compensation), and in addition thereto the out-of-pocket and travelling expenses of such persons while so employed.

(c) The costs of all special engineering, legal, accounting and other special services rendered by employees and officers of the Commission who shall be not regularly employed hereunder and added thereto fifty per cent (50%) of such costs and in addition the travelling and out-of-pocket expenses of such persons while engaged on such business.

(d) The costs of all engineering, legal accounting and other services other than those mentioned in subclauses (b) and (c) of this Clause.

(e) The net cost in each year which shall be incurred by the Commission in maintaining and operating, housing, living and other accommodation for employees, regular or special, engaged on the Commission's works and/or the Company's works; for the purpose of this subclause (e) the cost of maintaining such accommodation shall include interest and amortization at regular Commission rates of the capital cost thereof less any such capital cost already charged to the construction of the Power Development, and expenditures and allowances for insurance, repairs, renewals, taxes and other like charges.

12. The Company shall pay said compensation to the Commission in lawful money of Canada at Toronto on monthly bills, which monthly bills shall be rendered by the Commission to the Company on or before the tenth day of each month and become due and be paid by the Company to the Commission on or before the twentieth day of the said month; such monthly bills shall be mailed by the Commission addressed to the Company at its office in the City of Montreal and if any bill shall remain unpaid after the time when it becomes due the amount thereof shall bear interest at the rate of six per cent. (6%) per annum until paid; the Commission may apply against any such payment in default any money due to the Company by the Commission under the Power Contract or otherwise but failure to apply as aforesaid shall not relieve the Company.

13. In case any claim or claims shall be made against the Commission or the Company in connection with any work done or service rendered under this Agreement by the Commission, the Commission or the Company as the case may be shall promptly notify the other party thereof; if such claim shall arise in the Province of Quebec the Company shall defend the same; if any such claim shall arise in the Province of Ontario the Commission shall defend the same, and in either case each party shall render to the other all assistance for such purposes; costs and expenses in connection with such claims shall form part of the cost of maintenance and operation under this Agreement as mentioned in Clause 11.

14. Nothing in this Agreement shall relieve the Company or the Commission from any obligation under the said Power Contract, or the said Joint Development Agreement or from any obligation under the Transformer Agreement except as provided in Clause 19 of this Agreement.

15. This Agreement shall come into effect as soon as power is being delivered on commercial load from the Company's works or such earlier date as may be agreed upon and shall continue in force until terminated at any time by the Commission or the Company giving Three (3) months' notice in writing to the other party.

16. If by reason of any lawful authority in the Province of Quebec the Commission be prevented from or hindered in the performance of this Agreement, the Commission shall immediately notify the Company of the same, and from the date of each notification of the Commission shall be relieved from any obligation to perform this Agreement.

17. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained or hereby provided for or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to three arbitrators, one to be appointed by each of the parties hereto and the third by these two or in case they cannot agree by a Judge of the Supreme Court of Ontario, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario 1927, Chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario; the findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively except that either may appeal from, move to set aside, vary or refer back an award as provided in the said *Arbitration Act* and except that the right to appeal to the Supreme Court of Canada and to the Privy Council or either of them shall not be limited.

18. Any notice in writing under this Agreement may be given by mailing the same postage prepaid addressed to the party at its office address and shall be deemed to have been given the day following the day of mailing as aforesaid; each party shall keep its post office address on file with the other and such address shall remain the proper address of the party until changed by notice in writing.

19. To the extent necessary to give full effect to this Operating Agreement so long as it remains in force, this Operating Agreement shall take precedence over and supersede the Transformer Agreement and there shall be no duplication of payment for the same service under the two Agreements; but if this Operating Agreement cease to be in force to any extent then to that extent it shall cease to take precedence over or supersede the Transformer Agreement.

20. This Agreement shall extend to, be binding upon and enure to the benefit of the Commission and the Company and their successors and assigns respectively.

In witness whereof the parties hereto have caused this Agreement to be executed under their respective corporate seals attested by the signatures of their proper officers duly authorized thereto.

1. AGREEMENT, AS OF THE 20TH OF DECEMBER, 1930.
2. AGREEMENT AS OF THE 14TH OF JANUARY, 1931.

1

This Indenture made in duplicate this 20th day of December, A.D. 1930.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission"

OF THE FIRST PART,

—and—

THE JAMES MACLAREN COMPANY, LIMITED, hereinafter
called the "Company"

OF THE SECOND PART.

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1927, Chapter 57 and Amendments thereto, is authorized to enter into an Agreement for a supply of electrical power and energy to the Commission.

And whereas the Company is duly incorporated under the laws of the Dominion of Canada, with power to produce and sell electrical power and energy, and is proceeding with Hydro-Electric developments for the said purposes in the Province of Quebec.

And whereas the Company is prepared to deliver electrical power and energy to the Commission at the boundary line between the Provinces of Ontario and Quebec from its pending and future developments on its freehold properties at Masson and High Falls, on the du Lievre River, at or near Buckingham, in the Province of Quebec, and is willing to enter into an Agreement with the Commission for such purposes.

Now therefore this Indenture witnesseth:

That for the considerations herein contained, the parties hereto covenant, promise and agree as follows:

1. The Company agrees:

(a) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the First day of July, 1933, and thereafter so long as this Agreement shall continue in force, twenty thousand horsepower (20,000 H.P.) of electrical power or energy on the conditions herein contained; twenty thousand horsepower (20,000 H.P.) shall be the contract demand until such contract demand is increased as provided in subclause (b) next following:

1. (b) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the

First day of July, 1934, and thereafter so long as this Agreement shall continue in force, twenty thousand horsepower (20,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of forty thousand horsepower (40,000 H.P.) until such contract demand is increased, as provided in subclause (c) next following:

1. (c) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the First day of July, 1935, and thereafter so long as this Agreement shall continue in force, twenty-seven thousand horsepower (27,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of sixty-seven thousand horsepower (67,000 H.P.) until such contract demand is increased, as provided in subclause (d) next following.

1. (d) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission on the First day of July, 1936, and thereafter so long as this Agreement shall continue in force, thirty-three thousand horsepower (33,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of one hundred thousand horsepower (100,000 H.P.) until such contract demand is increased, as provided in subclause (e) next following.

1. (e) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the First day of November, 1936, and thereafter so long as this Agreement shall continue in force, twenty-five thousand horsepower (25,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of one hundred and twenty-five thousand horsepower (125,000 H.P.) which shall constitute the maximum contract demand under this Contract.

1. (f) Subject to Clause 2 and Clause 5 to deliver to the Commission whenever required by the Commission electrical power to the extent that water is available up to fifteen per cent. (15 %) in excess of the then contract demand; such excess power shall not increase the then contract demand and no charge shall be made for its use, but nothing in this clause shall be construed as obligating the Company to deliver more kilowatt-hours of energy per week than the Commission is permitted to take under the provisions of Clause 2 (c).

1. (g) To install at its power developments on the said river sufficient equipment and spare equipment to ensure fulfilment of the terms of this Agreement, and for this purpose to provide excess or spare capacity so that at all times the ratio of total installed capacity to contract demand shall be not less than one hundred and fifteen per cent. (115 %).

2. (a) The power delivered hereunder, at the point of delivery shall be alternating, three-phase, and shall have a controlled average periodicity of twenty-five (25) cycles per second, and a pressure between phase wires not exceeding the commercial maximum voltage of approximately two hundred and forty thousand volts (240,000 V.) subject to a reduction from time to time as the Commission may direct of not over fifteen per cent. (15 %) from the determined maximum voltage selected by the Commission, and the equipment and apparatus installed by the Company in its plants shall be suitable for operation to maintain this condition; the Company shall maintain, under normal operating conditions, the generator voltage within two per cent. (2 %) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid, and shall install suitable equipment for such purposes; the power delivered hereunder shall be commercially continuous, twenty-four (24) hour power, every day in the year except as provided herein.

2. (b) Whenever the Commission shall require from time to time, the Company shall increase or decrease the voltage and frequency of its plant or plants, within safe operating limits of the then existing equipment of such plants or plants to the extent required by the Commission, in order to ensure operation satisfactory to the Commission in parallel with other sources of supply; it is understood and agreed that in operation of plants

in parallel, the control of power factor and power delivery in any generating plant is, to a large extent, within the control of the operators in that plant, and the Company agrees so far as it can do so with its equipment installed, to operate its plant so as to maintain the power factor and the delivery of power within the limits directed by the Commission, from time to time.

If by reason of such parallel operation, the Commission shall inadvertently receive electrical power from the Company at a lower power factor than herein provided, or in excess of the amount to which the Commission is entitled under this Agreement, then the Commission shall not be subject to any charge hereunder for such excess taking of power and such excess taking shall not increase the Contract Demand as herein defined or increase the amount of the payment provided for in subclause (a) of Clause 3 and shall not increase or affect, in any way, any obligation of, or impose any obligation upon the Commission hereunder; excepting that the Company may notify the Commission of such excess and thereupon both parties shall exercise all skill and diligence so as to limit to the utmost such excess taking to a minimum amount and to the shortest possible period of time reasonably necessary for the proper adjustment of the power factors and loads among the various generating plants.

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of seventy per cent. (70%) based on the then contract demand, that is to say, that during each week after the First day of July, A.D. 1933, so long as this Agreement shall remain in force, the Commission shall be entitled, subject to the provisions of Clause 5, to receive such electrical energy as it shall require not in excess of eighty-seven and seventy-three one-hundredths kilowatt-hours (87.73 Kw. Hrs.) for each horsepower of the then contract demand.

On Sundays and holidays, the Commission, at the request of the Company, shall take not less than three kilowatt-hours (3 Kw. Hrs.) for each horsepower of contract demand; on Saturdays the Commission, at the request of the Company, shall take not less than seven kilowatt-hours (7 Kw. Hrs.) for each horsepower of contract demand.

In the event of an increase in the contract demand occurring other than at the beginning of a contract week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week.

A week for the purposes of this Agreement shall commence at such time during the calendar week as the Commission shall from time to time notify the Company in writing; such week shall be known as the "contract week."

2. (d) The maximum amount of kilovolt amperes to which the Commission shall be entitled under this Agreement shall be the kilowatts corresponding to the maximum amount in horsepower to which the Commission is entitled under Clause One (1) divided by eighty-five one-hundredths (.85).

2. (e) For all purposes of this Agreement, the Company shall be considered to have held available for the Commission in each week, all the horsepower and kilowatt-hours to which the Commission was entitled in that week, unless the Company fails to have available the power which the Commission is entitled to and asks for under the provisions of this Agreement and the Commission complains of such failure at the time, and unless within fourteen (14) days, or other time agreed upon, after the end of that week, the Commission shall have given to the Company written notice of the fact and approximate amount of the deficiency.

2. (f) If the Commission shall inadvertently take in any week more kilowatt-hours than it is entitled to take in such week, the Commission will, upon notice in writing from the Company, adjust the matter by making a corresponding reduction in its takings in the next following contract week after the contract week in which such notice shall have been given, unless the Company shall agree to extend this time; but if

after receipt of such notice from the Company, the Commission shall not during the said next following contract week make good such excess taking and correspondingly reduce its takings during the said contract week, then the Commission shall pay to the Company for any excess energy so taken at the rate of three and twenty-eight one-hundredths mills (3.28 mills) per kilowatt-hour.

2. (g) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the system involved, it is necessary that the Commission and the Company co-operate.

The Commission and the Company will co-operate in respect of all matters of common interest, including without limiting the generality of the foregoing, design of plant and equipment and design of control, protective, communication and other features which necessitate similar or co-ordinated equipment.

The Commission and the Company shall instal only first-class, modern equipment of such characteristics and type as are best suited for the service intended, and shall from time to time make such commercially reasonable changes in or additions to said equipment (other than major equipment) as will best serve to maintain the system as a whole, in accordance with good practice in the art as developed from time to time.

The Commission and the Company shall each be entitled to the final decision in respect of the design of its own plant and property, other than such features thereof as necessitate similar or co-ordinated equipment at the plant of each party as aforesaid; in the event of the Commission or the Company exercising such right of final decision, then the Commission or the Company, as the case may be, shall be responsible for the suitability for the purpose intended of plant or equipment constructed according to the design selected by it.

The Commission and the Company shall exercise all due skill and diligence so as to secure the satisfactory operation as a system, of the plant, apparatus and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of the high voltage specified and length of lines contemplated.

3. THE COMMISSION AGREES:

(a) To pay to the Company, in monthly payments, for all power and energy under this Agreement, at the rate of Fifteen Dollars (\$15) per horsepower per annum, of the then contract demand in effect from time to time, which is a total of:

\$25,000.00 per month from July 1, 1933, until July 1, 1934.

\$50,000.00 per month from July 1, 1934, until July 1, 1935;

\$83,750.00 per month from July 1, 1935, until July 1, 1936;

\$125,000.00 per month from July 1, 1936, until November 1, 1936;

\$156,250.00 per month from November 1, 1936, and during the remaining term of this Agreement.

The amount of dollars per month is obtained by multiplying the maximum contract demand, as determined in Clause 1 hereof by One and one-quarter ($1\frac{1}{4}$); the said monthly payments being subject always to adjustment, as in this Agreement provided.

3. (b) To pay the Company in monthly payments for any excess kilowatt-hours for which payment is to be made under Clause 2 (f); such monthly payments shall cover any amounts payable for such excess kilowatt-hours taken during the full weekly periods terminating within the month for which the payments are made.

3. (c) To make all the payments to be made by it under this Agreement in lawful money of Canada, at Toronto, Province of Ontario, Canada, and to pay the said monthly payments to the Company on the twentieth day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the tenth day of the month; provided that if any bill remains unpaid on the twentieth day of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment, and all payments in arrears shall bear interest at the rate of Six per cent. (6%) per annum; Provided, further, that if the Commission or the Company be entitled to any adjustment in respect of any payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and no portion of any monthly payment shall be postponed pending determination of any such adjustment, except if and to the extent that any decision or determination on such adjustment (even though under appeal) shall have held the Commission entitled to the adjustment; every such adjustment shall include interest at the said rate of Six per cent. (6%) per annum on the amount allowed from the Twentieth day of the month in respect to which adjustment is allowed.

3. (d) At all times to take and use the electrical power in such manner that the current will be taken from the three phases as nearly equally as practicable, and in no case shall the difference in current between any two phases be greater than Five per cent. (5%). If such difference be greater than Five per cent. (5%), the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (e) Subject to all the provisions hereof, at all times to take and use the power and energy covered by this Agreement within the limits set out in Clauses 1 and 2 hereof.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters, hereinafter called "measuring instruments," provided and installed by the Company and so arranged as to measure and record accurately the said power and energy, all in a manner satisfactory to the Commission. Readings from the said kilowatt-hour meters shall be taken daily at the same hour, and recorded by the Company on forms supplied by the Commission. Records from the said kilowatt-hour meters and the said recording demand meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The power delivered and the demand in horsepower or either of them for the purpose of this Agreement shall be the integrated amount of power for twenty (20) consecutive minutes, as determined from coincident readings of the above-mentioned polyphase recording meters and adjusted, when necessary, according to Clause 2 (d). Provided that nothing in this sub-clause shall be construed as increasing the contract demand or any obligation of the Company under Clause 1, or the obligation of the Commission to pay for power hereunder.

4. (c) The weekly taking of the energy shall be determined from the weekly readings of the said integrating kilowatt-hour meters.

4. (d) The power and energy covered by this Agreement shall be delivered at a voltage not exceeding Two hundred and forty thousand volts (240,000 v.) subject to Clause 2, as hereinbefore mentioned, at the boundary between the Provinces of Ontario and Quebec, at or near Cumberland, and the Company shall instal suitable and necessary transformers and a transmission circuit, which circuit shall include a river crossing with one spare conductor complete with the tower on the Ontario shore, all of types and capacities approved by the Commission; and the Company will on

completion of such installation transfer and convey to the Commission the said tower and so much of the said river crossing as is on the Ontario side of the said boundary. All electrical power and energy supplied under this Agreement shall be measured at the Two hundred and forth thousand volt (240,000 v.) step-up transformers at or near the Company's Masson Generating Station on the du Lievre River and on the generator voltage side thereof, and no adjustment of such measurement shall be made for the loss in single step transformation from generator to transmission voltage (approximately Two hundred and forty thousand volts (240,000 v.); the said transformer loss and the transmission loss at the said voltage from the place of measurement at the said transformers to the point of delivery have been and are hereby assumed by the Commission and have already been considered in arriving at the price herein specified; provided that if for any reason the measuring instruments are connected at other than the said point, their readings shall be subject to a correction and shall be corrected to give results such as would be obtained by instruments connected at the said point.

The Company will provide a suitable communication system between its plants and the point of delivery.

4. (e) Access to said measuring instruments and transformers belonging to the Company shall be free to the Commission at any and all times, and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days' previous notice in writing of its desire to test such measuring instruments.

4. (f) The measuring instruments with the necessary current and potential transformers for the measurement of electrical power and energy hereunder shall be provided, installed and maintained by the Company, all in a manner satisfactory to the Commission.

The Company agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder at least once in each sixty (60) days; the Commission shall be advised at least five (5) days before the day of the test, so that it may, if it so desires, have a representative present to witness and verify such test. At any time the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, such meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice. If any meter shall be found on regular or special test to be inaccurate, it shall be properly adjusted and the records of its readings taken since the last prior test shall be corrected, and all kilowatt hour readings affected shall be adjusted, all on the basis of the average of progressive inaccuracy. The Company shall repair and replace or retest defective meters or measuring equipment within a reasonable time. During any time there is no meter in service, it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (g) The Commission may from time to time, at its option, install duplicate measuring equipment, including necessary current and potential transformers at the points of measurement for the purpose of checking records obtained from the Company's measuring equipment or for any other purpose.

4. (h) The Company shall not be responsible for any damage to property or apparatus furnished by the Commission for the purpose of supplying or measuring power or energy hereunder, or for any other purpose, and installed on the Company's property, unless such damage originates from a source within the control of the Company and external to the said apparatus of the Commission.

4. (i) The kilowatts, kilovolt amperes, kilowatt hours and all other factors and quantities or any of them, shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4; and the standards of McGill University, or of the recognized National authority, if there be such generally accepted, shall be used as the final reference as to the accuracy of measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, the maintenance by the Company of approximately the agreed voltage, at the agreed frequency, at the point of delivery, together with the ability of the Company to supply the power and energy under this Agreement, shall constitute the delivery of power involved in this Agreement.

5. (b) In case the Company shall at any time or times be prevented from delivering, or the Commission from receiving the said power and energy, or either of them, or any part thereof, by strikes, riots, fire, invasion, explosion, act of God, the King's enemies, or any other similar cause or causes reasonably beyond the control of them, or either of them, then to the extent of such prevention, the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power or energy during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power as aforesaid, and the Commission shall pay for the same.

5. (c) The Company shall have the right at reasonable times and when possible, after due notice has been given to the Commission, to discontinue or reduce, to the extent necessary, the supply of power and energy, or either of them, to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming, transmitting, or other equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible arranged for at a time least objectionable to the Commission.

During such interruptions, the Commission shall be released from its obligation to pay for such power and energy as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission.

5. (d) In case of the failure of the Company at any time to have available and to deliver, as set forth in Clauses 1 and 2, the full amount of the electrical power and energy to which the Commission is entitled under this Agreement, there shall be a proportionate reduction in the monthly sum payable by the Commission to the Company, and, without limiting the generality of the foregoing, any failure of the Company under Sub-clause (b) or Sub-clause (c) of this Clause shall be included as a failure under this Sub-clause (d); the amount of reduction from the amount which would otherwise accrue due from the Commission to the Company during such month shall bear the same ratio to such accrued amount as the average deficiency in horsepower during such month bears to the then contract demand in horsepower; the said average deficiency in horsepower during such month shall be the result determined from dividing the number of hours in the month into the total deficiency in horsepower hours below the Commission's requirements within the contract demand, resulting from all the said total or partial interruptions occurring during the month, as shown by the graphic meter records.

5. (e) If any failure of the Company, as mentioned in Clause 5 (d) is due to causes within the Company's control (any interruptions under Clauses 5 (b) or 5 (c) shall, in no way, be deemed to be in the control of the Company, but financial difficulties shall be deemed to be in the control of the Company), the Company, in addition to the reduction under Clause 5 (d), shall pay to the Commission, as liquidated damages determined beforehand in respect of every such failure, a sum equal to fifty per cent. (50%) of the said reduction until the Thirty-first day of October, A.D. 1947, and thereafter to one hundred per cent. (100%) of the said reduction, and the liquidated damages shall be in addition to the said reductions.

6. One or more representatives or engineers of the Commission designated for this purpose, may, at any reasonable time during the continuance of this Agreement, have access to the premises of the Company

for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this Agreement is generated, and to take and obtain records therefrom as required.

Representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical records of the Commission, pertaining to the power supplied under this Agreement.

7. In case any disagreement, dispute, difference or question shall, at any time hereafter, arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained, or hereby provided for, or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company, or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to two arbitrators, one to be appointed by each party to the difference, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario, 1927, chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario; the findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively, except that either may appeal from, move to set aside, vary or refer back an award as provided in the said *Arbitration Act*, and except that the right to appeal to the Supreme Court of Canada and to the Privy Council or either of them shall not be limited.

8. For all purposes of this Agreement, the electrical power and energy kept available for delivery to the Commission and delivered to the Commission under this Agreement shall be taken only from the electrical power and energy derived or developed from the water power owned by the Company in fee simple at Masson and High Falls on the du Lievre River.

This Agreement is made subject to the conditions lawfully attached by the Government of the Province of Quebec to the approvals of the plans and specifications of the works from which the power and energy delivered hereunder are obtained as to export of power to the United States.

9. The rates to be paid and payments to be made by the Commission for power and energy under this Agreement, shall, subject to the provisions of this Clause, include all compensation to the Company for all taxes, levies, rentals, royalties, license fees and charges that may be levied, assessed or imposed by the Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof; if, however, while this Agreement shall continue in force, (a) any Dominion or Provincial taxes or other similar levies (but not any Municipal taxes nor any income taxes) not now in existence be created or any now existing be increased in rate, or, (b) any Dominion or Provincial rentals, royalties, license fees or similar charges for the use of water, not now in existence be created, or any now existing be increased in rate, in such manner as to increase the cost to the Company by reason of these items of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and every such case, an increase shall be made in the payments by the Commission to the Company hereunder which shall, after crediting any reduction in any such items, exactly compensate the Company for the increase thereby occasioned in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission under this Agreement; provided that in the event of any reduction in any such item, the said increase in the payments by the Commission shall be reduced accordingly to the extent of the total of the said increase but no more.

Provided further, that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed to be taxes for the purposes of this Clause and the liabilities and obligations of the Commission shall not in any way be increased thereby but the same shall be borne by the Company; the recently authorized educational tax of the Province of Quebec not yet promulgated shall, for the purposes of this Clause, be regarded as not in existence.

Provided, however, and it is hereby expressly agreed in view of Clause 8 hereof, that all the obligations and liabilities of the Company now existing or which may hereafter arise under or by virtue of two Emphyteutic leases dated respectively the 7th day of November, 1929, and the 5th day of November, 1930, passed before Monsieur Roger Biron and Monsieur Edouard Biron respectively, each of whom is a Notary Public in and for the Province of Quebec and made between the Honourable Honore Mercier, acting in his quality of Minister of Lands and Forests of the Province of Quebec as Lessor, and the Company as Lessee, shall be deemed to have been in existence prior to the date of this Agreement, and that in no event shall any increase be made in the payments by the Commission to the Company or its Assigns under this Agreement, for or in respect of or by reason of any taxes, assessments, tariffs, levies, rentals, royalties, fees, charges or other payments of any kind whatsoever, which are payable or which may hereafter become payable under or by virtue of the said Emphyteutic Leases or either of them, or under any of the provisions contained therein or in any other Provincial Lease or Leases whatsoever.

10. This Agreement shall be binding upon both parties hereto upon its execution, and shall continue in force until the expiry of a period of forty (40) years, which period shall begin on the first day of July, A.D. 1933.

11. The Commission shall be entitled at any time prior to the expiration of thirty (30) days' notice in writing from the Company, delivered after the termination of this Agreement, to remove from the premises of the Company any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

12. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address or addresses as each party may, from time to time, file with the other. The parties agree each to maintain its address on file with the other.

13. The Company covenants and agrees with the Commission that if, at any time hereafter, during the continuance of this Agreement, the Company or any assignee or transferee from the Company should mortgage, hypothecate or charge any of its rights, or immovable property, which are necessary for the development of power or energy, or any part of such property or rights, to secure bonds or debentures or other securities of like nature, any such mortgage, hypothecation or charge shall be expressly made subject to all covenants, agreements and obligations on the part of the Company in this Agreement contained and shall provide that any sale of the property or rights so mortgaged, hypothecated or charged, or any part thereof, under the provisions of such mortgage, hypothecation or charge, shall be made subject to the obligations of the Company in this Agreement contained, and that the premises mortgaged, hypothecated or charged shall not be sold except to a purchaser who shall covenant and agree with the Commission to assume and perform the obligations of the Company in this Agreement contained, and in all respects succeed to the position of the Company hereunder; and it is agreed that all the said provisions shall be conditions of every contract mortgaging, hypothecating or charging the immovable property or rights of the Company or any assignee or transferee, as aforesaid, which are necessary for the development of power or energy, or any part of such property or rights, and shall be expressed therein as stipulations in favour of, and for the benefit of the Commission.

The Company further covenants and agrees with the Commission that it will not assign or transfer any of its plant or immovable property necessary to the development of power or energy except to an assignee or transferee, which shall covenant and agree with the Commission, in such form and manner as the Commission may require, to assume and perform the obligations of the Company in this Agreement contained; any such assignment or transfer shall not relieve the Company from any of its said obligations, and the Company will, if required by the Commission, execute and deliver to the Commission its guarantee in such form as the Commission may require for the full performance of this Agreement by such assignee or transferee.

14. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto, subject to the consent in writing of the Commission to any assignment other than an assignment to an assignee that shall have complied with Clause 13.

In witness whereof the parties hereto have caused this Agreement to be executed under their Corporate Seals, attested by the signatures of their proper officers duly authorized thereto.

THIS AGREEMENT made in triplicate this 14th day of January, A.D. 1935.

BETWEEN:

THE JAMES MACLAREN COMPANY LIMITED, herein called the "MacLaren Company"

OF THE FIRST PART,

MACLAREN-QUEBEC POWER COMPANY, herein called the "Power Company",

OF THE SECOND PART,

—and—

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO, herein called the "Commission",

OF THE THIRD PART.

Whereas by an Indenture dated the Twentieth day of December, A.D. 1930, the MacLaren Company therein called the "Company," entered into a contract with the "Commission" therein called the Commission, for the sale of power to the Commission, and also on the same date the Commission gave to the Company a letter supplementary to the said contract, the said contract and supplementary letter being herein referred to as the "Power Contract."

And whereas in the said power contract it was provided as follows:

"The Company further covenants and agrees with the Commission that it will not assign or transfer any of its plant or immovable property necessary to the development of power or energy except to an assignee or transferee, which shall covenant and agree with the Commission, in such form and manner as the Commission may require, to assume and

perform the obligations of the Company in this Agreement contained; any such assignment or transfer shall not relieve the Company from any of its said obligations, and the Company will, if required by the Commission, execute and deliver to the Commission its guarantee in such form as the Commission may require for the full performance of this Agreement by such assignee or transferee."

And whereas the MacLaren Company desires to transfer to the Power Company certain properties and rights of the MacLaren Company including the plant and immovable property of the MacLaren Company necessary for the development of electrical power or energy and also desires to transfer to the Power Company the rights, interest and benefit of the MacLaren Company under or arising out of the said power contract.

Now, therefore, this Agreement witnesseth that for the considerations herein contained the parties hereto covenant, promise and agree as follows:

1. The Power Company hereby covenants and agrees with the Commission to assume, undertake and perform and hereby assumes and undertakes and binds itself to perform all the covenants, agreements and obligations of the MacLaren Company under or arising out of the power contract as fully and effectually as the MacLaren Company itself might or could do.

2. The above mentioned transfer of the said plant and immovable property and of the rights, interest and benefit of the MacLaren Company under or arising out of the power contract shall not release or relieve the MacLaren Company from any obligation contained in the power contract.

3. The MacLaren Company hereby covenants and agrees with the Commission that the Power Company will from time to time and at all times perform all the covenants, agreements and obligations contained in the power contract on the part of the MacLaren Company to be performed, and that if the Power Company shall in any respect whatsoever fail to perform any of the said covenants, agreements and obligations with the Commission in accordance with the power contract, the MacLaren Company will itself perform or cause to be performed the said covenants, agreements and obligations as fully in all respects as if the power contract had never been transferred to the Power Company and the MacLaren Company hereby renounces the benefit of discussion and binds itself jointly and severally with the Power Company for due performance as in this clause above set out.

4. The MacLaren Company further covenants and agrees with the Commission that the Commission may at any time agree with the Power Company to vary the terms of the power contract with the Power Company, or take or receive from the Power Company any security whatsoever to secure performance of the said covenants, agreements and obligations, or grant any extension of time to the Power Company, or deal with the Power Company in any manner whatsoever without releasing the MacLaren Company from any covenants, agreements and obligations contained herein or in the power contract or in the power contract as so varied:

5. The Commission hereby declares that the covenants and agreements of the Power Company contained in Clause 1 of this Agreement are made in the form and manner required by the Commission as contemplated by the above recited paragraph from the said power contract and that the guarantee of the MacLaren Company contained in Clause 3 of this Agreement is made in the form and manner required by the Commission as contemplated by the said above recited paragraph, and the Commission hereby consents to the transfer by the MacLaren Company to the Power Company of the rights, interest and benefit of the MacLaren Company under or arising out of the said power contract, subject always to all the terms and provisions of this Agreement.

In witness whereof the Parties hereto have caused this Agreement to be executed under their corporate seals, attested by the signatures of their proper officers duly authorized thereto.

1ST SESSION, 19TH LEGISLATURE, ONTARIO

BILL

An Act to declare the law with respect to The Hydro-Electric
Power Commission of Ontario and with respect to
certain invalid contracts.

MR. HEPBURN

No. 89

1935

BILL

An Act to declare the law with respect to
The Hydro-Electric Power Commission
of Ontario and with respect to certain
invalid contracts.

Preamble.

WHEREAS The Hydro-Electric Power Commission of Ontario was created a body corporate without capital to serve the interests of the people of Ontario and to supply such power or energy as the municipalities and the people of the said Province might require; and whereas it never was the intention of the Legislature of Ontario that the said Commission should have authority to impose financial and other obligations without consent upon the said municipal corporations, power users and taxpayers of the Province; and whereas in the year 1926 and subsequently The Hydro-Electric Power Commission of Ontario and certain corporations hereinafter more particularly referred to, did, without the consent of the said municipalities, or the ratepayers thereof, contrary to the rights of the said municipalities under existing contracts with the said Commission, and contrary to *The Power Commission Act*, and without regard to the provisions of *The British North America Act*, purport to obligate the said Commission by divers contracts to purchase over long periods of time large quantities of power generated without the Province of Ontario regardless of whether or not the said power was desired or could be used by the said municipalities; and whereas the said Commission has made payments of large sums of money under the said alleged contracts and has illegally charged the cost of the same against certain municipal corporations, and has thereby so increased the cost of power as to threaten industry within the Province and to cause unemployment; and whereas it is desirable to declare the law;

Now, therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. **1.** This Act may be cited as *The Power Commission Act, 1935*.

2. The said contracts, as hereinafter set forth, are hereby declared to be and always to have been illegal, void and unenforceable as against The Hydro-Electric Power Commission of Ontario, such contracts being as follows: Certain contracts declared illegal, void and unenforceable.

- (a) Between the said Commission and Gatineau Power Company, five contracts bearing date the 19th day of May, 1926, and one contract bearing date the 27th day of July, 1926, set out in Schedule "A," hereto;
- (b) Between the said Commission and Gatineau Power Company, two contracts bearing date the 28th day of December, 1927, set out in Schedule "B" hereto;
- (c) Between the said Commission and Beauharnois Light, Heat and Power Company, one contract bearing date the 29th day of November, 1929, set out in Schedule "C" hereto;
- (d) Between the said Commission and Chats Falls Power Company, also known as Ottawa Valley Power Company, one contract dated the 15th day of February, 1930, and one contract dated the 24th day of February, 1931, known respectively as the "Power Contract" and the "Operating Contract," set out in Schedule "D" hereto;
- (e) Between the said Commission and James McLaren Company, Limited, one contract dated the 20th day of December, 1930, and one contract dated the 14th day of January, 1931, set out in Schedule "E" hereto.

3. No action or other proceeding shall be brought, maintained or proceeded with against the said Commission founded upon any contract by this Act declared to be void and unenforceable, or arising out of the performance or non-performance of any of the terms of the said contracts. Action not to be brought against Commission.

4. The said Commission may from time to time pay for such power as it deems advisable, and may, with the approval of the Lieutenant-Governor in Council enter into contracts therefor, and may distribute the cost thereof and all proper charges incidental thereto as determined by it among such municipalities and in such proportions as it may deem equitable, and all distribution as to such costs and charges for power heretofore purchased are validated and confirmed. Contracts,— authority to enter into.

5. The powers by this Act conferred on the said Commission shall be supplementary to the powers conferred on the said Commission by any other Statute. Powers of Commission.

6. This Act shall come into force on a day to be named by the Lieutenant-Governor by his Proclamation. Commencement of Act

This Indenture dated the "19th day of May," A.D. 1926.

BY AND BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the Commission,

—and—

GATINEAU POWER COMPANY, a Quebec Corporation,
hereinafter called the Company:

Witnesseth That

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1914, Chapter 39 and Amendments thereto, is authorized to enter into an agreement for a supply of electrical power or energy to the Commission;

And whereas the Company is duly incorporated under laws of the Province of Quebec, and is carrying on business or proposes so to do for the production and sale of electrical power or energy in the said Province of Quebec;

And whereas the Company is prepared to deliver electrical power or energy from its pending and future developments on the Gatineau River in the Province of Quebec to the Commission at the interprovincial boundary on the Ottawa River, at or near Chats Falls, and is willing to enter into an agreement with the Commission for such purposes;

Now therefore this Indenture witnesseth:

That for the consideration herein contained, the parties hereby covenant, promise and agree as follows:

1. The Company agrees:

(a) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1928, and thereafter so long as this Agreement shall continue in force eighty thousand (80,000) horsepower of electrical power or energy, on the conditions herein contained. Eighty Thousand (80,000) horsepower shall be the contract demand until such contract demand is increased as provided in sub-clause (b) next following:

1. (b) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1929, and thereafter so long as this Agreement shall continue in force, an additional amount of fifty thousand (50,000) horsepower of electrical power or energy, on the conditions herein contained, making a total contract demand

of one hundred and thirty thousand (130,000) horsepower until such contract demand is increased as provided in sub-clause (c) next following.

1. (c) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1930, and thereafter so long as this Agreement shall continue in force, an additional amount of thirty thousand (30,000) horsepower of electrical power or energy on the conditions herein contained, making a total contract demand of one hundred and sixty thousand (160,000) horsepower until such contract demand is increased as provided in sub-clause (d) next following.

1. (d) To keep available for delivery to the Commission and deliver when and as required by the Commission on the first day of October, 1931, and thereafter so long as this Agreement shall continue in force an additional amount, not less than seventy thousand (70,000) nor more than one hundred thousand (100,000) horsepower of electrical power or energy as the Company on or before March 1st, 1930, shall specify in a notice to the Commission, on the conditions herein contained and which additional amount as fixed by the said notice added to the contract demand previously established under sub-clause (c) next preceding shall constitute the maximum contract demand.

1. (e) To install at its said Gatineau River developments sufficient equipment so as to insure fulfilment at all times of the terms of this Agreement.

1. (f) Subject to Clause 2, and Clause 5, to deliver to the Commission whenever required by the Commission, electrical power or energy up to the maximum available overload and spare capacity specified in Clause 3 (d).

1. (g) To provide a storage reservoir or storage reservoirs on the Gatineau River of eighty-two billion (82,000,000,000) cubic feet capacity, this amount having been determined by the Quebec Streams Commission as the appropriate amount to provide a minimum regulated flow at Chelsea in excess of nine thousand (9,000) cubic feet per second under normal low water conditions and an absolute minimum flow of eight thousand (8,000) cubic feet per second in the driest year on record; to use its best efforts to have such storage administered to the best advantage to facilitate its performance of this Agreement; to deliver the full amount of electrical power or energy called for in Clauses 1 (a), 1 (b), 1 (c), and 1 (d), subject to Clause 2 (c), at all times when the flow at Chelsea is one thousand (1,000) cubic feet per second or more in excess of the said absolute minimum of eight thousand (8,000) cubic feet per second, or of such increased absolute minimum as may be created by the provision of additional storage; at all other times to reduce this amount only to the extent that a reduction in the said one thousand (1,000) cubic feet per second of excess flow reduces its output, and, should the stream flow at any time decrease to less than the said absolute minimum, to keep available and deliver to the Commission a ratable proportion of all electrical power or energy possible under such conditions basing the apportionment on the amount of electrical power or energy to which the Commission is entitled when the stream flow is down to the said absolute minimum, and reducing such amount by the same per cent. by which the stream flow falls below the said absolute minimum.

2. (a) The power delivered hereunder shall be alternating, three-phase, having a periodicity of approximately 25 cycles per second and a pressure between phase wires not exceeding the commercial maximum voltage of approximately two hundred and thirty thousand (230,000) volts subject to a reduction of not over fifteen per cent. (15%) from the said maximum voltage, from time to time, as the Commission may direct, and the equipment and apparatus installed by the Company in its plants shall be suitable for operation to obtain this condition; provided, however, that nothing herein shall be construed as obligating the Company to install apparatus having capacity in excess of its rated capacity at normal voltage. The Company shall maintain the Generator voltage within two per cent. (2%) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid and shall install suitable equipment for such purpose, provided that if the Commission at any time take power, as provided for in Clause 1 (f), in excess of the contract demand, then the Company shall, during such excess taking, maintain the voltage and frequency as aforesaid as nearly as possible with the equipment then installed.

2. (b) Whenever the Commission shall require, from time to time, the Company shall increase or decrease the voltage and frequency of its plant or plants, within safe operating limits of the then existing equipment of such plant or plants to the extent required by the Commission in order to ensure operation satisfactory to the Commission in parallel with other sources of supply. It is understood and agreed that in operation of plants in parallel the control of power factor and power delivery in any generating plant is to a large extent within the control of the operators in that plant and the Company agrees so far as it can do so with its equipment installed to so operate its plants as to maintain a power factor at its points of measurement to the Commission and also the delivery of power within the limits directed by the Commission, from time to time, provided that by so doing it shall if and to the extent necessary be relieved from its obligations as to voltage and frequency regulation specified in Clause 2 (a).

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of seventy per cent. (70 %) thereof, and no more, that is to say, that during each week after October 1st, 1928, so long as this Agreement shall remain in force the Commission shall be entitled, subject to the provisions of Clause 3 (e), to receive such electrical power or energy as it shall require, not in excess of eighty-eight (88) kilowatt hours for each horsepower of contract demand.

On Sundays and holidays the Commission, at the request of the Company shall take not less than three (3) kilowatt hours for each horsepower of contract demand. On Saturdays the Commission, at the request of the Company, shall take not less than seven (7) kilowatt hours for each horsepower of contract demand.

2. (d) The maximum amount of the electrical power or energy delivered by the Company at any time when the ratio of the kilowatts to the kilovolt amperes is less than eighty-five per cent. (85 %) shall be eighty-five per cent. (85 %) of the kilovolt amperes considered as true power or kilowatts.

2. (e) If in any of the seven year periods, below described, the Company shall, due to conditions of stream flow, fail to have available for the Commission during the months of September to February inclusive, the full number of kilowatt hours to which the Commission is entitled under this Agreement during such months, and such failure shall extend to more than four per cent. (4 %) of such kilowatt hours, then and in such case the contract demand shall thereafter, at the option of the Commission, be reduced to such a point that had the reduced contract demand been in effect during such seven year period the deficiency aforesaid would have equalled but not exceeded four per cent. (4 %) of the full number of kilowatt hours to which the Commission would be entitled under the reduced contract demand during the months of September to February inclusive of a seven year period.

The first such seven year period shall begin October 1st, 1931, and the other seven year periods shall follow successively, provided, however, that if at the end of the sixth or any earlier year of any such seven year period the total permissible deficiency for the whole seven year period (an aggregate of twenty-eight (28) per cent. of the full number of kilowatt hours to which the Commission was entitled in any six months under the contract demand as it existed during such period) shall have been exceeded, then and in that case, the Commission may by notice in writing to the Company terminate such seven year period at any time thereafter within such seven year period, and a new seven year period shall begin forthwith and whenever such period is so ended the contract demand shall thereafter be reduced by a percentage determined by ascertaining the deficiency so occurring during the months of September to February, inclusive, of the years of such period then elapsed, expressing the same as a percentage of the full number of kilowatt hours to which the Commission was entitled in any six months under the contract demand as it existed during such period, reducing such percentage by twenty-eight, and dividing the balance by seven.

If the first such seven year period is so ended before its normal expiration the consequent reduction of contract demand shall be by a percentage determined by ascertaining the deficiency so occurring during the months of September to February, inclusive, of the years of such period then elapsed,

expressing the same as a percentage of the full number of kilowatt hours to which the Commission was entitled in any six months under the maximum contract demand, reducing such percentage by twenty-eight, and dividing the balance by five (or by six if such seven year period shall have been ended at the end of its sixth year).

But any reduction of the contract demand shall be eliminated and the original contract demand restored after, and to the extent, that the deficiency in stream flow causing the same is remedied by the provision of additional storage.

2. (f) In the application of the provisions of this Agreement the Company shall be entitled to the same credit for horsepower and kilowatt hours held available for the Commission but not taken by the Commission as if the same had been taken by the Commission, and except as provided in Clause 5 (b), no failure by the Commission to provide the necessary transmission and other facilities to receive such power, and no failure to use the same, shall relieve the Commission from any of its obligations to make the full amount of the payment herein specified to be made by it. For all purposes of this agreement the Company shall be considered to have held available for the Commission in each week all the horsepower and kilowatt hours to which the Commission was entitled in that week unless the Company fails to have available the power which the Commission asks for, being entitled to the same under the provisions hereof, and the Commission complains of such failure at the time, and unless within fourteen days after the end of that week the Commission shall have given to the Company written notice of the fact and approximate amount of the deficiency.

If at any time, however, the Commission anticipates a deficiency in stream flow within the ensuing six (6) months' period, it may give to the Company written notice stating and certifying as facts that the Commission anticipates during the ensuing six (6) months such a deficiency in stream flow as would prevent the Company making full deliveries to the Commission throughout that period, that because and only because of such anticipated deficiency and of its desire to regulate its supply during the same the Commission desires the Company to curtail its deliveries to the Commission during such period, specifying the weeks during which the Commission desires such curtailment made, certifying that the number of kilowatt hours which in each such week the Commission would require were it not for such anticipated deficiency are as specified in such notice, stating the number of kilowatt hours curtailment which the Commission desires in each such week and giving as the balance in each such week the number of kilowatt hours which the Company is to deliver to the Commission in each such week under such curtailment programme. Such notice shall be delivered to the Company at least one clear week before the first week in which it requires curtailment. The Company shall thereupon reduce as therein required its deliveries to the Commission, and shall not be considered to have held available for the Commission in any week specified in such notice the kilowatt hours of curtailment specified in the notice, and the Commission shall be entitled to a reduction in its payments for such week in the ratio which the kilowatt hours of curtailment bear to full contract deliveries, unless at the end of the period it shall appear that there was in fact water available either from storage or from precipitation or natural run off for the supply of all or part of the kilowatt hours of curtailment. To the extent to which there was in fact water available as aforesaid to generate such kilowatt hours of curtailment the Commission shall promptly make good with interest at six per cent. (6%) per annum the amount by which its payments shall have been reduced on account of such curtailment.

The Company by receipt of any such notice shall not be bound forthwith and from day to day or week to week to curtail its deliveries to its other customers, but shall so administer the utilization of stream flow and storage that, over the period covered by the notice, if the anticipated deficiency in fact occurs, the Commission shall at all times during the period specified in such notice as well as at the end thereof receive so far as is possible within the limitations imposed by the curtailment instructions of the Commission and the provisions of Clause 2 (c) its full share of the available electrical power or energy on the basis set forth in Clause 1 (g).

The Commission may at any time vary the curtailment specified in such notice for any week by giving the Company written notice of such modification at least seven days before the beginning of such week.

2. (g) If the Commission shall inadvertently take in any week more kilowatt hours than it is entitled to take in such week, and the Company shall not in advance of such excess taking have filed with the Commission a protest against the same, then upon notification from the Company the Commission will adjust the matter by making a corresponding reduction in its takings in the next following week in which its requirements permit it to do so, and the Commission shall not be subject to any penalty for such excess taking, or for any delay in making good the same. A protest from the Company for the purpose of this clause must be based upon a prior excess taking by the Commission and may not cover a period beyond the six months next following such excess taking. After receipt of such protest and during the period covered thereby the Commission shall limit its weekly taking to the number of kilowatt hours which it is entitled to take hereunder, always provided that the Company, so far as practicable, regulates the rate of delivery of power and the kilowatt hours from time to time as the Commission may direct.

2. (h) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the system involved, it is necessary that the Commission and the Company co-operate. The Commission and the Company will co-operate in respect of all matters of common interest including plant and equipment design, hydrology and storage, provided that the Commission and the Company shall each have the final decision and be responsible for its respective plant and properties. The Commission and the Company will also co-operate in respect of design of control, protective, communication and other such features, as necessitate similar or co-ordinated equipment at the plants of each party. The Commission and the Company shall also install only first-class modern equipment, of such characteristics and type as are best suited for the service intended, and from time to time make such commercially reasonable changes in, or additions to, such equipment (other than major equipment) as will best serve the system as a whole. The Commission and the Company shall exercise all due skill and diligence so as to secure the satisfactory operation as a system, of the plant, apparatus, and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of such high voltage specified and length of lines contemplated.

3. The Commission agrees:

(a) To pay to the Company in monthly payments for all power under this Agreement at the rate of fifteen dollars (\$15.00) per horsepower per annum on the contract demand which is a total amount of one hundred thousand dollars (\$100,000) per month from October 1st, 1928, until October 1st, 1929; one hundred sixty-two thousand five hundred dollars (\$162,500) per month from October 1st, 1929, to October 1st, 1930; two hundred thousand dollars (\$200,000) per month from October 1st, 1930, to October 1st, 1931; and thereafter while this Agreement remains in force the amount in dollars per month which is obtained by multiplying the maximum contract demand as determined in Clause 1 hereof by one and one-quarter ($1\frac{1}{4}$); the said monthly payments being subject always to adjustment as in this Agreement provided.

It is understood that the power developments necessary to supply the contract demand are of such size that they cannot advantageously be financed exclusively in Canada; and that therefore it will be desirable that the bonds issued by the Company to finance the development be payable, principal and interest, at the option of the holder, in gold coin of the United States of America, as have been the bonds of the Province of Ontario and of the Dominion of Canada which have been sold in the United States since the war. The Commission agrees to make all the payments to be made by it under this Agreement, in lawful money of Canada or in gold, as requested by the Company, at Toronto. If, however, and when the export of gold from Canada be embargoed, the Commission will, at the request of

the Company make such payments in New York funds. The Commission shall also have the right at its option to make any such payments at any time in New York funds.

3. (b) To pay the said monthly payments to the Company on the 20th day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the 10th; provided that if any bill remains unpaid on the 20th of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment and all payments in arrears shall bear interest at the rate of seven per cent. (7%) per annum; provided further that if the Commission or the Company be entitled to any adjustment in respect of any payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and no portion of any monthly payment shall be postponed pending determination of any such adjustment, except if and to the extent that any decision or determination on such adjustment (even though under appeal) shall have held the Commission entitled to the adjustment.

3. (c) At all times to take and use the three-phase power in such manner that the current will be equally taken from the three phases and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%), the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (d) At all times to take and use the power set out in Clauses 1 (a), 1 (b), 1 (c), and 1 (d) hereof, so as not to exceed the weekly takings as specified in Clause 2 (c) herein; provided that the Commission may at any time, but subject to the provisions of Clause 2 herein, increase the rate of taking of power to an amount in excess of the Contract demand, up to the limits of the overload capacity of all the equipment used from time to time by the Company exclusively to meet its obligations hereunder, and of all the unused and available capacity of the remaining 25 cycle equipment of the Company, including such spare capacity as the Company may install in order to reasonably provide for meeting the Company's obligations under this Agreement.

3. (e) To give to the Company from time to time such information as it reasonably can regarding its expected requirements in kilowatt hours from the Company, particularly as to any probable reduction in such requirements for any prospective period of light load. The intent of the parties in this clause is so far as is possible by reasonable co-operation to provide for the most economic use of the storage waters on the Gatineau watershed.

4. (a) The measurement of electrical power or energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters, provided and installed by the Company and so arranged as to measure and record accurately the said power. Readings from the said kilowatt-hour meters shall be taken daily at the same hour and recorded by the Company on forms supplied by the Commission. Records from the said kilowatt-hour meters and the said recording demand meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The weekly taking of energy shall be determined from the weekly readings of the said kilowatt-hour meters. The power delivered under this Agreement shall be that recorded by the above mentioned polyphase recording demand meters and the demand shall be the greatest integrate demand for any twenty (20) consecutive minutes as determined from coincident readings of the meters used in the measurement of this power, provided that nothing in this sub-clause shall be construed as increasing any obligation of the Company under Clause 1.

4. (c) The power and energy covered by this Agreement shall be delivered at approximately two hundred and thirty thousand (230,000) volts (subject to Clause 2-a) as hereinbefore mentioned at the boundary between the Provinces of Ontario and Quebec at or near Chats Falls, and the Company shall install the suitable and necessary transformers, and

either two transmission circuits of three wires each, or a single circuit loop of three wires for transmission from the generating plant or plants to the point of delivery, of a type and capacity approved by the Commission. Instead of installing two circuits from the generating plants to the point of delivery, the Company may, at its option, install one single circuit loop connecting the point of delivery and the generating plants (in any event there shall be two circuits at point of delivery), or at the option of the Company, the circuits, double or loop, may in whole or in part be of One Hundred and Ten Thousand (110,000) or other intermediate voltage lower than approximately Two Hundred and Thirty Thousand (230,000); the Company in this case shall provide all the necessary intermediate step-up transformers and other equipment involved and make delivery at approximately Two Hundred and Thirty Thousand (230,000) volts according to the requirements of this Agreement. The power and energy supplied under this Agreement shall be measured on the generator voltage side of the Two Hundred and Thirty Thousand (230,000) volt step-up transformers at Farmer's, Chelsea and/or Paugan and no adjustment of such measurement shall be required except as below provided, the loss in single step transformation from generator to transmission voltage (approximately 230,000 volts as above) and transmission at this voltage from the transforming station or stations to the point of delivery having already been considered in the price herein specified. Such allowable losses shall not, however, in any case, include (1) more than one transformation loss on the total amount of power or energy involved, or (2) additional losses due to transmission at any intermediate voltage or to additional length of transmission. Any additional losses due to (1) and (2) shall be borne by the Company.

The Company will provide a suitable communication system between its plants and the point of delivery.

4. (d) Access to said instruments and transformers belonging to the Company shall be free to the Commission at any and all times and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days' previous notice in writing, of its desire to test such measuring instruments.

4. (e) Measuring instruments with the necessary current and potential transformers for the measurement of electrical power or energy hereunder shall be provided, installed and maintained by the Company.

The Company agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder, at least once in each sixty (60) days. The Commission shall be advised at least five (5) days before the day of the test so they may if they so desire have a representative present to witness and verify such test. At any time the Commission notifies the Company that it believes that such meters or any of them are not within the closest practicable agreement with perfect accuracy, said meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice. If any meters shall be found, on regular or special test, to be inaccurate, it shall be properly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected. The Company shall repair or replace and retest defective meters or measuring equipment within a reasonable time. During any time there is no meter in service it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (f) The Commission may from time to time at its option install duplicate measuring equipment including necessary current and potential transformers at the points of measurement for the purpose of checking the records obtained from the Company's measuring equipment or for any other purpose.

4. (g) The Company shall be responsible for any damages to property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Company's property, providing such damage originates from a source external to the said apparatus of the Commission and is not due to defects in the apparatus of the Commission.

4. (h) The kilowatts, kilovolt-amperes, kilowatt hours, or any other factor or quantities shall be determined directly or indirectly from the

measuring equipment provided for in this Clause 4, and the University of Toronto electrical standards shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, the maintenance by the Company of approximately the agreed voltage, at approximately the agreed frequency, at the point of delivery, together with the ability of the Company to meet the requirements of the Commission under this Agreement, shall constitute the delivery of power involved in this Agreement, provided, however, that the provision in Clause 2 (a) as to 2% regulation of voltage shall apply only at the points of generation.

5. (b) In case the Company shall, at any time or times, be prevented from delivering, or the Commission from receiving the said power, or any part thereof, by strikes, lockouts, riots, fire, invasion, explosion, act of God, the King's enemies, or any other similar cause or causes reasonably beyond the control of them or either of them, then to the extent of such prevention, the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power as aforesaid and the Commission shall pay for the same.

The Commission agrees, however, that in no period of seven consecutive years, beginning October 1st, 1928, shall the aggregate of the payments made by it to the Company be reduced under this Clause 5 (b) by more than ten per cent. (10%), (that is seventy per cent. (70%) of the average annual payment during the period) by reason of the Commission being prevented from receiving the said power.

5. (c) The Company shall have the right at reasonable times and when possible after due notice has been given to the Commission to discontinue or reduce to the extent necessary the supply of power to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming or transmitting equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible, arranged for at a time least objectionable to the Commission.

During such interruptions, the Commission shall be released from its obligations to pay for such power as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission.

6. One or more representatives or engineers of the Commission designated for this purpose, may, at any reasonable time, during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this Agreement is generated, and to take and obtain records therefrom as required. Representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical and hydraulic records of the Commission pertaining to the power supplied under this Agreement.

7. If any disputes arise between the parties hereto relative to the fulfilment of any of the terms, provisos or conditions of this Agreement, or as to the method or accuracy of the measurement of power or any other question which may arise under this Agreement, the same shall be promptly referred to arbitration under the Arbitration Act of the Province of Ontario, and shall be determined under the present laws of the Province of Ontario and when possible in a summary manner. The findings of the Arbitrator or Arbitrators shall be final and binding upon both parties hereto, except that either party may appeal from an award of the arbitrators as provided in the said Arbitration Act, and that the

right of appeal to the Supreme Court of Canada and to the Privy Council shall not be limited.

The Commission may pursue any or all of its remedies either concurrently or in the alternative and may treat as cumulative any or all of its remedies hereunder. The Commission may waive any default under this Agreement but such waiver shall be limited to the particular instance and shall not affect the Commission's rights under this contract.

Any failure by the Company to deliver or have available the full amount of electrical energy to which the Commission is entitled hereunder, all in the manner and under the conditions herein specified, shall be adjusted as herein provided, including the provisions for arbitration herein contained, and shall not in any event be cause for cancellation of this Agreement.

8. In case of the failure of the Company in any week to have available as set forth in Clauses 1 and 2 the full amount of electrical power or energy to which the Commission is entitled hereunder in such week, there shall be a proportionate reduction in the sums payable by the Commission to the Company for such week; that is, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt hours which the Company fails to have available as aforesaid bears to eighty-eight (88) times the then contract demand; and in addition if such failure of the Company is due to causes within its control (deficiency of stream flow or any of the matters in Clause 5 (b) shall in no way be deemed to be within the control of the Company nor shall interruptions under Clause 5 (c) be deemed within the control of the Company, but financial difficulties are to be considered within the control of the Company), the Company shall pay to the Commission, as liquidated damages, a sum equal until October 1st, 1943, to fifty per cent. (50%) of the reduction so made in the sums payable by the Commission to the Company; thereafter, to one hundred per cent. (100%).

9. This Agreement shall be binding upon both parties hereto upon its execution and shall continue in force for a period of thirty years, which period shall begin on the day and date when power is first taken hereunder.

10. The Commission shall be entitled at the termination of this Agreement, or within thirty days thereafter, to remove from the Company's premises any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

11. The Commission agrees to observe strictly all Quebec and other laws affecting the exportation, outside of Canada, of the electric power or energy supplied by the Company to the Commission under this Agreement.

12. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may, from time to time, file with the other. The parties agree each to maintain its address on file with the other.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers.

SUPPLEMENTARY AGREEMENT

To Indenture dated "May 19th," 1926.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,

—and—

GATINEAU POWER COMPANY, hereinafter called the
"Principal Agreement."

The Company may on or before August 1, 1926, notify the Commission that due to its inability theretofore to obtain certain specified and necessary rights, permits, licenses or franchises or to consummate the purchase of the Pagan water power, it is unable to proceed further with the Principal Agreement, unless the Commission will agree that the Company shall not be liable for any partial or total failure to deliver electrical power or energy under the Principal Agreement, which is due to the inability of the Company to obtain the necessary rights, permits, licenses and franchises so specified which it shall not have obtained, or to the inability of the Company to consummate its purchase of Pagan. Thereupon and within fifteen days thereafter the Commission shall notify the Company whether the Commission is willing to make such Agreement. If the Commission is unwilling to make such Agreement, the Principal Agreement shall be at an end and neither party shall be liable to the other. If the Commission does make such Agreement, and the Company thereafter makes a partial failure to deliver electrical power or energy, as herein provided, and such partial failure is of a permanent nature, a corresponding reduction shall be made in the contract demand.

The Commission agrees that it will promptly join with the Company in an application for the Ottawa River crossing in the neighbourhood of Chats Falls, and will prepare and have ready an application for this purpose together with all necessary accompanying plans on or before May 20, 1926. BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,

—and—

GATINEAU POWER COMPANY, hereinafter called the
"Principal Agreement."

The rates to be paid and payments to be made by the Commission, as set out in sub-clause (a) of Clause 3 of the Principal Agreement, shall, subject to the provisions of this supplementary agreement include all compensation to the Company for all taxes, rentals, licenses, fees and charges that may be levied, assessed or imposed by Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof. If, however, while the Principal Agreement shall continue in force (1) any Dominion or Provincial taxes or charges not now in existence should be created, or any now existing be increased, or (2) the rentals or royalties which are payable as now specified under the lease from the Crown of the Pagan water power generating the electrical energy supplied to the Commission hereunder shall be increased in such manner as to increase the cost to the Company in respect of these items of the electrical power or energy kept available for and delivered to the Commission under the Principal Agreement, then in each and any such case, an increase shall be made in the payments by the Commission to the Company hereunder which shall after crediting any reductions in any of such items exactly compensate the company for the increase thereby occasioned in the cost to the Company of the electrical power or energy kept available for and delivered to the Commission under the Principal Agreement.

The recently authorized Quebec tax not yet promulgated is not considered as now in existence.

SUPPLEMENTARY AGREEMENT

To Indenture dated May 19, 1926.

BETWEEN:

HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

—and—

GATINEAU POWER COMPANY (hereinafter called the
"Principal Agreement").

1. The place of delivery of the power and energy shall instead of being at the boundary between the Provinces of Ontario and Quebec at or near Chats Falls as mentioned in one of the recitals in the Principal Agreement and required by Clause 4 (c) of the Principal Agreement, be a point in the Province of Ontario ten feet distant from the boundary between the Provinces of Ontario and Quebec at or near Chats Falls.

2. It is understood and agreed between the parties hereto that the said change in place of delivery shall not subject the Company to the burden of taxes, fees or other charges levied, assessed or imposed in respect of the electrical power or energy sold and delivered under the Principal Agreement and supplementary agreements as hereinafter provided by or under the authority of the Province of Ontario or any taxing authority thereof or therein; and notwithstanding any provision of the Principal Agreement or of the agreement supplementary thereto between the parties (hereinafter mentioned) relating to the rates to be paid and payments to be made by the Commission and the inclusion therein of compensation to the Company for taxes, rentals, licenses, fees, and charges of Dominion, Provincial or municipal or other authorities, the Commission will indemnify the Company against and reimburse the Company for any and all taxes, fees and other charges which may at any time be levied, assessed or imposed by the Province of Ontario or any authority thereof or thereunder, including any municipality therein, in respect of the ownership, operation, maintenance or use of the ten feet of transmission lines in Ontario, or in respect of the transmission, sale or delivery of power or energy under the Principal Agreement and supplementary agreements or in respect of the gross or net income derived therefrom, whether any such tax, fee or other charge is levied, assessed or imposed upon the Company itself or its property, or upon the owner of such ten feet of transmission lines (if the same is not owned by the Company) or upon the property of such owner.

3. The Principal Agreement and the four supplementary agreements for the following purposes:

- (1) Agreement in reference to the Company's ability to obtain certain rights and franchises to permit it to make delivery of power to the Commission, and in default of it being able to do so before August 1st, 1926, making certain provisions for cancellation of the Principal Agreement;
- (2) Agreement with reference to additional or increased Dominion or Provincial taxes and charges, providing that the Commission must pay the same;
- (3) Agreement relieving the Company from liability for failure to deliver power under the Principal Agreement due to any Act of the Province of Quebec;
- (4) Agreement relieving the Company from installation of apparatus of maximum voltage higher than that which the manufacturers are willing to recommend;

Together with this Supplementary Agreement, are hereby entered into as of the 19th day of May, 1926, and all the covenants, terms and conditions set out in the Principal Agreement and the aforesaid five supplementary agreements are hereby agreed to by the parties hereto as of the 19th day of May, 1926.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers this 27th day of July, 1926.

SCHEDULE "B"

BETWEEN:

THE ONTARIO HYDRO-ELECTRIC POWER COMMISSION

—AND THE—

GATINEAU POWER COMPANY

1. AGREEMENT, AS OF DECEMBER 28TH, 1927.
2. AGREEMENT, AS OF DECEMBER 28TH, 1927.

1

This Indenture dated the 28th day of December, A.D. 1927.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called "the Commission,"

of the first part

—and—

GATINEAU POWER COMPANY, hereinafter called "the
Company"

of the second part.

Witnesseth That

Whereas the Commission, acting under *The Power Commission Act, 1927*, 17 Geo. V., Chapter 17, and Amendments thereto, is authorized to enter into an Agreement for the purchase of electrical power and energy for the Commission;

And whereas the Company is duly incorporated under laws of the Province of Quebec, and is carrying on business for the production and sale of electrical power and energy;

And whereas the Company is prepared to deliver electrical power and energy from its present and future developments on the Gatineau River and elsewhere in the Province of Quebec to the Commission at the points in Ontario hereinafter provided, and is willing to enter into an Agreement with the Commission for such purposes;

Now therefore this Indenture witnesseth:

That for the consideration herein contained, the parties hereby covenant, promise and agree as follows:

1. The Company agrees:

(a) To keep available for delivery to the Commission and deliver when and as required by the Commission on the conditions herein contained electrical power and energy which shall not be less than the minimum amounts specified in the following schedule during the times therein mentioned namely:

Commencing on the First day of October, 1928, and continuing until increased on the First day of October, 1929, the minimum amount of six thousand horsepower (6,000 H.P.);

Commencing on the First day of October, 1929, and continuing until increased on the First day of October, 1930, the minimum amount of twelve thousand horsepower (12,000 H.P.);

Commencing on the First day of October, 1930, and continuing until increased on the First day of October, 1931, the minimum amount of eighteen thousand horsepower (18,000 H.P.);

Commencing on the First day of October, 1931, and continuing until increased on the First day of October, 1932, the minimum amount of twenty-four thousand horsepower (24,000 H.P.);

Commencing on the First day of October, 1932, and continuing until increased on the First day of October, 1933, the minimum amount of thirty thousand horsepower (30,000 H.P.);

Commencing on the First day of October, 1933, and continuing until increased on the First day of October, 1934, the minimum amount of thirty-six thousand horsepower (36,000 H.P.);

Commencing on the First day of October, 1934, and continuing until increased on the First day of October, 1935, the minimum amount of forty-two thousand horsepower (42,000 H.P.);

Commencing on the First day of October, 1935, and continuing until increased on the First day of October, 1936, the minimum amount of forty-eight thousand horsepower (48,000 H.P.);

Commencing on the First day of October, 1936, and continuing until increased on the First day of October, 1937, the minimum amount of fifty-four thousand horsepower (54,000 H.P.);

Commencing on the First day of October, 1937, and continuing so long as this Agreement shall continue in force the minimum amount of sixty thousand horsepower (60,000 H.P.);

Provided that each minimum amount specified in the said schedule shall be the contract demand during the time therein mentioned unless and until increased as provided herein:

1. (b) To keep available for delivery to the Commission and deliver when and as required by the Commission after written notice from the Commission given from time to time prior to the First day of October, 1938, and effective subject to the provisions of Sub-clause (e) of Clause 3 additional electrical power and energy in addition to the then contract demand up to but not exceeding that amount which with the then contract demand will make a total amount of one hundred thousand horsepower (100,000 H.P.) provided that the total amount of electrical power and energy from time to time to be kept available shall be the contract demand; provided that any additional amount or amounts required by the Commission by notice or notices from time to time under this Sub-clause (b) or such portion thereof as the Commission may determine shall be applied at the option of the Commission to be expressed in such notice: (A) to take up and form part of the increases in minimum amounts provided for in Sub-clause (a) of this Clause 1; or (B) to add to the said minimum amounts as a permanent addition thereto and increase of contract demand, in which case the Commission shall be entitled to the increases in minimum amounts provided for under Sub-clause (a) and all the additions under Sub-clause (b) up to but not exceeding the total amount of one hundred thousand horsepower (100,000 H.P.); and provided further that the total amount including the minimum of sixty thousand horsepower (60,000 H.P.) and subject to the above option all electrical power and energy in addition thereto which the Commission shall have ordered by notice as aforesaid prior to the first day of October, 1938, shall constitute the contract demand commencing on the said First day of October, 1938, or so soon thereafter as the same shall be available but in any event not later than the year or two years respectively allowed under Sub-clause (e) of Clause 3 and continuing so long as this Agreement remains in force subject always to any increase which may be made under Sub-clause (a) of Clause 2; One hundred thousand horsepower (100,000 H.P.) or such greater amount as shall have become the contract demand by reason of increase under Sub-clause (a) of Clause 2 shall be the contract demand governing this Agreement; and shall remain unaltered notwithstanding the provisions for ten per cent. (10%) excess in Sub-clause (e) of Clause 2, except as therein provided;

1. (c) To install at its said Gatineau River and other developments sufficient equipment and also transmission lines so as to insure fulfilment at all times of the terms of this Agreement.

1. (d) To provide a storage reservoir, or storage reservoirs on the Gatineau River of at least 82,000,000,000 cubic feet capacity this amount having been determined by the Quebec Streams Commission as the appropriate amount to provide a normal minimum regulated stream flow at Chelsea in excess of 9,000 c.f.s.; to use its best efforts to have such storage administered to the best advantage to facilitate its performance of this Agreement; to deliver the full amount of electrical power and energy called for in the preceding sub-clauses of this clause and Sub-clause (b) of Clause 2 at all times when the stream flow at Chelsea would be at least equal to such normal minimum of 9,000 c.f.s. with a capacity of 82,000,000,000 cubic feet of storage; at all times when with storage capacity provided to the amount of 82,000,000,000 cubic feet as aforesaid the river would not have provided a stream flow at Chelsea of 9,000 c.f.s., the amount of electrical energy to which the Commission is entitled hereunder shall during the period of such deficiency be reduced in the same percentage by which the stream flow available with storage capacity to the amount of 82,000,000,000 cubic feet would have fallen below the said minimum;

Provided that the storage reservoir or reservoirs mentioned in this sub-clause shall be the same and shall not be in addition to the storage reservoir or reservoirs mentioned in the contract between the Company and the Commission dated the 19th day of May, A.D. 1926;

1. (e) If at any time or times, however, the Commission anticipates a deficiency in stream flow below the said normal minimum regulated flow within the ensuing six (6) months' period, it may give to the Company written notice stating and certifying as facts that the Commission anticipates during the ensuing six (6) months such a deficiency in stream flow as would prevent the Company making full deliveries to the Commission throughout that period, that because and only because of such anticipated deficiency and of its desire to regulate its supply during the said period the Commission desires the Company to curtail its deliveries to the Commission at times during such period, specifying the weeks during which the Commission desires such curtailment made, and certifying the number of kilowatt hours which the Commission would require in each such week were it not for such anticipated deficiency, the number of kilowatt hours curtailment which the Commission desires in each such week, and the number of kilowatt hours which the Company is to deliver to the Commission in each such week under such curtailment programme. Such notice shall be delivered to the Company at least one clear week before the first week in which it requires curtailment. The Company shall thereupon reduce as therein required its deliveries to the Commission, and shall not be considered to have held available for the Commission in any week specified in such notice the kilowatt hours of curtailment specified in the notice, and the Commission shall be entitled to a reduction in its payments for such week in the ratio which the kilowatt hours of curtailment bear to full contract deliveries; if at the end of such six months' period it shall appear that there was in fact water available either from storage or precipitation or natural run-off for the supply of all or part of the kilowatt hours of curtailment then to the extent to which there was in fact water available as aforesaid to generate such kilowatt hours of curtailment, the Commission shall promptly make good with interest at six per cent. (6%) per annum the amount by which its payments have been reduced on account of such curtailment.

If the anticipated deficiency in fact occurs the Commission shall at all times during the six months' period specified in such notice be entitled to receive within the requirements imposed by the curtailment notices of the Commission and the provisions of sub-clause (b) of Clause 2 the full amount of the contract power and energy subject to sub-clause (d) of this Clause.

The Commission may at any time vary the curtailment specified in such notice for any week by giving the Company written notice of such modification at least seven days before the beginning of such week;

2. (a) The power delivered hereunder shall be alternating, three-phase, having a periodicity of approximately 60 cycles per second and a pressure between phase wires of approximately one hundred and fourteen thousand (114,000) volts at the Interprovincial boundary at or near Ottawa; the Company shall maintain the generator voltage within 2%

of the generator voltage corresponding to the 114,000 volts at the said Interprovincial boundary; the power delivered hereunder shall be commercially continuous twenty-four hour power every day in the year except as provided herein; the Company shall install suitable and necessary works and equipment for such purposes including two transmission lines of three conductors each from the generating plant or plants of the Company to the points of delivery of a type and capacity approved by the Commission.

The Company at all times shall use its best endeavour to co-operate with the Commission by such means and to the extent it may consider proper to meet the requirements of the Commission in variation of the aforesaid voltage so as to furnish a voltage satisfactory to the Commission; when the maximum contract demand shall have been determined under this agreement the Company shall co-operate with the Commission to the end that power may be furnished to the Commission from a separate group of generating units and/or transforming units independent of (not in parallel with) any other system or from a source or sources of power independent of generating systems other than the generating systems of the Company on the Gatineau and Ottawa Rivers and their tributaries.

If the Commission gives notice in writing to the Company that it requires power to be supplied to it from separate equipment or from a separate group of generating units and/or transforming units as aforesaid and if the Company claims that for such purpose works and equipment are necessary in addition to the works and equipment of the Company then in existence or changes are thereby necessary in the said then existing works and equipment of the Company then the Company within six months of receipt of the said notice from the Commission shall give to the Commission full details of the additional works and equipment and/or changes which it alleges to be necessary together with an itemized statement showing in detail the estimated cost thereof. If upon the receipt of the said details the Commission agree with the proposals and approves of the extent and type of the additional works and equipment and/or changes as proposed by the Company, then the Company shall upon the request of the Commission proceed with the work and when completed the Commission shall pay one-half of the balance of the cost thereof remaining after deducting from the total such amount as may be agreed upon or determined as the salvage value and accrued depreciation on the equipment, plant or part thereof replaced in the then existing plant by reason of the said additional works, equipment and/or changes, but if the Commission and the Company do not agree as to the necessity for or desirability of the extent and type of additional works and equipment and/or changes as proposed by the Company the Commission may nevertheless request the Company to proceed with such additional works, equipment and/or changes, or such part thereof as the Company deems necessary to enable it to meet the requirements of the Commission under the notice as aforesaid, and in such case the Company shall thereafter as speedily as possible proceed with such additional works and equipment and/or changes, and in such case the Commission shall pay to the Company one-half of the balance of the cost thereof (remaining after deducting from the total such amount as may be agreed upon or determined as the salvage value and accrued depreciation of the equipment, plant or part thereof replaced in the then existing plant by reason of the said additional works and equipment and/or changes) as may under the terms of this Agreement be finally determined as having been necessary expenditures by the Company in order to enable it to comply with the said notice in writing as aforesaid.

If in order to furnish power to the Commission from separate equipment or independent sources as aforesaid it is necessary for the Company to allot a unit of equipment or group of units for such service when the normal capacity of the said unit or group together with the other units forming the group is greater than the then contract demand and the Company cannot alter or re-arrange the said unit or group the Company shall have the option (a) of requiring the Commission to increase the contract demand as provided in sub-clause (b) of Clause 1 to any amount up to that amount which shall require all the normal capacity of the said unit or groups with the other units forming the group or (b) of supplying power from the said unit or group both to the Commission

and also to other customers of the Company but not connected to (not in parallel with) other generating units to such an extent that the Commission's contract demand and the other loads will approximately equal the normal capacity of the said unit with the other units forming the group; the change in contract demand contemplated by this sub-clause (a) shall become effective even if thereby the maximum contract demand covering this Agreement as defined in sub-clause (b) of Clause 1 exceeds 100,000 horsepower; the excess of 10% provided for in sub-clause (e) of Clause 2 shall be over and above the contract demand as hereby changed.

2. (b) The Commission shall be entitled to the contract demand, up to a maximum weekly load factor of seventy per cent. (70%) thereof and no more; that is to say, that during each calendar week after October 1st, 1928, so long as this Agreement shall remain in force, the Commission shall be entitled, subject, to Clauses 3 (f), 5 (b) and 8, to receive such electrical energy as it shall require, not in excess of eighty-eight (88) kilowatt-hours for each horsepower of contract demand.

On Sundays and holidays, the Commission at the request of the Company, shall take not less than three (3) kilowatt-hours for each horsepower of contract demand. On Saturdays, the Commission, at the request of the Company, shall take not less than seven (7) kilowatt-hours for each horsepower of contract demand.

In the event of an increase in the contract demand occurring other than at the beginning of a calendar week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week.

2. (c) The maximum amount of electrical power and energy delivered by the Company at any time when the ratio of the kilowatts to the kilovolt amperes is less than eighty-five per cent. (85%) shall be eighty-five per cent. (85%) of the kilovolt amperes considered as true power or kilowatts, subject to the inadvertent taking under Clause 2 (d).

2. (d) It is understood and agreed that in the operation of extensive generation and transmission systems, consisting of several generating plants, in parallel, the control of the power and energy supplied from one system to another and the power factor thereof is to an extent within the control of the operators in the generating plants of the system from which the power and energy is supplied, and, in order to insure satisfactory operation in parallel with the other sources of supply of the Commission, it is agreed that the Company shall co-operate to the fullest extent, so far as normal operation of its Gatineau River generating and transforming systems and their interconnecting transmission systems will permit, with the Commission in controlling the power factor and the amount of power and energy delivered to the Commission by the Company hereunder.

The Commission on its part shall use its best efforts to keep its power demands on the Company's system within the contract demand and to maintain the power factor within the limits defined in Sub-clause (c) of this Clause 2 and will not intentionally permit its power demands to exceed the contract demand or the power factor to fall below 85%.

If by reason of such parallel operation, the Commission shall inadvertently receive electrical power from the Company at a lower power factor than herein provided, or in excess of the amount of the then contract demand, then the Commission shall not be subject to any charge hereunder for such excess taking of power and such excess taking shall not increase the contract demand as herein defined or increase the amount of the payment provided for in Sub-clause (b) of Clause 3 and shall not increase or affect, in any way, any obligation of, or impose any obligation upon the Commission hereunder; excepting that the Company shall forthwith notify the Commission of such excess and thereupon both parties shall exercise all skill and diligence so as to limit to the utmost such excess taking to a minimum amount and to the shortest possible period of time reasonably necessary for the proper adjustment of the load and power factor between the various generating plants;

2. (e) The Commission at any time or times, and otherwise than provided in Clause 2 (d) may, on notice in writing to the Company, take electrical power in excess of the then contract demand up to but not exceeding 10% in excess of the then contract demand; in each month in which any such excess is taken, the amount taken comprising both the then contract demand and such excess shall be deemed to be the contract demand for that month for all purposes under this Agreement; provided that the Commission shall in each year pay to the Company, as a minimum for not less than the equivalent of four months' taking of the said ten per cent. (10%) in excess of contract demand, whether any such excess is taken or not; provided, further, that except for the purposes of this Sub-clause nothing contained in this sub-clause shall affect the provisions of Sub-clauses (a) and (b) of Clause 1.

2. (f) If the Commission shall take in any week more kilowatt hours than it is entitled to take in such week, and the Company shall not in advance of such excess taking have filed with the Commission a protest against the same, then upon notice in writing from the Company, the Commission will adjust the matter by making a corresponding reduction in its takings in the next following week in which its requirements permit it to do so, and the Commission shall not be subject to any charge for such excess taking, or for any delay in making good the same. A protest from the Company for the purpose of this clause must be based upon a prior excess taking by the Commission and may not cover a period beyond the six months next following such excess taking. After receipt of such protest and during the period covered thereby, the Commission shall limit its weekly taking to the number of kilowatt-hours which it is entitled to take hereunder; always provided that the Company, so far as practicable, regulates the rate of delivery of power and the kilowatt-hours from time to time, as the Commission may direct.

2. (g) The Company shall be considered to have held available for the Commission in each week all the power and energy to which the Commission was entitled in that week unless the Company has failed so to do and the Commission complains forthwith of the Company's failure to have the power and energy available as aforesaid and within fourteen (14) days after the end of the week in which the failure occurs the Commission shall have given to the Company written notice of the complaint;

2. (h) The Commission and the Company will co-operate in respect of all matters of common interest, including plant and equipment, design, hydrology and storage, provided that the Commission and the Company shall each have the final decision and be responsible for its respective plants and properties. The Commission and the Company will also co-operate in respect of design and control, protective communication and other such features, as necessitate similar or co-ordinated equipment at the plants of each party. The Commission and the Company shall also install only first-class, modern equipment of such characteristics and type as are best suited for the service intended, and from time to time make such commercially reasonable changes in, or additions to, such equipment (other than major equipment), as will best serve the system as a whole. The Commission and the Company shall exercise all due skill and diligence, so as to secure the satisfactory operation as a system, of the plant, apparatus, and property of both the Commission and the Company.

3. The Commission agrees:

(a) To take from the Company all the electrical power and energy mentioned in Sub-clause (a) of Clause 1 at the times therein provided or at such earlier dates as may be required.

3. (b) To pay to the Company in monthly payments for the then contract demand at the following rates, namely:

- (1) For that part of the contract demand taken by the Commission at Ottawa as hereinafter provided which part shall not be less than approximately 25% of the contract demand at the rate of fifteen dollars (\$15.00) per horsepower per annum;
- (2) For the remainder of the contract demand at the rate of Fourteen Dollars and Seventy Cents (\$14.70) per horsepower per annum delivered as at Smith's Falls;

the said monthly payments shall be subject always to adjustments as in this Agreement provided;

The Commission agrees to make all payments to be made by it under this Agreement in lawful money of Canada or if demanded in gold of the present standard of weight and fineness in Canada, provided that if Canada suspends payment in gold then during the time of such suspension payments shall be made in lawful money of Canada, at such bank as the Company may designate in writing from time to time in the city of Toronto.

3. (c) To pay each said monthly payment to the Company after receipt of a bill therefor which shall be rendered by the Company to the Commission on the Tenth day of each month for the amount owing for the preceding month on or before the Twentieth day of the then current month; and all payments in arrears shall bear interest at the rate of Six per cent. (6%) per annum; provided, further, that if the Commission or the Company be entitled to any adjustment in respect of any such bill such adjustment shall be given effect to in the monthly payment next falling due.

3. (d) At all times to take and use the power and energy in such a manner that the current will be equally taken from the three phases and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%), the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (e) To give to the Company notice in writing from time to time of all power and energy in excess of the then contract demand which the Commission desires from the Company and is entitled to under this agreement; provided that so long as the contract demand after increase by the said additional power and energy does not exceed sixty thousand horsepower (60,000 H.P.) the Company shall not be obliged to deliver the said additional power and energy until one year after the receipt of such notice if generating equipment in addition to the then existing generating plants or new hydro-electric development is required for the delivery of the said additional power and energy and for the provision of such a reserve as may be necessary for the next ensuing increase in minimum power to be held available under sub-clause (a) of Clause 1 or such lesser period as may be necessary to provide such equipment and/or development; provided further that when the contract demand after increase by the said additional power and energy exceeds sixty thousand horsepower (60,000 H.P.) the Company shall not be obliged to deliver the said additional power and energy until one year after the receipt of said notice if generating equipment in addition to the then generating equipment is required for the delivery of the said additional power and energy nor until two years after the receipt of said notice if new hydro-electric development is required for the delivery of the said additional power and energy or such lesser periods as may be necessary to provide such equipment and/or development.

Within one month after receipt of the said notice from the Commission the Company shall give to the Commission notice in writing stating when the Company will have available and be ready to deliver the power and energy mentioned in the Commission's notice.

If the Company shall give notice to the Commission as hereinbefore provided that the Company requires time to make the same available then the Commission during the interval may obtain the said power elsewhere.

All 60 cycle power purchased by the Commission to meet the Commission's requirements for the Commission's central Ontario, Rideau, St. Lawrence and Ottawa Systems other than power already contracted for, by or being supplied to the Commission shall be purchased from the Company until the contract demand under this agreement shall have reached 100,000 horsepower or shall have been fixed at a lesser amount on the First day of October, 1938; provided always that if the Company fails to have power available at the times provided and in accordance with the terms of this agreement then the Commission in addition to its other rights hereunder may purchase the said 60 cycle power elsewhere.

The Commission at any time may itself develop power.

3. (f) To give the Company from time to time, such information as it reasonably can regarding its expected requirements in kilowatt-hours from the Company, particularly as to any probable reduction in such requirements for any prospective period of light load. The intent of the parties in this Clause is so far as is possible by reasonable co-operation to provide for the most economic use of the Company's storage waters.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters, so arranged as to measure and record accurately the said power and energy.

4. (b) The weekly taking of energy shall be determined from the weekly readings of the said kilowatt-hour meters. The power delivered under this Agreement shall be that recorded by the above-mentioned polyphase recording demand meters and the demand shall be the greatest integrated demand for any twenty (20) consecutive minutes as determined from coincident readings of the meters used in the measurement of this power.

4. (c) The power and energy covered by this Agreement shall be kept available for delivery to the Commission and shall be delivered at two points of delivery in the Province of Ontario, namely, at the Western boundary of the City of Ottawa; and at the Northern boundary of the Town of Smiths Falls.

4. (d) The point of measurement for the power and energy supplied under this Agreement shall be at the generating plant or plants of the Company and/or at, or near the points of delivery by meters provided, installed and maintained by the Company.

Whenever the said measuring instruments are connected at other than the points of delivery, their readings shall be subject to a correction and shall be corrected to give readings such as would be obtained by instruments connected at the points of delivery; such correction shall be based, as far as possible, on actual tests made on the apparatus concerned, or on calculations, based on a certified test data to be in accordance with the standard rules of the American Institute of Electrical Engineers.

Readings from the said kilowatt-hour meters shall be taken daily at the same hour and recorded on forms provided by the owner of the meters. Records from the said kilowatt-hour meters and the said recording demand meters shall be dated and forwarded promptly by the owner of the meters to the other party and such records shall be finally forwarded to the Commission and filed with the Commission, to be available for inspection of both parties at all reasonable times.

The Company will provide and maintain a suitable communication system between its plants and the points of delivery.

4. (e) Access to said instruments, transformers and other measuring equipment of either party shall be free to the other party at any and all times, and either party may test any such measuring equipment of the other party at any reasonable time in the presence of a Representative of the other party by giving to the other party seven (7) days' previous notice in writing of its desire to test such measuring equipment;

4. (f) The owner of the measuring instruments agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder, at least once in each sixty (60) days. The other party hereto shall be advised at least five (5) days before the day of the test, so it may, if it so desire, have a representative present to witness and verify such test. At any time, the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, said meter or meters shall be jointly tested within five (5) days from the receipt by the Company of the said notice. If any meter shall be found on regular or special test, to be inaccurate, it shall be properly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected.

The Company shall repair or replace and retest defective meters or measuring equipment within a reasonable time. During any time there is no meter in service, it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (g) The Commission may, from time to time at its option install duplicate measuring equipment including necessary current and potential transformers at the points of measurement for the purpose of checking the records obtained from the Company's measuring equipment or for any other purpose.

4. (h) Each party shall be responsible for any damage to property or apparatus furnished by the other party for the purpose of supplying or measuring power hereunder and installed on its property, providing such damage originates from a source external to said apparatus of the other party and is not due to defects in the apparatus of the other party.

4. (i) The kilowatts, kilovolt-amperes, kilowatt hours, or any other factors or quantities shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4, and the University of Toronto electrical standards shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) The maintenance by the Company of approximately the agreed voltage, at approximately the agreed frequency, as herein provided, together with the ability of the Company to meet the requirements of the Commission under this Agreement shall constitute the delivery of power involved in this Agreement, provided, however, that the provision in Clause 2 (a) as to 2% regulation of voltage shall apply only at the points of generation.

5. (b) In case the Company shall, at any time or times, be prevented from delivering, or the Commission from receiving the said power, or any part thereof, by strikes, lock-outs, riots, fire, invasion, explosion, hurricane, flood, act of God or the King's enemies, then to the extent of such prevention, the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power as aforesaid and the Commission shall pay for the same.

5. (c) The Company shall have the right at reasonable times and when possible after due notice has been given to the Commission to discontinue or reduce to the extent necessary the supply of power to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming or transmitting equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible, arranged for at a time least objectionable to the Commission.

During such interruptions, the Commission shall be released from its obligations to pay for such power as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission.

6. One or more representatives or engineers of the Commission designated for this purpose, may, at any reasonable time, during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this agreement is generated, and to take and obtain records therefrom as required. Representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical and hydraulic records of the Commission pertaining to the power supplied under this Agreement.

7. If any dispute arise between the parties hereto relative to the fulfilment of any of the terms, provisos or conditions of this Agreement or as

to the method or accuracy of the measurement of power, or any other question which may arise under this Agreement, the same shall be referred to arbitration under the present Arbitration Act of the Province of Ontario, R.S.O. 1914, Chapter 65, and shall be determined under the laws of the Province of Ontario and the findings of the said arbitrator or arbitrators shall be final and binding on both parties hereto except that either party may appeal from an award of the arbitrators as provided in the said Arbitration Act, and that the right of appeal to the Supreme Court of Canada and to the Privy Council shall not be limited.

8. In case of failure of the Company to have available in any week the full amount of electrical energy (kilowatt-hours) to which the Commission is entitled in such week there shall be a proportionate reduction in the sums payable by the Commission to the Company at the end of the month in respect of such week, that is the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt-hours which the Company fails to have available bears to eighty-eight (88) times the then contract demand in horsepower.

In case of the failure of the Company during any period to have available the full amount of electrical power (horsepower) to which the Commission is entitled hereunder, there shall be a proportionate reduction in the sum payable by the Commission to the Company for such period, that is, the amount accrued due from the Commission to the Company during such period shall be reduced by a sum having the same ratio to such accrued amount as the average number of horsepower of electrical power which the Company fails to have available during such period bears to the then contract demand in horsepower; no reduction shall, however, be made in respect of inadvertent failure of less than an aggregate of twenty minutes in any one week; provided that if during the week including such period the load factor of the electrical energy delivered to the Commission exceeds seventy per cent. (70%) of the contract demand as reduced by such average number of horsepower of electrical power which the Company fails to have available throughout such week the Commission shall credit on the reduction a rateable payment for the excess kilowatt hours.

Provided further that in respect of any one week the Commission shall be entitled to only one reduction in the amount owing for such week, such reduction being either in respect of energy or in respect of power whichever reduction shall be greater.

In addition if any such failure of the Company be due to causes within its control (deficiency of stream flow or any interruption mentioned in Sub-clauses (b) and (c) of Clause 5 shall not be deemed to be within the control of the Company) the Company shall pay to the Commission as liquidated damages agreed and fixed upon beforehand a sum of money equal to one hundred per cent. (100%) of the reduction so made in the sums payable by the Commission to the Company.

If in any period of twelve months while this Agreement remains in force the Company fails for a total of twenty-six weeks to have available the full amount of electrical power and energy which is necessary to perform the Company's obligation under this contract then notwithstanding anything in this Agreement the Commission at its option, by notice in writing to the Company given not later than three months after termination of such period, may to the extent of the deficiency reduce the said contract demand and purchase electrical power and energy elsewhere.

In case any of the works of the Company are wholly or partly destroyed and rendered unfit for service so as to prevent the Company from fulfilling its obligations under this contract, or so as to materially interfere with the Company in fulfilling its obligations, and such conditions shall exist for a period of six months without the Company taking such steps as the Commission consider satisfactory to remedy the same, the Commission may, in case the disability is total, cancel this Agreement, or in case such disability is only partial, reduce the contract demand to the delivery of the amount of power which, in the opinion of the Commission, the Company is capable of delivering under the circumstances.

9. The Commission may pursue any or all of its remedies either concurrently or in the alternative and may treat as cumulative any or all

of its remedies hereunder. The Commission may waive any default under this Agreement but such waiver shall be limited to the particular instance and shall not affect the Commission's rights under this Agreement.

10. This Agreement shall be binding upon both parties hereto, upon its execution and shall continue in force for a period of forty years from the First day of October, 1928, and shall end on the Thirtieth day of September, 1968.

11. Each party shall be entitled at any time prior to thirty days after written notice given by the other party after the termination of this Agreement, to remove from the premises of the other party any and all plant, apparatus and equipment which may have been installed by it for the supply or measurement of power hereunder.

12. The Commission agrees to observe strictly, all Quebec and other laws affecting the exportation outside of Canada of the electrical power and energy supplied by the Company to the Commission under this Agreement.

13. The rates to be paid and payments to be made by the Commission, as set out in sub-clause (b) of Clause 3, shall, subject to the provisions of this Agreement include all compensation to the Company for all taxes, rentals, licenses, fees and charges that may be levied, assessed or imposed by Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof. If, however, while this Agreement shall continue in force (1) any Dominion or Provincial taxes or charges not now in existence should be created, or any now existing be increased, or (2) the rentals or royalties which are payable, be increased in such manner as to increase the cost to the Company by reason of these items of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and any such case, an increase shall be made in the payments by the Commission to the Company hereunder which shall after crediting any reduction in any of such items exactly compensate the Company for the increase thereby occasioned in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission under this Agreement; provided that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed a tax for the purposes of this Clause and the liabilities and obligations of the Commission shall not be in any way increased thereby but the same shall be borne by the Company.

The recently authorized educational tax of the Province of Quebec not yet promulgated is not considered as now in existence.

14. The transmission lines and equipment in Ontario constructed or used by the Company for the purpose of delivering electrical energy under this Agreement shall be used solely for the said purpose and no electrical power or energy shall be transmitted or sold by means of the said lines and equipment except to the Commission.

15. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may, from time to time, file with the other. The parties agree each to maintain its address on file with the other.

In witness whereof the parties hereto have caused this Agreement to be executed under their corporate seals and the hands of their duly authorized officers.

This Indenture dated the 28th day of December, A.D. 1927.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called "the Commission,"

of the First Part;

—and—

GATINEAU POWER COMPANY, hereinafter called "the
Company,"

of the Second Part.,

Whereas by an Agreement bearing date the 28th day of December A.D. 1927 (hereinafter called the "contract") the Company agreed to deliver to the Commission, electrical power and energy for the price and on the terms therein set forth, and it has been agreed between the parties to vary certain provisions of the said Agreement and to add certain provisions thereto as hereinafter set forth.

Now it is hereby agreed:—

1. That the point of delivery of the electrical power and energy which the Company by the said contract agrees to deliver to the Commission shall be at a point on the interprovincial boundary between the Provinces of Ontario and Quebec between Remic Rapids and Lake Deschenes.

2. That the price or rate to be paid by the Commission to the Company for all electrical power and energy delivered to the Commission thereunder shall be according to the following schedule:

\$14.55 per horsepower per annum until such time as the contract demand (not including the excess power under sub-clause (e) of Clause 2 of the said agreement reaches Eighty thousand horsepower (80,000 H.P.).

\$14.50 per horsepower per annum from the time when such contract demand (not including the excess power under sub-clause (e) of Clause 2 of the said agreement) reaches Eighty thousand horsepower (80,000 H.P.) until it reaches one hundred thousand horsepower (100,000 H.P.).

\$14.45 per horsepower per annum from the time the contract demand (not including the excess power under sub-clause (e) of Clause 2 of the said agreement) reaches one hundred thousand horsepower (100,000 H.P.) to the end of the contract.

In addition thereto the Commission shall pay to the Company Thirty cents (30c) per horsepower per annum for all of the said electrical power or energy taken by the Commission at or near the Western boundary of the City of Ottawa, in the County of Carleton; Further, the Commission agrees that it will take at or near the Western boundary of the City of Ottawa not less than twenty-five per cent. (25%) of the contract demand under the said contract, and to the extent that the power and energy taken by the Commission at or near the Western boundary of the said City of Ottawa shall be less than twenty-five per cent. (25%) of the contract demand the Commission shall pay to the Company thirty cents (30c) per horsepower per annum on the amount of such deficiency. The rates hereby fixed are in lieu of the rates provided to be paid in and by the said contract and constitute an exact and agreed equivalent of the said rates having regard to the variation in the said contract hereby made.

3. The power and energy delivered under the said contract as hereby varied shall be measured as at the said interprovincial boundary.

4. The Company shall pay to the Commission the sum of Thirty Thousand Dollars (\$30,000.00) per annum payable monthly during the period of five years from the 1st day of October, 1928, or until the construction by the Commission of a second circuit or transmission line for the transmission of the said power and energy by the Commission within the Province of Ontario, whichever shall be the later date, and thereafter shall pay to the Commission the sum of Sixty Thousand Dollars (\$60,000.00) per annum payable monthly during the remainder of the period of forty years from the 1st day of October, 1928, mentioned in the said contract; such monthly payments shall be made on the 20th day of each month commencing with the 20th day of November, 1928, and the last payment on the 20th day of October, 1968; And the Company shall be relieved of all obligations under the said contract for the construction, maintenance and operation of transmission lines and communication systems within the Province of Ontario under the said contract. The Commission shall complete the first circuit or transmission line on or before the 1st day of October, 1928.

5. In case the Commission shall desire to renew the said contract as hereby amended and shall give to the Company notice of intention to renew the said contract at least five years prior to the 1st day of October, 1968, and shall pay to the Company the sum of Five Thousand Dollars (\$5,000), the Company shall renew the said contract upon the same terms as provided in the said contract as amended hereby (except as hereinafter provided and) except as to rates for power for such period or periods not exceeding forty years in all as the Company may at the time of such notice or at any time or times thereafter be entitled to generate electric power and energy from the power developments from which the power and energy shall have been supplied under the said contract; said rates for power and energy shall unless the parties agree be determined by arbitration in the same manner as is provided by the said contract for the determination of disputes thereunder.

The said contract if renewed shall not include any obligation upon the Company to pay any sums whatever as provided in paragraph 4 hereof.

6. The Company shall with this Agreement deliver to the Commission the undertaking of the Canadian Hydro Electric Corporation, Limited, for the due performance of this Agreement and the said contract by the Company which undertaking shall be in the following form:

Hydro-Electric Power Commission of Ontario,
190 University Avenue,

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1927, Chapter 57, and Amendments thereto, is authorized to enter into an Agreement for a supply of electrical power and energy to the Commission;

And whereas the Company is duly incorporated by Statutes of the Legislature of the Province of Quebec, for the purpose of the production and sale of electrical power and energy and is prepared to sell and deliver electrical power and energy to the Commission;

Now therefore this Indenture witnesseth that for the considerations herein contained, the Parties hereto covenant, promise and agree as follows:

1. The Company Agrees:—

(a) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1932, and thereafter so long as this Agreement shall continue in force, Thirty-five Thousand Horsepower (35,000 H.P.) of electrical power and energy on the conditions herein contained; Thirty-five Thousand Horsepower (35,000 H.P.) shall be the contract demand until such contract demand is increased, as provided in sub-clause (b) next following:

1. (b) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1933, and thereafter so long as this Agreement shall continue in force, an additional Forty Thousand Horsepower (40,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of Seventy-five Thousand Horsepower (75,000 H.P.) until such contract demand is increased, as provided in sub-clause (c) next following:

1. (c) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1934, and thereafter so long as this Agreement shall continue in force, an additional Fifty-four Thousand Horsepower (54,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of One Hundred and Twenty-nine Thousand Horsepower (129,000 H.P.) until such contract demand is increased, as provided in sub-clause (d) next following:

1. (d) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1935, and thereafter so long as this Agreement shall continue in force, an additional Sixty-seven Thousand Horsepower (67,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of One Hundred and ninety-six Thousand Horsepower (196,000 H.P.) until such contract demand is increased as provided in sub-clause (e) next following:

1. (e) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, commencing on the First day of October, 1936, and thereafter so long as this Agreement shall continue in force, an additional Fifty-four Thousand Horsepower (54,000 H.P.) of electrical power and energy on the conditions herein contained, making a total contract demand of Two Hundred and Fifty Thousand Horsepower (250,000 H.P.), which shall constitute the maximum contract demand under this Agreement.

1. (f) In the event of the diversion of water by the Company being measured not by maximum, but by daily average, or otherwise, then to deliver to the Commission, whenever required by the Commission, subject to Clause 2 and Clause 5, electrical power to the extent that such average or other method of measurement will permit, but only pro rata to the total power developed by the Company at Beauharnois Station up to a maximum of Fifteen per cent (15%) over the then contract demand without increasing the then contract demand, or without increasing the obligation of the Company to install spare equipment specified in Clause 1 (g), or any obligation of the Commission to pay under this Agreement.

1. (g) To install at its Beauharnois Power Development, sufficient equipment and spare equipment to insure fulfilment at all times of the terms of this Agreement, and for this purpose the Company shall provide excess or spare capacity, so that at all times the ratio of total capacity to contract demand shall be not less than One Hundred and Fifteen per cent. (115%).

2. (a) The power and energy delivered hereunder shall be alternating, three-phase, having a controlled average periodicity of twenty-five (25) cycles per second, and a pressure between phase wires not exceeding the commercial maximum voltage of approximately Two Hundred and Forty Thousand Volts (240,000 V.) subject to a reduction from time to time as the Commission may direct of not over Fifteen per cent. (15%) from the determined maximum voltage, and the equipment and apparatus installed by the Company in its Plants shall be suitable for operation to maintain this condition; the Company shall maintain under normal operating conditions, the generator voltage within Two per cent. (2%) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid, and shall install suitable equipment and apparatus for such purposes.

2. (b) Whenever the Commission shall require, from time to time, the Company shall increase or decrease the voltage and frequency of its Plant or Plants, within safe operating limits of the then existing equipment of such Plant or Plants to the extent required by the Commission, in order to insure operation satisfactory to the Commission in parallel with the other sources of supply. It is understood and agreed that in operation of Plants in parallel, the control of power factor and delivery of power in any generating Plant, is, to a large extent within the control of the operators in that Plant, and the Company agrees, so far as it can do so with its equipment installed, to operate its Plant so as to maintain power factor at its point of measurement to the Commission, and, also the delivery of power within the limits directed by the Commission, from time to time, provided that by so doing, it shall, if, and to the extent necessary, be relieved from its obligations as to voltage and frequency regulation specified in Clause 2 (a):

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of Eighty-five per cent. (85%) thereof, and no more; that is to say, that during each week after October 1st, 1932, so long as this Agreement shall remain in force, the Commission shall be entitled, subject to the provisions of Clause 5, to receive such electrical

energy as it shall require not in excess of One Hundred and Six and Fifty-three Hundredths Kilowatt-hours (106.53 kw.h.) for each horsepower of contract demand.

On Sundays and holidays the Commission, at the request of the Company, shall take not less than Three (3) Kilowatt-hours for each horsepower of contract demand; On Saturdays the Commission, at the request of the Company, shall take not less than Seven (7) Kilowatt-hours for each horsepower of contract demand.

In the event of any change in the contract demand occurring other than at the beginning of a week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week.

A week for the purposes of this Agreement shall commence at such time during the calendar week as the Commission shall give notice in writing to the Company.

2. (d) The maximum amount of the electrical power or energy delivered by the Company at any time when the ratio of the kilowatts to the kilovolt amperes is less than Eighty-five per cent. (85%), shall be Eighty-five per cent. (85%) of the kilovolt amperes considered as true power or kilowatts.

2. (e) In the application of the provisions of this Agreement, the Company shall be entitled to the same credit for horsepower and kilowatt-hours held available for the Commission, but not taken by the Commission, as if the same had been taken by the Commission, and except as provided in Clause 5, no failure by the Commission to provide the necessary transmission and other facilities to receive such power, and no failure to use the same, shall relieve the Commission from any of its obligations to make the full amount of payment herein specified to be made by it. For all purposes of this Agreement, the Company shall be considered to have held available for the Commission in each week, all the horsepower and kilowatt-hours to which the Commission was entitled in that week, unless the Company fails to have available the power which the Commission is entitled to and asks for under the provisions of this Agreement and the Commission complains of such failure at the time, and unless within Fourteen (14) days, or other time agreed upon, after the end of that week, the Commission shall have given to the Company written notice of the fact and approximate amount of the deficiency.

2. (f) If the Commission shall inadvertently take in any week, more kilowatt-hours than it is entitled to take in such week, the Commission will, upon request from the Company, adjust the matter by making a corresponding reduction in its takings in the next following three week period thereafter; always provided that the Company, so far as practicable, regulates the rate of delivery of power and the kilowatt-hours from time to time as the Commission may direct, as provided herein. But if, after receipt of such request from the Company, the Commission shall not during such three week period make good such excess taking and correspondingly reduce its takings during such three week period, then the Commission shall pay the Company for any excess energy so taken and not made good, as aforesaid, at twice the contract kilowatt-hour rate, which rate is a penalty rate and is not to be considered as giving the Commission the right to take intentionally excess energy.

2. (g) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the systems involved, it is necessary that the Commission and the Company co-operate.

The Commission and the Company will co-operate in respect of all matters of common interest, including without limiting the generality of the foregoing, design of plant and equipment, and design of control, protective communication and other features, which necessitate similar or co-ordinated equipment.

The Commission and the Company shall install only first-class modern equipment, of such characteristics and type as are best suited for the service intended, and shall, from time to time, make such commercially reasonable changes in, or additions to said equipment (other than major equipment) as will best serve to maintain the system as a whole, in accordance with good practice in the art as developed from time to time.

The Commission and the Company shall each be entitled to the final decision in respect of the design of its own plant and property, other than such features thereof as necessitate similar or co-ordinated equipment at the plant of each party as aforesaid; in the event of the Commission or the Company exercising such right of final decision, then the Commission or the Company, as the case may be, shall be responsible for the suitability for the purpose intended of plant or equipment constructed according to the design selected by it.

The Commission and the Company shall exercise all due skill and diligence, so as to secure the satisfactory operation as a system of the plant, apparatus and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of the high voltage specified and length of lines contemplated.

3. The Commission Agrees:

(a) To pay to the Company, in monthly payments for all power and energy under this Agreement, at the rate of Fifteen Dollars (\$15.00) per annum per horsepower of the contract demand, as follows:—

Forty-three Thousand Seven Hundred and Fifty Dollars (\$43,750.00) per month from 1st October, 1932, until 1st October, 1933;

Ninety three Thousand Seven Hundred and Fifty Dollars (\$93,750.00) per month from 1st October, 1933, to 1st October, 1934;

One Hundred and Sixty-one Thousand Two Hundred and Fifty Dollars (\$161,250.00) per month from 1st October, 1934, to 1st October, 1935;

Two Hundred and Forty-five Thousand Dollars (\$245,000.00) per month from 1st October, 1935, to 1st October, 1936;

Three Hundred and Twelve Thousand Five Hundred Dollars (\$312,500.00) per month, from 1st October, 1936, and thereafter so long as this Agreement shall continue in force.

The amount of Dollars per month is obtained by multiplying the amount of the then contract demand, as determined in Clause 1 hereof, by one and one-quarter ($1\frac{1}{4}$); the said monthly payments being subject always to adjustment, as in this Agreement provided.

3. (b) To make all the payments to be made by it under this Agreement in lawful money of Canada, by depositing the same to the credit of the Company at such Bank or other place in the City of Toronto, in the Province of Ontario, as the Company may, from time to time, designate, and to pay the said monthly payments to the Company on the Twentieth day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the tenth day of the month, provided that, if any bill remains unpaid on the Twentieth of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment, and all payments in arrears shall bear interest at the rate of six per cent. (6%) per annum; provided, further, that if the Commission or the Company be entitled to any adjustment in respect of any such payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and no portion of any monthly payment shall be postponed pending determination of any such adjustment except if and to the extent that any decision or determination on such adjustment (even though under appeal) shall have held the Commission entitled to the adjustment; every such adjustment shall include interest at the said rate of six per

cent. (6%) per annum on the amount allowed from the twentieth day of the month in respect to which such adjustment is allowed.

3. (c) At all times to take and use the electrical power in such manner that the current will be equally taken from the three phases, and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%) the Commission upon instructions from the Company shall so adjust its load as to comply with these requirements.

3. (d) At all times to take and use the power and energy set out in Clauses 1 (a), 1 (b), 1 (c), 1 (d), 1 (e) and 1 (f) hereof so as not to exceed the weekly takings, as specified in Clause 2 (c) herein.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters satisfactory to the Commission provided and installed by the Company, and so arranged as to measure and record accurately the said power and energy respectively. Readings from the said kilowatt-hour meters shall be taken daily at the same hour, and recorded by the Company on forms supplied by the Commission. Records from the said recording demand meters and the said integrating kilowatt-hour meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The power delivered and the demand in horsepower or either of them for the purpose of this Agreement shall be the integrated amount of power for twenty (20) consecutive minutes as determined from coincident readings of the above mentioned polyphase recording demand meters, provided that nothing in this sub-clause shall be construed as increasing any obligation of the Company under Clause 1 or the obligation of the Commission to pay under this Agreement.

4. (c) The weekly taking of the energy shall be determined from the weekly readings of the said integrating kilowatt-hour meters.

4. (d) The power and energy covered by this Agreement shall be delivered at approximately two hundred and forty thousand volts (240,000 V.), subject to Clause 2 as hereinbefore mentioned at the boundary between the Provinces of Ontario and Quebec, not further than five miles from Lake St. Francis, and the Company shall install the suitable and necessary transformers and transmission lines with circuits all of a number, type and capacity approved by the Commission. All electrical power and energy supplied under this Agreement shall be measured at the two hundred and forty thousand (240,000) volt step-up transformers at the Company's Beauharnois Station on the generator voltage side thereof, and no adjustment of such measurement shall be made for the loss in single step transformation from generator to transmission voltage (approximately 240,000 volts) nor for transmission loss to the point of delivery; the said transformer loss and said transmission loss at the said voltage from the transformer station to the point of delivery having already been allowed for, provided that if for any reason the measuring instruments are connected at other than the said point their readings shall be subject to a correction and shall be corrected to give results such as would be obtained by instruments connected at the said point.

The Company will provide a suitable communication system between its plants and the point of delivery.

4. (e) Access to said measuring instruments and transformers belonging to the Company shall be free to the Commission at any and all times, and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days' previous notice in writing of its desire to test such measuring instruments.

4. (f) Measuring instruments with the necessary current and potential transformers for the measurement of electrical power and energy here-

under shall be provided, installed and maintained by the Company satisfactory to the Commission.

The Company agrees to test each meter installed by it to measure the electric power and energy or either of them contracted for hereunder at least once in each sixty (60) days; the Commission shall be advised at least five (5) days before the day of the test so it may, if it so desires, have a representative present to witness and verify such test; at any time the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, such meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice; if any meter shall be found on regular or special test to be inaccurate, it shall be promptly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected; the Company shall repair and replace or retest defective meters or measuring equipment within a reasonable time; during any time there is no meter in service it shall be assumed that the energy consumed is the same as for the other days of the same month on which a similar load existed.

4. (g) The Commission may, from time to time at its option, install duplicate measuring equipment including necessary current and potential transformers at the points of measurement for the purpose of checking records obtained from the Company's measuring equipment or for any other purpose.

4. (h) The Company shall be responsible for any damage to property or apparatus furnished by the Commission for the purpose of supplying or measuring power or energy hereunder, and installed on the Company's property, provided such damage originates from a source external to the said apparatus of the Commission and is not due to defects in the apparatus of the Commission.

4. (i) The kilowatts, kilovolt amperes, kilowatt-hours and all other factors and quantities or any of them, shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4, and the standards of the University of Toronto or of the recognized national authority, if there be such generally accepted, shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, the maintenance by the Company of approximately the agreed voltage at the agreed frequency at the point of delivery, together with the ability of the Company to meet the requirements of the Commission under this Agreement shall constitute the delivery of power and energy involved in this Agreement.

5. (b) In case the Company shall at any time or times be prevented from delivering, or the Commission from receiving the said power and energy, or either of them, or any part thereof, by strikes, riots, fire, invasion, explosion, act of God, the King's enemies, or any other similar cause or causes reasonably beyond the control of them or either of them, then to the extent of such prevention the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power and energy during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus) and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power and energy, as aforesaid and the Commission shall pay for the same.

5. (c) The Company shall have the right at reasonable times and when possible, after due notice has been given to the Commission, to discontinue or reduce to the extent necessary, the supply of power and energy to the Commission for the purpose of safeguarding life or property or for the purpose of making repairs, renewals, or replacements to the generating, transforming or transmitting equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible, arranged for at times least objectionable to the Commission.

During such interruptions or reductions, the Commission shall be released from its obligations to pay for such power and energy, or either of them, as the Commission is entitled to receive, and the Company fails to deliver, or to hold available for the Commission.

5. (d) In case of the failure of the Company in any week to have available, as set forth in Clauses 1 and 2, the full amount of electrical power and energy to which the Commission is entitled hereunder in such week, there shall be a proportionate reduction in the sums payable by the Commission to the Company in respect of such week.

5. (e) The amount of reduction in the sums payable by the Commission to the Company for any week, or the amount which under Sub-clauses (b), (c) or (d) of this Clause 5, the Commission is not required to pay to the Company in any week shall be calculated in the following manner:

For energy, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt-hours which the Company fails to have available as aforesaid bears to 106.53 times the then contract demand in horsepower.

For power, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the deficiency (that is, the average number of horsepower of electrical power which the Company fails to have available) averaged for the week bears to the then contract demand in horsepower, the said deficiency shall be determined as follows: For each total or partial interruption the average amount of deficiency below the contract demand shall be taken and then all the deficiencies both as to amount and length of time shall be averaged for the week in proportion to the total hours for the week, that is, the said deficiency shall be the sum total of all deficiencies during the week in horsepower hours divided by the total number of hours in the week.

All such reductions shall be adjusted on the monthly bills in each case for the full weekly periods terminating within the month for which the adjustment is made; provided that if, during the week including such period, the load factor of the electrical energy delivered to the Commission exceeds eighty-five per cent. (85%) of the contract demand (as reduced by such average number of horsepower of electrical power which the Company fails to have available when required by the Commission throughout such week), the Commission shall credit on the reduction, a rateable payment for the excess kilowatt-hours; the Commission shall be entitled to only one reduction in respect of any one failure, such reduction being either in respect of energy or in respect of power, whichever shall be the greater.

No reduction shall be made for power in respect of inadvertent failure of less than an aggregate of twenty minutes in any one week.

5. (f) If any failure of the Company is due to causes within its control (and without limiting the generality of the foregoing words, financial difficulties of the Company shall be deemed to be included therein), the Company, in addition to the reductions under Clause 5, shall pay to the Commission as liquidated damages in respect of every such failure occurring during the first fifteen (15) years after the commencement date, a sum equal to fifty per cent. (50%) of the reduction made in the sums payable by the Commission to the Company, as set out in Clause 3, and thereafter, a sum equal to one hundred per cent. (100%) thereof, which liquidated damages shall be in addition to said reductions. Provided, however, that deficiency in stream flow or any interruption under Clauses (5 (b) or 5 (c) shall not be included in the term "causes within its control," as used in this paragraph.

6. One or more Representatives or Engineers of the Commission designated for this purpose, may, at any reasonable time during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power development at which the power supplied under this Agreement is generated and to take and obtain records therefrom as required. Representatives of the Company shall have similar rights in respect of the premises, apparatus,

plants, property and electrical and hydraulic records of the Commission, pertaining to the power supplied under this Agreement.

7. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained or hereby provided for or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to two arbitrators, one to be appointed by each party to the difference, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario, 1927, chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario. The award of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively but either may appeal from the award, and the right to appeal to the Supreme Court of Canada and to the Judicial Committee of the Privy Council shall not be limited by anything herein contained.

8. This Agreement is made subject to the terms of the Company's Emphyteutic Lease of the 23rd June, 1928, from the Government of the Province of Quebec, particularly the provisions of Clause 22 thereof relating to the export of power to the United States, which provisions shall be complied with by the Commission and may be enforced by the Company.

9. The rates to be paid and the payments to be made by the Commission for power as set forth in Clause 3 shall, subject to the provisions of this Agreement, include all compensation to the Company for all taxes, rentals, royalties, licenses, fees and charges that may be levied, assessed or imposed by Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement or any part thereof; if, however, while this Agreement shall continue in force, (a) any Dominion or Provincial (but not Municipal) taxes or similar levies not now in existence be created or any now existing be increased, or (b) any Dominion or Provincial rentals or royalties or similar charges for the use of water not now in existence be created or any now existing be increased, in such a manner as to increase the cost to the Company, by reason of these items, of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and any such case, an increase shall be made in the payments by the Commission to the Company hereunder, which shall, after crediting any reduction in any such items, exactly compensate the Company for the increase thereby occasioned, in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission hereunder; provided that in the event of any reduction in any such items the said increase in the payments by the Commission shall be reduced accordingly but not exceeding the total of the increase then in effect; provided that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed a tax for the purpose of this Clause, and the liabilities and obligations of the Commission shall not be in any way increased thereby but the same shall be borne by the Company; the recently authorized educational tax of the Province of Quebec not yet promulgated is not considered as now in existence.

10. This Agreement shall be binding upon both parties hereto upon its execution and shall continue in force until the expiry of a period of forty (40) years, which period shall begin on the first day of October, 1932.

This Agreement may be extended for a further term of forty (40) years upon mutual agreement of the parties hereto.

11. The Commission shall be entitled at any time prior to the expiration of thirty (30) days notice in writing, from the Company, delivered after the termination of this Agreement and the last extension thereof, to remove from the premises of the Company any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

12. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may from time to time file with the other; the parties agree each to maintain its address on file with the other.

13. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

14. The Company covenants and agrees with the Commission that if at any time hereafter during the continuance of this Agreement the Company should mortgage, hypothecate or charge any of its rights or immovable property which are necessary for the development of power or energy, or any part of such property or rights, to secure bonds or debentures or other securities of like nature, any such mortgage, hypothecation or charge shall be expressly made subject to all covenants, agreements and obligations on the part of the Company in this Agreement contained and shall provide that any sale of the property or rights so mortgaged, or any part thereof, under the provisions of such mortgage shall be made subject to the obligations of the Company in this Agreement contained, and that the mortgaged premises shall not be sold except to a purchaser who shall covenant and agree with the Commission to assume and perform the obligations of the Company in this Agreement contained and in all respects succeed to the position of the Company hereunder; and it is agreed that all the said provisions shall be conditions of every contract mortgaging, hypothecating or charging the immovable property or rights of the Company which are necessary for the development of power or energy, or any part of such property or rights, and shall be expressed therein as stipulations in favour and for the benefit of the Commission.

The Company further covenants and agrees with the Commission that it will not, except by way of mortgage, hypothecation or charge, assign its emphyteutic lease of the 23rd June, 1928, from the Government of the Province of Quebec, or transfer any of its plant or immovable property necessary to the development of power or energy except to an assignee or transferee who shall covenant and agree with the Commission to assume and perform the obligations of the Company in this Agreement contained and in all respects succeed to the position of the Company hereunder.

In witness whereof the Commission and the Company have caused this Agreement to be executed under their respective Corporate Seals and the hands of their proper officers duly authorized thereto.

 hereinafter called the "Company"

of the second part

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1927, Chapter 57, and amendments thereto, is authorized to enter into an agreement for a supply of electrical power and energy to the Commission;

And whereas the Company is duly incorporated under the laws of the Province of Quebec with power to produce and sell electrical power and energy;

And whereas the Commission subject to the terms of a lease from the Government of the Province of Ontario is the holder of certain rights for the development of power by and with the use of the waters of the Ottawa River at Chats Falls within the Province of Ontario;

And whereas the Company under and subject to the terms of an Emphyteutic Lease from the Government of the Province of Quebec and by freehold holds all the water power at Chats Falls on the Ottawa River within the Province of Quebec subject to the terms of the said lease and the payment of rental and Royalty except in respect of fifteen thousand horsepower (15,000 H.P.) which the Company holds in freehold as set out in the said lease which is for a term of seventy-five (75) years from the first day of March, A.D. 1926, and was made before Maitre Arthur E. And whereas the Commission and the Company as owners of the rights aforesaid are co-operating in the joint development of all power available from and with the use of the waters of the Ottawa River at Chats Falls on such Ottawa River within both the Province of Ontario and the Province of Quebec, and have also agreed that the Commission and the Company are each as between themselves entitled to the use of one-half of all waters

within the said Provinces which are available or which may hereafter become available for power purposes at Chats Falls on the said Ottawa River.

And whereas the Company is willing on the conditions herein contained to sell and deliver to the Commission all the electrical power and energy which it is entitled to produce from its share of the water as aforesaid and to enter into this Agreement in respect thereto; Subject to withdrawal of any such power and energy for use in the Province of Quebec as provided in the said Emphyteutic Lease and in this Agreement;

Now therefore this Indenture witnesseth that for the considerations herein contained the Parties hereto covenant, promise and agree as follows:

1. The Company agrees:

1. (a) To keep available for delivery to the Commission and to deliver to the Commission when and as required by the Commission on the conditions herein contained at the point of delivery hereinafter mentioned, ninety-six thousand horsepower (96,000 H.P.) of electrical power and energy in two blocks of forty-eight thousand horsepower (48,000 H.P.) each, commencing for the first block on the first day of October, A.D. 1931, hereinafter called the "commencement date," and for the second block on the first day of October, A.D. 1932, and continuing in each case so long as this Agreement shall remain in force, which first block of forty-eight thousand horsepower (48,000 H.P.) shall be the contract demand up to the said first day of October, A.D. 1932, and thereafter the said amount of ninety-six thousand horsepower (96,000 H.P.) shall be the contract demand until such contract demand is increased, as provided in Sub-clause (b) of this Clause 1; the horsepower comprising the contract demand from time to time shall be measured as provided in Clause 4 (b).

1. (b) Whenever from time to time the stream flow of the Ottawa River at Chats Falls proves sufficient for the development of more than one hundred and ninety-two thousand horsepower (192,000 H.P.) on the conditions herein contained whether by reason of the installation of additional storage facilities, more efficient operation of the same, increase in head or from any other cause whatsoever, then to keep available for the Commission and deliver to the Commission when and as required by the Commission and on the same conditions and at the same point of delivery all the electrical power and energy beyond the then contract demand which can be produced from the Company's half of the increased amount of water as shall be agreed upon between the Parties as capable of development, and the contract demand shall be correspondingly increased when the said power is available for delivery.

1. (c) To instal equipment having a total rated capacity of one hundred and eight thousand electrical horsepower (108,000 H.P.) for a contract demand of ninety-six thousand horsepower (96,000 H.P.) and from time to time thereafter whenever the contract demand is to be increased as provided in this Agreement, to instal additional equipment so that at all times the ratio of total rated capacity to contract demand shall not be less than one hundred and twelve and a half per cent. (112½%).

1. (d) Subject to Clause 2 and to Clause 5, to deliver to the Commission whenever required by the Commission, electrical horsepower to the extent that water is available up to the maximum available overload and spare capacity specified in Clause 1 (c) without thereby increasing the then contract demand.

2. (a) The power delivered hereunder shall be alternating, three (3) phase, having a periodicity of twenty-five (25) cycles per second and a pressure between phase wires not exceeding the commercial maximum voltage of approximately two hundred and thirty thousand (230,000) volts, subject to a reduction of not over fifteen per cent. (15%) from the determined maximum voltage from time to time as the Commission may direct, and the equipment and apparatus installed by the Company in its plant shall be suitable for operation to obtain this condition, provided, however, that nothing herein shall be construed as obligating the Company to instal apparatus having a capacity in excess of rated capacity at normal

voltage; the Company shall maintain the generator voltage under normal operating conditions within two per cent. (2%) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid and shall instal suitable equipment for such purposes, provided that if the Commission at any time takes power, as provided for in Clause 1 (d) in excess of the contract demand, then the Company shall, during such excess taking, maintain the voltage and frequency as aforesaid as nearly as possible with the equipment then installed.

2. (b) Whenever the Commission shall require, from time to time, the Company shall increase or decrease the voltage and frequency of its plant, within safe operating limits of the then existing equipment of such plant to the extent required by the Commission, in order to insure operation satisfactory to the Commission, in parallel with other sources of supply; it is understood and agreed that in operation of Plants in parallel, the control of power factor and delivery of power in any generating plant is, to a large extent, within the control of the operators in that plant, and the Company agrees, so far as it can do so with its equipment installed, to operate its plant so as to maintain the power factor at its point of measurement, to the Commission, and also to maintain the delivery of power in each case, within the limits directed by the Commission from time to time, provided that by so doing it shall, if and to the extent necessary, be relieved from its obligations as to voltage and frequency regulation specified in Clause 2 (a).

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of seventy per cent (70%) thereof, and no more; that is to say, that during each week after the first day of October, A.D. 1931, so long as this Agreement shall remain in force, the Commission shall be entitled, subject to the provisions of Clause 3 (e) and Clause 5, to receive such electrical energy as it shall require, not in excess of eighty-seven and seventy-three one-hundredths (87.73) kilowatt hours for each horsepower of contract demand, but nothing in this clause shall limit or affect the provisions of Clause 2 (g).

The Commission agrees to so take on all days during the week, at all times of low river flow, a sufficient share of the electrical energy which it is entitled to under this contract in order to prevent wastage of water during Saturdays, Sundays and holidays in such week, which waste water might otherwise have been used within the next week to fulfil the obligations under this Contract; the intent of the foregoing being to secure, at all times of low river flow, the most efficient use of the water to obtain the maximum output of the Plant; for the purposes of this clause, low river flow shall mean that river flow which is in any week insufficient to produce the contract amount of energy for the then contract demand.

In the event of any change in the contract demand occurring other than at the beginning of a week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week. A week for the purposes of this Agreement shall commence at such time during the calendar week as the Commission shall from time to time specify by notice in writing to the Company.

2. (d) The maximum amount of the electrical power and energy delivered by the Commission at any time when the ratio of the kilowatts to the kilovolt amperes is less than eighty-five percent (85%) shall be eighty-five percent (85%) of the kilovolt amperes considered as true power or kilowatts.

2. (e) In the application of the provisions of this Agreement, the Company shall be entitled to the same credit for horsepower and kilowatt hours held available for the Commission, but not taken by the Commission, as if the same has been taken by the Commission, and except as provided in Clause 5 (b) no failure by the Commission to take such power and energy, or either of them, shall relieve the Commission from any of its obligations to make the full amount of payment herein specified to be made by it; for all purposes of this Agreement, the Company shall be considered to have held available for the Commission in each week all the horsepower and kilowatt hours to which the Commission was entitled in that week unless

the Company fails to have available the power and energy which the Commission is entitled to and asks for under the provisions of this Agreement and the Commission complains of such failure at the time, and unless within fourteen (14) days, or other time agreed upon, after the end of that week, the Commission shall have given to the Company written notice of the fact and the approximate amount of the deficiency.

2. (f) If the Commission shall inadvertently take in any week more kilowatt hours than it is entitled to take in such week, the Commission will, upon request from the Company, adjust the matter by making a corresponding reduction in its takings in the next following three week period thereafter; always provided that the Company so far as practicable, regulates the rate of delivery of power and the kilowatt hours from time to time as the Commission may direct, as provided herein; But if, after receipt of such request from the Company, the Commission shall not during such three week period make good such excess taking and correspondingly reduce its takings during such three week period, then the Commission shall pay the Company for any excess energy so taken at the kilowatt hour rate equivalent to the contract rate per horsepower per year at seventy per cent (70%) load factor.

2. (g) The Commission upon notice to the Company shall be entitled to take at any time in any week, electrical energy in addition to the kilowatt hours of electrical energy provided in Clause 2 (c), provided that the taking of such additional electrical energy does not require the use of water required for the fulfilment by the Company of its other obligations under this contract or under any contract by which power and energy or either of them, are required to be withdrawn for use in the Province of Quebec; for all additional electrical energy taken under this clause by the Commission the Commission shall pay to the Company at the rate of one mill per kilowatt hour until the first of October, 1941, and thereafter at a rate which shall be adjusted not oftener than every ten (10) years by mutual agreement between the parties hereto; in any event the Commission shall be required to pay under this clause only for such additional electrical energy as the Company is entitled to produce and the Commission is entitled to take as aforesaid; such additional electrical energy shall be determined from the measuring instruments mentioned in Clause 4, except as hereinafter provided in this clause.

If, however, at any time the power house and power house equipment of the Company forming part of the joint development be operated under the same authority and jointly as a single unit with the power house and power house equipment of the Commission forming part of the joint development, then during all times of such joint operation the amount of the said additional electrical energy shall be calculated in the following manner.

From one-half the total electrical energy produced and delivered at Chats Falls in any week measured as provided in Clause 4 shall be deducted, First—all electrical energy, if any, delivered in fulfilment by the Company of its obligations under the said Emphyteutic Lease by which electrical power and energy or either of them are required to be withdrawn for use in the Province of Quebec; Second—all electrical energy delivered in fulfilment by the Company of its other obligations under this Agreement.

All the remainder of the said one-half of the total electrical energy shall be the additional electrical energy for which the Commission shall pay under this clause.

If in the course of economical operation of the said separate works of the Company and of the Commission, equipment of either be taken out of use, the equipment of the other shall be used to make up the said maximum weekly load factor of seventy per cent (70%) before producing any such additional electrical energy.

2. (h) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the systems involved, it is necessary that the Commission and the Company co-operate, therefore the Commission and the Company will co-operate in respect of all matters of common interest, including without

limiting the generality of the foregoing, design of plant and equipment, and design of control, protective, communication and other such features as necessitate similar or co-ordinated equipment at the Plants of each Party.

- The Commission and the Company shall instal only first-class, modern equipment of such characteristics and type as are best suited for the service intended, and shall, from time to time, make such commercially reasonable changes in, or additions to such equipment (other than major equipment) as will best serve to maintain the joint undertaking from time to time in a state of operating efficiency equal to that of undertakings of generally similar purpose and size, in accordance with good practice in the art as developed from time to time.

The Commission and the Company shall each be entitled to the final decision in respect of the design of its own separately owned Plant and property other than such features thereof as necessitate similar or co-ordinated equipment at the Plants of each Party as aforesaid and other than the original installation for a total rated capacity, including reserve capacity, of two hundred and sixteen thousand horsepower (216,000 H.P.), and the additional generating equipment, and in the event of the Commission or the Company exercising such right of final decision, then the Commission or the Company, as the case may be, shall be responsible for the suitability for the purposes intended of Plant or equipment constructed according to the design selected by it.

The Commission and the Company shall exercise all due skill and diligence so as to secure the satisfactory operation, as a system, of the Plant, apparatus and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of such high voltage specified and length of lines contemplated.

2. (i) The Commission and the Company will each use its best efforts to obtain the construction at the earliest possible date by the authorities concerned of all works for the better regulating of the flow of the Ottawa River and for providing storage in the Ottawa River watershed which the parties agree are necessary to obtain the fullest possible advantage from the potential development at Chats Falls, and will co-operate in the study and keeping of records of the flow of the Ottawa River at Chats Falls and in the collection of essential data in relation to conditions in the watershed of the Ottawa River bearing on such flow,

2. (j) The Commission and the Company shall co-operate in all reasonable means for providing for the most economic use of the waters of the Ottawa River watershed.

2. (k) This Agreement shall only apply to the use of the water and to the electrical power and energy produced therefrom to which the Company is entitled as aforesaid, namely:—to the use of one-half of the water available for power purposes at Chats Falls and to the electrical horsepower and energy produced from the said one-half of the water.

3. THE COMMISSION AGREES:

3. (a) To pay to the Company in monthly payments for all power and energy under this Agreement at the rate of fifteen dollars (\$15.00) per annum per horsepower of the contract demand which is a total of sixty thousand dollars (\$60,000.00) per month commencing on the first day of October, A.D. 1931, until the first day of October, A.D. 1932, and thereafter a total amount of one hundred and twenty thousand dollars (\$120,000.00) per month until such time as the contract demand shall have been changed, and after any such change while this Agreement remains in force the amount in dollars per month which is obtained by multiplying the then contract demand by one and one-quarter ($1\frac{1}{4}$), all the payments under this Clause 3 (a) being subject always to adjustment as in this Agreement provided.

3. (b) To pay the Company in monthly payments for any excess kilowatt hours for which payment is to be made under Clause 2 (f) and for any additional kilowatt hours ordered by the Commission under Clause 2 (g); Such monthly payments shall cover any amounts payable for excess

or additional energy taken during the full weekly periods terminating within the month for which the payments are made, and a broken week shall be considered as terminating within the following month;

3. (c) To make all payments to be made by the Commission under this Agreement in lawful money of Canada at the office of the Bank of Montreal, at Montreal, and to make all monthly payments to the Company on the twentieth day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the tenth of the month; provided that if any bill remains unpaid on the twentieth of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment and all payments in arrears shall bear interest at the rate of six per cent (6%) per annum; provided, further, that if the Commission or the Company is entitled to any adjustment in respect of any such payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and shall include interest at the said rate from the twentieth day of the month in respect to which adjustment is claimed;

3. (d) At all times to take and use the electrical power and energy in such manner that the current will be taken as nearly as possible equally from the three phases and in no case shall the difference in current between any two phases be greater than five per cent. (5%). If such difference be greater than five per cent. (5%) the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (e) At all times to take and use the power and energy set out in Clauses 1 (a), 1 (b), and 1 (d) hereof, so as not to exceed the weekly takings in kilowatt hours as specified in Clauses 2 (c) and 2 (g) herein; provided that the Commission may at any time, but subject to the provisions of Clause 2 herein, increase the electrical horsepower taken in excess of the contract demand, up to the limits of the overload capacity of all the equipment used from time to time by the Company to meet its obligations hereunder, including the spare capacity which the Company is to instal under this Agreement, but without thereby increasing the contract demand.

3. (f) To give the Company from time to time such information as it reasonably can regarding its expected requirements in kilowatt hours from the Company, particularly as to any probable reduction in such requirements, for any prospective period of light load. The intent of the Parties in this clause is so far as is possible by reasonable co-operation to secure the most economic use of the waters of the Ottawa River watershed.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt hour meters, provided and installed by the Company and so arranged as to measure and record accurately the said power and energy respectively. Readings from the said kilowatt hour meters shall be taken daily at the same hour and recorded by the Company on forms supplied by the Commission. Records from the said recording demand meters and the said kilowatt hour meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The power delivered and the demand in horsepower or either of them for the purpose of this Agreement shall be the integrated amount of power for twenty consecutive minutes as determined from coincident readings of the above mentioned polyphase recording demand meters, provided that nothing in this subclause shall be construed as increasing any obligation of the Company under Clause 1 or the obligation of the Commission to pay under this Agreement.

4. (c) The weekly taking of the energy shall be determined from the weekly readings of the said integrating kilowatt hour meters.

4. (d) The power and energy covered by this Agreement shall be delivered at approximately two hundred and thirty thousand (230,000) volts, (subject to Clause 2) as hereinbefore mentioned, at the outgoing two hundred and thirty thousand (230,000) volt transmission line terminus on the transformer station structures which it is contemplated will be near the

Commission's generating station; the power and energy supplied under this Agreement shall be measured at the 230,000 volt, step-up transformers at Chats Falls on the generator voltage side thereof, without deducting any transformer loss. Provided that if the transformers are not erected within five hundred feet from the nearest wall of the Commission's generating station then any additional transmission losses between the generating station and the transformers shall be borne by the Commission.

4. (e) Access to said instruments and transformers belonging to the Company shall be free to the Commission at any and all times and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days previous notice in writing of its desire to test such measuring instruments.

4. (f) Measuring instruments with the necessary current and potential transformers for the measurement of electrical power or energy hereunder shall be provided, installed and maintained by the Company satisfactorily to the Commission.

The Company agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder, at least once in each sixty (60) days; the Commission shall be advised at least five (5) days before the day of the test so they may, if they so desire, have a representative present to witness and verify such tests; at any time the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, said meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice; if any meter shall be found, on regular or special test, to be inaccurate, it shall be properly adjusted and the record of its readings taken since the last prior test and all bills affected shall be corrected; the Company shall repair or replace and retest defective meters or measuring equipment within a reasonable time; during any time there is no meter in service, it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (g) The Commission may, from time to time, at its option, install duplicate measuring equipment, including necessary current and potential transformers, at the points of measurement for the purpose of checking the records obtained from the Company's measuring equipment, or for any other purposes.

4. (h) The Company shall be responsible for any damages to property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Company's property, providing such damage originates from a source external to the said apparatus of the Commission and is not due to defects in such apparatus or to the operations of the Commission or acts of its employees or to causes reasonably beyond the control of the Company.

4. (i) The kilowatts, kilovolt amperes, kilowatt hours, or any other factors and quantities or any of them, shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4, and the standards of the University of Toronto or of the recognized national authority, if there be any generally accepted as such, shall be used as the final reference as to the accuracy of the measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, and unless prevented from doing so by abnormal operating conditions, in the Commission's system, the maintenance by the Company of approximately the agreed voltage, at the agreed frequency, at the point of delivery, together with the ability of the Company to supply the power and energy under this Agreement, shall prima facie constitute the delivery of power and energy involved in this Agreement, provided, however, that the provision in Clause 2 (a) as to two percent. (2%) regulation of voltage shall apply only at the points of generation.

5. (b) In case the Company shall, at any time or times, be prevented from delivering, or the Commission from receiving the said power and energy or either of them or any part thereof, by strikes, riots, invasion, act of God, the King's enemies, or any other major disaster reasonably beyond the control of them or either of them, then to the extent of such prevention,

the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power or energy during such time.

Each Party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power and energy as aforesaid and the Commission shall pay for the same.

5. (c) The Company shall have the right, at reasonable times, and when possible after due notice has been given to the Commission, to discontinue or reduce to the extent necessary, the supply of power and energy or either of them to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming, transmitting or other equipment of the Company at Chats Falls, but all such interruptions, total or partial, shall be of a minimum duration, and when possible arranged for at a time least objectionable to the Commission.

If such interruptions or reductions occur at a time when the Commission requires the delivery of such power then the Commission shall be released on a pro rata basis from its obligations to pay for such power and energy or either of them as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission during such interruptions or reductions.

5. (d) In case of the failure of the Company for any cause other than those specified in Subclauses (b) and (c) of this Clause 5, to have available as set forth in Clauses 1 and 2, the full amount of electrical power or energy to which the Commission is entitled hereunder in any week, there shall be a proportionate reduction in the sums payable by the Commission to the Company in respect of such week.

5. (e) The amount of reduction in the sums payable by the Commission to the Company for any week or the amount which under Subclauses (b), (c) or (d) of this Clause 5 the Commission is not required to pay to the Company in any week shall be calculated in the following manner:

For energy, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the number of kilowatt hours which the Company fails to have available as aforesaid bears to 87.73 times the then contract demand in horsepower.

For power, the amount accrued due from the Commission to the Company during such week shall be reduced by a sum having the same ratio to such accrued amount as the deficiency (that is, the average number of horsepower of electrical power which the Company fails to have available) averaged for the week bears to the then contract demand in horsepower, the said deficiency shall be determined as follows: For each total or partial interruption the average amount of deficiency below the contract demand shall be taken, and then all the deficiencies both as to amount and length of time shall be averaged for the week in proportion to the total hours in the week, that is, the said deficiency shall be the sum total of all deficiencies during the week in horsepower hours divided by the total number of hours in the week.

All such reductions shall be adjusted on the monthly bills in each case for the full weekly periods terminating within the month for which the adjustment is made; no reduction shall, however, be made in respect of inadvertent failure of less than an aggregate of twenty (20) minutes in any one week; provided that if during the week including such period the electrical energy required by and delivered to the Commission exceed 87.73 kilowatt hours per horsepower of the balance of the contract demand after deducting the average number of horsepower of electrical power which the Company fails to have available throughout such week, the Commission shall credit on the reduction a rateable payment for the excess kilowatt hours, that is to say, such excess kilowatt hours up to the said seventy per cent. (70%) of the contract demand, which is 87.73 kilowatt hours per

horsepower of contract demand shall be credited at the rate of 3.28 mills per kilowatt hour and all kilowatt hours taken over the said seventy per cent. (70%) of the contract demand shall be paid for as provided for under Clause 2 (g) of this Agreement; provided further that the Commission shall be entitled to only one reduction in respect of any one failure, such reduction being either in respect of energy or in respect of power whichever shall be greater.

5. (f) The Commission may from time to time with respect to any moneys due to it by the Company under this Agreement satisfy the same by allocating to the payment thereof by way of set-off and retention any other moneys due by it to the Company under any other agreement in force between the Commission and the Company.

6. If any failure of the Company under Clause 5 is due to causes within its control (and without limiting the generality of the foregoing words, financial difficulties of the Company shall be deemed to be within the control of the Company), the Company, in addition to the reductions under Clause 5, shall pay to the Commission as liquidated damages and not as a penalty in respect of every such failure occurring during the first fifteen (15) years after the commencement date, a sum equal to fifty per cent. (50%) of the reduction made in the sums payable by the Commission to the Company, as set out in Clause 3, and thereafter a sum equal to one hundred per cent. (100%) thereof, which liquidated damages shall be in addition to said reductions; provided, however, that deficiency in stream flow or any interruptions under Clauses 5 (b) or 5 (c) shall not be included in the term "causes within its control," as used in this paragraph.

7. One or more representatives or engineers of the Commission designated for this purpose may, at any reasonable time, during the continuance of this Agreement, have access to the premises of the Company for the purpose of inspecting the premises, apparatus, plants, property and the electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this Agreement is generated, and to take and obtain records therefrom as required; representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical and hydraulic records of the Commission pertaining to the power generated by the Commission at Chats Falls.

8. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained or hereby provided for or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to two arbitrators, one to be appointed by each party to the difference, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario, 1927, Chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario. The findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively except that either may appeal from, move to set aside, vary or refer back an award as provided in the said *Arbitration Act*, and except that the right to appeal to the Supreme Court of Canada and to the Privy Council or either of them shall not be limited.

9. The Commission and the Company respectively shall be entitled at any time prior to the expiration of thirty days' notice in writing to the opposite party delivered after the termination of this Agreement and any extension thereof to remove from the premises of the other party any and all plant and equipment which may have been installed by it for the supply or measurement of power hereunder.

10. This Agreement is made subject to the restrictions imposed upon the Company under the Company's said Emphyteutic Lease dated the twenty-second day of June, 1926, from the Government of the Province of Quebec. The Commission unreservedly recognizes that this Contract

has been entered into by it with the knowledge that the Company may be required to deliver in accordance with the terms of its lease to users in the Province of Quebec as and when required, power developed by the Company and agrees that nothing in this Contract contained can or will derogate from such right and duty on the part of the Company to divert power to users in the Province of Quebec when required in accordance with the terms of the said Lease. The Commission also recognizes particularly the provisions of Clause 9 of the said Lease relating to the export of power to the United States, which provisions shall be complied with by the Commission and may be enforced by the Company.

11. The rates to be paid and payments to be made by the Commission, as set out in Clause 3, shall, subject to the provisions of this clause, include all compensation to the Company for all taxes, levies, rentals, royalties, license fees and charges that may be levied, assessed or imposed by the Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof; if, however, while this Agreement shall continue in force, (a) any Dominion or Provincial taxes or other similar levies (but not any Municipal taxes nor any income taxes) not now in existence be created or any now existing be increased in rate, or (b) any Dominion or Provincial rentals, royalties, license fees or similar charges for the use of water not now in existence be created, or any now existing be increased in rate in such a manner as to increase the cost to the Company by reason of these items of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and every such case an increase shall be made in the payments by the Commission to the Company hereunder which shall, after crediting any reduction in any such items compensate the Company for the increase thereby occasioned in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission under this agreement. Provided that in the event of any reduction in any such items the said increase in the payments by the Commission shall be reduced accordingly to the extent of the total of the said increase but no more.

Provided further that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed to be taxes for the purposes of this clause and the liabilities and obligations of the Commission shall not, in any way, be increased thereby but the same shall be borne by the Company; the recently authorized educational tax of the Province of Quebec not yet promulgated is not considered as now in existence.

12. This Agreement shall be binding upon both parties hereto upon its execution and shall continue in force for a period of forty (40) years from the said commencement date; if this Agreement be not extended beyond the said period of forty (40) years, then the Commission and the Company shall co-operate for the most efficient and satisfactory use of equipment and facilities common to both parties.

13. In the event that the Company, by reason of the provisions in the said Emphyteutic Lease, is required to withdraw the power covered by this Agreement, or any part thereof, for use in the Province of Quebec, and thereby any of the Commission's electrical equipment for purposes of transformation or transmission of the power generated at Chats Falls is rendered idle, in whole or in part, the Company will compensate the Commission therefor to the extent of the moneys which the Commission during the remainder of the period that this Agreement continues in force shall set aside or have to pay to meet interest, insurance, maintenance, protection and proper amortization, on the proportion of the capital cost of such equipment equal to the extent to which such equipment is so rendered idle during the time that the said equipment so remains idle, but the then contract demand shall be reduced by the amount of the power so withdrawn and nothing herein contained shall render the Company liable to the Commission for any loss arising from the Commission being forced to substitute other power for the power so withdrawn.

In the event of the Company being required to withdraw power under the provisions of the said Emphyteutic Lease the Company shall give to the Commission prompt notice in writing to that effect:

14. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address, or addresses, as each party may from time to time file with the other; the parties agree each to maintain its address on file with the other.

15. The Company covenants and agrees with the Commission that if at any time hereafter during the continuance of this Agreement the Company should mortgage, hypothecate or charge, in whole or in part, any of its property or rights which are necessary for the development of power or energy at Chats Falls to secure bonds or debentures or other evidences of indebtedness, any such mortgage, hypothecation or charge shall be expressly made subject to all covenants, agreements and obligations on the part of the Company in this Agreement contained: such mortgage, hypothecation or charge shall also expressly provide that no sale of the property or rights so mortgaged, hypothecated or charged, or any part thereof, or for the purpose of enforcing the provisions of such mortgage, hypothecation or charge shall be made, except subject to the said covenants, agreements and obligations and to the condition that the purchaser shall enter into a covenant, agreement and obligation with the Commission to assume and perform the said covenants, agreements and obligations and in all respects succeed to the position of the Company under this Agreement, and it is agreed that all the said provisions shall be conditions of every contract mortgaging, hypothecating or charging, in whole or in part, the property or rights of the Company which are necessary for the development of power or energy at Chats Falls and shall be expressed therein as stipulations in favour of and in trust for the benefit of the Commission. The Commission shall have the right to require the Company or other party granting any such mortgage, hypothecation or charge to enforce such provisions or may itself enforce the same either in its own name or if necessary in the name of such other party.

Before entering into any mortgage, hypothecation or charge as aforesaid the Company or party proposing to grant the same shall submit to the Commission a written draft of a clause or clauses to be included in the said Trust Deed, which clause or clauses shall either be in the language above set forth or be in language framed to afford the protection above provided for; the Commission will, within ten days from the submission of such clause or clauses approve of same or notify in writing any objections thereto; if no objection is offered within the said ten days the clause or clauses shall be taken to be approved, and if any objection is taken in which the mortgaging party does not concur, then the language of the clause or clauses is to be submitted to and approved of by Mr. Eugene Lafleur, K.C., or Mr. Aime Geoffrion, K.C., or Mr. G. H. Montgomery, K.C., or failing any of them by counsel to be named by the Chief Justice of the Superior Court of Quebec at Montreal on summary application if the mortgaging party is in the province of Quebec, and, if the mortgaging party is in the Province of Ontario then to be submitted to and approved of by Mr. Strachan Johnston, K.C., or Mr. Britton Osler, K.C., or Mr. E. G. Long, K.C., or failing any of them, by counsel to be named on summary application by the Chief Justice of the Supreme Court of Ontario; in either case the decision of such counsel shall be final.

The Company further covenants and agrees with the Commission that it will not, except by way of mortgage, hypothecation or charge as aforesaid, assign its Emphyteutic Lease of the 22nd June, 1926, from the Government of the Province of Quebec, or transfer any of its property or rights necessary to the development of power or energy at Chats Falls other than by way of mortgage, hypothecation or charge as aforesaid, except to an assignee or transferee who shall enter into a contract with the Commission covenanting to assume and perform the obligations of the Company in this Agreement contained and in all respects succeed to the position of the Company hereunder.

16. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto respectively.

In witness whereof the Parties hereto have caused this Agreement to be executed under their respective corporate seals attested by the signatures of their proper officers duly authorized thereto.

THIS AGREEMENT made in duplicate This twenty-fourth day of February, A.D. 1931,

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
 an Ontario Corporation, hereinafter called the "Com-
 mission,"

OF THE FIRST PART,

—and—

OTTAWA VALLEY POWER COMPANY, formerly known as
 Chats Falls Power Company, a Quebec Corporation,
 hereinafter called the "Company,"

OF THE SECOND PART.

Whereas the Commission and the Company by Agreement under date the fifteenth day of February, A.D. 1930, hereinafter called the "Joint Development Agreement," have undertaken jointly the development necessary for the utilization of the total power on the Ottawa River at Chats Falls within both the Provinces of Ontario and Quebec, on the basis of each being entitled as between themselves to the ownership, use and benefit of one-half of all the water available for power at such location and are co-operating in all undertakings necessary in order to bring the whole development to completion at an early date and to maintain and operate the same;

And whereas the Commission and the Company have entered into a further Agreement under date the 15th day of February, A.D. 1930, hereinafter called the "Power Contract," for the sale and delivery to the Commission by the Company of the electrical power and energy which the Company is entitled to produce and deliver from the said joint development:

And whereas the Commission and the Company have entered into an agreement under date the 24th day of February, A.D. 1931, hereinafter called the "Transformer Agreement" for the use by the Company and the Commission of a transformer and switching station therein called the "Transformer Station" to be constructed by the Commission in Ontario:

And whereas for the purpose of economic and efficient service it is desirable that the Commission in addition to maintaining and operating its separate works (as defined in the Joint Development Agreement) should also maintain and operate the works of the Company as hereinafter defined, together with the Company's rights in the said transformer station as defined in the said Transformer Agreement:

Now therefore this Indenture witnesseth:

That for the considerations herein contained the parties hereto mutually covenant, promise and agree as follows:

1. The Company hereby appoints the Commission as its Agent for the purpose of this Agreement and authorizes the Commission as such Agent to exercise and use the rights and to maintain and operate the works of the Company at Chats Falls which are necessary for the delivery of power to the Commission under the said Power Contract, namely:

- (a) All separate works of the Company as defined in the Joint Development Agreement, being:
 - (i) The power house, which term shall not include any intake section necessary for the main dam but shall include every extension of the power house as an additional work;
 - (ii) Power house equipment;
- (b) The Company's interest in and share of the common equipment as defined in the said Joint Development Agreement or as may be mutually agreed upon from time to time;
- (c) The Company's interest and rights in the Transformer Station as defined in the said Transformer Agreement;

all of which power house, equipment, station, interest, rights, and works are hereinafter called the "Company's Works" which term for the purposes of this Agreement is intended to include all property and rights of the Company from the water intake to the point of delivery of power to the Commission at Two Hundred and Thirty Thousand (230,000) volts as mentioned in the said Power Contract.

The above defined works with the word "Commission" substituted for the word "Company" shall for the purposes of this Agreement be called the "Commission's Works."

2. The Commission as such Agent accepts the said appointment and authorization and agrees to maintain and operate the Company's works with skill and diligence without discrimination or favour as between the Commission's works and the Company's works and up to the same standard as the Commission shall maintain and operate the Commission's Works—all subject to the provisions hereinafter contained.

3. The Commission as such Agent shall have, enjoy and exercise all the rights, powers, authorities, privileges and immunities of the Company with respect to the Company's Works for the purposes of maintenance and operation of the same as herein provided, but the Commission shall be under no obligation whatsoever to undertake or continue any services, work or responsibility under this Agreement unless the Company maintain unimpaired its rights and privileges necessary for development of power at Chats Falls and observe and perform all requirements imposed by statute or other proper authority upon the Company, but the Commission shall be under no obligation to see to the maintenance of any rights or privileges of the Company or to the observance or performance of any requirements imposed upon the Company, but shall exercise its best endeavour and judgment to avoid doing any act that would imperil the Company's leases and rights.

4. All ordinary maintenance of the Commission's works and the Company's works shall be effected by the Commission without reference to the Company; all renewals, replacements and reconstruction such as rewinding of generators and replacing of water wheels of the Commissions' works and the Company's works other than in the Transformer Station shall before being effected be approved by the Company, but such approval shall not be unreasonably withheld.

5. The Commission will operate the Company's works in conjunction with the Commission's works so as to permit as far as possible the fulfilment of the rights and obligations of both parties under the Power Contract.

6. In case the Commission as such Agent shall at any time or times be prevented from operating the Company's works or performing this Agreement or any part thereof by strike, riot, fire, invasion, explosion, hurricane, flood, act of God, or the King's enemies, or any other cause reasonably beyond its control, or by failure of the Company to perform any obligations or requirements imposed upon it, then the Commission shall not be bound to perform its obligations under this Agreement to the extent that the same are interrupted thereby, but the Company shall not be relieved from its liability for the payment of cost under this Agreement; as soon as the cause of such interruption is removed the Commission shall continue to perform its obligations under this Agreement; the Commission shall be prompt and diligent in doing everything in its power to remove and overcome any such cause or causes of interruption; upon request the Company will render any assistance it might reasonably be expected to render.

7. The Company shall at all times have free access to the Company's works and the Commission's works and everything therein contained relating to this Agreement; the Company shall also have access at all reasonable times to all books, accounts and records of the Commission concerning anything under this Agreement.

8. The Commission shall keep records covering all matters of essential importance hereunder and shall furnish each month to the Company a summary thereof in form similar to that in use by the Commission at Toronto, and whenever required by the Company the Commission shall furnish to the Company all reasonable information which may be necessary for the purposes of the Company hereunder and in addition shall at the expense of the Company furnish any special reports concerning any matters which may arise under the terms of this Agreement.

9. The Commission shall establish and maintain records in such form as will show in detail all receipts and expenditures and the costs of all services and work done under this Agreement so that the same may be checked by the Company and distribution of the items therein contained can be determined separately and distinct from all other cost and expenditures incurred and made by the Commission to the extent that this is practicable.

10. All accounts of the Commission hereunder shall be audited at least once in each fiscal year by the auditor of the Commission and may in addition, if the Company shall so require but at the expense of the Company be audited by an auditor appointed by the Company; copies of any reports made by the auditor of either party hereunder shall be furnished to the other party.

11. The Company shall pay to the Commission and the Commission shall accept as full compensation for acting as Agent for the Company and performing the services under this Agreement such sum annually as shall be equal to one-half of the total cost to the Commission of maintenance and operation of both the Company's works and the Commission's works at Chats Falls power plant including the common equipment and the Transformer Station and also of renewing, replacing and reconstructing the Company's works and the Commission's works and common equipment as hereinbefore provided, but expressly excluding renewals, replacements and reconstruction provided for in the Transformer Agreement; which total cost for the purposes of this Agreement shall without limiting the generality of the foregoing include the following items:

(a) All costs of materials, supplies, tools, stores, apparatus, machinery and equipment except those required for renewals, replacements or reconstruction in the Transformer Station as aforesaid, plus five per cent (5%) of such cost; Provided, however, that when major equipment shall be purchased with or without installation under contract with an equipment company, the percentage to be added to the cost of such equipment including any labour furnished by the equipment company shall be that adopted by the Commission under its general practice in respect to contracts of similar character and shall not in any event exceed five per cent (5%) of the contract prices for such equipment; provided that where installation is made by the Commission the cost of labour and of engineering

and other special services in connection therewith shall be determined as provided in Sub-clauses (b) and (c) of this Clause 11.

(b) All salaries, wages and other remuneration of all persons employed in connection with the services rendered or work done under this Agreement to which shall be added twenty-seven per cent (27%) thereof (which said percentage shall be included as compensation to the Commission for its office, administration and accounting expenses, pensions and Workmen's Compensation), and in addition thereto the out-of-pocket and travelling expenses of such persons while so employed.

(c) The costs of all special engineering, legal, accounting and other special services rendered by employees and officers of the Commission who shall be not regularly employed hereunder and added thereto fifty per cent (50%) of such costs and in addition the travelling and out-of-pocket expenses of such persons while engaged on such business.

(d) The costs of all engineering, legal accounting and other services other than those mentioned in subclauses (b) and (c) of this Clause.

(e) The net cost in each year which shall be incurred by the Commission in maintaining and operating, housing, living and other accommodation for employees, regular or special, engaged on the Commission's works and/or the Company's works; for the purpose of this subclause (e) the cost of maintaining such accommodation shall include interest and amortization at regular Commission rates of the capital cost thereof less any such capital cost already charged to the construction of the Power Development, and expenditures and allowances for insurance, repairs, renewals, taxes and other like charges.

12. The Company shall pay said compensation to the Commission in lawful money of Canada at Toronto on monthly bills, which monthly bills shall be rendered by the Commission to the Company on or before the tenth day of each month and become due and be paid by the Company to the Commission on or before the twentieth day of the said month; such monthly bills shall be mailed by the Commission addressed to the Company at its office in the City of Montreal and if any bill shall remain unpaid after the time when it becomes due the amount thereof shall bear interest at the rate of six per cent. (6%) per annum until paid; the Commission may apply against any such payment in default any money due to the Company by the Commission under the Power Contract or otherwise but failure to apply as aforesaid shall not relieve the Company.

13. In case any claim or claims shall be made against the Commission or the Company in connection with any work done or service rendered under this Agreement by the Commission, the Commission or the Company as the case may be shall promptly notify the other party thereof; if such claim shall arise in the Province of Quebec the Company shall defend the same; if any such claim shall arise in the Province of Ontario the Commission shall defend the same, and in either case each party shall render to the other all assistance for such purposes; costs and expenses in connection with such claims shall form part of the cost of maintenance and operation under this Agreement as mentioned in Clause 11.

14. Nothing in this Agreement shall relieve the Company or the Commission from any obligation under the said Power Contract, or the said Joint Development Agreement or from any obligation under the Transformer Agreement except as provided in Clause 19 of this Agreement.

15. This Agreement shall come into effect as soon as power is being delivered on commercial load from the Company's works or such earlier date as may be agreed upon and shall continue in force until terminated at any time by the Commission or the Company giving Three (3) months' notice in writing to the other party.

16. If by reason of any lawful authority in the Province of Quebec the Commission be prevented from or hindered in the performance of this Agreement, the Commission shall immediately notify the Company of the same, and from the date of each notification of the Commission shall be relieved from any obligation to perform this Agreement.

17. In case any disagreement, dispute, difference or question shall at any time hereafter arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained or hereby provided for or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to three arbitrators, one to be appointed by each of the parties hereto and the third by these two or in case they cannot agree by a Judge of the Supreme Court of Ontario, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario 1927, Chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario; the findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively except that either may appeal from, move to set aside, vary or refer back an award as provided in the said *Arbitration Act* and except that the right to appeal to the Supreme Court of Canada and to the Privy Council or either of them shall not be limited.

18. Any notice in writing under this Agreement may be given by mailing the same postage prepaid addressed to the party at its office address and shall be deemed to have been given the day following the day of mailing as aforesaid; each party shall keep its post office address on file with the other and such address shall remain the proper address of the party until changed by notice in writing.

19. To the extent necessary to give full effect to this Operating Agreement so long as it remains in force, this Operating Agreement shall take precedence over and supersede the Transformer Agreement and there shall be no duplication of payment for the same service under the two Agreements; but if this Operating Agreement cease to be in force to any extent then to that extent it shall cease to take precedence over or supersede the Transformer Agreement.

20. This Agreement shall extend to, be binding upon and enure to the benefit of the Commission and the Company and their successors and assigns respectively.

In witness whereof the parties hereto have caused this Agreement to be executed under their respective corporate seals attested by the signatures of their proper officers duly authorized thereto.

SCHEDULE "E"

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION

—AND THE—

JAMES McLAREN COMPANY LIMITED

1. AGREEMENT, AS OF THE 20TH OF DECEMBER, 1930.
2. AGREEMENT AS OF THE 14TH OF JANUARY, 1931.

1

This Indenture made in duplicate this 20th day of December, A.D. 1930.

BETWEEN:

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO,
hereinafter called the "Commission"

OF THE FIRST PART,

—and—

THE JAMES MACLAREN COMPANY, LIMITED, hereinafter
called the "Company"

OF THE SECOND PART.

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1927, Chapter 57 and Amendments thereto, is authorized to enter into an Agreement for a supply of electrical power and energy to the Commission.

And whereas the Company is duly incorporated under the laws of the Dominion of Canada, with power to produce and sell electrical power and energy, and is proceeding with Hydro-Electric developments for the said purposes in the Province of Quebec.

And whereas the Company is prepared to deliver electrical power and energy to the Commission at the boundary line between the Provinces of Ontario and Quebec from its pending and future developments on its freehold properties at Masson and High Falls, on the du Lievre River, at or near Buckingham, in the Province of Quebec, and is willing to enter into an Agreement with the Commission for such purposes.

Now therefore this Indenture witnesseth:

That for the considerations herein contained, the parties hereto covenant, promise and agree as follows:

1. The Company agrees:

(a) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the First day of July, 1933, and thereafter so long as this Agreement shall continue in force, twenty thousand horsepower (20,000 H.P.) of electrical power or energy on the conditions herein contained; twenty thousand horsepower (20,000 H.P.) shall be the contract demand until such contract demand is increased as provided in subclause (b) next following:

1. (b) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the

First day of July, 1934, and thereafter so long as this Agreement shall continue in force, twenty thousand horsepower (20,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of forty thousand horsepower (40,000 H.P.) until such contract demand is increased, as provided in subclause (c) next following:

1. (c) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the First day of July, 1935, and thereafter so long as this Agreement shall continue in force, twenty-seven thousand horsepower (27,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of sixty-seven thousand horsepower (67,000 H.P.) until such contract demand is increased, as provided in subclause (d) next following.

1. (d) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission on the First day of July, 1936, and thereafter so long as this Agreement shall continue in force, thirty-three thousand horsepower (33,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of one hundred thousand horsepower (100,000 H.P.) until such contract demand is increased, as provided in subclause (e) next following.

1. (e) To keep available for delivery to the Commission and deliver to the Commission, when and as required by the Commission, on the First day of November, 1936, and thereafter so long as this Agreement shall continue in force, twenty-five thousand horsepower (25,000 H.P.) of electrical power or energy on the conditions herein contained, making a total contract demand of one hundred and twenty-five thousand horsepower (125,000 H.P.) which shall constitute the maximum contract demand under this Contract.

1. (f) Subject to Clause 2 and Clause 5 to deliver to the Commission whenever required by the Commission electrical power to the extent that water is available up to fifteen per cent. (15 %) in excess of the then contract demand; such excess power shall not increase the then contract demand and no charge shall be made for its use, but nothing in this clause shall be construed as obligating the Company to deliver more kilowatt-hours of energy per week than the Commission is permitted to take under the provisions of Clause 2 (c).

1. (g) To install at its power developments on the said river sufficient equipment and spare equipment to ensure fulfillment of the terms of this Agreement, and for this purpose to provide excess or spare capacity so that at all times the ratio of total installed capacity to contract demand shall be not less than one hundred and fifteen per cent. (115 %).

2. (a) The power delivered hereunder, at the point of delivery shall be alternating, three-phase, and shall have a controlled average periodicity of twenty-five (25) cycles per second, and a pressure between phase wires not exceeding the commercial maximum voltage of approximately two hundred and forty thousand volts (240,000 V.) subject to a reduction from time to time as the Commission may direct of not over fifteen per cent. (15 %) from the determined maximum voltage selected by the Commission, and the equipment and apparatus installed by the Company in its plants shall be suitable for operation to maintain this condition; the Company shall maintain, under normal operating conditions, the generator voltage within two per cent. (2 %) of the generator voltage corresponding to the voltage directed by the Commission as aforesaid, and shall install suitable equipment for such purposes; the power delivered hereunder shall be commercially continuous, twenty-four (24) hour power, every day in the year except as provided herein.

2. (b) Whenever the Commission shall require from time to time, the Company shall increase or decrease the voltage and frequency of its plant or plants, within safe operating limits of the then existing equipment of such plants or plants to the extent required by the Commission, in order to ensure operation satisfactory to the Commission in parallel with other sources of supply; it is understood and agreed that in operation of plants

in parallel, the control of power factor and power delivery in any generating plant is, to a large extent, within the control of the operators in that plant, and the Company agrees so far as it can do so with its equipment installed, to operate its plant so as to maintain the power factor and the delivery of power within the limits directed by the Commission, from time to time.

If by reason of such parallel operation, the Commission shall inadvertently receive electrical power from the Company at a lower power factor than herein provided, or in excess of the amount to which the Commission is entitled under this Agreement, then the Commission shall not be subject to any charge hereunder for such excess taking of power and such excess taking shall not increase the Contract Demand as herein defined or increase the amount of the payment provided for in subclause (a) of Clause 3 and shall not increase or affect, in any way, any obligation of, or impose any obligation upon the Commission hereunder: excepting that the Company may notify the Commission of such excess and thereupon both parties shall exercise all skill and diligence so as to limit to the utmost such excess taking to a minimum amount and to the shortest possible period of time reasonably necessary for the proper adjustment of the power factors and loads among the various generating plants.

2. (c) The Commission shall be entitled to the contract demand up to a maximum weekly load factor of seventy per cent. (70%) based on the then contract demand, that is to say, that during each week after the First day of July, A.D. 1933, so long as this Agreement shall remain in force, the Commission shall be entitled, subject to the provisions of Clause 5, to receive such electrical energy as it shall require not in excess of eighty-seven and seventy-three one-hundredths kilowatt-hours (87.73 Kw. Hrs.) for each horsepower of the then contract demand.

On Sundays and holidays, the Commission, at the request of the Company, shall take not less than three kilowatt-hours (3 Kw. Hrs.) for each horsepower of contract demand; on Saturdays the Commission, at the request of the Company, shall take not less than seven kilowatt-hours (7 Kw. Hrs.) for each horsepower of contract demand.

In the event of an increase in the contract demand occurring other than at the beginning of a contract week, the Commission shall be entitled to receive the same number of kilowatt-hours for each horsepower of contract demand each day for the remainder of the week as were received for each horsepower of contract demand during the corresponding days of the last preceding week.

A week for the purposes of this Agreement shall commence at such time during the calendar week as the Commission shall from time to time notify the Company in writing; such week shall be known as the "contract week."

2. (d) The maximum amount of kilovolt amperes to which the Commission shall be entitled under this Agreement shall be the kilowatts corresponding to the maximum amount in horsepower to which the Commission is entitled under Clause One (1) divided by eighty-five one-hundredths (.85).

2. (e) For all purposes of this Agreement, the Company shall be considered to have held available for the Commission in each week, all the horsepower and kilowatt-hours to which the Commission was entitled in that week, unless the Company fails to have available the power which the Commission is entitled to and asks for under the provisions of this Agreement and the Commission complains of such failure at the time, and unless within fourteen (14) days, or other time agreed upon, after the end of that week, the Commission shall have given to the Company written notice of the fact and approximate amount of the deficiency.

2. (f) If the Commission shall inadvertently take in any week more kilowatt-hours than it is entitled to take in such week, the Commission will, upon notice in writing from the Company, adjust the matter by making a corresponding reduction in its takings in the next following contract week after the contract week in which such notice shall have been given, unless the Company shall agree to extend this time; but if

after receipt of such notice from the Company, the Commission shall not during the said next following contract week make good such excess taking and correspondingly reduce its takings during the said contract week, then the Commission shall pay to the Company for any excess energy so taken at the rate of three and twenty-eight one-hundredths mills (3.28 mills) per kilowatt-hour.

2. (g) Because of the fact that the high voltage circuits involved in this Agreement will be physically connected and operated in parallel with those from other power sources, and because of the magnitude and nature of the system involved, it is necessary that the Commission and the Company co-operate.

The Commission and the Company will co-operate in respect of all matters of common interest, including without limiting the generality of the foregoing, design of plant and equipment and design of control, protective, communication and other features which necessitate similar or co-ordinated equipment.

The Commission and the Company shall instal only first-class, modern equipment of such characteristics and type as are best suited for the service intended, and shall from time to time make such commercially reasonable changes in or additions to said equipment (other than major equipment) as will best serve to maintain the system as a whole, in accordance with good practice in the art as developed from time to time.

The Commission and the Company shall each be entitled to the final decision in respect of the design of its own plant and property, other than such features thereof as necessitate similar or co-ordinated equipment at the plant of each party as aforesaid; in the event of the Commission or the Company exercising such right of final decision, then the Commission or the Company, as the case may be, shall be responsible for the suitability for the purpose intended of plant or equipment constructed according to the design selected by it.

The Commission and the Company shall exercise all due skill and diligence so as to secure the satisfactory operation as a system, of the plant, apparatus and property of both the Commission and the Company, including, without limiting the generality of the foregoing, parallel operation, voltage, power factor and any problems which may arise in connection with the use of the high voltage specified and length of lines contemplated.

3. THE COMMISSION AGREES:

(a) To pay to the Company, in monthly payments, for all power and energy under this Agreement, at the rate of Fifteen Dollars (\$15) per horsepower per annum, of the then contract demand in effect from time to time, which is a total of:

\$25,000.00 per month from July 1, 1933, until July 1, 1934.

\$50,000.00 per month from July 1, 1934, until July 1, 1935;

\$83,750.00 per month from July 1, 1935, until July 1, 1936;

\$125,000.00 per month from July 1, 1936, until November 1, 1936;

\$156,250.00 per month from November 1, 1936, and during the remaining term of this Agreement.

The amount of dollars per month is obtained by multiplying the maximum contract demand, as determined in Clause 1 hereof by One and one-quarter ($1\frac{1}{4}$); the said monthly payments being subject always to adjustment, as in this Agreement provided.

3. (b) To pay the Company in monthly payments for any excess kilowatt-hours for which payment is to be made under Clause 2 (f); such monthly payments shall cover any amounts payable for such excess kilowatt-hours taken during the full weekly periods terminating within the month for which the payments are made.

3. (c) To make all the payments to be made by it under this Agreement in lawful money of Canada, at Toronto, Province of Ontario, Canada, and to pay the said monthly payments to the Company on the twentieth day of each calendar month for the accrual of the preceding calendar month, the Company to render the bill on or before the tenth day of the month; provided that if any bill remains unpaid on the twentieth day of the month in which it is rendered, the Commission shall thenceforth be in arrears for said payment, and all payments in arrears shall bear interest at the rate of Six per cent. (6%) per annum; Provided, further, that if the Commission or the Company be entitled to any adjustment in respect of any payment, such adjustment shall be given effect to in the monthly payment falling due next after the determination thereof, and no portion of any monthly payment shall be postponed pending determination of any such adjustment, except if and to the extent that any decision or determination on such adjustment (even though under appeal) shall have held the Commission entitled to the adjustment; every such adjustment shall include interest at the said rate of Six per cent. (6%) per annum on the amount allowed from the Twentieth day of the month in respect to which adjustment is allowed.

3. (d) At all times to take and use the electrical power in such manner that the current will be taken from the three phases as nearly equally as practicable, and in no case shall the difference in current between any two phases be greater than Five per cent. (5%). If such difference be greater than Five per cent. (5%), the Commission, upon instructions from the Company, shall so adjust its load as to comply with these requirements.

3. (e) Subject to all the provisions hereof, at all times to take and use the power and energy covered by this Agreement within the limits set out in Clauses 1 and 2 hereof.

4. (a) The measurement of electrical power and energy under this Agreement shall be made by means of suitable polyphase recording demand meters and integrating kilowatt-hour meters, hereinafter called "measuring instruments," provided and installed by the Company and so arranged as to measure and record accurately the said power and energy, all in a manner satisfactory to the Commission. Readings from the said kilowatt-hour meters shall be taken daily at the same hour, and recorded by the Company on forms supplied by the Commission. Records from the said kilowatt-hour meters and the said recording demand meters shall be dated and forwarded promptly by the Company to the Commission and such records on file with the Commission shall be available to the Company for inspection at all reasonable times.

4. (b) The power delivered and the demand in horsepower or either of them for the purpose of this Agreement shall be the integrated amount of power for twenty (20) consecutive minutes, as determined from coincident readings of the above-mentioned polyphase recording meters and adjusted, when necessary, according to Clause 2 (d). Provided that nothing in this sub-clause shall be construed as increasing the contract demand or any obligation of the Company under Clause 1, or the obligation of the Commission to pay for power hereunder.

4. (c) The weekly taking of the energy shall be determined from the weekly readings of the said integrating kilowatt-hour meters.

4. (d) The power and energy covered by this Agreement shall be delivered at a voltage not exceeding Two hundred and forty thousand volts (240,000 v.) subject to Clause 2, as hereinbefore mentioned, at the boundary between the Provinces of Ontario and Quebec, at or near Cumberland, and the Company shall instal suitable and necessary transformers and a transmission circuit, which circuit shall include a river crossing with one spare conductor complete with the tower on the Ontario shore, all of types and capacities approved by the Commission; and the Company will on

completion of such installation transfer and convey to the Commission the said tower and so much of the said river crossing as is on the Ontario side of the said boundary. All electrical power and energy supplied under this Agreement shall be measured at the Two hundred and forth thousand volt (240,000 v.) step-up transformers at or near the Company's Masson Generating Station on the du Lievre River and on the generator voltage side thereof, and no adjustment of such measurement shall be made for the loss in single step transformation from generator to transmission voltage (approximately Two hundred and forty thousand volts (240,000 v.); the said transformer loss and the transmission loss at the said voltage from the place of measurement at the said transformers to the point of delivery have been and are hereby assumed by the Commission and have already been considered in arriving at the price herein specified; provided that if for any reason the measuring instruments are connected at other than the said point, their readings shall be subject to a correction and shall be corrected to give results such as would be obtained by instruments connected at the said point.

The Company will provide a suitable communication system between its plants and the point of delivery.

4. (e) Access to said measuring instruments and transformers belonging to the Company shall be free to the Commission at any and all times, and the Commission may test such measuring instruments and transformers at any reasonable time in the presence of a representative of the Company, by giving to the Company seven (7) days' previous notice in writing of its desire to test such measuring instruments.

4. (f) The measuring instruments with the necessary current and potential transformers for the measurement of electrical power and energy hereunder shall be provided, installed and maintained by the Company, all in a manner satisfactory to the Commission.

The Company agrees to test each meter installed by it to measure the electrical power and energy contracted for hereunder at least once in each sixty (60) days; the Commission shall be advised at least five (5) days before the day of the test, so that it may, if it so desires, have a representative present to witness and verify such test. At any time the Commission notifies the Company that it believes that such meters, or any of them, are not within the closest practicable agreement with perfect accuracy, such meter or meters shall be jointly tested within five (5) days of the receipt by the Company of the said notice. If any meter shall be found on regular or special test to be inaccurate, it shall be properly adjusted and the records of its readings taken since the last prior test shall be corrected, and all kilowatt hour readings affected shall be adjusted, all on the basis of the average of progressive inaccuracy. The Company shall repair and replace or retest defective meters or measuring equipment within a reasonable time. During any time there is no meter in service, it shall be assumed that the energy consumed is the same as for other days of the same month on which a similar load existed.

4. (g) The Commission may from time to time, at its option, install duplicate measuring equipment, including necessary current and potential transformers at the points of measurement for the purpose of checking records obtained from the Company's measuring equipment or for any other purpose.

4. (h) The Company shall not be responsible for any damage to property or apparatus furnished by the Commission for the purpose of supplying or measuring power or energy hereunder, or for any other purpose, and installed on the Company's property, unless such damage originates from a source within the control of the Company and external to the said apparatus of the Commission.

4. (i) The kilowatts, kilovolt amperes, kilowatt hours and all other factors and quantities or any of them, shall be determined directly or indirectly from the measuring equipment provided for in this Clause 4; and the standards of McGill University, or of the recognized National authority, if there be such generally accepted, shall be used as the final reference as to the accuracy of measuring equipment.

5. (a) Subject to the direction of the Commission, as provided in Clause 2, the maintenance by the Company of approximately the agreed voltage, at the agreed frequency, at the point of delivery, together with the ability of the Company to supply the power and energy under this Agreement, shall constitute the delivery of power involved in this Agreement.

5. (b) In case the Company shall at any time or times be prevented from delivering, or the Commission from receiving the said power and energy, or either of them, or any part thereof, by strikes, riots, fire, invasion, explosion, act of God, the King's enemies, or any other similar cause or causes reasonably beyond the control of them, or either of them, then to the extent of such prevention, the Company shall not be bound to deliver and the Commission shall not be bound to pay for such power or energy during such time.

Each party shall be prompt and diligent in removing the cause of such interruption (and to this end shall in advance of any such interruption provide a reasonable reserve of spare parts and apparatus), and as soon as the cause of such interruption is removed, the Company shall, without any delay, deliver said power as aforesaid, and the Commission shall pay for the same.

5. (c) The Company shall have the right at reasonable times and when possible, after due notice has been given to the Commission, to discontinue or reduce, to the extent necessary, the supply of power and energy, or either of them, to the Commission for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the generating, transforming, transmitting, or other equipment of the Company, but all such interruptions, total or partial, shall be of a minimum duration, and, when possible arranged for at a time least objectionable to the Commission.

During such interruptions, the Commission shall be released from its obligation to pay for such power and energy as the Commission is entitled to receive and the Company fails to deliver or to hold available for the Commission.

5. (d) In case of the failure of the Company at any time to have available and to deliver, as set forth in Clauses 1 and 2, the full amount of the electrical power and energy to which the Commission is entitled under this Agreement, there shall be a proportionate reduction in the monthly sum payable by the Commission to the Company, and, without limiting the generality of the foregoing, any failure of the Company under Sub-clause (b) or Sub-clause (c) of this Clause shall be included as a failure under this Sub-clause (d); the amount of reduction from the amount which would otherwise accrue due from the Commission to the Company during such month shall bear the same ratio to such accrued amount as the average deficiency in horsepower during such month bears to the then contract demand in horsepower; the said average deficiency in horsepower during such month shall be the result determined from dividing the number of hours in the month into the total deficiency in horsepower hours below the Commission's requirements within the contract demand, resulting from all the said total or partial interruptions occurring during the month, as shown by the graphic meter records.

5. (e) If any failure of the Company, as mentioned in Clause 5 (d) is due to causes within the Company's control (any interruptions under Clauses 5 (b) or 5 (c) shall, in no way, be deemed to be in the control of the Company, but financial difficulties shall be deemed to be in the control of the Company), the Company, in addition to the reduction under Clause 5 (d), shall pay to the Commission, as liquidated damages determined beforehand in respect of every such failure, a sum equal to fifty per cent. (50 %) of the said reduction until the Thirty-first day of October, A.D. 1947, and thereafter to one hundred per cent. (100 %) of the said reduction, and the liquidated damages shall be in addition to the said reductions.

6. One or more representatives or engineers of the Commission designated for this purpose, may, at any reasonable time during the continuance of this Agreement, have access to the premises of the Company

for the purpose of inspecting the premises, apparatus, plants, property and electrical and hydraulic records of the Company pertaining to the power developments at which the power supplied under this Agreement is generated, and to take and obtain records therefrom as required.

Representatives of the Company shall have similar rights in respect of the premises, apparatus, plants, property and electrical records of the Commission, pertaining to the power supplied under this Agreement.

7. In case any disagreement, dispute, difference or question shall, at any time hereafter, arise between the Commission and the Company in respect to the construction of this Agreement or concerning anything herein contained, or hereby provided for, or arising thereout, or as to the rights, liabilities or duties of the Commission and the Company, or either of them, the same shall forthwith be referred to a single arbitrator in case the parties can agree upon one, otherwise to two arbitrators, one to be appointed by each party to the difference, and in either case in accordance with and subject to the provisions of *The Arbitration Act* of the Province of Ontario, Revised Statutes of Ontario, 1927, chapter 97, or any statutory modification or re-enactment thereof for the time being in force, and shall be determined in accordance with the laws of the Province of Ontario; the findings of the arbitrator or arbitrators shall be final and binding upon the Commission and the Company respectively, except that either may appeal from, move to set aside, vary or refer back an award as provided in the said *Arbitration Act*, and except that the right to appeal to the Supreme Court of Canada and to the Privy Council or either of them shall not be limited.

8. For all purposes of this Agreement, the electrical power and energy kept available for delivery to the Commission and delivered to the Commission under this Agreement shall be taken only from the electrical power and energy derived or developed from the water power owned by the Company in fee simple at Masson and High Falls on the du Lievre River.

This Agreement is made subject to the conditions lawfully attached by the Government of the Province of Quebec to the approvals of the plans and specifications of the works from which the power and energy delivered hereunder are obtained as to export of power to the United States.

9. The rates to be paid and payments to be made by the Commission for power and energy under this Agreement, shall, subject to the provisions of this Clause, include all compensation to the Company for all taxes, levies, rentals, royalties, license fees and charges that may be levied, assessed or imposed by the Dominion, Provincial or Municipal or any other authority for or during the term of this Agreement, or any part thereof; if, however, while this Agreement shall continue in force, (a) any Dominion or Provincial taxes or other similar levies (but not any Municipal taxes nor any income taxes) not now in existence be created or any now existing be increased in rate, or, (b) any Dominion or Provincial rentals, royalties, license fees or similar charges for the use of water, not now in existence be created, or any now existing be increased in rate, in such manner as to increase the cost to the Company by reason of these items of the electrical power and energy kept available for and delivered to the Commission under this Agreement, then in each and every such case, an increase shall be made in the payments by the Commission to the Company hereunder which shall, after crediting any reduction in any such items, exactly compensate the Company for the increase thereby occasioned in the cost to the Company of the electrical power and energy kept available for and delivered to the Commission under this Agreement; provided that in the event of any reduction in any such item, the said increase in the payments by the Commission shall be reduced accordingly to the extent of the total of the said increase but no more.

Provided further, that Workmen's Compensation and any rates or charges in respect thereof shall not be deemed to be taxes for the purposes of this Clause and the liabilities and obligations of the Commission shall not in any way be increased thereby but the same shall be borne by the Company; the recently authorized educational tax of the Province of Quebec not yet promulgated shall, for the purposes of this Clause, be regarded as not in existence.

Provided, however, and it is hereby expressly agreed in view of Clause 8 hereof, that all the obligations and liabilities of the Company now existing or which may hereafter arise under or by virtue of two Emphyteutic leases dated respectively the 7th day of November, 1929, and the 5th day of November, 1930, passed before Monsieur Roger Biron and Monsieur Edouard Biron respectively, each of whom is a Notary Public in and for the Province of Quebec and made between the Honourable Honore Mercier, acting in his quality of Minister of Lands and Forests of the Province of Quebec as Lessor, and the Company as Lessee, shall be deemed to have been in existence prior to the date of this Agreement, and that in no event shall any increase be made in the payments by the Commission to the Company or its Assigns under this Agreement, for or in respect of or by reason of any taxes, assessments, tariffs, levies, rentals, royalties, fees, charges or other payments of any kind whatsoever, which are payable or which may hereafter become payable under or by virtue of the said Emphyteutic Leases or either of them, or under any of the provisions contained therein or in any other Provincial Lease or Leases whatsoever.

10. This Agreement shall be binding upon both parties hereto upon its execution, and shall continue in force until the expiry of a period of forty (40) years, which period shall begin on the first day of July, A.D. 1933.

11. The Commission shall be entitled at any time prior to the expiration of thirty (30) days' notice in writing from the Company, delivered after the termination of this Agreement, to remove from the premises of the Company any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

12. All written notices which are required to be sent hereunder by either party to the other shall be sent by registered letter to such address or addresses as each party may, from time to time, file with the other. The parties agree each to maintain its address on file with the other.

13. The Company covenants and agrees with the Commission that if, at any time hereafter, during the continuance of this Agreement, the Company or any assignee or transferee from the Company should mortgage, hypothecate or charge any of its rights, or immovable property, which are necessary for the development of power or energy, or any part of such property or rights, to secure bonds or debentures or other securities of like nature, any such mortgage, hypothecation or charge shall be expressly made subject to all covenants, agreements and obligations on the part of the Company in this Agreement contained and shall provide that any sale of the property or rights so mortgaged, hypothecated or charged, or any part thereof, under the provisions of such mortgage, hypothecation or charge, shall be made subject to the obligations of the Company in this Agreement contained, and that the premises mortgaged, hypothecated or charged shall not be sold except to a purchaser who shall covenant and agree with the Commission to assume and perform the obligations of the Company in this Agreement contained, and in all respects succeed to the position of the Company hereunder; and it is agreed that all the said provisions shall be conditions of every contract mortgaging, hypothecating or charging the immovable property or rights of the Company or any assignee or transferee, as aforesaid, which are necessary for the development of power or energy, or any part of such property or rights, and shall be expressed therein as stipulations in favour of, and for the benefit of the Commission.

The Company further covenants and agrees with the Commission that it will not assign or transfer any of its plant or immovable property necessary to the development of power or energy except to an assignee or transferee, which shall covenant and agree with the Commission, in such form and manner as the Commission may require, to assume and perform the obligations of the Company in this Agreement contained; any such assignment or transfer shall not relieve the Company from any of its said obligations, and the Company will, if required by the Commission, execute and deliver to the Commission its guarantee in such form as the Commission may require for the full performance of this Agreement by such assignee or transferee.

14. This Agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto, subject to the consent in writing of the Commission to any assignment other than an assignment to an assignee that shall have complied with Clause 13.

In witness whereof the parties hereto have caused this Agreement to be executed under their Corporate Seals, attested by the signatures of their proper officers duly authorized thereto.

THIS AGREEMENT made in triplicate this 14th day of January, A.D. 1935.

BETWEEN:

THE JAMES MACLAREN COMPANY LIMITED, herein called the "MacLaren Company"

OF THE FIRST PART,

MACLAREN-QUEBEC POWER COMPANY, herein called the "Power Company",

OF THE SECOND PART,

—and—

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO, herein called the "Commission",

OF THE THIRD PART.

Whereas by an Indenture dated the Twentieth day of December, A.D. 1930, the MacLaren Company therein called the "Company," entered into a contract with the "Commission" therein called the Commission, for the sale of power to the Commission, and also on the same date the Commission gave to the Company a letter supplementary to the said contract, the said contract and supplementary letter being herein referred to as the "Power Contract."

And whereas in the said power contract it was provided as follows:

"The Company further covenants and agrees with the Commission that it will not assign or transfer any of its plant or immovable property necessary to the development of power or energy except to an assignee or transferee, which shall covenant and agree with the Commission, in such form and manner as the Commission may require, to assume and

perform the obligations of the Company in this Agreement contained; any such assignment or transfer shall not relieve the Company from any of its said obligations, and the Company will, if required by the Commission, execute and deliver to the Commission its guarantee in such form as the Commission may require for the full performance of this Agreement by such assignee or transferee."

And whereas the MacLaren Company desires to transfer to the Power Company certain properties and rights of the MacLaren Company including the plant and immovable property of the MacLaren Company necessary for the development of electrical power or energy and also desires to transfer to the Power Company the rights, interest and benefit of the MacLaren Company under or arising out of the said power contract.

Now, therefore, this Agreement witnesseth that for the considerations herein contained the parties hereto covenant, promise and agree as follows:

1. The Power Company hereby covenants and agrees with the Commission to assume, undertake and perform and hereby assumes and undertakes and binds itself to perform all the covenants, agreements and obligations of the MacLaren Company under or arising out of the power contract as fully and effectually as the MacLaren Company itself might or could do.

2. The above mentioned transfer of the said plant and immovable property and of the rights, interest and benefit of the MacLaren Company under or arising out of the power contract shall not release or relieve the MacLaren Company from any obligation contained in the power contract.

3. The MacLaren Company hereby covenants and agrees with the Commission that the Power Company will from time to time and at all times perform all the covenants, agreements and obligations contained in the power contract on the part of the MacLaren Company to be performed, and that if the Power Company shall in any respect whatsoever fail to perform any of the said covenants, agreements and obligations with the Commission in accordance with the power contract, the MacLaren Company will itself perform or cause to be performed the said covenants, agreements and obligations as fully in all respects as if the power contract had never been transferred to the Power Company and the MacLaren Company hereby renounces the benefit of discussion and binds itself jointly and severally with the Power Company for due performance as in this clause above set out.

4. The MacLaren Company further covenants and agrees with the Commission that the Commission may at any time agree with the Power Company to vary the terms of the power contract with the Power Company, or take or receive from the Power Company any security whatsoever to secure performance of the said covenants, agreements and obligations, or grant any extension of time to the Power Company, or deal with the Power Company in any manner whatsoever without releasing the MacLaren Company from any covenants, agreements and obligations contained herein or in the power contract or in the power contract as so varied:

5. The Commission hereby declares that the covenants and agreements of the Power Company contained in Clause 1 of this Agreement are made in the form and manner required by the Commission as contemplated by the above recited paragraph from the said power contract and that the guarantee of the MacLaren Company contained in Clause 3 of this Agreement is made in the form and manner required by the Commission as contemplated by the said above recited paragraph, and the Commission hereby consents to the transfer by the MacLaren Company to the Power Company of the rights, interest and benefit of the MacLaren Company under or arising out of the said power contract, subject always to all the terms and provisions of this Agreement.

In witness whereof the Parties hereto have caused this Agreement to be executed under their corporate seals, attested by the signatures of their proper officers duly authorized thereto.

EXPLANATORY NOTES

The object of this Bill is to restore property qualification as a requirement before any person may be elected as a member of a municipal council.

Previous to 1920 candidates for council had to possess certain property qualifications but during the past fourteen years or so these qualifications have not been necessary.

It is possible, under the present law, for a tenant who may be more or less of a temporary resident to be elected as a member of council even although his rent is greatly in arrears and the taxes upon the property occupied by him are also in arrears. An owner, however, cannot qualify as a member of council if he owes any taxes.

The Bill substantially restores the former qualifications except that an owner may be elected as member of council in municipalities with the smaller population if he is rated for not less than \$500 and in the larger municipalities if he is rated for not less than \$1,000, and if he does not owe any arrears of taxes from previous years.

A tenant may qualify if he is rated for the same amount as an owner, has been in actual occupation for a year prior to election, does not owe more than three months rent, and if no arrears of taxes from previous years are owing upon the property he occupies.

- (r) An owner or tenant against whose land in respect of which he qualifies there are at the time of the election any taxes of a preceding year or years overdue and unpaid.

(2) The magistrate may from time to time adjourn the inquiry and again commit to custody, as prescribed by subsection 5 of section 26, until proper inquiry is made as directed by this section. R.S.O. 1927, c. 353, s. 16, *amended*.

SECTION 31. Substantially the same as *The Hospitals for the Insane Act*, section 21.

SECTION 32.—(1) New. Provides for transfer from one institution to another.

SECTION 32.—(2) This provision is necessary because the certificates for admission to a hospital will differ from the certificates for admission to a hospital school. The former will state that the person is mentally ill, whereas the latter will state that the person is mentally defective.

In this amendment the Minister of Health is not given any authority to deal with prisoners whose sentence has not expired.

SECTION 33.—(2) This subsection is necessitated by the amendment contained in section 33, subsection 1. This subsection provides that when a prisoner is transferred from a penal institution to a mental institution a record of his sentence will be filed in the Department of Health to insure that no prisoner will be placed on probation or discharged from a mental institution when his sentence has not expired.

R.S.O. 1927, c. 353, s. 29 (1) *amended*.

Return from probation.

(2) If within six months from such release on probation the patient again becomes mentally ill or defective to such a degree that his confinement in an institution is necessary, the superintendent by whom he was released on probation or the Deputy Minister, may by warrant in the prescribed form directed to any constable or peace officer or other person, authorize and direct that such patient be apprehended and brought back to the institution from which he was released on probation, and such warrant shall be an authority to any one acting under it to apprehend the person named therein and to bring him back to the institution. BILL

An Act to amend The Mothers' Allowances Act.

MR. CROLL

No. 101

1935

BILL

An Act to amend The Mothers' Allowances Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title.

1. This Act may be cited as *The Mothers' Allowances Amendment Act, 1935*.

Rev. Stat.,
c. 280, s. 1,

(1933,
c. 36, s. 2),

2. Clause *a* of section 1 of *The Mothers' Allowances Act* as re-enacted by section 2 of *The Mothers' Allowances Act, 1933*, is amended by inserting after the word "branch" in the first line the words "or person," so that the said clause shall now read as follows:

"Commis-
sion."

(a) "Commission" shall mean such department or branch or person in the public service of the Province, or commission or other body of persons as may be appointed or designated by the Lieutenant-Governor to administer this Act.

Rev. Stat.,
c. 280, s. 2,
subs. 1, cl. a,
re-enacted.

3.—(1) Clause *a* of subsection 1 of section 2 of *The Mothers' Allowances Act* is repealed and the following substituted therefor:

Conditions
under which
allowances
may be paid.

(a) is a widow, or the wife of a man who is permanently unemployable by reason of mental or physical disability, or of a man who has deserted her and has not been heard of for at least three years.

cl. b,
amended.

(2) Clause *b* of subsection 1 of the said section 2 as amended by section 2 of *The Mothers' Allowances Act, 1928*, is further amended by striking out the words "or total disability of the father of the children" in the second line and inserting in lieu thereof the words "permanent disability or desertion by the father of the child or children," so that the said clause shall now read as follows:

EXPLANATORY NOTES

SECTION 2. This amendment is to provide that if the Lieutenant-Governor wishes to designate one person to administer the Act, he may do so.

SECTION 3.—(1) This new clause is introduced for the following reasons:

- (1) To meet conditions under regulations of the Department of Health which permit certain patients from mental hospitals to be boarded outside the institution. The Act as it stands at present provides only for the families of "inmates" of hospitals;
- (2) To declare the degree of incapacitation which is intended;
- (3) To decrease the period of desertion from five to three years. It has been the custom to grant an allowance by Order-in-Council after three years desertion. The amendment will provide for an allowance after three years without the necessity for an Order-in-Council.

(2) The amendment made by this subsection is necessary in order to conform with the new clause (a) proposed by subsection 1 of section 3 of the Bill.

- (a) was resident in Ontario at the time of the death, permanent disability or desertion by the father of the child or children on whose behalf the allowance is to be made, and for a period of two years immediately prior to the application for an allowance.

Rev. Stat.,
c. 280, s. 2,
subs. 1, cl. e,
amended.

- (3) Clause *e* of subsection 1 of the said section 2 is amended by striking out the word "was" at the commencement thereof and inserting in lieu thereof the word "is," so that the said clause shall now read as follows:

- (e) is a British subject by birth or naturalization, or is the widow or wife of a British subject.

Rev. Stat.,
c. 280, s. 2,
subs. 1,
cl. g,
amended.

- (4) Clause *g* of subsection 1 of the said section 2 is amended by striking out the word "two" in the first line and inserting in lieu thereof the word "one," and by striking out the word "them" in the third line and inserting in lieu thereof the words "such child or children," so that the said clause shall now read as follows:

- (g) has resident with her one or more of her own children under sixteen years of age and has not adequate means to care properly for such child or children without the assistance of an allowance under this Act.

Rev. Stat.,
c. 280, s. 2,
subs. 2,
cl. a,
repealed.

- (5) Clause *a* of subsection 2 of the said section 2 as amended by subsection 1 of section 16 of *The Mothers' Allowances Act, 1929*, is repealed.

Rev. Stat.,
c. 280, s. 2,
subs. 2,
cl. b,
amended.

- (6) Clause *b* of subsection 2 of the said section 2 is amended by striking out the word "two" in the second line and inserting in lieu thereof the word "one," by inserting after the word "such" in the fourth line the words "child or" and by striking out the word "them" in the sixth line and inserting in lieu thereof the words "such child or children," so that the said clause shall now read as follows:

Allowance
to foster
mother.

- (b) is married or unmarried and has resident with her one or more orphan children under sixteen years of age and is the grandmother, sister, aunt or other suitable person acting as the foster mother of such child or children and has not adequate means to care properly for such child or children without the assistance of an allowance under this Act.

Rev. Stat.,
c. 280, s. 2,
subs. 3,
(1934,
c. 54, s. 15),
amended.

- (7) Subsection 3 of the said section 2 as re-enacted by section 15 of *The Statute Law Amendment Act, 1934*, is repealed and the following substituted therefor:

(3) The amendment made by this subsection will permit a widow who is otherwise eligible, to qualify for an allowance under the Act if she becomes naturalized. It has been the practice to grant such an allowance only by special Order-in-Council.

(4) This will authorize the granting of an allowance to a mother with only one child. The present Act provides that she must have two or more children under her care before she can qualify for an allowance.

(5) This repeals clause (a) of subsection 2 of section 2 of the Act which provides for an allowance to a woman who has resident with her a child over the age of sixteen or a husband who is incapacitated and one child under sixteen. This clause is no longer necessary in view of the amendment made by subsection 4 of section 2 of the Bill to clause (g) of subsection 1 of section 2 of the Act.

(6) This amendment is to provide for an allowance to a foster mother with only one child under sixteen years of age in her care.

(7) The words struck out are no longer necessary due to the provisions of clause (g) of subsection 1 of section 2 of the Act.

Allowance
in special
cases.

- (3) In cases presenting special circumstances where investigation has shown the advisability of an allowance being granted to the children dependent upon a mother or foster mother who is not strictly eligible under the terms of subsection 1 or subsection 2, the Commission may recommend to the Lieutenant-Governor in Council the granting of an allowance and the amount of the same, and the Lieutenant-Governor in Council may consider any such recommendation and direct the payment of an allowance accordingly, notwithstanding that such payment is not expressly provided for in this Act.

Rev. Stat.,
c. 280, s. 9,
cl. b,
amended.

4.—(1) Clause *b* of section 9 of *The Mothers' Allowances Act* is amended by striking out the words "executive secretary and other" in the first and second lines, so that the said clause shall now read as follows:

- (b) prescribing the duties of the members of the staff of the Commission.

Rev. Stat.,
c. 280, s. 9,
cl. d,
amended.

(2) Clause *d* of the said section 9 is amended by striking out the words "by local boards" in the second line so that the said clause shall now read as follows:

- (d) for the conducting of inquiries and investigations as to persons to whom allowances may be paid or who are in receipt of allowances under this Act or by whom or on whose behalf application has been made for payment of allowances.

Commence-
ment of
Act.

5. This Act shall come into force on the day upon which it receives the Royal Assent.

SECTION 4.—(1) The words "executive secretary" are no longer necessary as there is no such official.

(2) This amendment is to provide that investigations may be made by whomsoever the Commission may appoint.

EXPLANATORY NOTES

Feed grain as it is produced and marketed is probably doing more to encourage weeds than any other single factor.

Both the Dominion and the Provincial Governments are spending hundreds of thousands of dollars yearly to control noxious weeds, while on the other hand thousands of cars of feed grains are being sold to the farmers which may contain as high as a 1,000,000 noxious weed seeds per 100 pounds of grain.

A large percentage of the weed seeds in this grain can easily be removed. They can not be ground by the average chopper, hence are eaten by livestock and passed back to the land without destroying germination. Individual and groups of farmers, and many elevator men are requesting the Government to make some effort to control this serious situation. The large grain dealers of Ontario appear to be in sympathy with the idea.

Imported grain to comply with regulations before sale in Ontario.

4.—(1) Except as provided by this Act or the regulations all grain brought into Ontario shall before being offered for sale or sold therein be clean and free from weed seeds and other impurities as provided for in and required by the regulations.

Invoice to show compliance with Act.

(2) Except as provided in subsection 1, the bill of lading or invoice of every shipment of grain which is sold or to be sold in Ontario shall have printed or marked thereon a statement that such grain complies with this Act and the regulations.

EXPLANATORY NOTES

Section 2. It is deemed necessary to define incorporated companies in this manner in order that taxes may be collected when the affairs of the company are being carried on by a trustee or liquidator.

Section 3.—(1) The principal purpose of this amendment is to assure that companies which merely hold assets in Ontario are carrying on business in Ontario and liable to the tax.

(2) At the present time there are only three Street Railways operated as private enterprises in the Province, namely—International Transit Company (Niagara Falls); London Street Railway; and Ottawa Electric Railway Company; and it is deemed more equitable to tax them in the same manner as other corporations, that is, on capital and net revenue. It is anticipated that this will make no material change in the amount of the tax.

(3) There appears to be no necessity for taxing finance companies in a different manner from other corporations.

(4) The principal purpose of this amendment is to assure that companies which merely hold assets in Ontario are carrying on business in Ontario and liable to the tax and to provide in the Act for certain exemptions which were formerly allowed by regulation.

Incorporated
companies,—
Tax on
capital.

- (a) Save as in this subsection otherwise provided every incorporated company having its head or other office in Ontario or which holds assets in Ontario, or which transacts business in Ontario, whether under its own name or through an agent or otherwise shall pay a tax of one-tenth of one per centum upon the paid-up capital thereof.
- (c) Provided further that the tax imposed by this subsection shall not apply—
 - (i) to any mine, plant or works the profits of which are liable to taxation under *The Mining Tax Act*;
 - (ii) to any milling, smelting, refining or reduction plant owned by the owner of the mine and used for processing of such mine's ores unless and until such mine is assessed for a tax under *The Mining Tax Act*;
 - (iii) to any capital *bona fide* held or used in the survey for exploration of and development of gold, silver, copper, nickel or other precious or semi-precious metals;
 - (iv) to any company maintaining a head office and/or executive office in Ontario but whose business and assets are carried on and situated entirely outside of the Province of Ontario;
 - (v) to any company which maintains a head office and/or executive office in the Province of Ontario but whose assets consist wholly of shares or obligations of other companies or corporations;
 - (vi) to any company whose affairs are in the hands of a liquidator, receiver or trustee and the assets of which, in the opinion of the Treasurer are insufficient to meet its liabilities;
 - (vii) to any company, which in the opinion of the Treasurer, has not commenced to do business or, which in the opinion of the Treasurer, has ceased to do business;
 - (viii) to any association incorporated without share capital;

- (ix) to any company, which in the opinion of the Treasurer, was incorporated for the purpose of drainage, agriculture or colonization in Ontario;
 - (x) to any company, which in the opinion of the Treasurer, was incorporated for religious, charitable, philanthropic, social or educational purposes and which is not, in the opinion of the Treasurer, carried on for the purpose of gain;
 - (xi) to any telephone company having a capital of less than \$100,000;
 - (xii) to any company organized on a co-operative basis;
 - (xiii) to any Company, which in the opinion of the Treasurer, was incorporated for the purpose of conducting a community hall, community rink, community cemetery, amateur athletic club or social club;
 - (xiv) to any company, which in the opinion of the Treasurer, was incorporated for the purpose of holding buildings or other assets of fraternal organizations provided such buildings are not, in the opinion of the Treasurer, operated for the purpose of gain;
 - (xv) to any transportation company having its head office and business outside of Ontario, and which in the opinion of the Treasurer, maintains an office in Ontario only for the purpose of soliciting business for its system outside of Ontario provided that, in the opinion of the Treasurer, it does not sell transportation at its Ontario office;
 - (xvi) to corporations paying tax under subsection 12 of this section upon their entire capital except as to any portion of capital not so taxed under the said subsection;
 - (xvii) to corporations paying taxes under subsections 2, 3, 4, 5, 6, 10, 11, 13, 14 and 15 of this section.
- (d) In this subsection the words "paid-up capital" shall mean and include the paid-up capital stock of the incorporated company, its surplus and reserve funds

This amendment provides for including in the capital of a company for the purpose of taxation money raised by mortgages or bond issues, etc.

(except any reserve the creation of which is allowed as a charge against revenue under subsection 3 of section 3*a* of this Act) all sums or credits advanced or loaned to the incorporated company by any other company (not including any Bank), and all sums borrowed by the incorporated company by the issue of bonds, bond mortgages, debentures, mortgages or other like securities, provided that with respect to goodwill included as an asset, a deduction may be allowed to the extent that such goodwill, in the opinion of the Treasurer, has no value.

- (b) Provided that the combined tax payable under this subsection and under subsection 23 of this section by a company having a paid-up capital of less than \$50,000 shall in no case be less than \$20 and subject to such minimum tax, the tax imposed in this subsection for each office or place of business shall be one-tenth of one per centum of the paid-up capital as defined in clause *d* of subsection 23.
- (c) Provided further that the provisions of this subsection shall not apply to corporations paying taxes under subsections 2, 3, 6, 10, 11, 13, 14, or 15 of this section.
- (d) Provided further that the provisions of this subsection shall not apply to any association incorporated without share capital.
- (e) Provided further that the following companies shall, in lieu of the tax imposed by this subsection, pay a tax of \$20.

EXPLANATORY NOTE

There is no provision in *The Provincial Loans Act* or in any other Act to authorize the Government to borrow money to pay off maturing debentures of the Province or debentures that have been guaranteed by the Province. This amendment will provide the necessary authority.

When *The Provincial Loans Act, R.S.O. 1927*, chapter 23, was originally passed, it was no doubt anticipated that maturity loans would be paid off out of sinking funds, for which provision was made in the different loaning acts, but no sufficient sinking fund has been provided for the retirement of these maturing loans.

THE GOVERNMENT OF THE DOMINION OF CANADA
(hereinafter called the "Dominion") represented
herein by the Honourable Wesley A. Gordon,
Minister of Labour,

OF THE FIRST PART;

—and—

THE GOVERNMENT OF THE PROVINCE OF ONTARIO
(hereinafter called the "Province"), represented
herein by the Honourable William Finlayson,

OF THE SECOND PART.

Whereas the *Relief Act, 1934*, provides, *inter alia*, that the Governor in Council may pay out of the Consolidated Revenue Fund such moneys as may be necessary to carry out the purposes of the said Act;

And whereas the Province desires to enter into an agreement under the provisions of the said Act;

And whereas it is proposed that the Dominion Government, the Provincial Government and the municipality concerned shall participate in the expenditure of relief moneys which would otherwise be expended in the form of direct relief for the purpose of assisting selected families to settle upon the land and thus contribute to their own maintenance and eventually become self-supporting;

Now therefore it is mutually agreed by and between the parties hereto as follows:

1. The Dominion shall contribute one-third of an amount not to exceed \$600.00 per family for the purpose of providing a measure of self-sustaining relief to families who would otherwise be in receipt of direct relief by placing such families on the land, the remaining two-thirds of the expenditure to be contributed by the Province and the municipality concerned as may be decided between the Province and the municipality; the Dominion contribution to be non-recoverable expenditure.

Provided that in cases where the proposed settler is taken from a district or locality without municipal organization, the Province may pay in addition to the non-recoverable maximum contribution of \$200.00 from the Dominion, such sum as in the opinion of the Province may be necessary, but in no case shall the contribution made by the Province be less than the non-recoverable contribution of the Dominion.

2. The Dominion contribution shall be payable to the Province progressively as expenditures are made by the Province and municipality. The total expenditure on behalf of any one family during the first year shall not exceed \$500.00 for all purposes inclusive of subsistence and establishment, a minimum amount of \$100.00 to be withheld to provide subsistence if necessary during the second year.

3. The Dominion on the recommendation of the Province and with the approval of the Governor-in-Council may contribute as an additional non-recoverable expenditure one-third of an amount not exceeding \$100.00 in the case of a settler who may not be self-supporting at the expiration of the two-year period and for whom subsistence expenditure during the third year of settlement is deemed necessary; the remaining two-thirds of such expenditure to be contributed by the Province and municipality from which the settler was selected.

Provided that where the settler has been taken from a district without municipal organization, the Dominion and Province shall share equally

in the subsistence expenditure that may be required during the third year, the total expenditure per family not to exceed \$100.00.

4. No part of the total expenditure referred to in the preceding sections of this agreement shall be for the purpose of acquiring or renting land.

5. All families who may be assisted under the terms of this agreement shall be residents of Canada and shall be selected from those who would otherwise be in receipt of direct relief. The selection of families shall be made without discrimination by reason of political affiliation, race or religious views.

6. The Province shall be responsible for administration of relief settlement including the location and inspection of suitable farms, the selection of suitable families who shall be physically fit and qualified in other respects. The Province shall be responsible for the disbursement of funds to the families assisted, and the expenses of such administration shall be paid by the Province, and no part of the cost of administration and supervision shall be deducted from the maximum amount of \$600.00 set aside for subsistence and settlement of each family.

9. Statements of accounts for expenditures made by the Province in respect to families assisted pursuant to the provisions of this agreement shall be submitted by the Province to the Commissioner of Unemployment Relief accompanied by certificate of the appropriate Provincial authorities that expenditures have been duly made in accordance with such statement, and such statements and certificates shall be in the form prescribed by the Commissioner of Unemployment Relief.

10. The number of families to which self-sustaining relief shall be provided under the terms hereof shall be such as may be agreed upon from time to time between the Minister of Labour and the Province.

11. The Commissioner of Unemployment Relief, or the Auditor-General, may at any time call upon the Province to furnish such information as he may require in relation to statement of accounts rendered by the Province.

12. Subject to approval by the Governor-in-Council, this agreement shall be effective from April 1st, 1934, to provide continuity of settlement with the former agreement which expired March 31st, 1934, and shall continue in force until March 31st, 1936.

Provided that in cases where the proposed settler is taken from a district or locality without municipal organization, the Province may pay in addition to the non-recoverable maximum contribution of \$200.00 from the Dominion, such sum as in the opinion of the Province may be necessary, but in no case shall the contribution made by the Province be less than the non-recoverable contribution of the Dominion.

2. The Dominion contribution shall be payable to the Province progressively as expenditures are made by the Province and municipality. The total expenditure on behalf of any one family during the first year shall not exceed \$500.00 for all purposes inclusive of subsistence and establishment, a minimum amount of \$100.00 to be withheld to provide subsistence if necessary during the second year.

3. The Dominion on the recommendation of the Province and with the approval of the Governor-in-Council may contribute as an additional non-recoverable expenditure one-third of an amount not exceeding \$100.00 in the case of a settler who may not be self-supporting at the expiration of the two-year period and for whom subsistence expenditure during the third year of settlement is deemed necessary; the remaining two-thirds of such expenditure to be contributed by the Province and municipality from which the settler was selected.

Provided that where the settler has been taken from a district without municipal organization, the Dominion and Province shall share equally

in the subsistence expenditure that may be required during the third year, the total expenditure per family not to exceed \$100.00.

4. No part of the total expenditure referred to in the preceding sections of this agreement shall be for the purpose of acquiring or renting land.

5. All families who may be assisted under the terms of this agreement shall be residents of Canada and shall be selected from those who would otherwise be in receipt of direct relief. The selection of families shall be made without discrimination by reason of political affiliation, race or religious views.

6. The Province shall be responsible for administration of relief settlement including the location and inspection of suitable farms, the selection of suitable families who shall be physically fit and qualified in other respects. The Province shall be responsible for the disbursement of funds to the families assisted, and the expenses of such administration shall be paid by the Province, and no part of the cost of administration and supervision shall be deducted from the maximum amount of \$600.00 set aside for subsistence and settlement of each family.

7. The Province shall set up an advisory committee upon which shall be included representatives of the Dominion Land Settlement Branch, the Colonization Branch of the Canadian Pacific Railway Company, and the Colonization Branch of the Canadian National Railways.

8. The Province agrees to furnish to the Dominion from time to time a schedule, or schedules, approved by the advisory committee, setting forth a list of the families to be assisted with particulars as to the location in which they are to be settled.

9. Statements of accounts for expenditures made by the Province in respect to families assisted pursuant to the provisions of this agreement shall be submitted by the Province to the Commissioner of Unemployment Relief accompanied by certificate of the appropriate Provincial authorities that expenditures have been duly made in accordance with such statement, and such statements and certificates shall be in the form prescribed by the Commissioner of Unemployment Relief.

10. The number of families to which self-sustaining relief shall be provided under the terms hereof shall be such as may be agreed upon from time to time between the Minister of Labour and the Province.

11. The Commissioner of Unemployment Relief, or the Auditor-General, may at any time call upon the Province to furnish such information as he may require in relation to statement of accounts rendered by the Province.

12. Subject to approval by the Governor-in-Council, this agreement shall be effective from April 1st, 1934, to provide continuity of settlement with the former agreement which expired March 31st, 1934, and shall continue in force until March 31st, 1936.

BILL

The Municipal Amendment Act, 1935.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

c. 233, s. 1,
amended.

2.—(1) Section 1 of *The Municipal Act* is amended by adding thereto the following clause:

"Depart-
ment."

(cc) "Department" shall mean the Department of Municipal Affairs for Ontario.

Substitution
of Depart-
ment for
former
Bureau of
Municipal
Affairs.

(2) Where in any provision of *The Municipal Act* reference is made to the Bureau of Municipal Affairs or to any officer thereof or to the Commissioner of Municipal Affairs such reference shall hereafter be deemed and construed to refer to the Department.

c. 233, s. 229,
subs. 3,
re-enacted.

(3) Subsection 3 of section 229 of *The Municipal Act* is repealed and the following substituted therefor:

Returns by
Department,

(3) The Department shall cause to be prepared annually a tabulated statement of the returns which shall be laid before the Assembly.

Rev. Stat.,
c. 233, s. 235,
subs. 3,
re-enacted.

(4) Subsection 3 of section 235 of *The Municipal Act* is repealed and the following substituted therefor:

Returns by
Department.

(3) The Department shall cause to be prepared annually a tabulated statement of the returns which shall be laid before the Assembly.

Rev. Stat.,
c. 233, s. 307,
subs. 1
and 4,
amended.

(5) Subsections 1 and 4 of section 307 of *The Municipal Act* as enacted by section 10 of *The Municipal Amendment Act, 1932*, are amended by striking out the words "Ontario Municipal Board" where they occur therein respectively and inserting in lieu thereof the word "Department."

EXPLANATORY NOTES

With the creation of a Department of Municipal Affairs, it is desirable that the Municipal Act now refer to such department instead of to the former Bureau and Commissioner.

Rev. Stat.,
c. 233,
s. 248a,
subs. 2,
amended.

3.—(1) Subsection 2 of section 248a of *The Municipal Act* as enacted by section 8 of *The Municipal Amendment Act, 1932*, is amended by striking out all the words of the said subsection after the word “Act” in the fourth line, so that the said subsection shall now read as follows:

Surety
bonds of
guarantee
companies
to be given.

Rev. Stat.,
c. 230.

(2) The security to be given shall be by the bond, policy or guarantee contract of a guarantee company within the meaning of *The Guarantee Companies Securities Act*.

Application
of sub. 1.

(2) Subsection 1 shall apply to every security hereafter given or renewed as required by this section.

Rev. Stat.,
c. 233, s. 397,
para. 1,
amended.

4. Paragraph 1 of section 397 of *The Municipal Act* as amended by section 26 of *The Municipal Amendment Act, 1931*, and by section 16 of *The Municipal Amendment Act, 1932*, is further amended by striking out the words “or a cold storage plant receiving financial aid by way of loan from the Department of Agriculture of the Province of Ontario” and inserting in lieu thereof the words “or the buildings and business of a cold storage plant to which aid by way of loan or grant has been or is being given by the Governments of Canada and Ontario or either of them.”

Rev. Stat.,
c. 233, s. 409,
amended.

5. Section 409 of *The Municipal Act* is amended by adding thereto the following paragraph:

Aid to agri-
cultural and
other bodies.

10. For granting aid to any society, organization or body in the county having for its objects the promotion or protection of agriculture, education, or social welfare, where no specific authority for granting such aid is contained in any Statute; provided the amount of aid which may be granted under the authority of this paragraph shall in the aggregate not exceed \$5,000 in any year.

Rev. Stat.,
c. 233, s. 414,
para. 16,
amended.

6. Paragraph 16 of section 414 of *The Municipal Act* is amended by striking out the word and figure “paragraph 4” in the second line and inserting in lieu thereof the words and figures “paragraphs 4 and 12.”

Rev. Stat.,
c. 233,
s. 431a,
amended.

7.—(1) Section 431a of *The Municipal Act* as amended by section 36 of *The Municipal Amendment Act, 1931*, and section 19 of *The Municipal Amendment Act, 1932*, is further amended by adding after the word “townships” where it occurs in the heading to the said section the words “and villages.”

Rev. Stat.,
c. 233,
s. 431a,
amended.

(2) The said section 431a is further amended by adding thereto the following clause:

The object of this amendment is to eliminate the giving of personal sureties by municipal officials and to require the bond of a surety company in every case. Experience shows that personal surety bonds offer little protection to the ratepayers if an official is dishonest or grossly negligent in his office.

This amendment is to enable a municipality to grant a fixed assessment for a cold storage plant and its business which is aided by the Dominion and Provincial Governments or either of them. At present a fixed assessment for such a plant can only be granted if it is ordered by a provincial loan. The land itself of such a cold storage undertaking is to be exempt from taxation under an amendment to *The Assessment Act*.

Doubt sometimes exists as to the extent to which county councils can assist societies which do valuable work in the county in agricultural, educational and welfare work. The amendment gives a county council a reasonable opportunity to foster such work in a practical way.

This amendment is to enable all local municipalities to license lending libraries. The power is now confined to cities and towns.

Some doubt exists as to the power to require coal dealers to take out a license if their coal yards are beyond the municipal limits. The amendment is to bring such dealers within the paragraph.

Dealers
include
persons
taking orders
or making
deliveries.

- (b) For the purpose of this paragraph a by-law passed hereunder shall extend to include dealers in coal or coke who by themselves or their employees, agents, canvassers or solicitors take orders for or deliver coal or coke within the municipality, and such dealers shall be subject to the provisions of the by-law.

Rev. Stat.,
c. 233, s. 433,
(1932, c. 29,
s. 20),
amended. 8. Section 433 of *The Municipal Act* as enacted by section 20 of *The Municipal Amendment Act, 1932*, is amended by adding thereto the following subsection:

Fees to
members of
utility
commission.

- (3) The provisions of this section shall be deemed to have extended to authorize any payments heretofore made to members of the council for their services as members of any utility commission to which they were appointed under the authority of any general or special Act, and shall also extend to authorize future payments at the rates mentioned in subsection 1 to such members for their services as members of any such utility commission.

Rev. Stat.,
c. 233, s. 495,
para. 3,
amended. 9.—(1) Paragraph 3 of section 495 of *The Municipal Act* is amended by adding after the word “highway” in the seventh line the words “and for permitting the owners of land to maintain and use signs and other advertising devices which project over the sidewalks.”

Rev. Stat.,
c. 233, s. 495,
para. 3, cl. b,
amended. (2) Clause *b* of paragraph 3 of the said section 495 is amended by adding after the word “structure” in the fourth line the words “sign or advertising device.”

Commence-
ment of Act. 10. This Act shall come into force on the day upon which it receives the Royal Assent.

When the amendment of 1932 which eliminated fees, etc., for attendance at meetings of committees of councils was passed, it was not intended to affect the right of members to fees, etc., for attendance at commission meetings. This amendment provides for payment of such fees being valid.

Most urban municipalities have passed by-laws relating to signs, etc., overhanging the sidewalks. Doubt has arisen as to the powers of councils in that respect, because no specific provision therefor has been made in the Act. This amendment is to confer such powers.

EXPLANATORY NOTES

With the creation of a Department of Municipal Affairs, it is desirable that the Municipal Act now refer to such department instead of to the former Bureau and Commissioner.

Establish-
ment of joint

alities

8. Section 415 of *The Municipal Act* is amended by adding thereto the following paragraph:

36. For entering into a contract with the corporation of any other municipality or municipalities for establishing, providing and maintaining, jointly, a fire brigade, fire halls, fire engines, apparatus and equipment and for the maintenance and use thereof upon such basis as to the distribution of cost as the contract may stipulate.

(a) Each municipality shall issue its own debentures for its share of the capital cost of providing the said fire services, and the provisions of paragraphs 1 to 3a shall be applicable.

Clause *d* of paragraph 6 of section 429 of *The Municipal Act* as enacted by section 12 of *The Municipal Amendment Act, 1929*, and as amended by subsection 1 of section 16 of *The Municipal Amendment Act, 1933*, is further amended by inserting therein after the words "fee to be paid" in the first line the words "by a transient trader," so that the said clause shall now read as follows:—

(d) Subject to the provisions of clause *dd* the fee to be paid by a transient trader for the license shall not be less than \$100 in any municipality and shall not exceed in a city or town \$500 and in a township or village \$300.

Rev. Stat.,
c. 233,
s. 431a,
amended.

10.—(1) Section 431a of *The Municipal Act* as amended by section 36 of *The Municipal Amendment Act, 1931*, and section 19 of *The Municipal Amendment Act, 1932*, is further amended by adding after the word "townships" where it occurs in the heading to the said section the words "and villages."

Rev. Stat.,
c. 233,
s. 431a
para. 1,
amended.

(2) Paragraph 1 of section 431a of *The Municipal Act* is amended by striking out all the words and figures after the word "dealer" in the third line, so that the said paragraph shall now read as follows:

This amendment is to enable all local municipalities to license lending libraries. The power is now confined to cities and towns.

NOTE

Paragraphs 5 and 6 of Section 429 provide for licenses to transient traders and other persons whose names are not on the assessment roll in respect of income or business assessment.

By clause (d) the license fee shall not be less than \$100.

The purpose of this amendment is not to disturb the existing provisions as to amount of license fee applicable to transient traders but to remove such restriction so far as it applies to residents of the municipality commencing business, so that such residents, instead of being required to pay a fee of \$100 before commencing business, may be required to pay some lesser sum as may be fixed by the Council more commensurate with the amount of the business tax.

NOTE

Section 431a authorizes the licensing of dealers in coal or coke by the Commissioners of Police in cities of 100,000 population and by councils of other cities and of townships bordering on cities of 100,000 population. The section also authorizes the revoking or suspending of the license of a dealer who has been convicted of an offence against any provision of the by-law or of any by-law passed under paragraph 11 of section 400. Dealers are frequently convicted of selling short-weight not under the authority of paragraph 11 of section 400 but under a by-law regulating the weighing and measuring of coal and other fuel passed under paragraph 6 of section 400. The license can not now be cancelled for a breach of such by-law. This amendment will give authority to cancel or suspend the license of a dealer convicted for selling short-weight.

Some doubt exists as to the power to require coal dealers to take out a license if their coal yards are beyond the municipal limits. The amendment is to bring such dealers within the paragraph.

Licensing,
etc., coal and
coke dealers.

1. For licensing, regulating and governing dealers in coal or coke and for revoking or suspending the license of any such dealer.

Rev. Stat.,
c. 233,
s. 431a,
amended.

- (3) The said section 431a is further amended by adding thereto the following clause:

Dealers
include
persons
taking orders
or making
deliveries.

- (b) For the purpose of this paragraph a by-law passed hereunder shall extend to include dealers in coal or coke who by themselves or their employees, agents, canvassers or solicitors take orders for or deliver coal or coke within the municipality, and such dealers shall be subject to the provisions of the by-law.

Rev. Stat.,
c. 233, s. 433,
(1932, c. 29,
s. 20),
amended.

11. Section 433 of *The Municipal Act* as enacted by section 20 of *The Municipal Amendment Act, 1932*, is amended by adding thereto the following subsection:

Fees to
members of
utility
commission.

- (3) The provisions of this section shall be deemed to have extended to authorize any payments heretofore made to members of the council for their services as members of any utility commission to which they were appointed under the authority of any general or special Act, and shall also extend to authorize future payments at the rates mentioned in subsection 1 to such members for their services as members of any such utility commission.

Rev. Stat.,
c. 233, s. 495,
para. 3,
amended.

- 12.—(1) Paragraph 3 of section 495 of *The Municipal Act* is amended by adding after the word "highway" in the seventh line the words "and for permitting the owners of land to maintain and use signs and other advertising devices which project over the sidewalks."

Rev. Stat.,
c. 233, s. 495,
para. 3, cl. b,
amended.

- (2) Clause b of paragraph 3 of the said section 495 is amended by adding after the word "structure" in the fourth line the words "sign or advertising device."

Commence-
ment of Act.

13. This Act shall come into force on the day upon which it receives the Royal Assent.

When the amendment of 1932 which eliminated fees, etc., for attendance at meetings of committees of councils was passed, it was not intended to affect the right of members to fees, etc., for attendance at commission meetings. This amendment provides for payment of such fees being valid.

Most urban municipalities have passed by-laws relating to signs, etc., overhanging the sidewalks. Doubt has arisen as to the powers of councils in that respect, because no specific provision therefor has been made in the Act. This amendment is to confer such powers.

BILL

The Assessment Amendment Act, 1935.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:

Short title. **1.** This Act may be cited as *The Assessment Amendment Act, 1935*.

Rev. Stat.,
c. 238, s. 4,
amended. **2.** Section 4 of *The Assessment Act* is amended by adding thereto the following paragraph:

Lands of
cold
storage
plant.

26. The land of a corporation, which occupies the same for the purposes of carrying on a cold storage plant, if such corporation is one to which aid by way of loan or grant has been or is being given by the Governments of Canada and Ontario, or either of them; provided that such exemption shall not apply to any building or structure erected or placed thereon which shall be subject to assessment and taxation unless exempted under the provisions of section 397 of *The Municipal Act*.

Rev. Stat.,
c. 233.

Rev. Stat.,
c. 238, s. 83,
subs. 1,
amended. **3.** Subsection 1 of section 83 of *The Assessment Act* is amended by adding after the word "judge" in the seventh line the words "or the municipal corporation."

Rev. Stat.,
c. 238, s. 111,
subs. 2,
amended. **4.**—(1) Subsection 2 of section 111 of *The Assessment Act* is amended by striking out the word "five" in the seventh line and inserting in lieu thereof the word "four."

Rev. Stat.,
c. 238, s. 111,
subs. 3,
amended. (2) Subsection 3 of the said section 111 is amended by striking out the words "discount or" in the first line and by striking out the word "five" in the fourth line and inserting in lieu thereof the word "four."

Rev. Stat.,
c. 238, s. 111,
subs. 4,
amended. (3) Subsection 4 of the said section 111 is amended by striking out the word "five" in the sixth line and inserting in lieu thereof the word "six."

EXPLANATORY NOTES

The object of this amendment is to foster cold storage plants which receive government aid. The exemption is confined to the land only unless the municipality also grants exemption to buildings under *The Municipal Act*.

Doubt has always existed as to whether a municipality as well as a property owner could enter an assessment appeal to the Municipal Board. It is advisable to settle the matter and provide definitely that the municipality does have such right of appeal.

The percentage to be added for non-payment of taxes is reduced from 5 per cent. to 4 per cent. to accord with the new scale of interest and penalties provided for by new Section 143 of the Act—See clause of this Bill and explanatory notes thereto.

Subsection 3 of Section 111 as the context shows should apply only to percentages added to taxes by way of penalty and not to discounts. It is advisable therefore to strike out the reference to discounts and thus avoid ambiguity.

To induce prepayment of taxes it is desirable to increase the discount from 5 per cent. per annum to 6 per cent. per annum. Substantial prepayments of taxes tends to avoid borrowing heavily at the commencement of the year.

Rev. Stat.,
c. 238,
s. 120a,
subs. 11
(1934,
c. 1, s. 8),
re-enacted.

5.—(1) Subsection 11 of section 120a of *The Assessment Act*, as enacted by section 8 of *The Assessment Amendment Act, 1934*, is repealed and the following substituted therefor:

Levying
of the rate.

- (11) Notwithstanding any provision of *The Municipal Act* or of this Act or of any other Act or of any by-law, where a council has passed a by-law under the authority of this section it shall not be necessary for such council to levy rates on the whole rateable property according to the last revised assessment roll, but the rates required to be levied in each year may be levied either before or after the completion of the special roll of taxable income upon such rateable property, exclusive of income assessment, and upon the taxable income entered in such special roll, and where such rates are levied before the completion of the special roll of taxable income the council may for the purpose of fixing such rates estimate the amount of income that will be entered in such special roll; Provided that when a rate has been levied in any year either under the authority of this section or upon income included as rateable property in the last revised assessment roll, no other rate upon income shall be levied by the council for the same purposes in the same year.

Proviso.

Subsection 1,
retroactive.

- (2) Subsection 1 shall be deemed to have come into force and taken effect on, from and after the 2nd day of April, 1934.

Rev. Stat.,
c. 238, s. 143,
re-enacted.

6. Section 143 of *The Assessment Act* as amended by section 10 of *The Assessment Amendment Act, 1933*, and by section 9 of *The Assessment Amendment Act, 1934*, is repealed and the following substituted therefor:

Interest on
tax arrears.

- 143.—(1) Irrespective of and in addition to any percentage charge imposed under the provisions of section 111, in every municipality the treasurer or the collector, if the rolls are unreturned, shall add to the amount of all taxes due and unpaid interest at the rate of one-half of one per centum per calendar month or fraction thereof from the 31st day of December in the year in which such taxes are levied until such taxes are paid.

Interest,
etc.,
not to be
compounded.

- (2) No interest or percentage added to taxes shall be compounded.

Interest,
etc., to form
part of
taxes.

- (3) Interest and percentages added to taxes shall form part of such taxes and be collected as taxes.

The re-writing of subsection 11 of Section 120a is merely for the purpose of correction so that the tax rate covering the annual estimates will apply to the special income tax roll, even if it is not completed and has to be estimated. No other change in substance is made.

Under the present rates as to tax penalties and interest there is a difference between cities and other municipalities. In cities in addition to a by-law penalty which may be up to 5 per cent. for non-payment of taxes on due dates, interest at $\frac{1}{2}$ of 1 per cent. per month is added after 1st May of the following year.

In other municipalities the penalty to be added is a straight 10 per cent. added on 1st May of each year. If a by-law penalty has been added it is taken into account when the first 10 per cent. penalty is added so that the total penalty does not exceed 10 per cent. for the first year.

Illustrations of how these present rules work are shown:

City—Taxes for 1935.....	\$100.00
By-law penalty added, 1935.....	5.00
Interest 1st May, 1936, to 31st December, 1936.....	4.00
	<hr/>
	\$109.00
Interest for 1937.....	6.00
	<hr/>
	\$115.00
Interest for 1938.....	6.00
	<hr/>
	\$121.00
	<hr/>
Town, Village or Township—Taxes for 1935.....	\$100.00
By-law penalty added, 1935.....	5.00
Penalty added 1st May for 1936.....	5.00
	<hr/>
	\$110.00
Penalty added 1st May for 1937.....	10.00
	<hr/>
	\$120.00
Penalty added 1st May for 1938.....	10.00
	<hr/>
	\$130.00
	<hr/>

It is proposed by this Bill to make the penalty uniform in every municipality by providing that in addition to the by-law penalty up to 4 per cent. which may be added for non-payment of taxes on due date, interest shall be added after 31st December at $\frac{1}{2}$ of 1 per cent. per month.

Illustration of how new rate will work:

Any Municipality—Taxes for 1935.....	\$100.00
By-law penalty added, 1935.....	4.00
Interest from 1st January for 1936.....	6.00
	<hr/>
	\$110.00
Interest for 1937.....	6.00
	<hr/>
	\$116.00
Interest for 1938.....	6.00
	<hr/>
	\$122.00
	<hr/>

Under the new rule the penalty in cities is slightly increased in the first year only and not thereafter. In other municipalities the penalty is reduced to a more reasonable rate.

County
treasurer
to add
interest.

- (4) After taxes have been returned to the County Treasurer he shall add interest thereto as provided by this section.

Rev. Stat.,
c. 238, s. 152,
(1934,
c. 1, s. 11),
amended.

7. Section 152 of *The Assessment Act* as re-enacted by section 11 of *The Assessment Act, 1934*, is amended by adding thereto the following subsection:

Notice to
be given
of place
and date
of sale.

- (6) The list published as required by this section and posted as required by section 154 shall contain a notification that unless the arrears and costs are sooner paid, the treasurer will proceed to sell the lands for the taxes on a day and at a place named in such notification.

Rev. Stat.,
c. 238, s. 173,
amended.

8. Section 173 of *The Assessment Act* is amended by adding after the word "treasurer" in the sixth line the words "for the use and benefit of the purchaser, or his legal representatives."

Commence-
ment of
Act.

9. This Act shall come into force on the day upon which it receives the Royal Assent.

The amendment relates to the list which has to be published before a tax sale is held. The requirement that the list should contain a notification as to the date and place of sale was overlooked when the amendments were made in 1934. It is desirable that such notification be published.

When the Act was revised some years ago, the words added by this clause were by some mischance omitted. Their inclusion is necessary for the proper construction of the section.

BILL

The Assessment Amendment Act, 1935.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:

Short title.

1. This Act may be cited as *The Assessment Amendment Act, 1935*.

Rev. Stat.,
c. 238, s. 4,
amended.

2.—(1) Section 4 of *The Assessment Act* is amended by adding thereto the following paragraph:

Buildings of
cold
storage
plant.

26. The buildings and other structures erected or placed upon the lands of a corporation which occupies the same for the purposes of carrying on a cold storage plant, if such corporation is or has been aided by way of loan or grant by the Governments of Canada and Ontario, or either of them; provided that such exemption shall not apply to the land upon which such buildings or structures are erected or placed except to the extent the same may be exempted under the provisions of section 397 of *The Municipal Act*.

Rev. Stat.,
c. 233.

Rev. Stat.,
c. 238, s. 4,
par. 4,
re-enacted.

(2) Paragraph 4 of the said section 4 is repealed and the following substituted therefor:

Seminaries
of learning.

4. The land not exceeding twenty acres of a seminary of learning maintained and actually and *bona fide* occupied and used for philanthropic, religious or educational purposes, the whole revenues from which seminary are devoted or applied to such purposes, but such exemption shall not apply to any land which is in the occupation of any lessee or tenant or of any person who receives or is entitled to receive any part of the revenues derivable therefrom or to any land which is not in the sole and exclusive occupancy of the seminary and put to some actual philanthropic, religious or educational use.

EXPLANATORY NOTES

The object of this amendment is to foster cold storage plants which receive government aid. The exemption is confined to the land only unless the municipality also grants exemption to buildings under *The Municipal Act*.

Doubt has always existed as to whether a municipality as well as a property owner could enter an assessment appeal to the Municipal Board. It is advisable to settle the matter and provide definitely that the municipality does have such right of appeal.

The percentage to be added for non-payment of taxes is reduced from 5 per cent. to 4 per cent. to accord with the new scale of interest and penalties provided for by new Section 143 of the Act—See clause of this Bill and explanatory notes thereto.

In many of the municipalities of Ontario a considerable acreage of land has been acquired and is held by seminaries of learning and in many cases a goodly portion thereof is not in actual use for the purpose of carrying on any philanthropic, religious or educational undertaking thereon.

All of this property becomes exempt from municipal taxation under the provisions of the existing paragraph 4 of section 4 of *The Assessment Act* and the exemptions have now reached a point where they become somewhat alarming to the municipality.

The object of this Bill is to reduce such exemptions to a reasonable scale by providing that not more than twenty acres of the property of any seminary will be exempt and to limit the exemption to such lands as are actually devoted and used for the purposes of a seminary.

This Bill will therefore make taxable, for instance, lands held by a seminary which are used for ordinary farm purposes, etc.

Rev. Stat.,
c. 238, s. 83,
subs. 1,
amended.

3. Subsection 1 of section 83 of *The Assessment Act* is amended by adding after the word "judge" in the seventh line the words "or the municipal corporation."

Rev. Stat.,
c. 238, s. 111,
subs. 2,
amended.

4.—(1) Subsection 2 of section 111 of *The Assessment Act* is amended by striking out the word "five" in the seventh line and inserting in lieu thereof the word "four."

Rev. Stat.,
c. 238, s. 111,
subs. 3,
amended.

(2) Subsection 3 of the said section 111 is amended by striking out the words "discount or" in the first line and by striking out the word "five" in the fourth line and inserting in lieu thereof the word "four."

Rev. Stat.,

amended.

(3) Subsection 4 of the said section 111 is amended by striking out the word "five" in the sixth line and inserting in lieu thereof the word "six."

Rev. Stat.,
c. 238,
s. 120a,
subs. 11
(1934,
c. 1, s. 8),
re-enacted.

5.—(1) Subsection 11 of section 120a of *The Assessment Act*, as enacted by section 8 of *The Assessment Amendment Act, 1934*, is repealed and the following substituted therefor:

Levying
of the rate.

(11) Notwithstanding any provision of *The Municipal Act* or of this Act or of any other Act or of any by-law, where a council has passed a by-law under the authority of this section it shall not be necessary for such council to levy rates on the whole rateable property according to the last revised assessment roll, but the rates required to be levied in each year may be levied either before or after the completion of the special roll of taxable income upon such rateable property, exclusive of income assessment, and upon the taxable income entered in such special roll, and where such rates are levied before the completion of the special roll of taxable income the council may for the purpose of fixing such rates estimate the amount of income that will be entered in such special roll; Provided that when a rate has been levied in any year either under the authority of this section or upon income included as rateable property in the last revised assessment roll, no other rate upon income shall be levied by the council for the same purposes in the same year.

Proviso.

Subsection 1,

(2) Subsection 1 shall be deemed to have come into force and taken effect on, from and after the 2nd day of April, 1934.

Rev. Stat.,
c. 238, s. 143,
re-enacted.

6. Section 143 of *The Assessment Act* as amended by section 10 of *The Assessment Amendment Act, 1933*, and by section 9 of *The Assessment Amendment Act, 1934*, is repealed and the following substituted therefor:

Subsection 3 of Section 111 as the context shows should apply only to percentages added to taxes by way of penalty and not to discounts. It is advisable therefore to strike out the reference to discounts and thus avoid ambiguity.

EXPLANATORY NOTES

GENERAL. The amendments contained in this Bill are principally with respect to control over capital expenditures by municipalities and to repeal parts of the Act which are transferred to the Department of Municipal Affairs.

CLAUSE 2. The object of this amendment is to dispense with a pre-requisite vote of the Assembly with respect to the Chairman's tenure of office.

CLAUSE 3. Part IV of the Board's Act is repealed because the provisions in relation to municipal accounting and auditing, etc., are transferred to the Department of Municipal Affairs.

CLAUSE 4. The provisions of new sections 89 to 94 are for the purpose of requiring that municipalities shall obtain the approval of the board before embarking upon any project which is to be financed by the issue of debentures. In England and in most of the provinces of Canada municipalities cannot proceed with capital undertakings until the approval of the body similar to the Municipal Board has first been obtained.

Board may impose conditions on giving approval.

92. The board as a condition of giving its approval as required by section 89, may by its order impose such restrictions, limitations and conditions upon the municipality with respect to the matter before the board or with respect to the current annual or future annual expenditures of the municipality for any purpose or with respect to further issues of debentures by the municipality, and otherwise with respect to the conduct and administration of the affairs of the municipality as to the board may appear necessary or expedient.

Board not required to approve.

93. The board shall not be required to give its approval on any application made to it under section 89, and shall not give such approval unless satisfied that the same is justified under all the circumstances.

Municipality may proceed upon approval.

94. When the board has given its approval as required by section 89, the municipality may thereafter proceed in the manner and to the extent provided for by or consequent upon such approval, and for such purpose may exercise all its powers and do all things necessary or incidental thereto, and may pass all requisite by-laws, including debenture by-laws.

1932, c. 27, Part VI and Forms repealed.

5. Sections 89 to 129, being Part VI of *The Ontario Municipal Board Act, 1932*, and amendments thereto and forms 1 to 4 to the said Act are hereby repealed.

Commencement of Act.

6. This Act shall come into force on the day upon which it receives the Royal Assent.

CLAUSE 5. Part VI of the Board's Act, which deals with defaulting municipalities, is transferred to *The Department of Municipal Affairs Act*, but the board will continue to exercise a certain measure of jurisdiction and an order from the board will be essential before a municipality can be made subject to the department's supervision, and also before any scheme for refunding of debts of the municipality can be put into effect.

With the creation of the department it is intended that it shall exercise supervision over municipalities in financial difficulties in place of the former supervisors who were appointed for such purposes.

The Municipal Board will continue to exercise jurisdiction in these matters for the purpose of determining whether or not a municipality shall be placed under the supervision of the department, and also with respect to any refunding schemes of the debts of supervised municipalities, and also to appeals from decisions of the department.

Substantially the provisions of this Part are the same as those now contained in *The Municipal Board Act* as amended in 1934, the necessary changes having been made with the transfer of supervision from Committees of Supervisors to the department.

An Act respecting Arrears of Municipal Taxes.

MR. CROLL

No. 119

1935

BILL

An Act respecting Arrears of Municipal Taxes.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. **1.** This Act may be cited as *The Municipal Tax Arrears Consolidation Act, 1935*.

Interpretations. **2.** In this Act,—

“Arrears of taxes.” (a) “Arrears of taxes” means and includes all taxes and all rates, rents and other charges collectible as taxes on the collector’s roll of a municipality owing in respect of more than one year as at the 31st day of December, 1934, and includes all percentages, charges, interest, costs and expenses lawfully added to or charged thereon;

Publication and filing of by-law. (2) A certified copy of the by-law shall be filed with the Department forthwith after the same has been passed and a

EXPLANATORY NOTES

GENERAL.—Due to general economic conditions the problem of tax arrears has become serious in many municipalities. In some, arrears have more than trebled in the past three years and now represent more than a year's tax roll.

The usual methods of enforcing payment—by distress or tax sale—are no longer efficacious in some places. Tax sales are not attended by speculative buyers and the municipality is compelled to purchase at the adjourned sale.

Present conditions work an injury in two important but adverse directions. First, the municipality being the purchaser means that the purchase price has to be provided by the ratepayers who do pay their taxes. Secondly, the municipality becoming the owner of a number of properties tends to depress values of properties generally.

To overcome the evils of the present situation it is desirable to have a scheme for consolidation of tax arrears available to municipalities which need it and desire to put it into effect.

The plan has been tried in other provinces and has been successful. The chief defects in the Western Acts is that their schemes are rigid and no variation is possible to fit the problem as it is in different municipalities or as the circumstances of the taxpayer may require. The scheme set forth in this Bill is modelled upon the Western Acts, but with leeway for elasticity in application and operation.

It is important, however, in these measures to limit the application to present conditions only and the Bill is drawn to apply to tax arrears for more than one year owing at the end of 1934. If next year conditions prevailing at that time indicate that the Act should be extended, it could be done at the proper time.

CLAUSE 2. Contains the necessary interpretations.

CLAUSE 3. Under this provision it is left to the municipality to decide whether or not it wishes to take advantage of the Act. If so, it must pass a by-law by 1st July, 1935. That period corresponds with legislation of this type in other provinces.

The by-law is to be filed with the Department of Municipal Affairs and published.

copy thereof shall be published once a week for three successive weeks in a newspaper published in the municipality, or if none is so published, in some newspaper having a general circulation therein, and once in the *Ontario Gazette*.

When Act
not to apply.

(3) This Act shall not apply to any municipality which has not on or before the 1st day of July, 1935, passed a by-law as provided in subsection 1.

Statements
of tax
arrears, etc.,
to be filed
with the
Department.

4.—(1) The treasurer of every municipality which by its by-law adopts the provisions of this Act shall file with the Department a statement according to the prescribed form as to all arrears of taxes owing to the municipality, and as to such other matters as the form may require to be furnished.

Considera-
tion of tax
arrears con-
solidation
scheme.

(2) The Department upon receipt of the statement mentioned in subsection 1 shall confer by correspondence or otherwise with the council and treasurer as to the appropriate scheme of tax arrears consolidation to be adopted for the municipality, and after considering all relevant matters the Department shall formulate a scheme for submission to the Minister for his approval.

Lands
included in
tax sale list
may be
covered by
a scheme.

(3) Any scheme for consolidation of arrears of taxes may extend to include lands which have been included in a list of lands to be sold for taxes, but which have not been sold at the time the scheme is approved by the Minister.

Adoption of
scheme.

(4) Forthwith after a scheme of tax arrears consolidation for a municipality has been approved in writing by the Minister, the same shall be effective for such municipality and the provisions of this Act shall apply.

Publication
of notice of
scheme.

(5) A copy of the scheme bearing the approval in writing of the Minister shall be sent to the treasurer of the municipality and he shall publish such notices thereof or extracts therefrom as the Department may direct.

Procedure
for consoli-
dation of tax
arrears.

5.—(1) At any time after this Act becomes applicable in a municipality, but not later than the 1st day of October, 1935, any owner of land in such municipality in respect of which arrears of taxes are owing may apply to the treasurer of the municipality to have the amount of such arrears of taxes consolidated and payable in the manner provided for in this Act.

Form of
application.

(2) Every application shall be in writing according to the prescribed form.

CLAUSE 4. As a preliminary to the adoption of a suitable scheme for consolidation of arrears, the municipal treasurer is to furnish a statement of outstanding tax arrears and other necessary particulars with the Department, which then in consultation with the Council and treasurer formulates a scheme for the Minister's approval. The approved scheme is then put into effect.

This method permits of a scheme being adopted which fits the particular needs of the municipality.

CLAUSE 5. Owners who desire to have their tax arrears consolidated apply to the municipal treasurer who decides on the application. An appeal to the Minister from the treasurer's refusal is provided for as a proper protection against discrimination.

Separate applications for each parcel.

(3) Each application shall be with respect to one parcel of land only unless two or more contiguous parcels are the property of one owner.

Decision of treasurer.

(4) Upon receipt of an application the treasurer shall determine whether it comes within the scheme for arrears of taxes consolidation provided for such municipality under this Act.

Appeal to Minister.

(5) In the event of the treasurer determining that any application is not within such scheme, he shall notify the applicant in writing accordingly, and in such case the applicant may appeal to the Minister in the matter, whose decision shall be final.

Total arrears to be consolidated.

6.—(1) Where an application is granted the total amount of the arrears of taxes of the owner shall be consolidated.

Execution of agreement and payments.

(2) The treasurer shall prepare in duplicate the consolidation agreement upon the prescribed form and in accordance with the scheme approved for the municipality and send the same to the owner for execution by him. Upon return of the executed documents accompanied by payment of the instalment payable at that time according to the terms of the agreement, the treasurer shall execute one copy of the agreement on behalf of the municipality and send or deliver the same to the owner.

Payment of current and future taxes.

(3) Every agreement shall contain a provision for payment by the owner of the whole or so much of the taxes of the current and succeeding years as the scheme approved for the municipality shall require.

Treasurer to have jurisdiction over agreements.

7.—(1) The treasurer shall file all agreements in his office and the same and the collection thereunder of all payments of arrears of taxes shall be under his jurisdiction.

Entries in rolls and records.

(2) The treasurer shall make or cause or authorize to be made in the assessment and collector's rolls and other books and records of the municipality such record and notations of consolidation agreements as may be requisite.

Special consolidation records.

(3) The treasurer shall keep such special rolls, books and records with respect to consolidation agreements and the lands and owners affected thereby as may be requisite.

Payments to be as agreed.

8.—(1) The amount of arrears of taxes consolidated under an agreement shall be payable as therein provided.

Interest to be added.

(2) Every agreement shall provide for interest from the date of the agreement being added to and paid upon the

CLAUSE 6. When an application is granted the treasurer is to prepare the agreement for consolidating the tax arrears and have it executed. The first instalment is to be paid when the agreement is made.

Every agreement is to stipulate as to taxes for the current and future years so as to ensure payment thereof in return for the leeway given for payment of tax arrears. This is essential to avoid a repetition of the trouble.

CLAUSE 7. The treasurer is vested with responsibility and authority to administer the scheme in his municipality.

CLAUSE 8. Interest at 6 per cent. per annum is to be charged upon the consolidated arrears. The agreement will provide for a proper scale of discounts for prompt payment of the instalments, which discounts, depending upon the circumstances, will exceed the interest charge and be based largely upon the penalties which have previously been added to the arrears. In most cases prompt payment of the instalments under the agreement will work out so that the last instalment will be altogether or nearly wiped out by discounts which have been credited.

amount of arrears of taxes consolidated at the rate of six per centum per annum, both before and after maturity; provided that no interest shall be charged upon the instalment paid upon execution of the agreement.

Discounts
to be
credited.

(3) Upon payment of an instalment provided for in the agreement on or before due date, a discount at the rate specified in the agreement shall be allowed and credited on the unpaid balance owing under such agreement.

Charges not
to be
waived.

9.—(1) Notwithstanding any of the provisions of this Act or of any scheme for consolidation of tax arrears approved or made effective, or agreement entered into thereunder, all arrears of taxes which are consolidated shall continue to be subject to all percentages, interest, costs and expenses which have been added to the same at the time of consolidation, and the same shall be waived and released only upon fulfilment of the agreement and payment of all sums and of current and future taxes as therein provided for.

Lien for
taxes not
affected.

(2) The arrears of taxes consolidated under any agreement shall be and remain a special lien upon the land in respect to which they are payable in priority over all claims, liens, privileges and encumbrances thereon, except claims of the Crown, and the liens, priorities and other rights with respect thereto provided for in *The Assessment Act* shall continue to apply thereto and to the collection and enforcement thereof, except that the treasurer and collector of taxes of the municipality without thereby waiving the statutory rights and powers of the municipality or of themselves shall not enforce collection of the arrears of taxes so consolidated during the time the agreement is in force.

Cancellation
of agreement
upon default.

10. If any default is made at any time in the payment of any instalment in respect of the consolidated arrears of taxes or of taxes of the current or future years as provided for in an agreement, and such default continues for three months, the treasurer may cancel the agreement, and all discounts which have been allowed and credited shall be cancelled and the whole of the unpaid balance of the consolidated tax arrears and all taxes of the current and other years then overdue and unpaid shall immediately become due and payable and all remedies for the enforcement of payment shall apply with the same force and effect as if the arrears of taxes had not been consolidated or any agreement entered into.

Powers for
administra-
tion of Act.

11.—(1) The Minister and the Department may for the purposes of this Act do all things necessary for the administration thereof and for formulating and approving schemes for consolidation of tax arrears for any municipality.

CLAUSE 9. Pending fulfilment of the agreement by the owner, the existing legal rights of the municipality are to continue, so that if default ensues, the lien for taxes and rights of recovery will not be lost.

CLAUSE 10. If default occurs on the part of the owner under the agreement, then the agreement may be cancelled and the municipality is restored to the position it would have occupied if the agreement had not been made.

CLAUSE 11. Contains necessary and suitable provisions for the administration of the Act under the auspices of the Department of Municipal Affairs.

Prescription
of forms.

(2) The Department may adopt and prescribe forms of notices, applications, statements, returns, agreements, rolls, books, records and other documents necessary for the carrying out of this Act and of any scheme approved hereunder, and may vary such forms as circumstances may from time to time require.

Municipal
returns.

(3) The Department may require the treasurer of every municipality which adopts this Act to make such annual or other reports and returns in respect to the scheme approved for the municipality of which he is treasurer and as to all agreements entered into thereunder.

Variation
of schemes.

(4) The Minister may from time to time amend any scheme of consolidation of tax arrears which he has approved, as circumstances may appear to require.

Act not to
apply to
supervised
municipali-
ties without
the
Minister's
approval.

12. This Act shall not without the approval of the Minister first being obtained apply to any municipality, which under the provisions of any Act, is subject to the jurisdiction of the Ontario Municipal Board or of the Department by reason of default in meeting any of its obligations.

Regulations.

13. The Lieutenant-Governor in Council may make regulations for the due carrying out of this Act according to its intent and purposes in respect to any matters not specifically authorized by the provisions of this Act, and every such regulation when published in the *Ontario Gazette* for two successive weeks shall have the same force and effect as if enacted by this Act.

Commence-
ment of Act.

14. This Act shall come into force on the day upon which it receives the Royal Assent.

CLAUSE 12. As there are provisions in other Acts with respect to compromises of tax arrears in supervised municipalities, it is necessary that this Act shall not apply thereto unless the Minister approves.

CLAUSE 13. In an Act of this nature, it is impossible to foresee all the "kinks" which may occur for the proper working out of any scheme which may be adopted. It is desirable to cover such situations by regulations as may be necessary.

BILL

An Act to amend The Judicature Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title.

1. This Act may be cited as *The Judicature Amendment Act, 1935*.

Rev. Stat.,

re-enacted.

2. Clause *i* of section 15 of *The Judicature Act* is repealed and the following substituted therefor:

- (i) In case bonds or debentures are secured by a mortgage or charge by virtue of a trust deed or other instrument and whether or not provision is contained in the trust deed or other instrument creating such mortgage or charge giving to the holders of such bonds or debentures or a majority, or a specified majority of them, power to sanction the sale, transfer or exchange of the mortgaged or charged premises for a consideration other than cash, and in case any action shall have been brought or shall be brought for the purpose of enforcing or realizing upon any such mortgage or charge, or for the execution of the trusts in any such trust deed or other instrument with or without other relief, the court may order a meeting or meetings of the holders of such bonds or debentures to be summoned and held in such manner as the court may direct, and if the holders of such bonds or debentures shall sanction or approve the sale, transfer or exchange of the property so mortgaged or charged for a consideration wholly or in part other than cash, the court may in such action order and approve such sale on such terms in all respects as the court shall think fair and reasonable having regard to the interests of all parties interested in the premises and property so mortgaged or charged, and in such order or by any subsequent order may make provision in such manner, on such terms in all respects as to the court

EXPLANATORY NOTES

The purpose of this amendment is to permit the holders of bonds or debentures which are secured by a mortgage or charge by virtue of a trust deed or other instrument, power to sanction the sale of the mortgaged premises in case of default for a consideration other than cash, subject to the approval of the Court.

At the present time this can only be done where there is special provision in the trust deed; where there is no such provision in the trust deed the sale must be made for cash and the re-organization of large companies is therefore greatly hindered.

may seem proper, for the transfer to and vesting in the purchaser or his or its assigns of the whole or any part of the premises and property so mortgaged or charged and so sold, and for the payment of the proper costs, charges and expenses and remuneration of any trustee or trustees under such trust deed or other instrument and of any receiver or receiver and manager appointed by the court, and of any committee or other persons representing holders of such bonds or debentures, and for the distribution or other disposition of the proceeds of such sale, and for the protection of any or all persons whose interests are affected by such order, and for all such incidental, consequential and supplemental matters as the court may deem just.

- (i) The approval of the holders of any such bonds or debentures may be given by resolution passed at a meeting, by the votes of the holders of a majority in principal amount of such bonds or debentures, represented and voting in person or by proxy, and holding not less than fifty per centum in principal amount, or such lesser amount as the court under all the circumstances may approve, of the issued and outstanding bonds or debentures in question.

No. 126

1935

BILL

EXPLANATORY NOTES

General. *The Unemployment Relief Act* of 1933, while it usefully and sufficiently met the conditions prevailing at that time and for some time thereafter, is not adequate to meet conditions as they have prevailed during the past year or so and are likely to occur in the near future.

The system for administration and revision of unemployment relief goes through a regular process of evolution, and the statutory authority which must be possessed by the Provincial Government and by municipal bodies must be changed from time to time to meet the changing conditions as to unemployment.

For the above-mentioned reasons it is necessary that *The Unemployment Relief Act* be rewritten and more adequate provision made for coping with the situation as it develops from time to time.

Substantially the powers of the Lieutenant-Governor in Council as embodied in this Bill coincide with the methods which have been adopted during the past two years for dealing with relief, with such modifications thereof as are requisite to cover the present system of administration and also to provide for any changes therein which may be brought about by reason of new agreements being entered into with the Dominion Government.

Clause 2. This clause sets forth in greater detail than was provided in the Act of 1933 the powers which the Lieutenant-Governor in Council may exercise.

works or measures and of direct relief undertaken by them or any of them;

- (e) require any municipality to undertake relief works or measures and provide direct relief for the relief of unemployed persons and their dependants actually residing therein;
- (f) require any municipality to provide and pay to the Government of Ontario the whole or any portion of the cost of any relief works or measures and of direct relief undertaken, provided or furnished by the said Government for the relief of unemployed persons and their dependants actually residing in such municipality;
- (g) make regulations with respect to relief works or measures and direct relief and the administration of unemployment relief, and as to the undertaking, provision, furnishing and cost thereof and as to the persons to be entitled to unemployment relief, and as to the powers, responsibilities and duties of municipalities in relation to unemployment relief and the undertaking of relief works or measures and the providing and furnishing of direct relief, and as to the provision and payment by municipalities of the whole or any part of the cost of relief works or measures and direct relief; and in other respects as may appear necessary or expedient.

Validity
of future
agreements.

3.—(1) Every agreement, undertaking or arrangement entered into or made under the authority of this Act, or purporting so to be, between the Government of Ontario and the Government of Canada or any municipality shall be legal and valid for all purposes, and if entered into or made with a municipality shall be binding upon the corporation and the ratepayers thereof.

Validation
of existing
orders-in-
council and
regulations.

payments.

Loans for
relief
purposes.

Clause 4 deals more specifically with the power for raising money for unemployment relief purposes in order to overcome some technical objections which were made with respect to loans made under the previous Act.

Clause 5. The provisions of this clause are to more clearly indicate municipal responsibility with respect to unemployment relief until such time as they can be relieved from such responsibility under the terms of any new agreement which may be entered into with the Dominion Government.

Power to fix contributions of cost of unemployment relief.

(3) The Lieutenant-Governor in Council shall have and shall be deemed to have had authority to determine and fix the proportions or amounts which shall be contributed and made by the Government of Ontario and by any municipality to meet the cost of relief works or measures and direct relief undertaken or provided for the relief of unemployed persons and their dependants actually residing in such municipality.

BILL

An Act to amend The Insurance Act.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. 1. This Act may be cited as *The Insurance Amendment Act, 1935* (2).

Rev. Stat.,
c. 222, s. 1,
(1934, c. 22,
s. 2)
amended. 2. Paragraphs 1, 2, 24 and 30 of section 1 of *The Insurance Act* as enacted by section 2 of *The Insurance Act, 1934*, are repealed and the following substituted therefor:

"Accident
insurance."

1. "Accident insurance" means insurance by which the insurer undertakes, otherwise than incidentally to some other class of insurance defined by or under this Act, to pay insurance money in the event of accident to the person or persons insured, but does not include insurance by which the insurer undertakes to pay insurance money both in the event of death by accident and in the event of death from any other cause;

"Adjuster."

2. "Adjuster" means a person who, for compensation, not being a barrister or solicitor acting in the usual course of his profession or not being a trustee or an agent of the property insured, directly or indirectly solicits the right to negotiate the settlement of a loss, or holds himself out as an adjuster of losses, under fire or automobile insurance policies on behalf of the insurer or under fire insurance policies on behalf of the insured;

"Fraternal
society."

24. "Fraternal society" means a society, order or association incorporated for the purpose of making with its members only and not for profit contracts of life insurance under which benefits may be paid only to its members or their beneficiaries, in accordance with its constitution and laws and the provisions of this Act;

EXPLANATORY NOTES

SECTION 2. When new definitions of some 23 classes of insurance were enacted in 1934 (c. 22, s. 2), an obsolete definition of "accident insurance" was included by mistake. The new definition is the one approved by the Inter-provincial Insurance Conference and adopted by all provinces.

With reference to the definition of "adjuster" see explanatory note to section 7.

With reference to the definition of "fraternal society," the present definition is defective in that it refers at the end to "payment to beneficiaries," whereas, in fact, payment is sometimes made to the members themselves, e.g., under endowment contracts. This is the only material change.

A new definition of "inland transportation insurance" was adopted in 1934 (c. 22, s. 2), but it has proved to be too narrow to cover the miscellaneous forms of contract classified under this head. The revised definition is recommended for enactment by all provinces as a result of the Inter-provincial Insurance Conference held in St. John, N.B., last September.

"Inland transportation insurance."

30. "Inland transportation insurance" means insurance (other than marine insurance) against loss of or damage to property:

(a) while in transit or during delay incidental to transit; or

(b) where, in the opinion of the Superintendent, the risk is substantially a transit risk.

Rev. Stat.,
c. 222, s. 24,
amended.

3. Section 24 of *The Insurance Act* as amended by section 8 of *The Insurance Act, 1929*, and section 3 of *The Insurance Act, 1934*, is further amended by adding thereto the following subsection:

Determina-
tion of
classes of
insurance
by Superin-
tendent.

(1a) Where a question arises as to the class of insurance into which any specific contract of insurance or form of policy falls, the Superintendent may determine the question and his determination shall be effective and final for the purposes of this Act.

Rev. Stat.,
c. 222, s. 25,
amended.

4. Section 25 of *The Insurance Act* as amended by section 5 of *The Insurance Act, 1931*, and section 3 of *The Insurance Act, 1933*, is further amended by adding thereto the following subsection:

License of
extra-
provincial
or foreign
corporation.

(7) A license shall not be granted to a corporation which is incorporated under the law of a legislative jurisdiction other than that of the Province of Ontario unless the head office and chief place of business of such corporation is situate within the boundaries of such legislative jurisdiction.

Rev. Stat.,
c. 222, s. 92c
(1933,
c. 22, s. 11),
re-numbered.

5. Section 92c of *The Insurance Act* as enacted by section 11 of *The Insurance Act, 1933*, is renumbered section 76c.

Rev. Stat.,
c. 222, s. 236,
subs. 1, cl. c,
amended.

6. Clause c of subsection 1 of section 236 of *The Insurance Act* is amended by inserting after the word "week" in the second line the words "exclusive of hospital benefits not exceeding public ward rates" and after the word "hundred" in the last line the words "and fifty," so that the said clause shall now read as follows:

(c) if it contracts for sick benefits for an amount in excess of twelve dollars per week, exclusive of hospital benefits not exceeding public ward rates, or for a funeral benefit in excess of two hundred and fifty dollars.

7. *The Insurance Act* is amended by adding thereto the following section:

Rev. Stat.,
c. 222,
amended.

SECTION 3. Doubts sometimes arise as to the class of insurance (and some 23 classes are defined in section 1 of the Act) into which a particular form of policy falls, with resulting confusion as to the application of different parts of the Act relating to special classes of insurance, e.g., fire insurance and as to how government returns showing insurance transactions by classes of insurance, should be completed. All provinces are now adopting uniform definitions of classes of insurance and have been recommended by the Inter-provincial Insurance Conference to empower their Superintendents as provided in the new subsection.

SECTION 4. It has been suggested that a company incorporated, for example, under the laws of British Columbia, may establish its head office or chief place of business in Ontario and proceeds to carry on business here. Inasmuch as such a company would not be subject to the safeguarding provisions of Part XVI of *The Companies Act* relating to insurance companies, or subject to Dominion statutes respecting insurance companies, it is deemed contrary to the public interest to permit such a company to be licensed in Ontario; hence the proposed amendment.

SECTION 5. Section 92c of the Act, marginally noted "prohibition of certain policies" requires the Superintendent to report to the Minister any policy which, in his opinion is "unfair, fraudulent or not in the public interest." It does not apply, by virtue of section 79, to contracts of life, accident or sickness insurance. It is deemed desirable that it should so apply and, by renumbering it as section 76c, and thereby transferring it to Part II of the Act, it will so apply.

SECTION 6. This amendment relates to mutual benefit societies to which Part XI of the Act applies. Department inspections show that some long-established societies have been paying hospital benefits in addition to sick benefits and funeral benefits in excess of \$ 00. The purpose of the amendment is to broaden the powers of these societies to the extent indicated.

SECTION 7. This section relates to the licensing of insurance adjusters and should be read with the revised definition of "adjuster" contained in Section 2 of the Bill.

Prohibition
against
public
adjusters
of motor
accident
claims.

263a.—(1) Subject to the provisions of subsection 2, no person shall, on behalf of himself or any other person, directly or indirectly:

- (a) solicit the right to negotiate, or negotiate or attempt to negotiate, for compensation, the settlement of a claim for loss or damage arising out of a motor vehicle accident resulting from bodily injury to or death of any person or damage to property on behalf of a claimant; or
- (b) hold himself out as an adjuster, investigator, consultant or otherwise as an adviser, on behalf of any person having a claim against an insured for which indemnity is provided by a motor vehicle liability policy.

Exception.

- (2) This section shall not apply to a barrister or solicitor acting in the usual course of his profession.

Rev. Stat.,
c. 222,
amended.

8. *The Insurance Act* is amended by adding thereto the following section 273a:

Preferential
rates for
groups of
persons
prohibited.

273a.—(1) No rating bureau and no insurer authorized to transact the business of insurance within Ontario shall fix or make any rate or schedule of rates or charge a rate for automobile insurance to any group of persons by reason of such group being engaged in any trade, calling, profession or occupation, or by reason of membership in any guild, union, society, club or association or by reason of common employment or by reason of common occupancy of the same building or group of buildings or for any other reason which would result in a lower cost to an individual in such group than such individual would have had to pay if insured individually; and every insurer or other person who violates the provisions of this section shall be guilty of an offence.

Exception
where
vehicles
owned
by same
person.

- (2) Nothing in this section contained shall be deemed to prohibit the fixing or charging of a special rate for the insurance of two or more motor vehicles owned by and registered in the name of the same person.

Commence-
ment of
Act.

6. This Act, except section 7, shall come into force on the day upon which it receives the Royal Assent. Section 7 shall come into force on the 1st day of July, 1935.

A year ago (1934, c. 22, s. 12) the definition of "adjuster" was revised to include adjusters of claims under automobile as well as fire insurance policies. By Department regulation adjusters are licensed as "company adjusters," i.e., authorized to act on behalf of insurance companies or as "public adjuster," i.e., authorized to act on behalf of insured policyholders or claimants. The experience of the Department in licensing "public adjusters" in connection with automobile insurance establishes the desirability of prohibiting any person, other than a barrister or a solicitor acting in the usual course of his profession, from undertaking, for compensation, to settle claims arising out of motor vehicle accidents. Accordingly the definition of "adjuster" is revised to leave the law with reference to "company adjusters" and "public adjusters" of *fire* insurance losses (as it has stood since 1922 (c. 61, s. 16), but to permit and require only "company adjusters" of *automobile* insurance losses to be licensed. Thereupon the new section 263a is proposed to be added to accomplish the intention hereinbefore described.

SECTION 8. This amendment is aimed at so-called "synthetic fleets," i.e., the practice of a small minority of insurance companies in undertaking to insure the privately owned cars of groups of persons in common employment, or living in the same apartment, or belonging to the same trade or professional association, at lower premium rates than the individual members of the group would be required to pay if they insured as individuals. The practice has proved demoralizing to the automobile insurance business and constitutes unfair discrimination against the general body of policyholders. It is already prohibited by law or Insurance Department ruling in many other jurisdictions.

It will be observed that the amendment does not interfere in any way with so-called legitimate "fleet rating," i.e., the charging of a special experience premium rate in respect of a fleet of cars or trucks owned by the same person or corporation.

SECTION 9. Inasmuch as upwards of a dozen "public adjusters" are now licensed with respect to automobile insurance for a term ending June 30th, 1935, and have paid the prescribed fee, it is proposed that section 7 shall not come into force until July 1st, 1935.

BILL

The School Law Amendment Act, 1935.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:

Short title. **1.** This Act may be cited as *The School Law Amendment Act, 1935*.

Rev. Stat.,
c. 322, s. 5,
subs. 1,
amended. **2.** Subsection 1 of section 5 of *The Department of Education Act* as amended by subsection 1 of section 2 of *The School Law Amendment Act, 1930*, section 3 of *The School Law Amendment Act, 1933*, and subsection 1 of section 2 of *The School Law Amendment Act, 1934*, is further amended by adding thereto the following clause:

Use of
schools for
practice
teaching. (zz) to make use of any public, separate, continuation, high or vocational school for the purposes of observation and practice teaching by teachers-in-training at any provincial teacher-training school or college.

Rev. Stat.,
c. 323, s. 62,
subs. 3,
cl. a
(1932,
c. 42, s. 8),
amended. **3.**—(1) Clause *a* of subsection 3 of section 62 of *The Public Schools Act* as re-enacted by section 8 of *The School Law Amendment Act, 1932*, is amended by inserting after the word "ratepayer" the words "whose taxes for school purposes are neither overdue nor unpaid," so that the said clause shall now read as follows:

amended. (2) Clause *b* of subsection 3 of the said section 62 as re-enacted by section 8 of *The School Law Amendment Act, 1932*, is amended by adding at the end thereof the words "provided that all taxes for school purposes payable with respect to such farm are neither overdue nor unpaid," so that the said clause shall now read as follows:

Qualification
of trustees. (b) the husband, wife, son or daughter of a person assessed as the owner of a farm if resident on the farm with the

EXPLANATORY NOTES

SECTION 2. This clause is added to remove any doubts regarding the right of the Minister to use classes in any of the schools under the control of the Department for the purpose of practice teaching in connection with any teacher-training school or college maintained by the Department.

SECTION 3.—(1, 2) The requirement regarding the payment of school taxes as a qualification for election as a trustee does not now apply to the wife, son or daughter of a person assessed as the owner of a farm. To place such persons in the same position as other persons who may be elected as trustees, it is desirable to make it clear that the taxes for school purposes, payable with respect to a farm property on which the wife, son or daughter of the owner resides, have been paid before such persons may be qualified to be elected as trustees of a public school. This amendment combines subsection 3 of section 62 of *The Public Schools Act* and subsection 1a of section 135 of *The Public Schools Act*.

assessed owner, provided that all taxes for school purposes payable with respect to such farm are neither overdue nor unpaid.

Rev. Stat.,
c. 323, s. 78,
subs. 1,
amended.

(3) Subsection 1 of section 78 of *The Public Schools Act* as amended by subsection 1 of section 8 of *The School Law Amendment Act, 1933*, is further amended by striking out the words "except as provided in subsection 2" in the second and third lines so that the said subsection shall now read as follows:

Vacancy
in office of
trustee.

(1) Where the office of trustee of a rural school section becomes vacant from any cause, the remaining trustees shall forthwith hold a new election to fill such vacancy in the manner provided for holding the annual election of trustees, and the person elected shall hold office for the remainder of the term for which his predecessor was elected.

Rev. Stat.,
c. 323, s. 109,
subs. 3,
amended.

(4) Subsection 3 of section 109 of *The Public Schools Act* is amended by adding at the end thereof the words "and payment of sums to boards under this section shall not be made unless the salary of the teacher for the year, in each case, is at least \$500," so that the said subsection shall now read as follows:

Application
of township
grant to
teachers'
salaries.

(3) The sums so levied and collected shall be applied exclusively to teachers' salaries and payment of sums to boards under this section shall not be made unless the salary of the teacher for the year in each case is at least \$500.

Rev. Stat.,
c. 323, s. 135,
subs. 1a
(1933,
c. 58, s. 18),
repealed.

(5) Subsection 1a of section 135 of *The Public Schools Act* as enacted by section 18 of *The School Law Amendment Act, 1933*, is repealed.

Rev. Stat.,
c. 326,
s. 6, subs. 1,
cl. a,
amended.

4. Clause a of subsection 1 of section 6 of *The High Schools Act* is amended by inserting after the word "municipality" in the first line the words "or municipalities or for a part of a municipality or municipalities," so that the said clause shall now read as follows:

Establish-
ment and
discontinu-
ance of
high
schools.

(a) for a municipality or municipalities, or for a part of a municipality or municipalities not separated from the county and the council of any county may in like manner, with the approval of the Lieutenant-Governor in Council, discontinue at the end of the current calendar year any high school district already established.

Rev. Stat.,
c. 328, s. 35,
subs. 3,
re-enacted.

5. Subsection 3 of section 35 of *The Separate Schools Act* is repealed and the following substituted therefor:

(3) Subsection 2 of section 78 refers exclusively to urban boards and therefore the words "except as provided in subsection 2" are superfluous in subsection 1.

(4) The purpose of this section is to fix a minimum salary for teachers in rural schools and to make the right of the school section to receive the township grant, dependent on the payment to the teacher, or teachers, employed by the section of a salary, in each case, of at least \$500.

(5) The subsection repealed is no longer necessary in view of the amendment made by section 3 of this Bill.

SECTION 4. The purpose of this amendment is to enlarge the powers of a county council re the setting apart of areas within the county which because of the distribution of population are natural high school districts although they do not come within municipal boundary lines.

SECTION 5. The purpose of this amendment is to make possible a reduction in the number of trustees in small urban centres.

Number of
trustees
may be
limited by
resolution.

- (3) In cities a board, by resolution, may limit the number of trustees to one trustee for each ward, and in towns divided into wards a board, by resolution, may limit the number of trustees to six, provided in all cases that at least one month's notice shall be given of the intention of the board to consider a resolution to that effect, and that such limitation shall not come into operation until the close of the current school year.

Rev. Stat.,
c. 331, s. 2,
subs. 9,
cl. a,
re-enacted.

- 6.** Clause *a* of subsection 9 of section 2 of *The Teachers' and Inspectors' Superannuation Act* is repealed and the following substituted therefor:

Audit.

- (a) The costs and expenses of such audits and reports shall be paid by the Commission out of the Fund.

Rev. Stat.,
c. 246, s. 15,
amended.

- 7.** Section 15 of *The Public Libraries Act* is amended by adding thereto the following subsection:

Members
of board.

- (1a) The members of the board appointed by the public school board and by the separate school board shall be residents of the municipality which maintains the public library.

Commence-
ment of
Act.

- 8.** This Act shall come into force on the day upon which it receives the Royal Assent.

SECTION 6. The purpose of this amendment is to provide that the Teachers' and Inspectors' Superannuation Commission shall pay the cost of audit from the Teachers' and Inspectors' Superannuation Fund.

SECTION 7. In some cases the school section extends beyond the municipality which supports the public library. The purpose of the amendment is to make sure that all members of the public library board are ratepayers of the municipality responsible for the maintenance of the library.

(2) The expression "surplus to policy-holders" in subsection 1 means the surplus of assets over liabilities excluding capital stock shown in the annual statement of the company at the end of the next preceding calendar year as filed with and approved by the Superintendent of Insurance.

By-law and letters patent to declare new par value. (3) The by-law and the supplementary letters patent shall declare the new par value of the shares and the liability of the shareholders on partially paid-in shares.

Application, when to be made. (4) The application shall not be made until the by-law has been confirmed by a vote of the shareholders present or represented by proxy, at a general meeting duly called for considering the same, and holding not less than two-thirds of the issued capital stock represented at such meeting.

(2) Subsection 3 of section 16 of *The Companies Act* to which reference is made in subsection 5 of section 243, was repealed by section 2 of *The Companies Act, 1929*, and it follows that subsection 5 of section 243 should also be repealed.

(3) The purpose of the new section is to permit a life insurance company which has a large paid-in capital but a small amount of insurance in force, to reduce its capital so long as its "surplus to policyholders" is not thereby or thereafter by dividends to shareholders decreased.

Section 5.—(1) This amendment makes provision that the annual returns of corporations now required to be filed with the Provincial Secretary before the 1st of May shall hereafter be filed before the 30th of June. This is to conform with a like amendment to *The Corporations Tax Act* (Bill No. 109), Section 6.) This uniformity is desirable inasmuch as the return forms under *The Corporations Tax Act* and under *The Companies Information Act* are sent to corporations at the same time and under the same cover and are returned in like manner by the corporations interested.

amended.

7. Section 24 of *The County Judges Act* is amended by adding thereto the following subsection:

How
convened.

(2) The judge in a county court district who, in point of time, is senior in appointment to office shall convene the meetings referred to in this section and unless all the judges present at any such meeting unanimously agree upon a different mode of dividing the work, the same shall be divided strictly in conformity with this and the next preceding section, and no judge except by reason of illness or other unavoidable cause, shall be excused from performing the judicial work assigned to him at any such meeting.

c. 92, s. 3,
subs. 2,

8.—(1) Subsection 2 of section 3 of *The General Sessions Act* is repealed and the following substituted therefor:

General
sessions,—
county of

(2) This amendment is necessary by reason of the foregoing amendment to subsection 1.

(3) The provision in this subsection is now included in the amendment to subsection 1.

Section 6. The new subsection 3 provides that the May sittings of the court in the county of York shall commence on the first Tuesday in May instead of the second Tuesday as now provided. The reason for this is that the lists in the county of York are very lengthy and in the ordinary course of events the sittings continue well on into the month of June. The amendment is made retroactive in order that there may be no confusion with respect to dates upon which the necessary precepts shall be sent out by the clerk of the court. Subsection 3a takes care of the county of Wentworth.

Section 7. The object of the amendment is to allow the judge in a county court district who in point of time is senior in appointment, to convene the meetings to assign the duties of the other judges.

Section 8. The new subsection 2 provides that the May sittings of the court in the county of York shall commence on the first Tuesday in May instead of the second Tuesday as now provided. The reason for this is that the lists in the county of York are very lengthy and in the ordinary course of events the sittings continue well on into the month of June. The amendment is made retroactive in order that there may be no confusion with respect to dates upon which the necessary precepts shall be sent out by the clerk of the court. Subsection 3a takes care of the county of Wentworth.

Section 18. It is advisable to extend the benefits of the temporary provision made last year with respect to arrears of municipal taxes so that it will apply to taxes levied in 1935. At present there are many cases where a municipality cannot with justice distrain for taxes and therefore its legal rights with respect to tax sales should be protected even if distraint has not been made when it was possible to do so.

Section 19. In 1933 an arrangement was made between the then Government and the township of Teck with respect to debentures to be issued by the township for unemployment and public school purposes. A technical question as to the validity of the authorizing Orders-in-Council having been raised which bears upon the validity of the debentures, it is advisable to confirm the Orders-in-Council.

Section 20.—(1) For the past fifteen years drilling records of all oil and gas wells have been kept, and it is proposed in future to keep records of all water wells drilled in the Province for geological information as well as purposes of water supply. These records or logs will be kept by the drillers of such wells.

(2) Sections 6 to 13 of *The Well Drillers Act* refer to the plugging of abandoned gas and oil wells. It is obvious therefore that water wells should be exempted.

c. 111,

21. Notwithstanding anything contained in *The Windsor, Essex and Lake Shore Railway Act, 1933*, the provisions of the said Act shall continue in force and have effect until the 30th day of June, 1936

ment of Act.

22 This Act shall come into force on the day upon which it receives the Royal Assent

Section 21. Until the financial affairs of the partner municipalities which are insolvent have been dealt with and reorganized, it is equitable that the other partner municipalities be protected by extending the Act of 1933 for one more year. The Act of 1933 prevents suit against such municipalities in respect of the railway debt unless the approval of the Municipal Board is obtained.
